MORNING EDITION.

OUTLINES.

The Senate was principally occupied yesterday in the consideration of the various appropriation bills, the purpose being to perfect them as far as possible before the first of July; in the House Mr. Blount, of Georgia, was elected Speaker pro tem. during the temporary absence of Speaker Carlisle; the tariff bill was considered, and the conference report on the consular and diplomatic bill agreed to.

The House of Representatives has passed a joint resolution providing temporarily for the expenditures of government in case the appropriation bills have not become laws prior to July 1st, and a caucus of Democratic Senators has decided to insist on the postponement of all matters except the regular appropriation bills.

Some of the New York laboring men are already talking right out against the ticket of Monopoly. They know that their freedom depends upon the death of Monopoly. Mr. Hugh Dalton, former president of New York Typographical Union, No. 6, says:

"I know scores of men who voted for Blaine who have declared themselves for Cleveland, as far as the labor interests are concerned I don't think that the Republicans could have nominated a weaker man. There is a strong uncertainty of feeling against Harrison even at this early moment and I am sure that it will grow stronger as his record is published."

The Fayetteville Journal now appears as a 24 column Daily. It is a live and progressive Democratic exponent. It makes a good beginning. Fayetteville ought to sustain well this creditable undertaking. Mr. D. McD. Grady is editor and proprietor. Subscription \$5 a year. The STAR wishes the Journal great usefulness and large patronage.

The Hoosier Republicans who hang around Indianapolis have gone almost insane over Harrison's nomination. His defeat in November will finish the job for them.

New York markets: Money easy at 11 per cent; cotton quiet at 10 1/2-10 3/4; wheat, No. 2 July 80 1/2; corn, No. 2 July 54 1/2; spirits turpentine dull at 36c; rosin dull at \$1 10 1/2.

Truck farming has become one of the great and most profitable of Southern industries.

Petroleum is not a safe fuel for large boilers, says the U. S. Supervisor at San Francisco.

Will Sammy Randall go the Chicago Monopolists' ticket? Why not? It stands on Sammy's shaky platform.

A Texas robber the other day compelled eight passengers in a stage to stand and deliver. And that in Texas.

Badeau has sued the Grant family. He is well named—Bad owe. He is suing for alleged help rendered the General.

It is said that on 25th inst, there were 220 deaths in New York city, that were nearly all "due directly or indirectly to the heat."

Could not the Democratic National Committee do better than to renominate Mr. W. H. Barnum, of Connecticut as Chairman?

THE MORNING STAR

the light and airy design of the building.

Twenty-two members of the medical class in the University of Virginia were graduated with the degree of M. D. Among them is our young friend Robert D. Jewett, of this town. Dr. Jewett is a young man of good abilities and the highest character. Among the other Doctors were A. Anderson, Wilson; W. F. Faison, Clinton; C. D. Hill, Faison; J. S. McMullen, Hertford, and J. W. Taylor, Winston. Such was the excellence of Dr. Jewett's preparation and the studiousness of his habits, coupled with a good intellect, that he was graduated in one year at this famous Southern university. We congratulate him.

Grace Methodist Church on Fourth street is about completed with the exception of the seats. They were to have been shipped on the 15th inst, but thus far there are no tidings that they have been shipped. It is a handsome edifice all through. Charlotte Chronicle: Two dwelling houses, belonging to Mr. Hager, who lives in lower Gaston county, were burned while he and his family were at church last Sunday. The New York College has notified H. B. Baruch, son of Doctor S. Baruch, that he won the Ward medal, which is given for proficiency in Mathematics, and for which the entire college, 800 young men, were competing. The Rev. Dr. J. B. Local News. — Rev. R. B. Drane is visiting friends in the city.

— Bishop Watson, who has been quite sick at his residence in this city, we are pleased to hear is improving.

— Sheriff Manning, who has been absent for some time, is expected to return before the watermelon season fairly opens.

— "R. A. W.," who advertised in the STAR for a copyist, received a large number of applications. The place has been filled.

— Rev. Dr. Joseph C. Huske, of Fayetteville, will conduct services at Lebanon Chapel, Wrightsville Sound, Sunday, July 1st, at 11 a. m.

— The last train each day on the Seacoast railroad will make an extra trip from the Hummocks to Wrightsville, to give all an opportunity of getting a fish supper at the hotels.

— Col. E. F. McRae, of the Maxton Union, made a fine speech at the meeting of the Young Men's Democratic Club Wednesday night, and was heartily applauded by the boys.

— The excursion and picnic given by the Sunday School of St. Paul's Episcopal Church yesterday at the Hummocks was attended by some six or seven hundred people, all of whom spent a delightful day.

— Mr. D. H. Walsh, who met with the misfortune of breaking both bones of his left forearm by a fall Wednesday evening, was reported yesterday as suffering great pain, but otherwise doing well.

— The First Baptist Sunday School will give an excursion on the Sylva Grove to-day to Carolina Beach. The boat will leave her wharf at 9.30 a. m. and 2.30 p. m. Refreshments will be served on the boat at city prices.

— The City Clerk and Treasurer has sold so far this season over nine hundred dog badges. This beats the record even of last year. It is estimated that about half the total number of dogs in the city have been furnished with badges.

— Capt. R. H. Paddison, in a letter to a friend here, writes that the steamer Queen of St. John's would leave Jacksonville, Fla., Wednesday, the 27th, for this port. Her departure may have been delayed, however, on account of bad weather.

— The delegates to the late Congressional Convention who spent yesterday in town visited Wrightsville Sound and the Hummocks, and greatly enjoyed the trip, according to all accounts. Some of them left on the evening train and others will go to-day; among the latter Mr. Samuel J. Pemberton, Presidential elector for this district.

— There are musters of discontent among the Republicans in New Hanover. At a meeting held a short time ago in Cape Fear township the following resolution was adopted, viz: "That we, the Republican voters of Cape Fear township, in mass meeting assembled, do hereby pledge ourselves to support the nominations that shall be made by the approaching People's Convention."

The Mowing Club. The launching of the Nettle, the first boat completed for the Rowing Club, was delayed on account of alterations that were found to be necessary. It is now stated that she will be brought out to-morrow afternoon and will be manned by her crew at Market dock at 6 o'clock for a spin on the river.

At the meeting held Wednesday night, for the purpose of taking steps to formally organize the club, there were fifteen applications for membership. The only business transacted, however, was the appointment of a committee to draft resolutions of organization, to be presented and acted upon at the next meeting, which will probably be held Monday night at the office of Messrs. Smith & Boatwright. Mr. Alva Burr was chairman of the meeting and Mr. E. W. Hewlett secretary.

Creole at Laurinburg. A heavy and destructive storm of wind and rain struck the town of Laurinburg yesterday afternoon at fifteen minutes past three o'clock, coming from a southerly direction, and lasting about thirty minutes. From a correspondent of the STAR at Laurinburg and from persons arriving on the Carolina Central train last evening the following particulars were gathered: The McCullum Hotel near the railroad depot, was badly damaged; one of the brick chimneys was blown down, demolishing part of the roof and crashing through the building to the first floor. The furniture and carpets in the rooms of the building were considerably damaged; but, fortunately no person was injured.

Mr. Parker's gin house, lying directly in the track of the storm, was entirely destroyed, and also two churches belonging to colored people. Col. J. T. Roper's stables were blown down, and two mules in the building killed. The stores of Messrs. McCaskill and McLean, M. G. McCoy and R. A. Lee and the Merchant's Hotel were unroofed, and also the residences of Mr. Berry Bryant and Mr. J. T. Frazier. A number of out-houses were demolished, and trees and fences were blown down in all directions. At Mr. W. A. McLaurin's residence two of the windows, with the blinds, were torn from their fastenings and blown into the house.

The track of the storm was fortunately narrow. It extended beyond the town of Laurinburg in a northerly direction about half a mile, levelling everything in its path. So far as known no loss of life occurred either in the town or country.

MRS. WINSLOW'S SOOTHING SYRUP. Rev. STEVENSON writes in the Boston Christian Freeman: "We would by no means recommend any kind of medicine which we do not know to be good—particularly to infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge in our own family. It has proved a blessing indeed, by giving an infant troubled with colic, pain, and the parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless for the sleep which it affords the infant is perfectly without pain, and which would not be broken by a button. And during the process of teething its value is incalculable. We have frequently heard mothers say that the world, not be without it from the birth of the child till it had finished with the teething stage, on any considerable whitewher. Sold by all druggists. 25 cents a bottle."
