#### FROM ALL PARTS OF THE WORLD

FIFTIETH CONGRESS.

FIRST SESSION. sundry Civil Appropriation Bill Con-

sidered in the Senate-House Occupled in Consideration of General Appropriation Bills.

#### By Talegraph to the Morning Star.

SENATE. Washington, July 28. -Senate joint resolution for the ascertainment of the amount due to the State of South Carolina for the rent of the Citadel Academy, was taken from the calendar and passed.

Mr. Palmer gave notice that Tuesday next he would call up Senate bill to encourage the holding of a National Industrial Exposition of the Arts, Mechanics and Products of the Colored Race throughout the United States in 1888 and 1889.

The Senate then resumed consideration of the Sundry Civil Appropriation bill, the pending question being on the paragraph relating to new Library building in Wash-

Mr. Allison, in response to a question by Mr. Plumb, stated that the Committee on Appropriations had had great difficulty with the subject. The original plan had contemplated the completion of the entire building, which would cover the entire square. He could give no reasonable estimate of the cost, nor had he discovered anybody who could. He had no doubt, however, that the cost would be at least ten million dollars. The portion of the building which the committee's amendment proposed would be (according to Mr. Spofford), ample for the purposes of the library for fifteen or twenty years. It would coat between four and five million dollars. Of course it could be built for two and a half or three million dollars, depending on the material used.

After a very brief discussion the amend ment was agreed to without division. It strikes out the House provision for a suspension of the work and for new designs and general specification for the building. and inserts in lieu of it a provision apprograting one million dollars for the construction of the western front of the building, under the direction and supervision of chief of engineers of the Army, and for the abolition of the old contracts made for the construction of the building, the loss and damage under the same to be adjusted and paid by the Secretary of the Interior.

Among other amendments reported by the Committee on Appropriations and agreed to was one inserting an item of 89 336 to pay the State of Florida the expenses of taking the State census of 1880. The consideration of the bill was interrupted, and Mr Allison reported, and the Senate punctità House joint resolution cont numg the temporary provision for the experses of the government.

The Sundry Civil bill was again taken to and a great number of committee amendments were agreed to, generally with out debate, and the majority of them inrolving small amounts. The last amendment to be acted upon was the insertion of an item of \$50,000 to be paid to the widow of the late Spencer F Baird, for his services and expenses as Fish Commissioner from 1871 to 1887. It provoked considerable opposition from Mesers. Reagan, Berry, Harris and theorge, and was advocated by Messrs. Dawes, Gorman, Beck, Stewart and Call, and was finally agreed to-29 to 11, after being modified so as to make the amount include the rent of rooms in Mr Baird's house used for office purposes. This disposed of all amendments reported by the Committee on Appropriations, but Mr. Allison said he would have some three or four amendments to offer on Monday The bill then went over.

Adjourned HOUSE OF REPRESENTATIVES.

After the transaction of some unimportant business the floor was accorded to the Committee on Printing.

Bills were passed for the printing of a great number of public documents, among them 17,000 copies of the report of the chief of the bureau of statistics on the subject of wool and woolens; 20,000 copies of the special report of the Agricultural Department, on insects affecting the orange; and 100 000 copies of a comparative compilation of the existing tariff law, with the amendments proposed?bythe Mills bill, The House then proceeded to the further

consideration of the bill providing for the erection of postoffice buildings, but the morning hour expired without action being On motion of Mr. Rowland, of North

Carolina, the Senate bill was passed for the erection of a public building at Charlotte, N. C. with an amendment reducing the cost from \$175,000 to \$85,000. The House then went into Committee of

the Whole on general appropriation bills, and a clash instantly occurred between the various bills on the calendar.

The General Deficiency bill was first resched, and Mr. Sayres, of Texas, objected to the request made by Mr. Townshend, of Illinois, that it be laid aside in the intercat of the Army Appropriation bill with Senate amendments. This fact was reported to the House, which, after a vain attempt to secure a quorum, directed the committee, by a vote of 73 to 61, to consider the Deficiency bill, and it was accord-

General debate on the bill was begun by Mr. Voorhees, of Washington Territory who mede a speech in advocacy of the admission of that Territory as a State. This started a political discussion which took in the land grant policy of both political parties, and the more recent land forfeiture policy of the Administration, which lasted natil-5 o'clock, and did not recur to the pending bill.

At 5 o'clock the Committee rose, and the House adjourned.

### WASHINGTON

The Bill Reimbursing Freedman's Bank Depositors.

Sy Telegraph to the Morning Star. WASHINGTON, July 28.-The House Committee on Banking and Currency today ordered a favorable report on the Senate bill to reimburse depositors of the Freedman's Bank, with an amendment authorizing the Commissioner of the institution to pay the expenses incurred in the settlement of the scoounts out of the fund of one million dollars appropriated by them.

## FATAL AFFRAY.

Peter J. McLean Killed by John P. Evans, as Nortelk.

By Talegraph to the Morning Star Nonrole, July 28 -In a street row this morning, about 3 o'clock, Peter J. Mc-Lean received four pistol shot wounds and died in a few minutes. The verdict of the coroner's jury is that McLesa was killed by John F. Evaga. Both men were prominent sporting characters of this city.

FOREIGN.

Jury Find that Mandeville's Beath was Caused by Unjustifiable Treatment in Prison-Emperor William's Movements-The Bulgaria Throne -Russian Distrust of Hismarck's Diplomacy.

By Cable to the Morning Star. DUBLIN, July 28.—The jury at Mitchellstown, which was investigating the death of John Mandeville, to-day returned a verdict declaring that his death was caused by the unjustifiable treatment to which he was subjected while confined in Tollamore prison. The jury also condemned the practice of treating political prisoners the same as ordinary criminals

(Copyright by the N. Y. Associated Press.) BERLIN. July 38.-The movements of Emperor William and his party after their visit to Copenhagen are timed so that they will arrive at Kiel on Monday next. On Tuesday his Majesty will hold a naval review, the leading feature of the manœuvre being a test of the powers of torpedo boats.

The interview between Emperor William and King Christian of Denmark has special importance as associated with the settlement of the family question connected with the Bulgarian throne The Czar appears to have given his assent to the creation of a Bulgarian monarch, with either Prince Waldemir, the youngest son of King Christian, or the Duke of Camberland, on the throne. The Duke of Cumberland has decisively rejected the offer, which was made to him through Bismarck. In his note refusing to accept the crown he declares that the proposal is an insult to him, as the legitimate King of Hanover, and expresses the hope that he is destined to see the King of Prus-

sia reduced to his proper level. King Christian of Denmark advises Prince Waldemar to accept the throne of Bulgaria if the entente between the Euro pean powers is perfect.

King George of Greece, the brother of Prince Waldemar, opposes his candidature. important events are certain to take place if Greece and Bulgaria come into conflict The Emperor Wilhelm, before returning to Potsdam, will go to Friedricheruhe to confer with Bismarck

Advices from Stockholm say that Emperor [William was delighted with his reception in that place, which was even more spontaneous than the reception at St. Petersburg.

The Stockholm Journal of to day, the Dansus-Nichster, dwells upon the pleasant impression which the Emperor left by his frank and unrestrained manner. It considers his visit of the greatest impor tance in assisting the progress of the peaceful policy, which must henceforth become security for the welfare of minor European

The National Zeitung, in a semi-official article, deciares that the Imperial visit to Stockholm and Copenhagen is a pledge for the re-establishment of friendly relations by Germany with the Scandinavian races. and adds: "The Prussian press and people trust that the result will show the French Revanchists the worth of the Revanchist spirit If Denmark can forge Schleswig-Holstein, France ought to learn to reconcile herself to the loss of Alsace-

With reference to Prince Ferdinand it has been decided that he shall be assisted to maintain his position in Bulgaria. Last evening's Swooods, the official organ of the Sofia Government, declares that the abdication of Prince Ferdinand does not depend upon the will of any power whatever; that he was raised to the throne by the Bulgarian nation, and will remain as long as he preserves the affection and confidence of the people.

The Orienns family has held a council at Coburg to consider the situation. Princess Clementine, the mother of Prince Ferdinand, the Dute of Montpensier and others were present

The Russian government distrusts more than ever Bismarck's diplomacy with reference to Bulgaria. The Moscow Gazette and the Soiet are no longer content with demanding the deposition of Prince Ferdinand from the throne of Bulgaria as a guarantee of Germany's good faith, but demand that Bismarck be first dismissed It is notable, as illustrating bow little the effect of Emperor William's visit to St. Petersburg modifies the anti-German hostility seen in the stricles of the Pan-

#### MR. RANDALL.

He Leaves for his Country Home-Continued Improvement in His Con-

By Telegraph to the Morning Star WASHINGTON, July 28.-Mr. Randall and his family left Washington this morning for their country home, at Wayne station, Pa, in the hope that fresh country sir wil have the effect of increasing the patient's strength. Mr. Randall was taken to the station in a close carriage, the blinds of which were closely drawn. He was accompanied by Dr. Mallan, who will attend him to his home, when Dr. Martin (who was unable on account of professional engagements to accompany the patient), will take charge of the case. While Mr. Randall was feeble this morning, owing to the unusual exertions consequent on his removal, his family is well pleased with the continued improvement in his condition.

Hon. Samuel J. Randall's arrived at Wayne Station shortly after noon yesterterday, and is now comfortably quartered in the house of his friends in the country near Philadelphia. He bore the journey weil, and his condition is favorable.

#### CHICAGO DYNAMITERS.

Two of the Alleged Conspirators Jump their Ball Bond.

By Telegraph to the Morning Star. CHICAGO, July 28 .- Frank Chepak and Frank Chlebourn, who with John Hronek and Rudolph Seivic are charged with conspiracy to blow up with dynamite Judges Gary and Grinnell, and Inspector Bonfield, have disappeared, and it is supposed have tumped their bonds and fled the city. The cases against Chepak, Chlebourn and Hronek were continued by Justice Lyon until to day. The two first named gave bonds in the sum of \$5,000 each for their appearance; but Hronek being unable to procure bail, was locked up in the county ail. The defendants did not put in an appearance in Justice Lyons' court this morning, and their bonds were forfeited, but the Justice gave their attorney forty-eight

hours in which to reinstate them. LATER-This afternoon Chapek was surrendered by his bondsmen and locked up in jail. They regarded the amount of his ball, \$15,000, as too much of a risk. It is understood that Chelbeun is in the hands of the police at the sub-station.

#### COTTON.

A Summary of the Crop to Date.

By Telegraph to the Morning Star. NEW YORK, July 28.-Receipts of cotton for all interior towns, 3,789 bales; receipts from plantations, 4,796 bales; total visible supply of cotton for the world, 1,198,743 bales, of which 834,043 bales are American, against 1,514,024 and 861,724 bales respectively last year; crop in sight 6,883,041 bales.

Thomas L. Norwood, Dean of the Faculty of the University of Tennessee, died yesterday at Lenoir's, after a sudden ill-

\$141,900: specie decrease, \$362,200; legal tenders increase, \$486,100; deposits decrease, \$9,207,500; circulation decrease, \$870,000. The banks now hold \$27,816,175 in excess of the 25 per cent. rule. GRAIN AND PROVISIONS.

Products in the Chicago Exchange. my Telegraph to the Morning Star

CHICAGO, July 28. Wheat to-day advanced two cents in about two hours without any great excitement. It was a case in which a goodly short interest, buying for long account, and buying agents for foreign account, all combined to make a broad and strong market. In addition the bad weather abroad, failure of much of the new wheat on this side to grade Number 2, and the formidable export clearances, converted many indifferent ones into enthusiastic bulls. The opening sales were about ic over last night. The first few minutes started prices up quite briskly, and before noon August sold up to 82c, and September to 83 c, an advance of about 12c in each case. Then came a reaction of ic on realizing sales, and after 19 o'clock prices started up again and touched 821c for August and 824c for September. Again there was a reaction of 14c, which was partly restored afterward, the closing prices being 82c for Asgust and 82sc for September.

The tone of the corn market was weak, while everything else boomed. It started off in step with wheat, August going from 454 to 48c, September from 45 to 45te, and October from 44t to 45c. but the pace was too rapid. It bolted, then it turned down, and it kept on going down, the closing prices showing a decline of ic as compared with yesterday. The range was 1@11c. Receipts to day were 858 cars against estimates of 310 cars, and estimates for Monday run from 425 to 449 cars. The board table shows shipments for the week to have been 1,404,807 bushels, against 1 081 828 bushels received. Brilliant crop prospects continue to be the club that is used to depress values, and the free movement from the interior indicates lack of country confidence in future high prices The trade to-day was quite up to the ave-

rage volume-Oats attracted little attention. Early futures declined slightly for the session, while other futures were steady.

Pork was acuve and advanced 224c, but receded and closing sales showed a net gain of 15. A fair number of outside buying orders were received, but the bulk of the trading was by local scalpers. The shorts have become demoralized at the continued advance, and covered freely and bid prices up on themselver. The feature of to-day's trading was the sharp demand for January and the year. September opened at \$14 25, sold to \$14 45, receded to \$14 874. and closed at that figure The year sold at \$13@13 25, and closed at the top. Lard was moderately active and closed 21 to higher. September sold at \$8 824@8 85; January at \$7 70. Short ribs were in fair request and September sold at \$8 30@ 8 374 and closed at \$8 35-a gain of fifty cents.

#### COTTON.

The Crop Movement as Reported by the Journal of Commerce. By Telegraph to the Morning Star.

NEW YORK, July 28 .- As returned by the Journal of Commerce the cotton movement for the week, with comparisons for the same period last year, was as follows: Receipts at interior towns, 4,128 bales, against 1,258 bales last year. The shipments were 7.666 bales, against 2.567 bales last year. The stocks remaining were \$1,960 bales, compared with 28,920 bales the same time in 1887. The receipts at ports were 8,311 bales for the week, against 3.381 bales the same week last year. Deliveries from plantations were 4,668 bales, against 1,267 bales last year; and the total deliveries from plantations since September 1st amount to 5 505,494 bales, against 5.185 053 bales for the same period last year, or an increase of 320,441 bales; and the total crop in sight to July 27, amounts to 6,893,265 bales, against 6,854,115 bales the same time last year, or an increase of 542 150 bales.

#### CANADA.

Nelson, the Atlanta Bank Boodler, Compromises Cases Against him for Stealing Money.

[B7 Telegraph to the Morning Star ] TRENTON, ONTARIO, July 28.-In the case of C. C. Nelson, absconding president of the Northside Savings Bank of Atlanta, Ga, arrested here for bringing stoler money into Canada, when the witnesses were called in court to-day to testify against him, neither they nor the prosecution appeared. At the request of the Crown, Nelson was held until Tuesday next, being admitted to \$5,000 bail Later on it was ascertained that Nelson had given two representatives of the Atlanta bank he had defrauded \$5,500, and that they gave him a release from all claims. He also paid the police \$500 and half of the reward offered for his capture. He has remaining some \$10,000 in money and valuables, and is that much shead. No person will prosecute

#### BASF BALL.

THE FLORENCE NIGHTINGALE OF THE NURSERY.—The following is an extract from a at Chambersburgh, Penn.: A BENEFACTERSS. Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are so sure, that we will teach our "Susy" to say, "A blessing on Mrs. Winslow" for helping her to survive and escape the griping, colicking, and teething siege. Mrs. Winslow's Scothing Syrup relieves the child from pain, and cures dysentery and diarrhoza. It oftens the gums, reduces inflammation, cures wit polic, and carries the infant safely through the colle, and carries the infant safety through the teething period. It performs precisely what it professes to perform, every part of it—nothing less. We have never seen Mrs. Winslow—know her only through the preparation of her "Soothing Syrup for Children Teething." If we had the power we would make her, as she is, a physical saviour to the infant race. Sold by all druggists.

Chowan Bantist Female Institute. MURFREESBORO, N. C. THE FALL SESSION OF THIS WELL KNOWN

and popular institution begins on WEDNESDAY, SEPTEMBER 19TH.

It offers superior advantages for instruction in LITERATURE, MUSIC and ART. The work of the Literary Department is divided into seven schools: MATHEMATICS, LATIN, FRENCH, GERMAN, NATURAL SCIENCE, MORAL PHILOSOPRY, and ENGLISH LITERATURE. The teachers in charge of these schools are specially qualified by their preparation and experience for the work committed to their care.

The Music Department is under the care of teachers of culture and refinement, who have taken unusual pains to qualify themselves for their work, and who are well known to patrons as most popular and successful.

The lady in charge of the Art Department gives her entire time to her work, and spends most of her vacations in securing additional instruction under the best masters.

The location of the Institute was selected in preference to several others.

rne location of the institute was selected in preference to several others, in some respects more eligible, on account of its celebrity for health; and the history of the school for forty years fully sustains this reputation. Its health record is not surpassed by any institution in the State. CHARGES ARE VERY MODERATE. For cetologue or information, address J. B. BREWER.

THE "STATE CHRONICLE" WILL BE WHAT its name implies—a State Paper. It is not the Ralmies "Chronicle," and will not be local of sectional. It will aim to keep up with the news from Murphy to Manteo, or, as the politicians put it, from Cherokee to Currituck.

It will the organ of no man, no ring, no section, no party. It will be Democratic in politics, but will not hesitate to criticise Democratic measures and Democratic officers.
