college: "In other words, had the vote for President in November been a direct one, instead of for Presidential electors by States, Mr Cleveland would to day be the Presi dent-elect by nearly 100,000 plurality over Gen. Harrison. The colored vote was practically solid for the Republican ticket, may bo safely estimated at considerably over 1,000,000. So that of the white vote, largely representative of the conservatism and intelligence of the country, Mr. Cleveland received a plurality not far from 1.250,000. These are significant figures, and effectually disprove the assertion that the tariff reform ssue was responsible for Mr. Cleveland's defeat. Post, the superintendent here, has not yet been advised as to who is the successful bidder. It is said, however, that there were fourteen bid-

ders, and that the bid of Mr. D. A. J. Sullivan, of Charleston, S. C., was the lowest, and it is probable that he will be awarded the tcontract, although the Government is not bound

to accept the lowest bid. There were no bids from this city. The plans and specifications provide for a building fifty by one hun-

dred and twenty feet, to be of brick sandstone, limestone or marble, as may be determined upon for the superstructure. It will consist of three stories and a basement. The main front will be on Front street, thirtytwo feet from the line of the sidewalk. and the projection of the tower will be ten feet from the line of the sidewalk on Front street. The height, from the ground to the cornice of the main building, will be forty-one feet, and to the combing of the roof seventy-two feet. The height from the ground to the top cornice of the tower will be seventy feet. The Cus toms offices will be in the basement of the building, the Postoffice on the first floor, the U. S. Court room on the second floor, and the Signal Service office on the third floor.

The contractor is required to state the date upon which he will begin work and the date upon which the building will be finished, and will for, feit fifty dollars for every day's delay.

A Shooting Sextette. A shooting party consisting of Col. K. M. Murchison, of New York city. and Messrs. C. A. Brown, of Troy, N. Y., R. W. Bidgood and E. L. Pemberton of Favetteville, and D. M. Williams and J. W. Murchison of Wilmington, will rendezvous at Fay. etteville Monday night, from which point they will start for a quail hunt on the line of the Cape Fear and Yadkin Valley Railroad and probably at points further West. At Fayetteville a private car, well provisioned and comfortably equipped in every particular, will be furnished by Col. Murchison; and this car will be the home of the Nimrods during the hunt, except when they are in the field taking in their "doubles" and 'singles." The team of dogs will consist of the following well known "rustlers:" J. W. Murchison's "Sadie," R. W Bidgood's "Dixie," B. G. Empie's "Jerry," L. L. Pritchard's "Joy," and D. M. Williams' "Harry" and "Ned. It is a pity Dr. W. G. Thomas' fine young dog "Tom" is not one of the team, as the weather is likely to be cold, in which case the hunters would highly appreciate "Tom and Jerry." The party will be in the forests and fields at least a week, and they will doubtless have very fine sport, as they intend hunting in a section of the State where it is not uncommon to find fifteen to twenty coveys in a day's hunt. It is difficult to prognosticate as to the ornithological mortuary statistics just now; but with six shooters. six dogs and six breech loaders, it is safe to say that the combustion of gunpowder will be tremendous, and that the fields of Chatham and Guilford will be literally sown with small

The Lutheran Church-English Ser vices Twice To-day.

English services will be held at both 11 a. m. and 7.30 p. m. in St. Paul's Evangelical Lutheran Church, corner 6th and Market street, today. Rev.S.T. Hallman, of Augusta, Ga., will preach in both services.

This eloquent divine, who preached on Thanksgiving day and also on Sunday, has endeared himself to all who heard him, and the desire was expressed that he preach again, and that one of his sermons be published. Such compliments are rare, but are well-merited by the Reverend gentleman, who, blessed with a fine education, and gifted with a good voice, so ably, earnestly and eloquently preaches the Word of God. All are welcome.

A DOWN TOWN MERCHANT, having passed several sleepless nights, disturbed by the agonie and aries of a suffering child, and becoming con vinced that Mrs. Window's Soothing Syrup was just the article needed, procured a supply for the ohild. On reaching home and acquainting his wife with what he had done, she refueed to have it administered to the child, as she was strongly in favor of Homeopathy. That night the child passed in suffering, and the parents without sleep. Return-ing home the day following, the father found the baby still suffering ; and while contemplating an-other sleepless night, the mother stepped from the room to attend to some domestic duties and left the father with the child. During her ab-sence he administered a portion of the Soothing Syrup to the baby, and said mothing. That night all hands sleep well, and the little fellow awake in the morning bright and happy. The mother was delighted with the wonderful change, and al-though at first offended at the deception prac-ticed upon her, has continued to use the Syrup, and suffering orying babies and restless nights have disappeared. A single trial of the Syrup, and suffering orying babies and restless nights have disappeared. A single trial of the Syrup never yet failed to relieve the baby, and over-tome the prejudices of the mother. Sold by all Druggists. 25 cents a bottle.
