Infamous Northern Radical sheets are trying to hold Representative Breckinridge, of Arkansas, responsible for the murder of Col. Clayton. This is very shameful and detestable. Mr. B. 18 a Southern gentleman, and that is enough to protect him against all assaults of low-down scribblers.

Gen. Mahone has not modified his remarks in Charleston as reported in dealing with the negroes. In a published letter he says the negro is a hard load to carry and that the more sensible negroes will not desire or propose a negro for the Cabinet? Why not? Of Milton Nobles and his new play, which will be presented at the Opera House to-night, the New York Star

recently said: Milton Nobles' new play, "From Sire to Son," is proving a strong at traction at the Grand Opera House, and it deserves the highest success. It was a big step for Nobles to take, but he has proved that he is fitted to fill a higher sphere, both as an acter and dramatist. This play is his best work, from a literary and constructive point of view. His language is always forceful, his climaxes intense and naturally wrought, and his characters flesh and blood creations that stand out with life like prominence. As the reformed gambler Mr. Nobles fills the idea to perfection and gives some admirable instances of natural quiet and effective acting. Dollie Nobles has made the hit of her life in this play.

Excit-ment at Goldsboro. A correspondent of the Richmond Dispatch, of yesterday, says:

Goldsboro, growing out of a circular of a very fanatical character issued by negroes who are wild over a scheme for wholesale emigration to Arkansas. The circular has been gotten up by negroes and sent in all directions. It calls a meeting of negroes at Golds boro Saturday next at 1 o'clock, to which no white person will be admitted. It says the hand of God is in this movement, and that the negroes lar describes as a land of plenty where men can earn \$4 a day. The negroes are throwing up their (arm labor contracts and deserting the farms. In some sections not a negro remains. It is a very serious matter to farmers. The circular has by its outrageous character excited much indignation, and very properly on the part of the white people, at whom it appears to be specially directed. There are rumors that there may be trouble Saturday, due to the presence at Goldsboro of such a large, and of course, excited mass of negroes from the entire county of Wayne, but anything of that kind would of course be promptly repressed."

Persons who arrived in this city yesterday evening from Goldsboro said that there was considerable excitement there; that 700 negroes were to assemble at that place to-day to take their departure for Arkansas, and that as many of them were run ning off from their families and abandoning contracts, some of the white farmers of Wayne county were determined to prevent their doing so, if possible.

contains the following in reference to the trouble-

The names of the writers and publishers of the infamous negro circular that appeals to the lowest race prejudice of the negro and seeks to stir up sedition among the colored masses by calling an exclusive negro for colored people only, men and women, "where no white people will be allowed," are known in this community. They are "educated negroes," that better was expected of. Their names are "on the list," and they will be held responsible in case of emergency. Even as it is, their circular

will be before the next grand jury. It is urged that "the Lord and not the Richm nd & Danville Railroad is taking the negroes to Arkansas" -the ignorant negroes and not those 'educated" ones that write infamous, incendiary circulars and don't go themselves, but remain here and expect to be tolerated by the white people whom they are seeking to arraign and prejudice their race against. But after all, may it not be that the Lord is on the side of the white people in this exodus? Blessings in disguise frequently come to a people.
