What a sad headline--"Wages Reduced in Lancaster, Pa." This is what the Tariff has done.

In West Virginia there are some seventy Republicans under indictment for violating the election laws

After all the blowing Whitelaw Reid was confirmed, and so was Freddy Grant. This is Civil Service Reform with a vengance.

Mr. Abram S. Hewitt, the able Democratic statesman of New York, and large manufacturer, says he would certainly move to the South if younger.

Mr. Cleveland is held in high esteem at home and is honored abroad. The Havanians are paying all respect to the able and brave Democratic ex-President.

It is apparent that the bounty-fed, tariff-puffed Monopolists at Fall River do not mean to yield to the operatives that are only asking for the old wages.

London is rolling under its tongue In the Gorton Division of Lancashire the Gladstone candidate is elected by a largely increased majority over the last election. It does look as if a genuine and widespread reaction against Toryism had set in in good earnest. Let it roll.

another "scandal in high life"-the

private offices and treat of duty of the Southern whites and the course they should pursue in dealing with the negroes just as if they had any knowledge of the delicate and difficult matter treated. Those big Northern papers are wondrously wise they think as to the race problem. But are they not wondrously ignorant and pretentious?

The following from the Raleigh Visitor is a htting conclusion to our leader on the second page. Our contemporary says:

"A gentleman received a letter yesterday from Illinois, making inquirles as to the chances of white farm hands getting employment in this State. He said in his letter that there were 30,000 farm hands in that State who were anxious to come to this State to work on farms, provided they could secure permanent employment. As the exodus movement seems to be growing and there is a likelihood of a scarcity of labor, it would be well to encourage all worthy emigrants who desire to make our secion their home.

All concerned might take note.

Cleveland received 5,540,529 vote and Harrison 5,439,853, a majority for Clevelaud over his competitor of 110,476. That is the majority of all, but Cleveland has a million majority of the white voters. There were 410,850 votes polled for four other candidates. The total vote polled was 11,391,132. This vote is not so very much larger than it was in 1884.

Virginia is prolific in authors now as she was once prolific in great statesmen and soldiers. Another new aspirant for literary honors has appeared in the person of Jadge Duke, of Charlottesville. The New York Herald says:

"One of these, 'A Musician's Story,' by R. T. W. Duke, Jr., a weird fancy, which to Conway's pictures queness and vivid directness adds a poetical charm of its own, will be published in the issue of March 31st

Pigott's diary now in the hands of Mr. Parnell's solicitors, is said to create much dismay in Tory circles. It is said to contain a complete record of all the dead forger's negotiations with the Times and the Government. It will be produced in court. It was

obtained through Michael Davitt.

New York civilization has reached a point when two women in sealskins had a regular set-to in a thoroughfare in the great city. They shucked their finery and pitched in in regular

tors, left for Wilmington, N. C., yesterday evening where he will remain during the Spring and Summer, resuming the cotton business here next Fall."

- The Board of Directors of the Wilmington & Weldon Railroad Company have authorized the payment of three and a half per cent. interest on certificates of indebtedness of the company; payable at the treasurer's office in this city on and after the 1st of April.

- The report of the Railroad Commissioners of South Carolina shows that the earnings of the Wilmington, Columbia & Augusta Rail road for January, 1889, are \$13,881.68 more than for January, 1888, and of the Northeastern Railroad \$11,232.76 more than for the same month last year.

Arrangement for Truck Growers.

The Atlantic Coast Line authori ties are making arrangements to han dle the immense quantities of truck which will be shipped from all points on the line this season. Mr. J. R. Kenly, Assistant General Manager, and one of the most experienced railroad men in the country, is now arranging for the running of the through vegetable dispatch train. This service went into effect last year on the 9th of April, but as the crops are somewhat backward this season, it may be started later this year. A meeting of representatives of the Pennsylvania Railroad, the Atlantic Coast Line, the Plant system and various Florida railroads will be held in Charleston to day, to decide all matters in connection with the running of these trains and to adopt a schedule for them. Whatever is done Mr. Kenly gives the assurance that the fast service will be

put in operation as soon as the shipments warrant it, and that especial care will be taken to have the schedule arranged to suit shippers and growers. Circulars have been issued by the

Atlantic Coast Line giving the vegetable tariff via the Atlantic Coast Dispatch all rail, to New York, Philadelphia, Washington and Baltimore, and also via the Portsmouth steamers. The changes made in the rates of shipment from those of last year have already been given in the STAR.

The Appropriation. There seems to be very little oppo-

sition to the appropriation for the encouragement of manufacturing, and it will no doubt receive a majority of the registered vote next Thursday, if its friends will attend at the polls and remind the voters of the fact that the question is to be decided

ed eager and earnest to hea every word that was uttered, and determined to avail themselves of all the words of wise advice which might

ercises

this Convention.

also, for the bountiful and gracious

tance of our work, and that they, fol-

be given for the benefit of the young adopted: men of our beautiful city. The speeches were all excellent and every tendered word came from tongues consecrated to the cause of Jesus Christ. The needs of a building for the Young Men's Christian Association in this city, to be owned by the Association, was forcibly impressed upon the minds of the ladies, and they were

urged to do all in their power to aid in this great and laudable enterprise. At the First Presbyterian Church, at 4:15 p.m., there was a meeting especially for boys, of whom there were 175 present under 16 years of age. The meeting was conducted by E. L. Harris, assisted by G. T. Adams, S. H

Dean, W. C. Dowd and Rev. R. C. Beaman. The subject considered was "What the Lord Jesus is to the Boys," and it was very forcibly discussed. Songs and Scriptural quotations were given to illustrate the query. At the close of the meeting the claims of our Saviour were foreibly and earnestly members who compose this body. presented to fifty of these boys and of this number twenty seven gave their tient. names as specially and earnestly wishing for entrance into the fold of the of his office as President of the Con-Master. The meeting was deeply interesting and it was a gratifying success in the number who wished to enlist under the banner of the Lord.

At 4:30 p m. a meeting was held at their onerous duties. the Opera House, conducted by J. R. Mott, assisted by A. W. McLeod, W. Black, G. M. Busey, T C. Diggs, and designed especially for men. It was well attended and an earcest and patient audience listened with profound delight to the words of wisdom that our proceedings. were uttered The chief sins and vices prevailing among the young men of the present day were pointed while guests in the city. out and the consequence of indulgence in them vividly portrayed. The speeches were forcible, appropriate and undoubtedly will result in good There were no idle words spoken for mere effect, but every utterance was significent and full of meaning The audience seemed to realize the efforts that were being made by this earnest lowing in the footsteps of our beloved and devoted Christian brotherhood Saviour, may like him, go forth to do for the moral, social, physical and much good, remembering that he who shall save a soul from death, shall eternal salvation of the young men, cover a multitude of sins. and we doubt not that more than one left the building at the conclusion of the services firmly determined to do published. all in his power to aid in this sacred duty.

NIGHT SERVICES. The concluding services of the day,

which terminated also the work of the Convention, were held at 8 p. m. at the First Baptist Church. The night was rainy, and some of the del-

up, resulting in a contribution STAR office yesterday Gales' North amounting to \$126.78 Carolina Almanac for the year 1821.

The following resolutions were then There are many interesting facts conpresented and were unanimously tained in the little pamphlet. There were sixty-two counties in the State Resolved, That our sincere thanks
