VOL. XLIV.--NO. 5.

WILMINGTON, N. C., THURSDAY, MARCH 28, 1889.

WHOLE NO. 7020

Democratic Nominations.

FOR ALDERMEN. FIRST WARD--George L. Morton. SECOND WARD--Oscar Pearsall and Joseph D. Smith. THIRD WARD--William C. Craft and James F. Post, Jr. FOURTH WARD--John J. Fowler and Rufus W. Hicks. FIFTH WARD--George Gafford and F. A. Montgomery. Election, Thursday, March 28th.

WILMINGTON.

There was an interesting debate in the Senate yesterday on the question of the tenure of the President pro tempore, which was participated in by Messrs. George, Turpie, Reagan, Everts and Butler; a large number of nominations were confirmed in executive session. The Fall River weavers have decided to return to work on the old basis, and all of the mills will be in full operation today. Another unsuccessful ballot was taken in the Rhode Island Legislature yesterday for United States Senator. Work along the Panama canal has entirely ceased, and the West India negroes are rapidly returning to their homes. The President issued a proclamation yesterday, opening the Oklahoma lands to settlement on April 23d next. A number of nominations were sent to the Senate yesterday by the President, among which were two from North Carolina. A destructive fire occurred yesterday in West Haven, Conn. Mr. John Bright died in London yesterday morning; his end was peaceful and painless. The extensive machine shops and foundry of McIntosh & Hemphill, in Pittsburg, were destroyed by fire yesterday morning, causing a loss of \$100,000; the fire is believed to have been the work of incendiaries, and four men have been arrested on suspicion. New York markets: Money 2 3/4 per cent.; cotton steady, middling uplands quoted at 10 1/2 cents, middling Orleans 10 1/2 cents; southern flour quiet and heavy; wheat No. 2 red 82 1/2@90 1/2 cents at elevator; corn No. 2, 42 1/2@42 3/4 cents at elevator; spirits turpentine lower and dull at 49 1/2@50 cents; rosin steady and quiet; common strained to good \$1 15 1/2@17 1/4.

The negro exodus rolls on with gathering force.

Pope Leo's fainting fits are becoming more frequent. Only 78 towns out of 228 in New Hampshire voted for Prohibition. Most of the Northern papers are ridiculing Fred Grant's appointment Jacksonville, Fla., is sorely afflicted with an organized gang of thieves. Dr. R. M. Gatling, the eminent inventor born in North Carolina, is now 70 years old. Report says that Wanamaker shoots off his mouth more than any member of the Harrison happy family. At Monte Carlo, the gambling centre in Europe, there have been 15 duels and 16 suicides thus far during 1889. It begins to look as if Blaine was not as big a man as was supposed, and that he is not such a power behind the throne after all. Julia Marlowe, the gifted and handsome young actress, is following the other actresses, and is all broken up by overwork. The Tory party is not only losing its grip upon the country, but in Parliament. Its former majority of nearly 100 has fallen to 80. The New Bern Journal, edited by Gen. Callen Battle, is good enough to say: "The Wilmington Star, the best and brightest of newspapers, etc." The Richmond Dispatch wisely favors a change in postal laws allowing a person to paste a newspaper cutting on a postal card. There can be no sound objection to this reform. Rev. Mr. Lewis's very short story is being read around town. It is pithy, brief and pointed to those who catch the drift. It is very handsome. I got up at 50 cents a copy. Bishop Potter introduces it favorably and in fact gives the key to the story in a few lines.

The Charleston News and Courier thinks it is now North Carolina's opportunity to give employment to the thirty thousand white laborers in Illinois desiring work in this State. It says of the exodus: "Their departure, however, occasions a temporary inconvenience only to the white people among whom they lived, and if their places can be supplied with white immigrants, of a desirable class, North Carolina will be permanently benefited by the substitution." The wise plan for our neighbors to pursue would appear to be to encourage the exodus which they have been resisting so stoutly and so blindly, and to open their gates and doors to all of the thirty thousand Illinois farmers for whom they can find room.

Crime is decreasing. Let us see. Turning to a Southern daily of Tuesday, in less than one column, we find that an infuriated husband in Kentucky beat his wife, shot a man who wounded in return; a mad husband in Indianapolis shot a man he found in his house talking with his wife; in West Virginia a man killed his mother-in-law; a fight reported in Kentucky and two men killed; in Georgia two negroes armed and defied a posse sent to take them.

The Georgians are agitating the building of a railroad from Columbia, S. C., to Savannah. The News says: "The people along the line of the projected road recognize its importance to them, and are ready to do what they can for it. Between Savannah and Barnwell Court House, S. C. \$50,000 has been subscribed. The projected road is one that will be of vast benefit to Savannah. The line of it is through a well settled and prosperous section of South Carolina, the people of which now do their trading with Charleston."

The Newton Enterprise had nearly a column editorial on Wilmington. It kindly closed with these words: "We hope before the close of this generation to see Wilmington the rival of Baltimore in the number of inhabitants and in the amount of its wholesale business. And we hope the time is distant only a few years when all the merchants of this and every other part of North Carolina will find it to their advantage to supply their stores from Wilmington houses."

The revival meetings in the Methodist Church at Wilson will continue through this week, which is the fourth since they began. Up to Sunday night Pastor Tuttle had received 32 members. Other churches will no doubt share in the fruits of the good work. Billy Mahone is to be the Radical candidate in Virginia for Governor, it is said. There is no man in the Old Dominion, we would as soon see beaten as Billy, and we hope it will be done to the complete satisfaction of Virginia's worst enemy.

A Northern Republican Senator says that when a man is to be confirmed and the issue is his attacks upon the Southern people, then "there is only one class of Republicans in the Senate." Shameful and infamous if true. Some ignoble thief without any remains of conscience, has been trying to rob the Episcopal, Presbyterian and Baptist Churches at Warrenton, Va. He only got three stools belonging to the Episcopal rector.

Tip-Top. The Wilmington Star is twenty-one and a half years old, and is a tip-top paper in every respect. May it flourish and live to celebrate its centennial.

THE CITY

MUNSONS--Spring suitings. E. WARREN & SON--Hot peanuts. STAR OFFICE--Wrapping paper. MASONIC--Meeting Orient Lodge. D. L. GORE--Florida mullets, etc. Mayor's Court. Ida Chambers, Mary Rodgers and Josephine Farrow, charged with keeping a bawdy house, on Dock street near the Seamen's Bethel, were found guilty, but judgment was suspended on condition that defendants close up the house by Monday next. Beverly Scott, colored, was charged with violation of the sanitary ordinance. The case was removed on affidavit for trial by another magistrate.

The Old Truck Fords. The truck formerly used by Hook and Ladder Company No. 1, has been purchased by the authorities of the town of Wilson. Mayor George D. Green, of that place, was here yesterday for the purpose of examining the apparatus, and was so well pleased with it, that he decided to make the purchase. It will be shipped immediately to Wilson, and the good people of that place are to be congratulated upon their acquisition.

An affray occurred yesterday afternoon at the fish market between Mr. Herring, a fisherman, and Mr. W. B. Davis, during which Herring was struck on the head with a brick-bat and severely injured. He was taken to his home on Church street near Sixth, after receiving the necessary surgical attention from Dr. Post-er.

Local News.

Vote for the encouragement of new manufactures. The ladies of Fifth Street M. E. Church will give a festival to-night at the City Hall. It is generally conceded that the Y. M. C. A. delegates had a very large time in Wilmington. The city authorities are making much needed repairs to the pavement in Front street market house. Italian laborers in large numbers are leaving the phosphate works in South Carolina and going North. All places where liquor is sold are required by law to be closed today and to remain closed until tomorrow morning. Remember that it requires a majority of the registered vote to carry the subscription to aid manufacturing enterprises. The committee to solicit additional subscriptions to the building fund of the Y. M. C. A. have secured over \$3,000 so far. The Democratic members of the new Board of Aldermen will meet in caucus at the City Hall to-morrow morning at 10 o'clock. Mr. R. W. Hicks is making preparations to erect a handsome residence on South Third street, between Nun and Church.

The "cotton region bulletin," sent out daily by the Signal Service Bureau every season, will not be issued this year until May 1st. A meeting of the Pro-duce Exchange will be held to-morrow to consider complaints as to the adulteration of spirits of turpentine. Large numbers of young folk took advantage of the fine weather yesterday and went into the woods in search of arbutus and flowering moss. Several adepts with "hook and line" report grey-head and goggle-eye perch as being numerous. Some very fine "strings" have been caught recently. The public school at Greenville Sound will close to-day, with an entertainment in the evening, under the direction of Miss Mamie Bonitz, the teacher. At the convention in Savannah, Ga., of the Jewish order of B'nai Brith, North State Lodge No. 222, of this city, was represented by ex-Grand President J. I. Maeks and Mr. Isaac Bear.

The first instalments of martins have arrived and organized committees on encampment. The English sparrows are earnestly considering coast defenses, in convention at the City Hall. In the case of Jeffry vs. Bear, on appeal from the Superior Court of New Hanover county, the Supreme Court decides that there was no error, thus sustaining the decision of the lower court in favor of Bear.

SCENE--Styron's tobacco store. FIRST SMOKER: "Frank, is that a dime novel you've got in your hand?" SECOND SMOKER: "No; I've quit reading dime novels." FIRST SMOKER: "Yes, but it's because you can buy em now for five cents." Capt. Davis, of the schooner Mary Wheeler, reports that the schooner Snow Storm, from Charleston, was wrecked on the bar at Little River, S. C., last Friday. The cargo was saved, but the vessel is a total loss. The Snow Storm is a small vessel owned by parties at Little River.

Tommy, the little three-year-old son of Mr. Thomas Rowell, was playing on the piazza of his father's residence, corner Eighth and Dock streets, yesterday morning, when he fell to the ground, a distance of about eight feet, breaking his right leg just above the ankle. A physician was called and the broken leg splinted.

Registration--The Vote for Aldermen in 1887. The total registration in the different wards of the city so far as heard from is as follows: Second Ward--White, 279; colored, 20. Total, 299. Fourth Ward--White, 257; colored, 42. Total, 299. Fifth Ward--White, 253; colored, 266. Total, 519. The vote received by the successful candidates for aldermen at the election in 1887 was as follows: First Ward--Walker, 487; Price, 374. Second Ward--Hall, 248; Pearsall, 239. Third Ward--Dudley, 294; King, 268. Fourth Ward--Fishblate, 238; Fowler, 228. Fifth Ward--Sampson, 468; Rice, 231.

Affray. An affray occurred yesterday afternoon at the fish market between Mr. Herring, a fisherman, and Mr. W. B. Davis, during which Herring was struck on the head with a brick-bat and severely injured. He was taken to his home on Church street near Sixth, after receiving the necessary surgical attention from Dr. Post-er.

Wilmington Steam Fire Engine Co. No. 1. Yesterday was the twentieth anniversary of Wilmington Steam Fire Engine Co. No. 1. There was no formal observance of the day. The members met at the engine house in the afternoon and marched to the foot of Market street, where the "Atlantic" engine was stationed for practice, which was conducted under the direction of the officers elected at the regular meeting of the company held on the 1st inst; W. N. Jacobs, foreman; C. H. White, first assistant; Martin T. Davis, second assistant. After the engine practice, the company returned to their hall, where a collation, given by the newly elected officers, was spread and heartily enjoyed by all. It was the purpose of the members of the company to celebrate this anniversary with a street parade during the day and a banquet at night, but in consideration of the fact that there is a strong probability that a fireman's tournament will be held in this city sometime during the summer, the boys thought it best to husband their resources for that event.

Accident to a Horse Reel. The horse reel of the "Atlantic" engine was upset yesterday afternoon at the corner of Front and Princess streets, while on the way to the foot of Market street, for the engine practice of the company. "Harry Brook," the gallant gray horse which has pulled the reel for years past, was thrown broadside on the paved street and the driver, Mr. Ben Perry, was pitched out. Strange to say neither man nor horse were injured. The reel, however, was damaged to some extent. The driver's seat was smashed, some of the iron work of the reel was bent and the tip of one of the shafts was broken. The accident was caused by a wheel catching in a frog of the track of the street railway while making the turn.

The Election--Voting Places. The polls will be opened today at 7 o'clock in the morning and will be closed at sundown--6.19 p. m. (according to Turner's Almanac.) The voting places at the different wards are as follows: First ward--Upper division--Voting place, 914 Fourth street, between Bladen and Harnett. Lower division--Northwest corner of Sixth and Campbell streets. Second ward--County Court House. Third ward--Market house, southwest corner of Eighth and Princess streets. Fourth ward--Cape Fear engine house, on Ann street. Fifth ward--Klander's store, southwest corner of Seventh and Castle streets.

Fire in Brooklyn. A four-roomed house on Bladen between Fourth and Fifth streets was destroyed by fire about 3 o'clock yesterday morning. The building was owned and occupied by Mr. Cason Courtjohn. Part of the furniture was saved. There was insurance on the building for \$500 in the Phoenix, and for \$300 on the furniture in the Germania Insurance Co., represented by Messrs. Atkinson & Manning.
