SENATE-SPECIAL SESSION, Resolution of Regret at the Beath of Mr. Bright Offered, Debated and He= ferred-Mr. Ingails Chosen President Pro Tempore - Nominations Con-

firmed-Adjournment Sine Die. By Telegraph to the Morning Star.

WASHINGTON, April 2.-After the presentation of two memorials—one in favor of special privileges in regard to public office for honorably discharged Union soldiers, and the other against the traffic in intoxicating liquors—the Vice President laid before the Senate Mr. Stewart's resointion expressing the profound sorrow of the Senate at the death of Mr. John Bright. Mr. Sherman suggested that the resolu-tion had better be referred to the Commit-tee on Foreign Relations, as its adoption might establish a precedent that would re-

turn to plague the Senate. Mr. Hawley remarked that no such occasion was likely to arise again. If the United States had ever had a friend in time of need that friend was John Bright.

Mr. Sherman, while yielding to none in respect for Mr. Bright, was opposed to the example which the resolution would set, but he would offer no obstacle to it, and would

withdraw the motion to refer. Mr. Reagan referred to the false step taken by the House of Representatives some years ago in passing a resolution com-plimentary to a member of the German Reichstag, and having it returned disdain-fully by Bismarck. He thought that the pending resolution would establish a bad precedent, under which the Senate might hereafter be asked to adopt resolutions of regret whenever a foreign states-man or revolutionist might die. He therefore renewed Mr. Sherman's motion to refer the resolution to the Committee on

Foreign Relations. Mr. Hawley said that the incident to which Mr. Reagan referred differed in all respects from the case of Mr. Bright, In that case the person commended had been engaged in a bitter controversy with the German government, and the House had directed a copy of the resolution to be sent to that government. In this case there was no such proposition. It was nothing to the Senate whether anybody thought of John Bright as the Senate did, but as a matter of fact whatever there was of good in the British nation of all parties, had borne testimony to Mr. Bright's great

the Committee on Foreign Relations, and it was so referred.

The Vice President then said: As the present occupant of the chair is about to vacate the chair for the remainder of the session, he desires to avail himself of this opportunity to express his grateful appreciation of the courtesy and consideration which he has received from every member of this body. He desires also to express the hope that he shall find, at the next session of the Senate, every Senator in his seat in good health; and that he shall then have an opportunity to resume and continue the agreeable relations already es-

Mr. Edmunds then offered a resolution that in the absence of the Vice President Mr. Ingalls be chosen President of the Senate pro tempore.

The resolution was put by the Secretary and agreed to, without division, and then Mr. Ingalls, escorted by Mr. Edmunds, had the oath of office administered to him by the Secretary and took the chair, expressing at the same time his grateful acknowledgment to the Senate for renewed expressions of its confidence.

The Senate then at 1.50 proceeded to the consideration of executive business, and at 3.40, on motion of Mr. Cameron, adjourn-

The Senate, this afternoon, confirmed the following nominations: George H. Shields, of Missouri, to be Assistant Attorney General; Robert J. Fisher, of Illinois, to be Assistant Commissioner of Partents; Capt. Geo. B. White, to be Chief of the Bureau of Yards and Docks; T. Bradford Prince, to be Governor of New Mexico; Wm. F. Wharton, of Massachusetts, to be Assistant Secretary of State.

Delegates to the Congress of American Nations-Important offices yet to be By Telegraph to the Morning Star.

WASHINGTON, April 2 .- All the delegates to the Congress of American Na-tions, to be held in Washington in November, 1889, and a number of army and navy promotions were confirmed in executive session of the Senate to-day. There was continued objection to the personnel of the delegation to the Congress of American Nations, but it availed nothing. Senator Beck characterized the Democratic members as Mugwumps, who were not recognized as belonging to the party at all; he didn't think it fair to have them pose before the country as representatives of the Democratic party. However, they were all confirmed. A motion was made to reconaider the vote by which the nomination of Andrew Carnegie was confirmed, but only six or eight Senators voted for it.

In the course of, the session efforts were made to remove the injunction of secrecy from votes on the motion to confirm the nominations of Whitelaw Reid to be Minister to France, and of Murat Halstead to be Minister to Germany, but they were un-

Further consideration of the extradition treaty with Russia was postponed until the next session of Congress.

The calendar of nominations was almost entirely cleared. The nominations of Edwin I. Kurshedt to be U. S. Marshal for the Eastern District of Louisiana, and of Wm. H. Whiteman to be an Associate Justice of the U.S. Court in New Mexico, were the most prominent of the nominations that failed of confirmation.

WASHINGTON, April 2.-There are a number of important offices yet to be filled by adminstion of the President and appointment by heads of Departments. These preme Court, Solicitor General, Commissioner of the General Land Office, Commi sioner of Indian Affairs, Public Printer, Superintendent of Bureau of Engraving and Printing, Minister to Germany, Minister to China, Consuls General to Liverpool and Paris and all consulates; officers of the District of Columbia, including two commissioners, marshal, recorder of deeds and register of wills; two Civil Service and one Inter-State Commerce Commissioner; local officers at New York and Philadelphia; postmasters, collectors and surveyors of ports, etc. This list is sufficient to keep place hunters in Washington for several weeks yet, and they will be accompanied by Senators and Representatives who are not satisfied to leave the selection of the fortunate nominees to the Executive De-partment, without their advice and sugges-

WASHINGTON, April 2.—The President sent the following nominations to the Sen-ate to-day: Robert J. Fisher, of Chicago, Ill., to be Assistant Commissioner of Patents, vice Robert B. Vance resigned.

INTER-STATE COMMERCE

Representatives of Southern Rail-

roads Before the Commission. By Telegraph to the Morning Star. Washington, April 2.—Representatives of Southern and Southwestern railroads appeared before the Inter-State Commerce Commission to day, for the purpose of fully and particularly setting forth and showing what their rates are and how their export rates are made. Witnesses stated that the rates of inland transportation fluctuated according to the rates made by the seaboard steamship lines, and for this reason they

could make no rates. The greater part of the time of the witnesses was taken up in explaining the inland proportion of export rates on cotton and the compressing and shipment of the same. The railroad companies of the Southern and Southwestern sections of the country were nearly all represented. Among the railroad men present were Sol. Haas, Traffic Manager; R. D. Carpenter and F. M. Ironmonger, Associate Railways of Virginia and the Carolinas; S. L. Dill, General Freight and Passenger Agent of the Atlan-tic & North Carolina Railroad Company; H. Watters, Vice President, and General Manager T. M. Emerson, of the Atlantic

Coast Line. Thomas H. Carter, Sol. Hass, George A. Whitehead, Charles Schieff, Charles H. Cromwell, Jos. M. Brown, Augustus Pope, Edward Fitzgerald, S. A. P. Dale and E R. Dorsey had a hearing to-day.

Orders Hastening the Preparation of Vessels for Service-German Ships Ordered to Samoa.

[By Telegraph to the Morning Star. WASHINGTON, April 2.-Orders have been given by the Navy Department to work extra hours in preparing the Adams, Iroquios and Pensacolal for sea. The Iroquois is at Mare Island, California, and can be made ready for sea in six weeks; the Pensacola is at Norfolk, and one month's work will make her ready. The depart-ment has not yet decided where the Iroquois and Pensacola will be sent, but they will be available for service in Samoa if there should be any necessity for their

The German vessels Sperber and Alexandrin, which are now on the way to Samoa to replace the wrecked vessels, are not very formidable ships, but at long range fighting would have a decided ad-vantage over the American vessels, owing to their superior armament and speed. The corvette Alexandrin is wood, iron and steel, of 2,373 tons burden, 286 feet long by 42 feet beam, and 18 feet draft. She is of 15 knots speed. Her battery is made up of twelve 54 inch four-ton breechloading rifles; two 81 inch guns; four rein the British nation of all parties, had borne testimony to Mr. Bright's great worth.

The question was taken on Mr. Reagan's motion to refer the resolution to the Committee on Foreign Relations, and torpedo tube and equipment. The Sperber is a new cruiser of composite type, 1.120 tons burden, 14½ knots speed, and is armed with light 4.03 inch Krupp rifles; four Hotchkiss revolving cannon, and two torpedo tubes. Neither of the vessels is armored. but it will be noted that their speed is about fifty per cent. greater than the American vessels ordered to Samoa, and their guns of greater range.

MUNICIPAL ELECTIONS.

The Democrats Carry a Large Number of Towns in Ohio, and also Evansville, Ind.

By Telegraph to the Morning Star. CINCINNATI. April 2 .- Yesterday's municipal elections in Ohio had many mixed results. The Democrats elected a Mayor in Akron and Springfield, and carried the principal offices in Middletown, Akron, Norwalk, Bucyrus, Fremont, Circleville, Chillicothe, Portsmouth, Lancaster, Wapakoneta, St. Mary's, Hamilton, Tiffia, Zanesville, Newark, Kent, Canton and Sidney. The Republicans were entirely or nearly successful in Logan, Lebanon, (where local-option was defeated), Troy, Mount Gilead, Kenton, Urbana, Piqua, London, Cambridge, Ripley, Vanwert, Sandusky, Wooster and Fostoxia. In Kent the issue of prohibition was prominent, and was carried by one vote.

EVANSVILLE, IND., April 2.- The municipal election here yesterday resulted in a Democratic victory. Goodlett was elected Mayor over Dannottell by 48 votes out of 7,667; the others by small majorities.

Steamship Placed at the Disposal of Admiral Kimberley-Sailing of a British Cruiser for Samoa-Shipwrecked Germans at Samoa. By Telegraph to the Morning Star.

AUCKLAND, April 2 .- The government has placed the steamship Kinemos, a vessel of 543 tons, at the disposal of Admiral Kimberley, in consequence of the loss of the American men-of-war at Samoa during the recent hurricane there. The British cruiser Rapid, of 1420 tons, and mounting twelve guns, has sailed hence for Samoa. One hundred and twenty officers and men, belonging to the German war ships, wreck. ed at Samoa, have arrived here en route to Germany.

AUCKLAND, NEW ZEALAND. April 2 -The recent hurricane in the South Pacific ocean swept over 1,200 geographical miles, embracing in its track the Hervey and Society groups of islands. The American ship Red Cross, from New South Wales, for San Francisco, was driven ashore at Paratonga, and wrecked. The crew were saved. The American ship Ada Owen was wrecked at Ouara. Her crew was saved. The wreckage from the British ship Suakim, from New South Wales, for San Francisco, was secured at Aitutake. It is supposed that the crew perished.

Prince Bismarck's Reply to Birthday Congratulations-Parnell Commission Resumed its Sittings-Stanley's Letter - Boulanger's Disappearance from Paris-The Recent Hurricane in the South Pacific-Trial of Leaders of the Patriotic League in Paris. ByCable to the Morning Star.

Berlin, April 2.—Prince Bismarck, in replying to the birthday congratulations offered him by the Central Manufacturers' Association, said that he looked forward to the continued maintenance of peace. This, he believed, would lend an increasing impetus to the present gratifying development of German industry. In his opinion a guarantee of peace was to be found, not only in the monarchical institutions of the country, but also, and in an especial degree, in the monarchical sentiments of the German people.

LONDON, April 2.-The Parnell Commis sion resumed its sitting to-day. Sir Chas. Russell opened the case for the Parnellites. His remarks thus far have been character-ized with singular moderation. He declared that the testimony of the three hundred and forty witnesses produced by Attorney General Webster, leading counsel for the Times, was irrelevant. He admitted that crime prevailed in Ireland to a greater or lesser degree, and said that the collapse of the Times case in the matter of the alleged Parnell letters abolished the pith and marrow of the inquiry. The court was asked by the Times to indict a whole nation, a proceeding which Burke had declared to be infeasible. Judicial rules were invalid when a whole people moved. He declared that thoughtful minds were convinced that the time had come to try the experiement

of home rule in Ireland. London, April 2.—Henry M. Stanly's letter to a friend in Edinburg describes the journey between Yambings and Albert Nyanza. It goes much into detail and is very interesting.

Paris, April 2.—The Chamber of Deputies by a vote of 306 to 236, has rejected the Senate's proposal to prosecute summarily all papers guilty of libeling government of-

The Cocarde says that Boulanger being warned yesterday that the government was preparing for a coup, arranged so that he should not fall into the government's hands and left the city. The police are mystified. "The General," adds the Cocarde, "will appear when duty requires him. It is our impression that he has hidden temporarily perhaps in Brussels."

The Bourse to-day closed strong. Set-tlement progressed favorably. Paris, April 2.—Senator Naquet, Deputies Laguerre, Laisant and Turquet, and M. Paul de Roulde, leaders of the League of Patriots, were arraigned for trial before

the Correctional Tribunal to-day. The court-room was crowded with spectators. M. De Roulde, addressing the court, stated that the object of the League of Patriots were not of a secret character. He claimed that the use of the word "mobilize" in a communication to members of the League did not prove the existence of a military plot, Notwithstanding the action of the government in dissolving the League the organization would continue to exist and would show its full strength whenever and wherever it might be needed. LaGuerre and the other accused persons followed with speeches similar to that of DeRoulde. They declared that the motives of the organizers of the League were of a purely patriotic nature.

The installation of the new Procurer General has been fixed for Thursday next. Immediately after assuming his new duties M. Beaurepaire will be requested by the government to institute proceedings against General Boulanger.

CHICAGO ELECTION. Creiger, Democrat, Elected Mayor by

a Large Majority. By Telegraph to the Morning Star.

CHICAGO, April 2 -A landslide for the Democrats was the result of to-day's election as indicated at 7 p. m. At that hour 207 precincts out of 390 had been heard from, showing a majority thus far of 6,428 for Creiger, Democrat, for Mayor. Predictions at the City Hall gave Creiger the election by 8,000 to 10,000 over Roche, Republican. Two years ago Roche carried the city by 20,000.

Australian System of Voting Adopted by the Legislature, Telegraph to the Morning Star.

NASHVILLE, April 2.-The Legislature to day finally passed the Doritch election bill, which embraces the Australian system of voting. It has also passed a registration bill and a bill changing the make up of the Third and Fourth Congressional districts. The latter bill makes the Third district, heretofore doubtful and now represented by Henry Clay Evans (Republican), surely Democratic.

U. S. STEAMER BROOKLYN.

Reported With Shaft Broken. By Telegraph to the Morning Star. PENSACOLA, FLA. April 2.-The British steamship Falshow, Capt. Bennett, from Cape Verde, reports that she passed the U. steamer Brooklyn in lat. 23.41 north, longitude 63, 30 west, one hundred and thirty-six days from Honolulu, proceeding under sail with shaft broken. Assistance was declined. The crew were all well. The Falshaw provisioned the Brooklyn, and taking her mail departed amid the cheers of the Yankee tars.

The New York Sun's Report of the Market Yesterday.

By Telegraph to the Morning Star. NEW YORK, April 2 -The Sun's review of the cotton market to-day says: Futures were very dull and prices showed very little change. Prices are too high for the bulls to operate with confidence, while comparatively small stocks in this country give little or no encouragement to the bears. Consequently we have the market almost at a standstill, and to-day the market might as well have been closed.

OTTERBURN

WATER.

IT NOT ONLY CURES "BRIGHT'S DISEASE,"

BUT ALSO DIABETES.

Mannboro, Va., April 7, 1888.

For a year I have been suffering with a form of Kidney Disease which my physician. Dr. J. A. Hillman, thought was Diabetes, and advised the use of Otterburn Lithia and Magnesia Water. The quantity of urine passed was greatly in excess of the natural secretion, and I lost forty nounds of fisch in a few months. The use of the Otterburn water corrected this excessive flow entirely insix weeks, and I am again a well man. I tried many medicines without avail, and I attribute my cure of this troublesome and dangerous disease entirely to the use of the Otterburn Water.

R. N. BLANTON.

PERSONS OFTEN ASK, "WILL IT KEEP?"

I hereby certily that two years ago I obtained some of the Water of the Otterburn Lithia and Magnesia Spring for my wife in a demijohn, and

recently, whilst moving to another home. I found that some of the Water had been left in the demijohn. I poured it out and drank some of it, and found it to be as pure and nice as when first taken from the Spring.

G. E. CRADDOCK.

IT CURES RHEUMATIC GOUT.

E. E. JEFFERSON. of Johnston, South Carolina

writes as to lows of it:
A lady here has been entirely relieved of a severe attack of Rheumatic Gout. * * * She found such immediate relief she did not take

any modicine or any other remedy at all, and while on the sixth bottle stated that she had been entirely relieved and needed no more Water; her general health also being greatly improved.

B. E. JEFFERSON.

When I commenced the use of the Otterburn Lithia and Magnesia Water, on the 28th of January last, I had no faith in any mineral water. I had been suffering for over three years with a disease that was pronounced by a promineni physician of Richmond to be an affection of the Kidneys, after making a scientific test.

I had only used the Water one week when I was entirely relieved of pain, which before had been constant and at times acute, and I have gained nineteen pounds in fiesh, with a restoration of strength and energy. I gave the Water a fair test, using no other water and taking no medicine.

H. C. GREGORY.

I have been suffering for years with a complication of Liver and Kidney trouble, suffering great pain in the region of the kidneys; and having my attention called to the Otterburn Lithia and Magnesia Water. I commenced to use it, and never experienced such relief from anything The very first half-gallon increased the flow of urine and cleared it up. My appetite has been restored, ann I feel that I cannot commend the Water too highly.

R. F. WALKER.

I have been a Dyspeptio for the past fifteen years, and lately have suffered with Derange

years, and lately have suffered with Derange ment of my Urinary Organs, evidenced by great difficulty in voiding the urine. About six months ago I commenced the use of the Otterburn Lithia and Magnesia Springs Water, and since that time there has been marked and gradual improvement in my entire condition and state of health. My digestion is better than it has been for five or six years, and the urinary trouble is entirely relieved, and has been for the past two months.
