Y. M. C. A. District Convention. The Young Men's Christian Association District Convention, at Maxton. closed Sunday evening after a most successful and encouraging series of pic-nic at Carolina Beach comes off sessions throughout Saturday and Sunday.

> The papers and discussions on Saturday were highly practical and instructive. And on Saturday evening the Presbyterian Church was well filled to listen to a discussion of "The Importance of Bible Study in Association Work," by Capt. Wm. Black, and "The Woman's Auxiliary," by Col. E. F. McRae. At the close of the discussions, "The State Work" was presented by Mr. L. A. Coulter. Eighty-five dollars and seventy-five

sents was subscribed for the uses of

the State committee. On Sunday morning at 9 o'clock about one hundred gathered at the Y. M. C. A. hall, in a consecration meeting, which was conducted by Mr. W. P. Fife, and was an occasion of unusual power. At 4 p. m. a meeting for men only was conducted by State Secretary L. A. Coulter, at the M. E. Church, and resulted in twenty-three professed conversions. A meeting for ladies only was held at the same hour in the Presbyterian Church. At 8.15 p.m., a large crowd gathered at the Presbyterian Church, for the final meeting and closing exercises, which were conducted by State Secretary L. A. Coulter, and were exceedingly interesting, and were entered into with interest and enthusiasm by all.

This, being the first District Convention ever he'd in North Carolina may be regarded as a wonderful success, reaching in influence and interest far beyond the most sanguine expectations of its projectors.

Fifty-five delegates were in attendance, and all felt amply repaid for their trouble in attendance. The people of Maxton showed most generous hospitality, and made the visiting from Southport, who wish to show delegates carry away with them the their appreciation of our military. most pleasant recollections of their stay. The gathering was in every repect a most gratifying success.

The Public Schools.

The Board of Education met yesterday at the Court House and ratified the action of the school committees of Districts 1 and 2, in appointing Prof. M. C. S. Noble superintendent of the schools in these districts-embracing all the public schools in the city. Mr. Walker Meares, Superintendent of Public Instruction, thereupon tendered his resignation, to take effect immediately. It was accepted.

and the Board soon after adjourned. Section 47, Chapter 199, Laws of 1889, under which the Board acted in the above matter, says: "By and with the consent of the county board of education, the committees of two or more contiguous districts in any city or town may, by a majority vote of the committee in each district, employ a practical teacher who shall be known as the superintendent of the public schools of said districts, and he shall perform all the duties of the county superintendent as to said districts, and shall make to the county superintendent all reports that may be necessary to enable him to make his reports to the State su-

perintendent.' The County Superintendent of Public Instruction is elected biennially by a joint meeting of the County Board of Education, County Commissioners and Justices of the Peace, and when a vacancy occurs in the office of County Superintendent, the school law provides that "the said joint boards, [the County Board of Education and the County Commissioners], after due notice, shall fill the vacancy for the unexpired term, and the chairman of the County Board of Education shall, during such vacancy, or during the disability of the County Superintendent, discharge the duties of his

NEW YORK, June 15 .- The week ust closing had been a very satisfactory one on all Southern produce up to to-day, until the flood of beans from North Carolina and Norfolk demoralized the market. Receipts yesterday aggregated over 8,000 crates and to-day exceeded 10,000 crates, and with no home outlets, receivers were therefore compelled to force them out at the best offer obtainable. Few earlyisales were made at 50 cents for halves, but cleaned up later for about 25 cents, while thirds sold all the way from 15 to 30 cents. Choice wax have been doing well and will be in de-mand next week, but prices will rule

Receipts of potatoes are somewhat heavier, but receivers are firm in their views; selling all prime stock at \$4 50 a barrel; seconds \$1 50 to 3 00. Peaches also have been in very heavy supa ply and carriers selling at \$150 to \$ 00; thirds 75 cents to \$1 00. Huckelberries bring 6 to 8 cents per quart.

The first regatta of the season of the Carolina Yacht Club will be sailed on Saturday the 22d inst., instead of Friday the 21st, over the course at Wrightsville.

Our Soldler Boys.

During the encampment last summer every one in Wilmington was proud of the appearance and reputation of the Wilmington Light Infantry, our home company, and just ly so, as it was undoubtedly one of the crack organizations of those encamped. The members of the company hope to win even greater laurels this summer, and are drilling nightly, so as to perfect themselves in their duties, and confidently expect to rival in every way the best companies in the State Guard. The expense upon the company, as an organization, and upon the individual members, is necessarily great, since they indeavor in every way to treat cleverly, and entertain their fellow soldiers as their time and means will permit. In furtherance of their desire to creditably represent Wilmington, the Company easily recognize that they must have money, and wish to raise the sum necessary as early as practicable. On Friday next, June 21st, the Light Infantry will give a grand military excursion to Carolina Beach, and have chartered both the Sylvan Grove and the Passport to carry their friends to and from the Beach. An advertisement, elsewhere, explains the arrangements in detail, and they certainly promise a day of pleasure to all patrons. The fare for the round trip is fifty cents as usual, children half-price, and the friends of the Company, by going on this excursion, can materially aid the boys in providing the funds necessary to thoroughly equip themselves for the coming fray. That their friends should rally in this to their support is essential, and know-

Last Sunday morning a party of gentlemen, representing the various Methodist churches in this city, went down in the lower part of the city and organized a Sunday school, to be known as the McTyere Union M. E. Sunday School. This Sunday school is the outcome of a series of meetings held during the spring. It has started under very favorable auspices and was organized with thirty-three members and the following officers: J. W. Knott superintendent, J. H. Davis assistant superintendent, Lila Wood secretary and treasurer, C. M. Williams organist. It is expected that this school will be productive of much good as it supplies a long felt want among Methodists in that portion of the city. The visiting committee that have this matter in charge are-J. M. McGowan, Superintendent Fifth Street M. E. Sunday School; J. G. Darden, Superintendent Bladen Street, and James F.
