# THE MORNING STAR

VOL. XLIV.--NO. 92.

WILMINGTON, N. C., TUESDAY, JULY 9, 1889.

WHOLE NO. 7107

**Hadje Haseen Ghooly Kahn,** (what a monstrous name for a man) who took those newspaper extracts over to England for the Shah to read, has gone for good. He says the newspapers made life in Washington miserable. He is not troubled with newspapers over in his country. When a newspaper man over there gets too pert and shows too much familiarity with language they chop his head off and give him a rest.

Ex-President Cleveland was thrown from a carriage at Buzzard Bay, Mass., on the 4th. He was riding with Joe Jefferson, "Rip Van Winkle," when the horses became unmanageable and both were thrown out, but neither hurt. If Mr. Cleveland would avoid accidents of this kind in future he will follow the example of prudent newspaper men, and walk.

Senator Vance is becoming a successful stock raiser. He has recently presented to the Confederate Veterans' Association of South Carolina a bull calf, to be sold to the highest bidder for the benefit of the Soldier's Home. Here is a chance to "bull" stock in a good cause.

George Ormsby, a California fruit raiser, is called into court to foot a \$1,500 bill, the value a young lady sets upon some kisses which he deprived her of *et cetera*. She don't state the number so we are left in ignorance as to the price of California kisses by the piece.

The Canadian government wants reciprocity in lumber. As lumber is now becoming a Southern industry in which the North is less interested than it was some years ago we will doubtless find this proposed reciprocity meeting with more favor than it did some time ago.

The Greensboro North State, Rep., is authority for the statement that "Mr. Brower is being mentioned by the Northern papers as an available man for the Speakership" of the House of Representatives. Those must be some of the Northern comic papers.

If you have side whiskers cut them off. The St. Louis *Globe Democrat* quotes a close observer as saying that men with side-whiskers "are always cold-blooded and selfish." Women, as a rule, are warm-hearted and unselfish. They never wear side-whiskers.

Bank teller Hoyt, of Hoboken, who quietly sloped with \$15,000, was told was not "fast, but speculative." When a bank teller develops speculative proclivities, whether he be "fast" or not, the bank owners had better be fast in looking after him.

## THE CITY

**NEW ADVERTISEMENTS.**  
**OXFORD FEMALE SEMINARY.**  
 Jos D. Smith—Real estate sale.  
 STAR OFFICE—Wrapping paper.  
 MUNSON & CO.—Orders wanted.  
 E. WARREN & SON—Our new drink.  
 MASONIC—Meeting St. John's Lodge.  
 FRENCH & SON—Invitation to visitors.

**New Hanover County Teachers' Institute.**  
 The Teachers' Institute for the county of New Hanover began yesterday in the Union school building and will continue for one week. There were twenty-five teachers in attendance. The Institute is conducted by Prof. M. C. S. Noble, of this city. The exercises will consist of a thorough review of the branches usually taught in the public schools and a careful study of the best methods of teaching those branches. The Institute makes a good beginning and will profit all who attend. At the close of the session an examination will be held and certificates will be issued to all who pass.

**Columbus Crops not Badly Hurt.**  
 A "Subscriber" writes the STAR from Marville, N. C., that citizens of Columbus and Bladen counties celebrated the Fourth at Lake Waccamaw, and that he never saw better behavior at any gathering in his life. A very large crowd was present. He says the weather has been very wet, "but now the sunshine has come, I don't think crops are badly damaged, especially cotton, except on the river lowlands."

— Brig. Gen. W. H. Anthony, of Scotland Neck, arrived last night and will go down to the Encampment and assume command this morning. He was a student at the Virginia Military Institute, under "Stonewall" Jackson, and a gallant soldier in the Confederate service, and is admirably fitted for this important position.

## THE ENCAMPMENT.

**Local Dots.**  
 — Look out for the red stars.  
 — Sully was too much for Killy.  
 — Kilrain was a runner and Sullivan was a stunner.  
 — The bathing house at the Encampment has been put in thorough order.  
 — The schools—schools of fish—will undoubtedly get in-seine during the next ten days.  
 — Alderman Jos. D. Smith, we regret to learn is confined to his house with a slight attack of fever.  
 — STAR newboys will wear star-shaped red badges; and they'll give you all the news for five cents, too.  
 — Wood is scarce in our city. Let the country people bring it in, send it in, or in some way get it in.  
 — Col. Thos. S. Kenan, of Raleigh, is quite sick at the residence of his brother, Capt. W. H. Kenan, in this city.  
 — Mr. W. H. Sprunt will conduct the meeting at the Y. M. C. A. rooms this evening at 8.30. All young men are invited.  
 — Maj. W. W. Hall, Commissary General N. C. S. G., was in the city last night. He goes down to Camp Latimer to-day.  
 — Col. Jno. L. Cantwell has been reappointed justice of the peace for New Hanover county, and qualified as such yesterday.  
 — A word of advice to the soldiers who are not familiar with salt water bathing—do not venture in while heated from drilling.  
 — A number of visitors at Wrightsville went over to the Hammocks and "angled" several good-sized bunches of fish.  
 — Capt. Jno. W. Wood, A. A. G. to Brig. Gen. Anthony, of Lewiston, Bertie county, has arrived and will report for duty to-day.  
 — Persons who are prepared to accommodate boarders during the Encampment should leave their name and address at the rooms of the Y. M. C. A.  
 — The STAR will have a full corps of special reporters at Wrightsville during the Encampment. They will wear red Star badges on the left lapel of the coat. Give them the news.  
 — Bring in from the country and send the present week fish, clams, chickens and eggs, that provision may be made for the large number of visitors that will come to Wilmington.  
 — Last Encampment the stores and residences were beautifully decorated. Why not do the same thing the present year? Who will be the first to throw the bunting to the breeze?  
 — Germania Cornet Band will go down to camp this afternoon with the Light Infantry—the full band of twenty pieces. They have their own tent, a marquee big enough to accommodate all the members of the band.  
 — A large extra edition of the STAR is printed to-day. It contains full particulars of the Sullivan-Kilrain fight, Encampment notes, &c. Copies may be had of newsboys, at Harris' news depot, The Orton and the STAR office.  
 — The Atlantic engine house has been thoroughly overhauled and put in tip-top order, and the boys of Wilmington S. F. E. Co. No. 1 are now ready to receive and welcome heartily all visitors who may favor them with a call.  
 — Mr. R. E. L. Brown, for the accommodation and security of bathers, has had strong life-lines extended some distance out from the shore at his bathing place on the beach at Ocean View, and has provided a number of cork life-preservers, that may be used in an emergency.  
 — The committee appointed to secure horses for the Scotland Neck Cavalry during the parade through the city, ask, through the STAR, that citizens who have not been called upon and who are willing to lend a horse or horses, will notify Mr. Heinsberger or Col. Thomas W. Strange.  
 — Rev. Mr. Cressy's talk to the children of the Sabbath School of his church on Sunday afternoon was very interesting and appropriate, and attentively listened to by all of the large number of children present. It was in reference to slaying the giants of ill-treatment, disobedience, selfishness, untruthfulness and skepticism.  
 — Owing to the movement of trains—consisting of forty odd cars laden with troops—the management of the Wilmington Seacoast railroad announces that the 6.15 and 7.25 p. m. trains from Wilmington and 6.15 and 7.30 p. m. trains from the Hammocks, will be abandoned to-day, in order that they may be able to utilize their engines in the movement of troops.

## THE ENCAMPMENT.

**Everything in Readiness to Receive "the Boys."**

Camp Latimer was in a state of "masterly activity" all yesterday, under the supervision of Quartermaster General F. A. Olds. Everything about the camp grounds that would in the least offend the eye or endanger the comfort or well-being of the soldiery has been removed, and the "tent field" waits 'mid the whispering oaks, in blissful anticipation of its coming occupants.

The camp is arranged as was that of last year, except the location of the different regiments being now more in conformity with army regulations, which was not possible before.

There are three hundred and seventy-nine tents in all, which will give ample room and also avoid any discomfort that might arise should there be a larger number of men in camp than has been reported. Inspector Cameron will inspect the camp and everything connected therewith to-day.

When it is considered that all this work or preparation has been accomplished in such a short time, hindered as it has been by such a long period of rainy weather, great credit is due the department having this work in charge.

The troops will begin to arrive about noon to-day, and, if nothing unforeseen prevents, every regiment should report at headquarters by tonight. The encampment of the State Guard this year will undoubtedly accomplish very much in the way of training and fitting its members for military duty, a most important matter, as has been made apparent to all observing people in the disastrous visitations of fire and flood in this and other States, where the volunteer militia has been of inestimable service in protecting life and property. Every one ought to take a deep interest in furthering the welfare and growth of this organization, and make it second to none in the entire country. This can be done, and with the increased facilities for such a consummation, made possible by the completion of the permanent place of encampment, will be done at no late day.

The work on the Government battery at the new camp grounds, under the supervision of Maj. Arnold, U. S. A., is being pushed as rapidly as possible. The mortars have been transported to the grounds, and the two eight-ton siege guns which were being carried over yesterday will be placed in position at once. The inhabitants of Wrightsville can soon sleep in peaceful security, with this powerful coast defense as a protection from all foreign powers—save the untimidated sandfly, which cometh forth when the wind stirreth not the tree-tops.

To-morrow will be an interesting day and all who do not attend will miss a rare treat. The opening ceremonies are very impressive and interesting, and are not likely to be forgotten when once witnessed.

**The Drowning Accident.**  
 The body of Capt. Wm. H. Lloyd, one of the two fishermen drowned Saturday last, as mentioned in the STAR, was thrown up on the beach not far from Masonboro Inlet Sunday. Coroner Jacobs was informed of the fact by a telegram from Mr. Platt, proprietor of the Ocean Beach Hotel, and went down and viewed the body, which was identified as the remains of Lloyd. The body was in a good state of preservation and was not mutilated, with the exception that one of the ears was gone. The coroner found nothing upon the corpse except a pocket-knife and a pint bottle half full of whiskey. The remains of the unfortunate man were buried on the beach, just above high water mark. A small sharp and other effects belonging to Lloyd were left in charge of Mr. Moore, who is staying on the beach. The body of Garson, the Norwegian, has not been found.

It should be stated that the boat in which the two men were fishing was upset, and that the accident did not occur opposite Brown's bathing house at Ocean View.

**County Commissioners.**  
 A special meeting of the Board of County Commissioners was held yesterday. Commissioners Pearce, Worth and Montgomery were present, and the chairman, Mr. Baggs, presided. The railroad property of the New Hanover Transit Company was assessed for three miles of roadbed, one locomotive, four cars, one platform car, one hand car, etc., \$12,850.

In the matter of hearing complaints from tax-payers the Board took a recess until the second Monday in August.

**Weather Forecasts.**  
 The following are the forecasts for to-day:  
 For North Carolina and South Carolina, fair weather, slightly cooler in western and stationary temperature in eastern portions, southerly winds.

## A Visit From Newbern Firemen.

A letter was received last night by Mr. E. G. Parmele, chairman of the reception and entertainment committee of Wilmington Steam Fire Engine Company, No. 1, from Newbern Steam Fire Engine Co., No. 1, stating that the company will leave Newbern for Wilmington on Tuesday, the 16th inst., and will arrive here at 6 p. m., the same day, with twenty men and a brass band. They will probably remain in the city three days and will be guests of W. S. F. E. Co. No. 1, while here. They will meet with a hearty welcome from all our firemen, who will do their best to make the time pass pleasantly while here.

**Mayor's Court.**  
 Moses Bryant, colored, charged with the larceny of a watch, was committed to jail in default of bail in the sum of \$100.  
 Wm. Ames, charged with assault on another boy, but who was found to be an epileptic and weak-minded, was discharged.  
 Mattie Johnson, colored, an old offender, was sent up for thirty days.  
 John Hall, colored, obstructing sidewalk, five dollars fine.  
 Richard Moseley, colored, drunk and down, ten dollars fine.  
 Obediah Jenkins, disorderly conduct, was sent to jail for thirty days.

**Special Service at St. John's.**  
 The Wilmington Light Infantry paraded and attended services Sunday afternoon last at St. John's Church, by invitation of Rev. Dr. Carmichael, Chaplain of the company. The Light Infantry mustered thirty-six rank and file; they marched from the armory to the church preceded by Germania Cornet Band, in full uniform. A full choral service was rendered by the surpliced choir of St. James Church and the services throughout were impressive. Dr. Carmichael delivered an excellent discourse on the duties of a soldier, etc.

**Special Star Reporters.**  
 Messrs. James Budd, Edgar G. Parmele and Russell Bellamy compose the STAR's corps of special reporters for the Encampment. Any courtesies shown them will be highly appreciated. It is particularly desired that they be given anything and everything that can be fashioned into a newsy item.

**Crops in Onslow Look Well.**  
 Mr. D. R. Canady, of Sneed's Ferry, sends the STAR a cotton bloom from his farm. "The first," he says, "that I have seen this season. Crops are looking very fine in this section, owing to the nice seasons that we have had. I think that they are better than they have been for many years before."

**Gen. J. D. Glenn** has been actively engaged at the Encampment at Wrightsville for the past few days.

**A DOWN TOWN MERCHANT**, having passed several sleepless nights, disturbed by the acrobatic and noisy antics of a child, and becoming convinced that Mrs. Winslow's Soothing Syrup was just the article needed, procured a supply for the child. On reaching home and securing his wife with what he had done, she refused to have it administered to the child, and he was strongly in favor of Homoeopathy. That night the child passed in suffering, and the parents went to sleep. Returned home the day following, the mother found the baby still suffering; and while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duties and left the father with the child. During her absence she administered a portion of the Soothing Syrup to the baby, and said nothing. That night she slept well, and the little fellow awoke in the morning bright and happy! The mother was delighted with the wonderful change, and although at first offended at the deception practiced upon her, has continued to use the Syrup, and suffering crying babies and restless nights have disappeared. A single trial of the Syrup never yet failed to relieve the baby, and overcome the prejudices of the mother. Sold by all Druggists. 25 cents a bottle.

**St. John's Lodge No. 1, A. F. & A. M.**  
 REGULAR MONTHLY COMMUNICATION AT 8 o'clock on Wednesday evening, at 8 o'clock. A cordial invitation is extended to visiting Brethren.  
 WM. M. POISSON, Sec'y.
