VOL. XLIV .-- NO. 117.

WILMINGTON, N. C., WEDNESDAY, AUGUST 7, 1889.

WHOLE NO. 7132

There is a small sized colored revolt among the negroes in Kentucky against the white Republican bosses. At a recent meeting in Franklin county they resolved, masmuch as the present administration had 1gnored their claims to office, to vote hereafter for whom they pleased. But as politics in Kentucky is somewhat of a jug handle business this movement is not creating a sensation. It indicates, however, that the colored brother is not altogether happy in the Republican party.

Martin Irons who five years ago was a prominent figure in the Knights of Labor organization and led in the great railroad strike on the Gould lines, is now running a fruit stand in St. Louis. Denis Kearny, the sand lot orator, who at one time was a power on the Pacific coast, is driving a dray in San Francisco, and Oliver H. Dockery, of towering aspirations, has simmered down in a little consulship. How are the mighty fallen.

The American Citizen, a paper published by colored men in Topeka Kansas, has been removed to Kansas City, Mo., on account of the "ungena erous treatment of the white people of Topeka." Kansas is the State where Mr. logalls, the negro champrop, who parts his hair in the middie, resides.

In to-day's STAR appear resolutions of two meetings of citizens, one at Teachey's and the other at Dung, expressing their sentiments on the Insane Asylum investigation. These resolutions speak for themhands of the people, who will be

There are great forest fires in Mon. tana, the smoke from which extend s from Western Kansas to California, a distance of a thousand miles. While it has been raining excessively in nearly all other sections of the country there has been a severe drought in Montana.

They have an original way of fish ing around Ringgold, Ga. They carry sledge hammers, hammer the ledges of rock in the water, stun the fish, and then scoop 'em in. The story is a stunner, but the verscious Macon Telegraph is authority for it.

Mr. Guthrie, of Kentucky, a stock dealer, now sells mules by the pound, and says it pays. His last contract was to deliver 100 head at New Orleans at fourteen and a half cents a pound, which would average him \$159 50 a head.

It is reported that the opponents of Boulanger are going to demand his extradition. After laying him out so dead what do they want to dig up his corpse for and blow new life into it? Better let him stay

We beg Buffalo Bill's pardon. We said fifteen French ladies wanted to marry him. We were mistaken. Up to the last accounts it was twens ty-seven, and several of the Parisian suburbs to be heard from.

The Jews ought to be pretty well trained bankers. According to Rev. Dr. Strassmaier they began the business in Babylon, 600 years before the Christian era.

Cotton Region Buttetin

The heaviest rainfall in the cotton belt yesterday was in the Savannah and Charleston districts; an average of 1.23 inches being reported for the nine stations in the Savannah district and an average of 52 100 of an inch for the seven stations in the Charleston district. The rainfall reported for other districts was comparatively light. In the Wilmington district, the average rainfall was 4-100 of an inch. There was no rain at all at Wadesboro, Charlotte, Raleigh and Goldsboro. The highest maximum temperature reported yesterday was at Cheraw, 90 degrees, and the lowest, 81 degrees, at Wilmington. The maximum at other stations in the district was: Golds boro and Florence 86, Newbern, Lumberton, Raleigh, Charlotte and Wadesboro 84.

Only four boats entered for the regatta of the Carolina Yacht Club yesterday. The Vixen, Capt. E. Latimer; the Lillian Florence, Capt. H. M. Bowden; the Rosa, Capt. W. L. Smith, and the Pirate, Capt. Norwood Giles. The Pirate won the race, and was awarded the prize-the Latimer

The formal presentation of the prize took place in the pavilion at the Hammocks, and was made by Mr. Geo. W. Kidder in a pleasant little speech, which was happily responded to by Capt. Giles.

The day was pleasant; there was a pretty liberal attendance of visitors from the city, and the race was heartily enjoyed by all present.

Mr. H. C. Prempert, the barber, is 'out' several razors, a fine silk umbrells with a gold head, and a small sum of money, all of which were taken by a stranger to whom Mr. Prempert generously gave employment a few days ago, and who disappeared last Sunday. The fellow gave his name as John Rendell, of Norfolk, Va., and said that he came to Wilmington from Goldsboro. He had a a key to the barber shop, and went there Sunday morning to shave himself and it is supposed he took advantage of the opportunity to rob

A gentleman from Brunswick reports the rice crop above Wilming- Aug 6, 1889: ton as seriously injured by the recent rains, which have prevented planters from giving their fields "the last hoeing," as the term goes. The crop below Wilmington, he says, is in much better condition and will give a good yie'd.

The same complaint of too much rain comes from South Carolina and Georgia. In the Charleston section it is said, "Rice planters are very uneasy about the fate of their crops. Thus far all is safe and the condition of the growing grain is all that could be desired. The crop is later than usual, fully two weeks behind. The fields are full of water and the rivers are uncomfortably full also. The continued rains have greatly alarmed the planters. Unless the rains soon cease there will almost certainly be an overflow of the rivers and a consequent destruction of the rice crops. If the rains discontinue their daily visitations now very soon all immediate danger will be removed, and South Carolina will have a better outlook for rice than for many years past. The situation at present is just about this: The crop is doing well, but the water is almost up to the top of the dams. If it comes over and breaks through the rice is gone. The planter is helpless. He can only wait and pray for dry weather."

Prices for Truck. Reported for the STAR by G. S. Palmer, commission merchant, 166 Reade street, New York:

NEW YORK, Aug. 4.-The past week has not been a very satisfactory one to the receivers of perishable products. Rains have been incessant, and fruits and produce of all kinds show effects of same, and are therefore more or less decayed. The results on watermelons for the week has been rather discouraging, and although prices have been fair, yet afates. with additional charges are paid, there seems to be nothing left to the shipper. There seems to be but little encouragement to make further shipments, although prices will no doubt advance this week. as we anticipate a falling off in receipts Sold fancy melons to-day for \$18, and from that down, according to

quality. There is still some encouragement to ship fancy peaches from the South, as most of the near by arrivals are in ferior; Georgia prime, 24 quart crates, \$2 50 to \$3 50; third bushel cates, 75c to \$1 25. Choice LeConte pears, \$3 to \$3 50 per barrel; 75c to \$1 a crate. Prime North Carolina muskmelons, \$1 a barrel. Fancy grapes are in good demand, and Niagara selling to day from 10 to 14c per lb; Delaware 10 to 13c; choice black grapes 6 to 8c, and others 4 to 5c. North Carolina sweet potatoes doing well, and prices range from \$2 50 to \$3 per barrel.

Fifth Ward Hook and Ladder Com-

The members of the Fifth Ward Hook and Ladder Company are much elated at the prospect of having a horse to pull their truck-the "C. M. Stedman." Their truck house is on Ann street, between Fourth and Fifth, in a thickly settled section of the city, where they will no doubt do good service should the occasion arise. The company is composed of excellent material, and accessions to its ranks are being made. Under the new impulse that has been given to it by the Board of Aldermen it is to be reorganized and put on a better working basis than ever.

Fixing the Streets. The Mayor was busy yesterday and swering complaints of property owners and other citizens about the condition of the streets. A large force of hands has been engaged and will be put to work to day under the direction of Mr. Sholar, the superintendent of streets. Washouts are reported in all parts of the city as a result of the continued rains, and a great deal of work is necessary to put streets and sidewalks in good order.

Carolina Beach. The ladies of the Dorcas Society of St. Paul's Lutheran Church will give a family excursion to Carolina Beach Friday, and the Germania Band will go down in the afternoon and give a concert on the beach at night. To accommodate the large numbers that attend these popular excursions, the Sylvan Gross will make the 5 o'clock trip, instead of the Passport which will leave for the beach that evening at 7 o'clock.

There were some twenty couples in the german given last night at the Hammocks by the Seacoast Company, and a large number of spectators. The dancing took place in the pavilion which was brilliantly lighted and the floor made smooth as glass. Good music was provided for the occasion, and the dancing which began at halfpast eight o'clock was kept up until midnight.

MOTHERS! MOTHERS! MOTHERS!—Are you disturbed at night and broken of your rest by a slok child suffering and crying with the excrussion of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTH-ING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.
