T. S. Flood, Republican, was elected from a Democratic district in New York. He wanted his brother appointed postmaster at Elmira. They all look out for their brothers, &c. The President besitated, when Flood intimated that he would slide out and turn that district over to the Democrats again. This had its effeet, even quicker than a dose of pat ent medicine, and the Elmira postoffice was Flooded.

Mr. Grupent, who is now playing in the role of leader of the Chicago Anarchists, says "Americans haven't the nerve to fight our way." But he has discovered that Americans have the nerve to hang fellows who fight "our way" when they are caught throwing their bombs around.

The residence of Mr. Charles F. Browne, on Mulberry near Front street, was entered by thieves some time before daylight yesterday morning. They gained entrance to the house through the kitchen, the door of which was found broken open, and carried off all the groceries and provisions they could find, making a clean sweep of everything in the pantry, and even taking the table-cloth off the table, it is supposed to hold the miscellaneous collection they had gathered. Mr. Browne had to go out and make purchases in the morning before breakfast could be served at his house.

Youthful Sportsmen,

Commodore O. A. Wiggins, Jr., and Capt. Geo D. Parsley, Jr., went gunning for marsh hens on Masonboro Sound yesterday morning armed and equipped with a "Buffalo Bill" wooden gun, and a pocket full of old nails. They had rare sport and wounded all of the marsh bens that the older sportsmen had left alive, and in addition killed two, which they "showed up." Considering that these youthful hunters are only about eight or nine years of age, and the primitive character of their war equipment, we think their success ought to be

About Nea Oats A gentleman interested in the item that appeared in the STAR recently concerning the market value of the sea oats crop says the root never dies, and crop after crop is raised without the least cultivation. The cold weather, nor droughts, nor rains, nor storms ever retard its growth or cut off the crop. It is as sure as the tide. When not cut the plant dies down in winter and comes out in spring It grows rapidly, but does not mature before August when it begins to get the gold on it. By the middle of August it begins to get as yellow as field oats at harvest time, and it is then ready to be reaped and packed away. It is not brash, and does no break like oat straw. The heads remain intact and the stem is elastic and tough After packing away a box full of it a few days it looks as if it had been pressed and it is very pretty. It does not grow in Europe, and along the South Atlantic Coast is the only place where it is known.

ompresses at Work. Resolved 1st, That the first annual meeting of the Confederate Veterans' Association be held in Raleigh on September 25th, and that the President be and is hereby authorized and requested to call the same, and that the representatives at said meeting will consist of the President of each County Association or his authorized proxy, and any representatives who may be present from any counties where no organizations have been effected. Each county will be entitled to one representative.

Resolved 2d, That the transportation lines in the State be, and are hereby requested to grant free transportation to one delegate from each county to and from his county. Resolved, 3d, That a copy of these proceedings be transmitted to the press of the State with a request to

publish and notice editorially. "In obedience to the above resolutions. I hereby notify the County Confederate Veterans' Association in counties where organizations have not been had, that the first annual meeting of the County Confederate Veterans' Association of North Carolina will assemble in Raleigh, September 25th, 1889, at 10 o'clock a. m. This meeting will take into considerat on every matter pertaining to the county and State associations, providing for a more thorough organization and plans for assisting the indigent soldiers of the State who require our aid and support "

THE FLORENCE NIGHTINGALE OF THE NURSERY.—The following is an extract from a letter written to the German Reformed Messenger, at Chambersburgh, Penn.: A BENEFACTRESS. Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursey. Of this we are some that we call. prove the American Florence Nightingale of the Nursery. Of this we are so sure, that we will teach our "Susy" to say, "A blessing on Mrs. Winslow" for helping her to survive and escape the griping, colicking, and teething slege. Mrs. Winslow's Soothing Syrur relieves the child from pain, and cures dysentery and diarrhesa. It softens the gums_reduces inflammation, cureswind colic, and carries the infant safely through the teething period. It performs precisely what it professes to perform, every part of it—nothing less. We have never seen Mrs. Winslow—know her only through the preparation of her "Soothing her only through the preparation of her "Soothing Syrup for Children Teething." If we had the power we would make her, as she is, a physical saviour to the infant race. Sold by all druggists 25 cents a bottle.
