Reporter Bruffy of the Atlanta Constitution is having a hard run of luck. He was the only one hurt in that Alabama duel, where he got a finger mashed, and now he has been sent to jail by a Georgia judge for refusing to tell a grand jury some things it wanted to know.

A Washington correspondent of the Macon Telegraph has been writing up a history of the Lowrys, of Robeson county. He says that Henry Berry is not dead, but will be forthcoming when wanted. Very likely. He will not be wanted before the day of judgment, and he will probably put in an appearance then.

The tax collections in the city of New Orleans this year amount to \$1,552,305, an increase of \$309,650, over last year. This shows progress in the Crescent city, and a different state of affairs from the time in which the Warmoth gub ruled it when property wouldn't sell for the taxes levied upon it.

The new Chinese Minister has warned the young men of the legation that they must steer clear of the society girls of Washington. This Oriental style of boy-cotting indicates that the Washington Minister thinks the Washington society girl a dangerous institution to fly with.

The State Prison Superintendent of Texas boasts that he makes a clear profit of \$950 a year each on the State convicts over and above the expense of keeping. Whether he is running a regular legitimate mint or big counterfeiting establishment, he doesn't say, but probably the boast is a piece of Texas coinage.

A racket is brewing among the brewery men. The American brewers are organizing to protect themselves against the English syndicates which have been gobbling up breweries in this country. In this beer brewing business there seems also to be a lively fight brewing.

A hunter near Ship Harbor, N. S., recently mistook too young men for a moose, shot and killed both of them. Josh Billings would remark there was nothing a-mooseing about that.

The so-called exodus of colored people from this section to the Mississippi Valley took shape and form yesterday, but after all the blowing of trumpets by paid agents and promoters of the scheme, not more than a hundred and seventy-five men, women and children took their departure on the special train chartered for the party via the Carolina Central Railroad.

The better class of colored people take no stock in the movement, believing it to be merely a scheme to put money in the pockets of its agents and promoters, and that most of their dupes will be far more anxious to return in a short time than they are to leave.

There was no rain yesterday in the cotton belt. The temperature continued below the normal, the maximum averaging from 73 degrees to 84 and the minimum from 44 to 58. In the Wilmington district, the maximum was 76 degrees at Wadesboro, 74 at Lambertown, Florence, Cheraw, Charlotte and Newbern, 73 at Wilmington, and 72 at Raleigh, Goldsboro and Weldon. The minimum temperature ranged from 43 at Weldon to 51 at Wilmington.

A telegram was received at the Signal Office here yesterday from the Chief Signal officer, stating that the Gulf cyclone had passed east of Florida, and cautionary signals at Charleston had been ordered down. Reports received last night showed that a low barometer prevailed along the coast from Wilmington to Portland, Me., the barometric reading being 29.70 inches at the Wilmington station and 29.43 at Portland.

Schooner Phoebe, Capt. Medero, fifteen days from New York, arrived at Southport at 4 p. m. yesterday.

Sarah Alexander, colored, was fined ten dollars in the Mayor's Court yesterday for disorderly conduct.

Service to-morrow at the Presbyterian Chapel, on South Front street, will be in the evening at 8 o'clock.

The British steamship Evato, which arrived here yesterday, will load cotton at the Wilmington Compress.

Preaching at the Seaman's Bethel Sunday evening at 5 o'clock. Seamen and the public generally are invited to attend.

A two-dollar note on the defunct "Bank of Mecklenburg," was passed on one of the street car drivers yesterday afternoon.

The bells of Grace M. E. Church will not ring on Sunday, owing to serious illness near the church. The services will be conducted as usual.

The Y. M. C. A. is anxious to invite every young man in town to hear the sermon by Rev. Dr. Pritchard at the First Baptist Church to-morrow night.

Services at the First Presbyterian Church to-morrow will be conducted by the pastor, Rev. P. H. Hoge, in the Lecture room. There will be no service at night.

Messrs. J. T. Riley & Co. cleared the German barque Adolph yesterday, for Hamburg, with 250 casks spirits turpentine and 4,446 barrels rosin, valued at \$9,448.75.

The rooms of the East Albany Young Men's Christian Association are in a fine condition. They are adorned with forty-nine fine pictures of views of scenery along the railroad lines.

Commencing with to night and continuing until further notice, the Saturday night prayer and experience meeting of business and working men at the Seaman's Bethel will be commenced at 8 o'clock.

Deputy Sheriff Elder has a quantity of "plunder" in his possession, which was surrendered to the sheriff as part of the effects of David Wiggs, the burglar, and supposed to be best leu. The various articles will be turned over to the owners when they come forward.

The Y. M. C. A. building of Charlotte is to be dedicated to-morrow. Rev. R. G. Pearson is to be present, and the following week will conduct services in the Association hall. Mr. Pearson was in Charlotte, as in our city, interested in starting the building fund of the Association.

Henry Johnson, colored, who came here recently from Goldsboro, was arrested yesterday on a capias from Halifax, N. C. Johnson is charged with drawing a pistol and attempting to shoot a man at Halifax, when the town was overrun by a party of riotous colored excursionists.

The following able and distinguished ministers will preach at the Central Baptist Church, corner of Seventh and Red Cross streets, during to-morrow: At 11 a. m. Rev. G. L. Stith; at 3 p. m. Rev. R. C. Beaman. At 5:30 p. m. Rev. F. W. E. Peschau will deliver an address on interesting subjects to the young people. Also, at 8:15 p. m. there will be preaching. All are welcome. This "rally" will be in the interest of the new church, the object being to secure funds enough to justify the prosecution of work on the building. Rev. L. T. Christmas, the pastor, has labored faithfully for this work for years past. The foundations are already completed, and it is hoped that there will be such a generous outpouring on Sunday that will justify the beginning of the work in a few days thereafter with the prospect of its being pushed forward vigorously to an early completion.

The following were present: G. H. Cardwell, T. J. Sinclair, A. R. Holladay, C. I. Comfort, Earnest Williams, E. M. Williams, J. A. Law, Jr., A. J. Howell, Jr.

These with one or two others who were detained from attendance, constitute the more proficient shorthand writers.

The movement of the staple shows a considerable increase in receipts at this port as compared with last season. For the week ending yesterday they were 4,698 bales, against receipts of 2,479 the corresponding week in 1888. For the crop year, to September 20th the receipts are 5,887 bales, against 4,275 to the same date last year.

The average weight of the bales this season is said to be greater, and the grade is remarkable—very little of the cotton received so far grading below middling.

Under instructions from the Market Committee of the Board of Aldermen, the butcher stalls, hookster stands, etc., in the market houses of the city were rented by auction yesterday, Mr. A. G. McGirt being the auctioneer. Mr. W. A. A Sinographic Movement. Several members of the short-hand profession of this city convened last night for the purpose of taking preliminary action towards the forming of an association for the advancement of the interest of the profession, and attainment of proficiency amongst the members thereof.

The need of such an organization is being strongly felt, as it is a matter of a very short time when stenography will be recognized as a necessity in branches wherein it is believed nearly all of the other States, and those of our city who have adopted the profession are desirous of meeting the emergency when it comes.

Steps were taken for permanent organization, Mr. C. I. Comfort being unanimously elected temporary chairman, Mr. J. A. Law secretary, and J. A. Law were appointed a committee to draft a constitution and by-laws.

After various discussions appertaining to the subject, the meeting adjourned subject to call of the Chairman.

The following were present: G. H. Cardwell, T. J. Sinclair, A. R. Holladay, C. I. Comfort, Earnest Williams, E. M. Williams, J. A. Law, Jr., A. J. Howell, Jr.

Who is Mrs. Winslow?—As this question is frequently asked, we will simply say that she is a woman who for twenty years has unflinchingly devoted her time and talents as a female physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and as a result of this study and practical knowledge, obtained in a lifetime spent as a nurse and physician, she has compounded a Soothing Syrup for children teething. It operates like magic—driving rest and health, and is, moreover, sure to regulate the bowels. In consequence of this article Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do snap up and bless her, especially in this case. In this city, vast quantities of the Soothing Syrup are daily sold here. We think Mrs. Winslow's name is immortalized by her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share her benefits, and unite in calling her blessed. No mothers has discharged her duty to her suffering little one, in our opinion, until she has given it to her, and unite in calling her blessed. Try it, little one.—T. H. Pritchard, D. D., Pastor, No. 11, 11th St. All druggists. 25 cents a bottle.
