It is stated that the death of the late W. D. Kelley was hastened if not caused by excessive use of towas a great slave.

Senator Brown's wealth is est mated at 2,000,000. He is richer than any editor in Georgia, although the newspapers down there are pretty well supplied with quoins.

The indications from Cape Cod point to a bountiful cranberry crop. In view of the proposed tariff duty on beans the Boston man may find some consolation in this.

Norwegians are said to be the longest lived people in the world. What strange beings some mortals are. We could never see any good reason why a man should want to live long in Norway, anyway.

is cramped for room. When Congress appropriates money for the World's Fair it should locate it at Washington, make it permanent, and make the display part of the Patent iOffice an annex to it.

about a woman down there who gave birth to four boy babies at one time. In a State which already gives a Democratic majority of about 100,-000 we don't see any necessity for anything of this kind.

A twelve year old New York boy spent the only five dollars he had to buy a ticket for Washington to see the President, when he could have gone into a dime show and seen lots of curiosities. This boy does not show the sagacity that augurs future | 25 cents for adults and 15 cents, or two success in life.

By Myra Goodwin's excellent com-pany Edward E. Kidder's comedy-drama "Sis" was presented for the first time at the Bijou Theatre last evening. There is nothing in it anywhere to offend the most delicate sense of humor and propriety, and the fun is of a rollicking, innocent kind. City Court. There was a small docket for the Mayor's consideration yesterday morn-

Hannah Sneed, colored, disorderly conduct; not guilty and case dismissed at the cost of the prosecutrix, Millie Jenkins, who was sent to jail for thirty days. Josh. Green, colored, false pre-

tense; not guilty and case dismissed. Two delinquent tax-payers settled for their taxes and were discharged, and this ended the court for the day.

DISTINGUISHED VISITORS.

Cardinal Gibbons and Dr. O'Connell, Rector of the American College at Rome.

Cardinal Gibbons, accompanied by Dr. O'Connell, rector of the American College at Rome, arrived in the city at 11.10 yesterday forenoon from Savannah and are the guests while here of Col. F. W. Kerchner. The Cardinal had been to Charleston, S. C., to lay the cornerstone of the new Cathedral, and thence went to Savannah for a brief visit. The arrival of these distinguished prelates of the Roman Catholic Church has no special significance, but may be considered more in the light of a social call than anything else.

Cardinal Gibbons was the first Bishop of North Carolina, and for a number of years he resided in this city, when he became warmly attached to our people. Hence he avails himself of every possible opportunity of stopping here and meeting our people, when his official duties will permit.

This evening an informal reception will be given at the residence of Col. F.W. Kerchner, and the Cardinal and Dr. O'Connell will be pleased to see their friends from eight to ten o'clock. They will leave for Baltimore on the late train to-night.

KILLED WHILE GUNNING.

A Fatal Accident in Columbus County. Mr. Millard Cook, of Whiteville, Columbus county, accidentally shot and killed himself while gunning yesterday near Whiteville. The only particulars of the sad occurrence learned are that Mr. Cook was crossing a ditch, when he fell and the gun he was carrying was discharged, the load of shot entering his body and causing instant death. Mr. Cook was hunting in company with a member of the firm of Gilliam & Gardes, of New York, by salesman. He was a young man about thirty years of age, son of a prominent citizen of Columbus, and son-in-law of Mr. Martin Schulken, of Vineland, in the same county. He was a great favorite with all who knew him and his untimely death will be deeply deplored.

A Busy Place. That there is a larger amount of business than usual now being done by the various railroads leading into this city. and especially by the Atlantic Coast Line, is manifested by the great number of freight cars to be seen on the network of tracks at their freight warehouses on Nutt street. Every available piece of track seems to be utilized for the use of cars, and the shifting engines are busily employed throughout the entire working day and often late into the night in moving them to one point or another for making up trains for departure, North or South, or in moving them where they can be unloaded expeditiously. It is a busy place and the amount of work performed there is of vast magnitude.

Our friends on Fourth street, north of the railroad bridge, are becoming quite aristocratic and possessed with the spirit of improvement which obtains in other parts of the city. There has not been a foot of brick sidewalk worthy of the

name north of Hanover street, but now the brick have been hauled with which to pave the walk on the east side of Fourth street from the bridge to Brunswick street, so that that much-travelled thoroughfare will soon be in first-rate condition for the accommodation of the people of that part of the city.

An Old Paper. Geo. W. Williams, of this city, found a doubt, an original copy, and for this reason is valuable. The principal feature is an account of the funeral services and burial of George Washington at Mount Vernon.

A special dispatch to the STAR from Raleigh, says that the Supreme Court yesterday afternoon rendered a decision in the case of the State vs. Boyle, the ex-priest tried and convicted of rape at Raleigh, ordering a new trial. The opinion was delivered by Chief Justice Merrimon.

RIVER AND MARINE.

The water in the Cape Fear and Black rivers is at a low stage, but the steamers manage to get through and make regu lar trips.

A BENEFACTRESS.

Just open the door for her, and Mrs. Winslow will The Wilmington Savings and Trust Co prove the American Florence Nightingale of the Nursery. Of this we are so sure that we will teach our "Susy" to say, "A blessing on Mrs. Winslow" for helping her to survive and escape the griping, colicking, and teething seige. MRS. WINSLOW'S SOOTH-ING SYRUP relieves the child from pain, and cures dysentery and diarrhoea. It softens the gums, reduces inflammation, cures wind colic, and carries the infant safely through the teething period. It perform precisely what it professes to perform, every part of it—nothing less. We have never seen Mrs. Winslow—know her only through the preparation of her "Soothing Syrup for Children Teething." If we had the power we would make her, as she is, a physical saviour to the infant race. Sold by all druggists. 25 cents a bottle.
