OUTLINES.

The Senate yesterday discussed a bill requiring a census of the ownership of farms, their number, etc., which took a wide range, and finally the bill was re-committed to the Census committee; the Blair Educational bill is now properly before the Senate, but its consideration, by unanimous consent, has been postponed until Monday next; the Oklahoma town-site bill was further discussed in the House and finally passed; there was another contest over the question of adjournment, which the Democrats desired for party reasons, and which they succeeded in securing.

The Philadelphia Ledger quotes Milton as evidence that the grip is no modern disease, but that Adam had it, quoting: "—for Adam at the news Heart-struck with chilling gripe." The Ledger should remember that was about the time Adam had been eating more than was healthy of stolen apples, which didn't agree with him.

Iowa has shown a disposition to reform since drawing over towards the Democratic side. She sent a twelve-year old boy to the penitentiary the other day for killing his father and step-mother, and followed this up by sending another boy to a reform school for smoking cigarettes. With such a disposition to reform the State bids fair to become thoroughly Democratic.

A correspondent of the New York World wants to know "What is the object of human life." Well that depends. The object of the average Republican who gets above a dead level and by freak of fortune is landed anywhere within proximity to a Government treasury, is to yank all he can out of it while he has a chance, and weep when the bottom is reached.

The Russian Government does not seem to have fully appreciated the benevolent disposition of Prince T. Key Kubah Mirza, first cousin of the Shah of Persia, who in his desire to keep up the volume of currency and make money matters easy was running an extensive counterfeiting establishment, for it rudely snatched him up and sent him to Siberia.

There is a man in Monticello, Ill., who within the past two years has been tapped one hundred and thirty-one times and from whom two thousand pounds of water has been drawn. Notwithstanding this extensive draining the supply seems to be inexhaustible. If this man lived in some enterprising towns they would utilize him as a reservoir.

An Albany scientist says the mild weather of this winter is attributable to the fact that the actual pole has changed ten degrees to the westward, shifting the equator. These fellows will keep on till they get the earth standing on end, and spill the water out of the seas, and then what a rough time the little fishes will have.

Herr Most, the unwashed and un-washable anarchist, says the "ideal man has not yet been discovered." This shows a most amazing lack of self appreciation on the part of Herr Most.

The Vassar females who contributed 1,500 letters to Mr. Wanamaker's pouches one day last week believe that the mails should not be idle for want of something to do.

The richest man in Alabama is said to be H. F. Bardeleben, who is worth from \$3,000,000 to \$8,000,000, made in the iron business in and around Birmingham. He is a piney woods Alabamian and is proud of it.

Dr. Onofroff is the sensation now in London. It is said he reads minds without coming in contact with the person. If this be so perhaps he will tell us what Mr. Harrison thought when he shot that Virginia colored citizen's hog for a coon.

LOCAL DOTS.

Items of Interest Gathered Here and There and Briefly Noted.

— Strawberries and asparagus are not in season. — Mr. E. G. Barker, a former citizen of Wilmington, is here on a short visit. — The engine and boiler for the Industrial Manufacturing Company arrived yesterday.

— We regret to learn that Mr. J. T. Pritchard, younger brother of Rev. Dr. Pritchard of this city, died yesterday at Oban City, Va., of consumption. — A special meeting of the Executive Council of the Chamber of Commerce will be held at the rooms of the Produce Exchange at noon to-day.

— A weekly paper to be called the Leader will be printed and issued at Southport the 10th of February under the management of Mr. C. L. Stevens. — Norwegian brig Taritta was cleared yesterday for Antwerp by Messrs. Paterson, Downing & Co., with 1,509 casks spirits turpentine, valued at \$39,900.

— Messrs. Williams & Murchison cleared the Norwegian barque Emily, yesterday, for Fleetwood, Eng., with a cargo of 3,273 barrels rosin, valued at \$3,755. — The mail and passenger trains on the Cape Fear and Yadkin Valley railroad will run through from Wilmington to Mount Airy in thirteen hours, not ten hours as reported in yesterday's STAR, trains leaving here at 0.40 a. m. and arriving at Mount Airy at 10.45 p. m.

WHEELS CORPUS CASE. J. M. Woolard, One of the Parties Held For the Murder of W. T. Brown Discharged from Arrest. It was four o'clock yesterday afternoon when Judge Meares took his seat in the court room at the City Hall, and asked if the parties interested in the habeas corpus case of J. M. Woolard were ready. The court room was crowded with spectators, all the witnesses summoned were in attendance, and the prisoner with his counsel, Messrs. D. L. Russell, Marsden Bellamy and John D. Bellamy, Jr., were present, as were the attorneys who represented the State, Col. B. R. Moore and Mr. Du Brutz Cutlar.

The witnesses—the same whose testimony has been given in the STAR—were called and answered to their names. It was agreed by counsel that the main facts should be admitted, and the Court stated that it did not care to hear testimony except as it related to the defendant Woolard.

The first witness was Dr. Burbank, who testified as he did at the investigation before the Mayor and at the Coroner's inquest, that he made a post mortem examination of the body of W. T. Brown, stating the location and character of the wounds, and giving it as his opinion that Brown's death was caused by wounds on the front and back of the head.

Altogether, the testimony of ten or a dozen witnesses was taken, but it was merely a repetition of what they had before stated and which has already been published in the STAR, and after its conclusion and arguments by counsel on both sides the Court announced its decision, discharging the prisoner, J. M. Woolard, from arrest, and he walked out of the court room a free man.

Barque San Antonio. The British barque San Antonio, which grounded Tuesday morning at the mouth of the Cape Fear river, on what is known as the "Middle Ground," was reported yesterday as being in the same position and full of water. A powerful steam-pump was sent down to her from Capt. Skinner's shipyard yesterday, with Capt. Harper's tug, and an attempt was to have been made in the afternoon to get the barque afloat. The San Antonio is in ballast, from Barbadoes, and as stated yesterday is bound to this port, consigned to Messrs. Paterson, Downing & Co. The captain and crew of ten men remain on the vessel. The captain's wife and daughter were taken off and landed at Southport Tuesday evening.

Weather Forecasts. The following are the forecasts for to-day: For Virginia, fair weather followed by light rain during the afternoon or evening, with winds shifting to southeasterly, slightly warmer. For North Carolina and South Carolina, fair weather, easterly winds with a slight rise in temperature. For Georgia, fair weather, except showers in the northwestern portion, easterly winds and warmer.

Influence of a Christian Life on Health. Doctor S. S. Satchwell, of Pender county, will deliver before the Christian Association of Grace Methodist church this (Thursday) evening, at 8 o'clock, in the Lecture Room of that church, a free lecture upon the above subject, and to which citizens generally are invited as well as members of the Association and congregation.

Dr. Richard H. Lewis, of Raleigh, will make his regular quarterly visit to our city the last half of next week. He can be consulted for the diseases to which his practice is limited (Eye, Ear, Throat and Nose), at Dr. Wood's office, on Thursday, Friday and Saturday, 23d, 24th and 25th insts.

CHARGED WITH ARSON.

Preliminary Investigation of the Case Against William Myers.

The case of William Myers, colored—the venerable ex-chief of the Republican cohorts of New Hanover county—who is charged with arson in setting fire to a house in the southern part of the city last Friday morning, came up for investigation yesterday afternoon before Col. E. D. Hall, justice of the peace. Myers was attended by counsel, Messrs. A. G. Ricard and Sol C. Weill. Mary Eliza Galloway, a middle-aged colored woman was the chief witness for the State. She, with her son, occupied the house, which was rented for her by Myers. The latter she charged was jealous of a colored man named Rountree who visited the woman, and the night of the fire Myers ordered the woman to leave the house. This she refused to do, Myers, she said, came to the house about 8 o'clock that night, and after the quarrel gathered his things together, and left about 3 o'clock in the morning. She saw him go into the room used as a kitchen, with a lamp, shortly before he left, and when he came back into her room he called to her to get up and let him out of the door. She did so and then got back in bed, and soon after the fire broke out in the kitchen.

The son of the woman, a youth of 15 or 16 years, testified that Myers came to the house that night and quarrelled with his mother about Rountree. Maj. W. L. Young, who had charge of the property, testified that Myers came to his office the morning after the fire and told him that the house was burned down and that he (Myers) had taken all of his things out of the house before the fire. The term for which the house was rented had about expired and all Myers had to do was to surrender the house if he wished the woman to vacate it.

The defence introduced Lewis Sheridan, Mary Hight, George Sheridan and Julia Ford, all colored, to show the bad character of the Galloway woman, and that she was unworthy of belief. Col. Hall, after a few remarks in reference to the unreliable character of several of the witnesses, announced that he would take an advisory on the matter, and would give judgment this morning at 10 o'clock.

NEW HANOVER SUPERIOR COURT. Cases Disposed of Yesterday and Those to be Heard To-day. Russell and Ricard vs. T. J. Green. Continued until to-day and set for first case. The N. K. Fairbanks Co. vs. W. H. Styron. Judgment in favor of plaintiff stricken out and defendant allowed to answer. Tatham Bro's vs. G. A. Peck. Non-suit.

A. J. Walker vs. The Virginia Fire and Marine Insurance Co. Compromised and settled. Jesse Martin et al. vs. The Wilmington Gas Light Co. Continued by consent. Jesse Martin et al. vs. John Martin et al. Continued by consent. Horace Walters & Co. vs. George W. Price, Jr. Judgment for plaintiff. Jesse Martin et al. vs. Preston Cumming & Co. Continued by consent. Jesse Martin et al. vs. Hattie C. Ward. Continued by consent. Worth & Worth vs. N. G. Shaw. Judgment for plaintiff. A. R. Gordon vs. W. W. Smith, N. G. Smith and S. W. Smith. Final decree. H. W. Humphrey et al. vs. The Trustees of Front Street M. E. Church. Motion by plaintiff for a new trial denied. Appeal craved and granted. Geo. B. New vs. Flora Francis New. Judgment for plaintiff for divorce. B. F. Penny vs. The Brunswick Bridge and Ferry Company et al. Motion by defendant to dismiss for failure to prosecute. Clerk ordered to notify plaintiff's counsel. At 4.30 p. m. the Court adjourned until 10 o'clock this morning, when the following cases are set for trial: J. W. McCarron vs. Benjamin Merriek. Le Roy Myers & Co. vs. W. H. Styron et al. Henry Tucker vs. Flora Tucker.

The Hunters. Messrs. J. L. Robertson, J. S. Page, D. M. Williams, John D. Williams, Jr., and Rev. Dr. Pritchard, who went on a hunting expedition to Orton plantation, Monday, had fine sport Tuesday, making good bags of ducks, woodcock and partridges. But one deer was started, which was killed by Dr. Pritchard, whose trusty fowling-piece drove three buck shot through the "antlered monarch" (without horns) at a distance of one hundred and five measured yards.

— The cold wave got "the grip" on the thermometer last night and squeezed nearly all the mercury out of it.

Dr. Richard H. Lewis, of Raleigh, will make his regular quarterly visit to our city the last half of next week. He can be consulted for the diseases to which his practice is limited (Eye, Ear, Throat and Nose), at Dr. Wood's office, on Thursday, Friday and Saturday, 23d, 24th and 25th insts.

Supervisors of the Census.

A circular from the Department of the Interior, Washington, D. C., gives the following list of Supervisors' districts in North Carolina, each district as laid out to be under the charge of one Supervisor, yet to be appointed:

NOTHING SUCCEEDS LIKE SUCCESS. The reason RADAM'S MICROBE KILLER is the most wonderful medicine, is because it has never failed in any instance, no matter what the disease, from LEPROSY to the simplest disease known to the human system. The scientific men of to-day claim and prove that every disease is CAUSED BY MICROBES, —AND— Radam's Microbe Killer Exterminates the Microbes and drives them out of the system, and when that is done you cannot have an ache or pain. No matter what the disease, whether a simple case of Malaria Fever or a combination of diseases, we cure them all at the same time, as we treat all diseases constitutionally.

Asthma, Consumption, Catarrh, Bronchitis, Rheumatism, Kidney and Liver Disease, Chills and Fever, Female Troubles, in all its forms, and, in fact, every Disease known to the Human System. Beware of Fraudulent Imitations! See that our Trade-Mark (same as above) appears on each jug. Send for book "History of the Microbe Killer," given away by R. R. BELLAMY, Druggist, Wilmington, N. C. Sole Agent. jan 11 D&W 1 y nrm
