Arkansas farmers are not suffering for want of labor. Baron Joachem Von Schilihu, who is an unmarried baron, was arrested in New York the other day for trying to beat a hash-house man out of a board bill. He was not a true baron. There is commotion in Canada's bon ton circles. The wife of the Viceroy has snubbed the wife of the Minister of Finance by refusing to invite her to a reception because she was a divorced woman when she married Foster, the Minister. Foster, however, was mean enough to endorse this snub to his wife by attending the reception himself.

An ex-chief of the Shanghai detective force says that out of the more than 400,000,000 population of China, the criminal element is ten per cent. less than in the Chinese quarter of San Francisco, which seems to indicate that the Heathen Chinee is not slow to adopt the Melican man's peculiarities as he sees them illustrated among the denizens of the Pacific slope. THE CHILDREN'S CONCERT.

A Very Small but Delighted Audience of Ladies and Gentlemen at Luther

Memorial Building Last Night. A vocal and instrumental concert was given last night by young children, under the able direction of Rev. F. W. E. Peschau, for the benefit of the Ladies' Benevolent Society. The pupils had been thoroughly trained, and their director had been earnest in his work, which combined with all the elements of a perfect musician, with the acquirements obtained by hard study of this delightful science, has made him one of the best instructors the children could have had. While the concert in all its parts reflected much credit on the musical qualities of the young pupils, it also stamped their director as a superior musician as

well as instructor. The programme, which we give below, was carried out and every piece was a pronounced success. There were several pieces which were not given at their recent concert, and these we have mark-

The programme was as follows: 1. Piano Duet-"Mozart's Waltz in C Major," by Annie Doescher and Min-- Mr. M. L. Harnett, proprietor | nie Glameyer. Well played and showed musical powers that have been care

> fully trained. 2. Vocal Solo-"Sehnsucht," Abt, by Julia Hintze. This beautiful song was given sweetly, purely and in good taste, with a rich and true voice.

3. New Vocal Duet -- ": The Sweet Evening Bells," Abt; by Linda A. Peschau and Norma Foster. This was a gem, both in melody and harmony-one of the famous Abt's best compositions, and was admirably sung, the voices blending sweetly and in the most perfect taste, tune and time.

4. New Solo and Chorus-"The Orphan's Plea," Rev. F. W. E. Peschau; - Capt. Wm. Sharp, formerly of by Christine Hintze and six girls. The the United States navy, and afterwards little soloist acquitted herself admira-

6. Solo and Chorus-"The Dearest Spot, Home," by Linda A. Peschau, Julia Hintze and chorus.

7. Solo and Chorus (new)-"Chink, chink, chink," by Charles Schulken and chorus. This showed that money was a good thing to have. Chorus Solo-"Rocked in the Cradle

of the Deep," by all. Solo and Chorus-"The Merry, Laughng Girl," by Minnie Schulken an all.

1. Cornet Solo-"Maryland, my Maryland," (new) by Carl Rehder. This young gentleman, who has reached the ripe age of ten years, acquitted himself with great credit.

2. Recitation-"The Two Bootblacks," by Norma Foster. The alliterative character of this makes it funny from the extreme difficulty of speaking the words glibly without tangling them, and in this little Norma was entirely successful, and her effort brought down the house.

3. Vocal Solo (new)-"Over the Stars There is Rest," Linda A. Peschau. Sung in exquisite taste and with a rich and true soprano voice that will soon rank with the very best.

4. Solo and Chorus (new)-"A Rolling Stone Gathers No Moss," Mamie Schulken and chorus. 5. Solo and Chorus-"The Hunter's

7. Chorus Solo-"Tap, Tap, Tap," by

8. Solo and Chorus-"The Bold Fish-

was well sung.

10. Solo and Chorus-"Never go back on the Poor," (new), Cora Peschau, Minnie Glameyer and chorus.

12. National Airs-"Yankee Doodle, Dixie and Watch on the Rhine," all. These three well known songs were sung in first rate style.

13. Chorus Solo-"Tis o'er, Good Night," by all.

Thus briefly we have named the different pieces, and so far as we could, have spoken of the several singers. They are, without an exception, worthy of great praise for they achieved a decided success, as was evidenced by the attention they received as well as the applause that was given. There were some of the soloists who deserve more than a passing notice, and we regret that space will not permit us to speak of them more fully. There was among them, however, the material for some first class singers, a term as possible and it is to be deplored such a worthy benefaction should meet with such little encouragement trom our

CHAMBER OF COMMERCE.

Proceedings of the Meeting of the Executive Council.

The following is a synopsis of the proceedings of the meeting of the Executive Council of the Chamber of Commerce, held last Thursday, as furnished for publication yesterday by the Secretary, Col. Jno. L. Cantwell.

There were present, of the Council, Col. F. W. Kerchner, President of the Chamber, Mr. H. C, McQueen, Mr. E. Peschau, Mr. D. MacRae, Mr. George Harriss and Mr. Jas. H. Chadbourn. In the matter of the Government tel-

egraph line between Wilmington and Southport, the following was adopted: Resolved. That whereas it is reported that the Government telegraph line from Wilmington to Southport is to be sold, or discontinued, it is the sense and desire of the commercial community,

that the Honorable, the Secretary of War, be respectfully requested to continue the line as it now is, as it is believed that if sold to private parties it would not be self-sustaining; and our Senators and Representatives are requested to use their influence in this

On motion, the following were appointed delegates to the National Convention of the National Board of Trade, at Washington, D. C., Feb, 6th, 1890, viz: Donald MacRae, H. C. McQueen, Eduard' Peschau, Geo. Harriss, F. W. Kerchner. And it was resolved, further. "That we heartily approve and endorse the objects and purposes of the National Board of Trade."

The following resolutions in relation to the public building were also adopted; Resolved, That our Senators and Representatives be requested to urge the further appropriation of \$150,000 to enarge the public building now in course of bonstruction in this city, or to build an additional structure suitable to the wants of the public service; as the present building is

totally inadequate to supply the offices

Resolved, That we fully appreciate the services of Senator M. W. Ransom and Representatives A. Rowland and C. W. McClammy, and would respectfully ask a continuance of their good work in our

RIVER AND MARINE.

The Damage to the Schooner Martha-British Barque San Antonio a Total Loss.

The schooner Martha which was run into and damaged while at anchor at Southport by the schooner Leeds, as previously reported, was towed up to the city yesterday. It is estimated that it will cost \$500 to repair the Martha. Captain Cramner, master of the Leeds, offered to pay half of this amount if the pilots would pay the remainder; but this the latter have not yet agreed to do. One of the pilots, in referring to the statement in the Star that the pilot on the Leeds was in charge of the vessel, said: "It is true that the schooner Leeds was in charge of the pilot, who was at the wheel at the time of the collision; but the pilot was misled by the mate, who was forward, and called to the pilot to port the helm, which the latter did and the collision occurred. Had the pilot been allowed to keep on his course, as he intended to do, the accident would not have happened."

All hope of saving the British barque San Antonio, aground at the mouth of the Cape Fear river, has been abandoned. The Signal Service observer at Southport telegraphed yesterday morning to the station here, that the vessel was still ashore, and is a total loss. The master and crew were engaged in stripping her of everything that could be
