in open session of the Senate yesterday; in executive session the resolution relative to compelling newspaper men to divulge their sources of information as to business done in executive session was discussed; there is much diversity of opinion relative to the matter, and it is thought that the resolution will be defeated by a small majority; it is also said that the discussion will probably lead, before a great while, to the abandonment of executive sessions; the House was principally occupied in the consideration of public building bills. and a number of them were passed; over a million dollars were appropriated for a new post-office in Washington city, the Speaker counting a quorum on the passage of the bill. - The condition of ex-Congressman Taulbee, who was shot in Washington last week, is still very critical, but he was resting much easier vesterday than he was on Wednesday. — A battle is reported good to have kept them so long. between a force of French troops and one of the King of Dahomey, in which a number of the combatants were killed and many wounded; a number of Frenchmen and other Europeans were captured by the Dahomeans. - A Penasylvania murder, committed twenty-four years ago, and which has remained a profound mystery, has come to light by the confession of the murderer on his death-bed; the deed was committed in cold blood, and the murdeser was one of other citizens who were conspicuous in endeavoring to terret out the criminal. -- The big strike of employes of the Nashua, New Hampshire, mills, has ended; the strikers accept the terms offered them and will go to work on Monday; there sion that there should be peace and much jubilation over the settlement.

McCarthy's Mishaps.

Fun, pure and simple, will be the palatable dish served at the Opera House on Monday evening next, when the famed Ferguson and Mack Company will illustrate the hilarious Celtic farce "McCarthy's Mishaps."

It is a succession of amusing incidents, aided and abetted by the introduction of numerous pleasing specialties and several bright and pretty musical selec-

The company is said to be a large and efficient one, and numbers many popular players. First is found funny Barney Ferguson, a comedian well-known from his many performances of Celtic character, and then comes his able second, Mr. John Marr.

Trying to Oust Sergeant-at-Arms Canady. A correspondent of the Raleigh Chronicle says:

A caucus of Republican Senators will meet to-night, March 4th, to consider naming a successor to Col. W. P. Canady, Sergeant-at-Arms of the Senate. The trouble arises out of some personal spite Mahone has against Canady. am told that Mahone actually had the audacity to try to incite some of the rabid Republican Senators against Col. Canady because of his Confederate record! This is a case of the pot calling the kettle black. If this is all they can bring against Col. Canady he will remain where he is. So far as my observation goes Col. Canady has made a most efficient officer. He has always been courteous and obliging, especially to people from his own State. He has performed his duties faithfully and he is peculiarly qualified for the position. If any Republican is to have it, let it be Col. Canady. I understand our Senators will

Assault with a Deadly Weapon. Richard Thomas, the colored man arrested for attempting to shoot his wife with a pistol (as told in the columns of the STAR a few days since), was arrainged before Mayor Fowler yesterday. At the conclusion of the hearing Thomas was required to give bail in the sum of \$200 for his appearance at the Criminal Court, to answer to the change of assault with a deadly weapon, and failing to give the bond was sent to jail.

Jessee Lewis-"Crazy Jess"-was held for further examination as to his sanity. He is charged with being a nuisance, frightening school children and insulting ladies on the streets.

Julius Bailey, colored, was fined \$10 and costs for disorderly conduct. Jas. Nash, a colored drayman, charged

It was learned yesterday that a large sale of the eastern swamp lands belonging to the State school fund was effected through Mr. T. W. Pool, whose sudden death was announced yesterday. Mr. Pool has for several months been North negotiating with parties in regard to the lands. At the meeting of the board the tale was effected. Mr. Pool himself was present at the meeting of the board, about 11 o'clock, when the transaction was closed. He died in his room only two hours later.

Maj. Stedman appeared before the board and stated that prior to his option Mr. Pool had agreed to sell Simmon's Bay at 85c per acre. Mr. Pool having relinquished his option on this body of land, and the board having given Maj. Stedman an option, he offered the board 85c per acre, deducting the claims within the body of this bay, validated by the Assembly, in Columbus county, in 1887. This offer was to be subject to the deduction of Mr. Pool's commission. The board accepted the offer and directed the deed to be made and delivered on payment of the purchase money. Mr. Pool was allowed a commission of 10 per

Mr. R. W. Evans, of Philadelphia, Pa., offered 85c per acre for Durant's Island. The board passed a resolution offering it to him at one dollar per acre.

The Winston Daily which has just entered its third year of publication under the present proprietor and edtor, shows evidence of prosperity upon which we congratulate it. Within these two years the Daily has grown from a little four column to a seven column paper, an evidence of what pluck and perseverence can do on a live, progressive town. The success of the paper is creditable not only to the proprietor, but to the

community in which it is published. The Government of St. Domingo has struck on a bright idea. It claims to have the only and original bones of the great C.
