## OUTLINES.

A number of public building bills were passed in the Senate yesterday, after which the Educational bill was further discussed. Mr. Hale made a speech in opposition to it, which brought out Mr. Blair in a long harangue against everybody who opposed his pet measure; the press came in for a full share of his attacks, and the Republican party was notified that if it failed in supporting it that it would put an end to the party; a number of Senators wished to know of Mr. Blair when a vote could be taken on the bill, but his reply was that he was unable to tell; in the House a unanimous report was made from the Committee on Elections, in favor of the sitting member in the Alabama contested election case, and it was adopted; the private calendar was then considered until adjournment. — There was a meeting yesterday afternoon of Senator Dolph's special committee to find out the leaks in connection with executive sessions, when a number of Senators were examined, but the result was that no information whatever was obtained; the impression prevails that the newspaper men, who failed to respond to inquiries made of them will be prosecuted on the charge of sedition. — A. W. Shater was yesterday confirmed as postmaster at Raleigh, N. C. — Reports from the U. S. Marshal in Alabama show that immense depredations have been made on the government timber lands in that State. — The banking-house of Bello C. Peers, San Francisco, has failed, with liabilities amounting to \$500,000. — On & Co. report no material improvement in trade, although the monetary situation is more satisfactory; business failures for the week number 250. — Three boys were drowned near Knoxville, Tenn., yesterday, while trying to cross a river in a frail boat. — Further particulars of the terrible accident on the Lake Shore Railway, near Buffalo, N. Y., show that it was of a sickening character; five passengers were instantly killed and their bodies horribly mangled, including a bride of a week; the mangled number fifteen, some of them very seriously. — A Moscow dispatch reports a ghastly tragedy in that city, a parcel, containing the head of a woman, was left at the residence of a Prince, with a note which indicated that she had been killed for betraying nihilists. — A man was hanged at Charleston, W. Va., yesterday, for the murder of his son and daughter. — New York markets: Money easy at 2 to 6 per cent; closing offered at 3 per cent; cotton steady; middling uplands 11½ cents; middling Orleans 10½ cents; southern flour dull and heavy; wheat dull and easier; No. 2 red 8½ cents at elevator; corn steady and moderately active; No. 2, 35½¢@36 cents at elevator; spirits turpentine steady at 42½¢.

There seems to have been a resurrection in some of the Ohio cemeteries. Ex-Speaker Keifer was in Washington a few days ago.

The Ohio river is said to be fifty miles wide at its mouth. If the Republican party could be chucked into the mouth of the Ohio, it might be washed out.

Gladstone is still the unapproachable grand old man. J. G. Blaine is said to be becoming unapproachable, but this doesn't make him a grand old man by a long shot.

That Louisville bank cashier that got away with \$60,000, took his Bible and prayer-book with him. Perhaps he concluded that Bibles and prayer-books were scarce over in Canada.

There is an English "Countess" who resides in London and makes a nice income by presenting American snobs to bon ton English society. They "take their choice and pay for what they gits."

The Raleigh Chronicle, which came out as a daily last Thursday, presents a good appearance and steps to the front rank at once. We welcome it into the journalistic circle and wish it unmeasured success.

Thomas L. Jenkins, of North Carolina, cadet at Annapolis Naval Academy, has been dismissed, his offense being pummeling another cadet who reported him for some slight breach of the rules.

Mr. Russell Harrison, who has been down in Florida, expresses himself highly delighted with the country and the climate, which he pronounces superb. With this indorsement Florida can proceed with business confident of success. When Russell endorses the climate the climate ought to get right up and boom.

A gentleman from Burgaw, in the city yesterday, tells of a big rattlesnake killed near that place a few days ago which measured five feet and six inches in length, 14 inches in circumference, and had 12 rattles and a button. A full grown rabbit was found in the snake's stomach.

The Greenville Reflector notes the death of a citizen of Pitt county who was supposed to be 114 years old, who never took but one dose of medicine in his life and was a life long Democrat. These two facts probably account for his longevity.

General Middleton, of Canada, is under fire on a charge of swindling a fur trader in a little transaction about \$1,000 worth of furs. If General Middleton would come over to this country he might become a hustling Republican politician.

The Czar of Russia is getting to be considerable of a real estate dealer. When he takes a fancy to any particular estate he contrives to get some excuse to banish the owners to Siberia and then bags it at his own figures.

Mr. Gest, of Illinois, introduced a bill in Congress last Saturday to pension every honorably discharged soldier or sailor who is now disabled, without proof as to the origin of his disability. He wasn't jesting, either.

Edward Bellamy's "Looking Backward" is said to have panned out \$16,000 for him, and \$50,000 for the publishers. We have known men who have been looking backward all their lives and never made a red cent by it.

## Dr. Pritchard at Savannah, Ga.

Rev. T. H. Pritchard, D. D., pastor of the First Baptist Church at Wilmington is assisting in a series of meetings at the Baptist Church in Savannah, Ga. The News of that city referring to the matter, says:

Rev. Dr. Pritchard is one of the prominent leaders of the Baptist church in this country, and his reputation as a fine pulpit orator is co-extensive with the South. When the war broke out he was pastor of a church in Baltimore, and on account of his Southern proclivities was arrested and imprisoned by order of Gen. Schenck. He was eventually released and sent across the lines. Since the war he has filled prominent pastorates in the South, among which were pastorates at Louisville, Ky., and Raleigh, N. C., and he is now pastor of the Baptist church at Wilmington, N. C.

## The Sale of State Lands.

Messrs. Frost & Robinson, of Michigan, are the purchasers of swamp lands in the eastern part of the State (mentioned in the STAR yesterday). The sale was made by the Board of Education at Raleigh to Maj. Chas. M. Stedman, attorney for Messrs. Frost & Robinson. The lands are in Columbus county, comprising about 10,000 acres, and the price paid was 85 cents per acre. The purchasers intend to erect mills to saw up the timber, which consists principally of cypress and juniper, and this work will give employment to a large number of people in Columbus county.

## COLD WAVE.

## A Snow Storm Followed by Sleet and Rain.

A cold wave, unheralded by the Signal Service, visited this section yesterday, the temperature falling steadily all day long, with wind from the northeast that at nightfall brought rain and snow. For nearly an hour, beginning shortly after 6 o'clock, the fleecy flakes fell fast and softly; but rain accompanied the snow, causing it to disappear almost as fast as it fell. Later in the evening the snow changed to sleet and with rain continued to fall throughout the night.

Early this morning snow was again falling, and housetops and fences were covered with a mantle of white.

Press dispatches last night report a heavy snow storm in Virginia, extending into North Carolina. Very cold weather is reported from the Northern States. In Western New York, New Hampshire and Vermont, the temperature is reported at from 20° to 30° below zero.
