OUTLINES.

There was an interesting debate in the Senate yesterday on the resolution reported for expunging from the Record certain remarks interpellated by Mr. Call in his debate with Mr. Chandler.

The Louisiana lottery having slipped up in getting a charter from South Dakota is now trying its hand on North Dakota. A sensation was created the other day by the production of a letter of the Attorney General charging that the lottery company had bought several members of the legislature.

Crunk Blair says the newspapers of America are very bad and that they shouldn't be encouraged at all. He should go over and ask Mr. Harrison why it was that he appointed a dozen or so of these wicked editors to representative positions abroad and to responsible positions at home.

A Tennessee darkey plowing in a field turned up a crock chuck full of gold coin amounting, it is said, to fifteen or sixteen thousand dollars. As it was too hefty to tote away, he pocketed as much as he could conveniently carry, but felt so good that he couldn't keep his secret, and when he got back the crock and its contents had vanished.

The Secretary of the Treasury estimated that it would require an expenditure of about \$5,000,000 for public buildings this year. The \$5,000,000 have been already reached, with bills enough on file to call for about \$55,000,000 more.

The loyal Republican States of the North are now coming in with their claims on Uncle Sam for expenses incurred in helping to "suppress the rebellion." The Senate Committee on Military Affairs has reported favorably on a bill for \$4,428,892 for California, \$376,272 for Oregon and \$400,907 for Nevada, and they are not all in yet.

The farmers of Southern Illinois, who have been paying more to raise corn than they can get for it, have concluded to try strawberries. While they are changing their methods they had better turn their attention to raising Democrats as well as strawberries.

There is a movement on foot in Chicago to raise from Lake Erie the brig Niagara, one of Commodore Perry's vessels, which was sunk in a fight with the British in 1812, and put her on exhibition at the World's Fair. If the Chicago fellows could find the whereabouts of Noah's ark and dig it up it would be a ten strike.

If Ingalls don't hurry home and fix matters up in Kansas she will soon be in a bad way. With her anti-prohibition excitement, and town factions making targets of each other she is all tore up. He shouldn't let those questions the farmers have asked him deter him from going.

It is said that General Sherman don't intend to depend on posterity to build his monument, but has one ready made. A proper finish for this would be a big torch.

As a head chopper Assistant P. M. G. Clarkson is a success. He has scored 31,000 heads since he has been in office and the axe is still chopping.

The regular monthly meeting of the Evangelical Alliance was held last night at Grace M. E. Church. Services were conducted by Rev. P. H. Hoge, D. D., in the absence of Rev. J. W. Primrose, who was prevented by sickness from attending.

Bishop Haid's address last night at St. Thomas' Church again attracted a large congregation. His subject was The Rights of Property and the Catholic Idea of Justice. He preaches to-night on another attractive theme.

LOCAL DOTS.

Items of Interest Gathered Here and There and Briefly Noted. The Wilmington Light Infantry were on drill with full ranks last night.

The fire at the Carolina Oil Mills Monday night is supposed to have been caused by an incendiary. John H. Hall, colored, was fined five dollars in the Mayor's Court yesterday for permitting his cow to run at large.

The weather yesterday was like April--alternating with sunshine and showers. The temperature last night at 11 o'clock was 62 degrees.

Mr. R. B. Wood, whose sickness was reported in the STAR, was very low yesterday evening and little hope was entertained of his recovery.

The steam-tug Wm. E. Chapman with the water-logged schooner Minnie E. Bonsall in tow, sailed from Southport yesterday for New York.

A gentleman well known on the wharf has a pocket-comb with which he tickles his whiskers, made from the shell of a terrapin that he claims was 1,935 years old.

John Gibbs, colored, was arrested yesterday for robbing the money drawer of the bar in Mr. L. Voller's store on South Front street. He was detected in the act by a clerk who seized Gibbs and detained him until a policeman was summoned and took him into custody.

The funeral of the late Thos. B. Heuderson took place yesterday from St. Andrew's Church. Rev. Mr. Hoge conducting the services. The interment was in Bellevue Cemetery; the pall-bearers were Col. Roger Moore, Capt. J. I. Metts and Messrs. W. J. Kirkham, Neill McEachern, A. K. Walker and D. L. Gore.

An Italian Barquentine Picked Up by the Cutter Colfax. A dispatch from Signal Service Observer Demain, at Southport, received at the Signal Office here at 8 o'clock last night, says: "A pilot just in from outside reports that this afternoon the revenue cutter Colfax picked up about twelve miles out at sea the Italian barquentine Antonio, loaded with sulphur and bound to Wilmington. Her foremast and main and mizzen-topmasts had been carried away. She is otherwise in good condition, and her cargo is safe. She is now off the bar. The cutter is with her, and the steam tug Jones has just gone out. She is expected in some time to-night."

Complaints Against Pilots. The Commissioners of Navigation and Pilotage met yesterday morning to investigate charges of inefficiency of pilotage at Southport. The complaints were made on petition of some twenty-five or thirty masters of vessels trading at this port, who allege that the pilots are not alert and do not go out far enough to meet incoming vessels. A number of the pilots were present and put in a denial of the allegations in the complaint. Without coming to a conclusion in regard to the matter, the commissioners adjourned until next Tuesday morning.

Y. M. C. A. Convention. The State Convention of the Young Men's Christian Associations of North Carolina will be held at Goldsboro, on the 13th and 14th insts. It is expected that large numbers of delegates will be in attendance. The local association will send about twenty delegates, and it is sincerely hoped that all the delegates appointed will be present at the opening session of the Convention.

Seaman's Friend Society. Rev. Dr. Stitt, of New York, a leading member of the Seaman's Friend Society in that city, will lecture at the First Presbyterian Church in this city to-morrow night in reference to the workings of the Society. The object is to get it on a better basis here and it is hoped that our merchants and citizens will attend and hear what the gentleman has to say on this important subject.

ELEVENTH CENSUS.

Collection of Statistics of Manufactures in Cities and Towns--The Appointment of Enumerators. A bulletin issued from the Census Office, Washington, D. C., directs that the collection of the statistics relating to iron and steel, to coke, to glass, to the electrical industry, and to illuminating gas shall be collected by expert agents without regard to locality.

The collection of the general statistics of manufactures in certain cities and towns has been withdrawn from the enumerators and the duty charged upon special agents. This list of cities and towns has been approved by the Secretary of the Interior, and supervisors of the census are directed to take proper steps to fully inform the enumerators under their charge as to the cities and towns in which they are not to collect the statistics of manufactures.

One of the most significant rules to be followed by the supervisors is "that all the appointments must be non-partisan." This regulation is imposed by an Act of Congress, and will doubtless be interesting reading to a thousand or more Republicans and Democrats who are now seeking places under Supervisors Lockey. The appointments are made practically made by the departments in Washington. The supervisor recommends certain nominees and transmits with his list the qualifications of the same, so that the choice should be in all cases by merit.

Merchants' Excursion. Postponement of the Celebration of the Opening of the Cape Fear and Yadkin Valley Railroad Until April 16th and 17th. A meeting of the Committee of Arrangements for the Merchants' Excursion on the Cape Fear and Yadkin Valley railroad was held yesterday at noon at the Produce Exchange.

Mr. J. H. Currie called the meeting to order, and suggested that for many reasons it would be best to postpone the proposed celebration until a later day. After discussion it was decided to postpone the time until Wednesday and Thursday, the 16th and 17th of April.

The Invitation Committee were requested to invite speakers for the occasion, and on motion, Mr. J. H. Currie was requested to act with the committee in regard to this matter. The chairman of this committee, Mr. F. W. Kerchner, reported that the cards of invitation would be ready within the next few days.

The chairman of the Entertainment Committee, Mr. C. H. Robinson, reported that preparations were being made for the entertainment of the guests, and that everything would be in readiness at the time appointed.

Mr. D. G. Worth, chairman of the Finance Committee, reported that the committee would be called together in a few days to make the necessary arrangements.

The committee then adjourned, subject to the call of the chairman.

A BOLD VENTURE. The Napha Yacht Rambler Voyaging from New York to Florida. The yacht Rambler, Capt. Miller, from New York to Jacksonville, Fla., put in at Wilmington yesterday for supplies, and will probably remain in port a day or two. The Rambler came from Beaufort here, piloted by Capt. Lewis, of that place, and on account of adverse weather was compelled to go around Frying-Pan shoals. She is only a napha-yacht, and is probably the first that ever rounded these shoals. Her length is fifty-three feet and she has cabin accommodations for eight persons; is handsomely finished in mahogany and fitted with everything necessary for the comfort and convenience of those on board; has a dynamo that furnishes electric lights in all parts of the little vessel, and is propelled by a 16-horse power engine at a speed of ten miles an hour. Only napha is used for fuel, of which six gallons an hour are consumed while running. The Rambler is owned by Mr. C. M. Biddle, of Philadelphia, who is now sojourning in Florida. She is quite new and is said to be the largest napha yacht ever built.

Anniversary Celebration. The Hibernian Benevolent Society are making preparations for the celebration of their twenty-fourth anniversary on Monday the 17th inst., the natal day of St. Patrick. The Society will form in procession at 10.10 o'clock in front of the hall on third street and march to St. Thomas' Catholic Church, where an address will be delivered by Bishop Haid. The society extends an invitation to all its friends to attend.

The annual ball will be given Easter Monday evening, April 7th. The Society is in better financial condition now than it has ever been, and its membership is increasing. It is purely a benevolent organization, and has done a great deal of good in the community.

LIST OF LETTERS.

Remaining in the Wilmington Post-office March 11th, 1890: A--Chas Andrews, James H Anderson, B--Wm Brown, Mrs Wm Brown, S S Bowling, Peter Brown, Randle Bently, (Caroline Beach), Maggie Benson, L T Bate, Lucy Berdoux, Henry Bordeaux, Dave Brayland, Cally Bell, Lizzie Blanton, Alice Blunt, E W Bryce, Mrs J O Bullard, Capt M E Bloodgood, Mrs Peder Fenken, W S Brown, E S Beach, Minnie H Bagley, Tobe Brown.

NEW ADVERTISEMENTS.

Talk About Pretty Goods!

BUT IF WE HAVEN'T THE PRETTIEST this time you ever saw, then McGinty's best suit of clothes ain't a circumstance. We received to-day something really elegant in Embroidered DRESS SUITS FOR LADIES.

These goods are in patterns, in the latest styles. Material Wool and Silk mixed. They are certainly hand some. The very latest styles. We do not expect a profit on these goods, but for the sake of introducing a finer line of Dress Goods than has formerly been kept in this city, will, as an advertisement, offer them at small advance on cost price. They range from \$10.00 to \$30.00. Call and see them. Also just in a full and complete line of Gents' and Ladies' Trunks, Valises, Handbags, Satchels, &c.

The finest and largest line in the city. To Cash Wholesale Buyers we would state that we have on our Second Floor many goods that we will now close out at a sacrifice, goods that are in nice condition, but occupy too much space that is needed in our Retail business. If you want a bargain call in and take advantage of this offer, as these goods must go. Very truly, BROWN & RODDICK, No. 9 NORTH FRONT ST. mar 9 1t

Notice.
