OUTLINES.

The Senate session yesterday was occupied almost entirely in a discussion of the bill to declare unlawful trusts and combinations, in restraint of trade and production.

A meeting of colored men, who voted for Mudd, Republican, who contested Compton's seat in Congress, was held in Maryland a few days ago, to protest against the seating of Mudd, on the ground that Compton was fairly elected.

The Elizabeth City Economist, speaking of the schemes to lend Government money to farmers, says: "The objection to all these schemes is the tendency of all of them to enervate and emasculate the manhood of the people and to make the Government a great eleemosynary institution to prop up the needy."

Congressman Boutelle, of Maine, is in tribulation. Harrison has not only sat down on him in the matter of spoils, but here comes some of his constituents who charge him with voting for Chicago for the World's Fair to be let into a syndicate which had bonded a large tract of real estate in that town.

Dakota statesmen are not lacking in resources. A member of the North Dakota Legislature, who saw that a bill to which he was opposed was going to pass, stole the bill and hid it.

An old lady died in New Jersey a few days ago who not only remembered having seen George Washington, but remembered distinctly having been kissed by him, although quite young when the osculatory performance took place.

War is raging among the native and Chinese laundrymen in New York. The New York and New Jersey shirt-washers have pooled their issues and are making common cause against the Mongolian of the scrub-board and sad-iron.

"If the last letter of Col. Dudley's name were to be dropped, it would be Dude. But do we really want that kind of a Yankee Dude?"

"Another stolen seat" is the caption of a telegram in a Republican paper speaking about the Mudd-Compton contest from Maryland.

A colored pastor of a Baptist church in Richmond has been ousted by his congregation because it was alleged that he voted the Democratic ticket at the last election.

Anticipating the census of population, which will be completed by June 30, guessers figure it out about as follows: Total 65,000,000; New England States 4,500,000, Middle States 15,000,000, Western States 23,500,000, Southern States 22,000,000; 56,000,000 white, 9,000,000 colored.

Mr. Morrill, of Kansas, don't propose to let Ingalls do all the pension tinkering. He has introduced a bill in the House providing for a pension of eight dollars a month to certain soldiers of the late "unpleasantness," and their widows, which would add about 400,000 more names to the pension rolls at once, and 52,000 a year afterwards.

NAVAL STORES.

Receipts and Stocks as Compared With the Same Last Year.

The receipts of naval stores at this port for the crop year are considerably in excess of receipts to the same date last year, while stocks are light, particularly in rosins, of which there are only 10,864 barrels against 87,932 barrels at the same date last year.

DAVIS' LAND COMPANY.

Certificates of Stock for Subscribers in Wilmington.

Dear Sir—Enclosed please find eighty-one certificates of stock in the Davis Land Company, to meet corresponding amount of the liberal subscription to the same by the patriotic citizens of your city.

Receipts of cotton at this port for the crop year, to March 21st, are 132,131 bales; to same date last year, 148,206 bales; showing a decrease in receipts as compared with last season of 16,075 bales.

The stock at this port is 12,403 bales, against 4,984 at the same date last year.

MERCHANTS' EXCURSION.

An Enthusiastic Meeting of the General Committee.

The General Committee on the Cape Fear & Yadkin Valley excursion met at the house of Col. F. W. Kerchner, and nearly every member was present.

The chairman of the Committee on Entertainment reported that every preparation was being made for the entertainment of our guests on the 10th and 17th of April, and that all would be in readiness at the appointed time.

The chairman of the Committee on Invitation reported that the invitations were ready and would be forwarded immediately.

The chairman of the Committee on Finance made his report, and stated that his committee had gone to work in earnest and were doing everything for the success of the celebration.

It was thought best to leave the time for the departure of the train from Mount Airy to the officials of the Cape Fear & Yadkin Valley railroad, so it is more than probable that the excursionists will arrive here on the evening of the 15th of April.

After this the meeting adjourned. It was suggested that hereafter if a very large meeting of the committee was desired it would be expedient to hold it again at the house of Col. Kerchner.

Our friends along the line of the Cape Fear and Yadkin Valley can be assured of a most hearty welcome and that nothing will be left undone to make the time pass pleasantly.

COUNTY AFFAIRS.

The Grand Jury Report on the Jail and Poor House.

The grand jury for the present term of the Criminal Court, having completed their labors, were discharged yesterday. In their report they state that they considered twenty bills of indictment for various offences, and found fourteen true bills and six not true, and in addition made three presentments for violation of law.

They report, also, having made an examination of the county Jail, and finding it in good order and condition and the prisoners well cared for.

In regard to the County Poor House, the main building of which was destroyed by fire on the night of the 17th inst., the grand jury say that the seventeen inmates of that institution are quartered for the present in the few remaining out-houses.

The keeper has, apparently, made the best arrangement in his power; but the grand jury recommend that some action be taken at once to supply better temporary quarters while the Poor House proper is being built.

They also recommend that the new buildings be constructed of brick and be made as near fire-proof as possible.

Also, that as the county has to take care of insane persons, suitable apartments should be provided for the insane in the new building, so that this class of unfortunates may be comfortably provided and cared for.
