## OUTLINES.

The early sessions of the Senate are not proving a success, and it was a difficult matter yesterday to secure a quorum before 12 o'clock. Senators made it the occasion to indulge in some lively badinage, and the session ended without the transaction of any important business; in the House a resolution was offered and adopted, charging officers of U. S. District Courts with mal-administration and corruption in office, and directing the Committee on the Judiciary to inquire into the extent, cause and effect of such illegal practices; the Fortification Appropriation was considered and passed; it appropriates \$4,521,678; the Idaho admission will be considered to-day and Thursday, and the previous question called at 3 o'clock Thursday; resolutions of respect to the memory of Representative Wilber, of New York, who died Monday, were adopted.

The public debt statement, issued yesterday, shows a decrease during March of \$11,389,831 48, and a decrease since June 30, of \$53,488,949 45; total debt of all kinds \$1,599,862,545 67. The Czar and Prince Bismarck have exchanged friendly letters, in which the former expressed himself that recent events would not affect the peaceful relations existing between the two Empires.

The hull of the Inman Line steamer City of Paris has been cleared of water, and she will be towed from Queenstown to Liverpool. A St. Louis dispatch reports a tornado in Southern Illinois and Kentucky, which was of a very destructive character; a number of dwellings and other buildings were totally wrecked, growing wheat swept from the ground, hundreds of cattle scattered and killed, and many persons killed and injured.

The East Tennessee, Virginia & Georgia Railroad Co. have purchased the Erlanger railway system, which makes their line the leading one North and South, starting from Cincinnati, and reaching Jacksonville, Fla., Mobile, Shreveport, New Orleans and Memphis; the purchase embraces twelve hundred miles of road, and the price paid is \$5,500,000.

The nominations of Judge Swanwick and U. S. District Attorney Stripling, of the Northern District of Florida, which have been so long before the Senate, and so violently contested, were confirmed yesterday by a strict party vote.

Intelligence from the Mississippi flood reports a large section of country between Helena and Arkansas City submerged; many persons have been rescued from trees and roofs of houses, and there is great suffering among the people.

The municipal election in Milwaukee yesterday was carried by the Democrats. The journeymen plumbers of Chicago are on a strike for an advance in wages.

The landing of Ponce de Leon was celebrated in St. Augustine, Fla., yesterday; there was a grand display, and the sports, which are similar to Mardi Gras, will be kept up for two days.

In Davidson county, yesterday, Lee Carter was killed by Frank P. Broadway; defamatory reports relative to Mrs. Broadway are alleged as the cause.

New York markets: Money easy at 4 per cent; cotton easier; middling uplands 11 1/16 cents; middling Orleans 11 1/16 cents; southern flour dull; wheat fairly active; No. 2 red 86 1/2 @ 87 cents at elevator; corn weaker; No. 2, 36 1/2 @ 37 cents at elevator; rosin quiet; spirits turpentine dull, offered at 41 cents.

The editor of the Rockingham Spirit of the South is mad at the defeat of the Blair bill, and rushes to an Italian font to say so. This is terrible.

Senator Hawley says the pension expenditures next year will reach \$130,000,000 without any extra bills being run through. The boys are getting there.

An Eastern syndicate is negotiating for several hundred acres of blue grass land in Kentucky, where it proposes to engage in the breeding of fine horses.

Ingalls is sometimes called "the Kansas wasp." While there may be points of resemblance, they are dissimilar in some respects. Ingalls parts his hair in the middle, the wasp never does.

## LOCAL DOTS.

## Items of Interest Gathered Here and There and Briefly Noted.

—It was election day in Chicago yesterday and no market reports were sent out.

—Wm. Gordon was fined \$20 in the Mayor's Court yesterday, for disorderly conduct.

—German barque *Eintracht* arrived and anchored at Southport quarantine station yesterday.

—The regular monthly meeting of the Board of Managers of the Produce Exchange will be held to-morrow.

—The ladies of the First Baptist Church will hold a meeting of prayer and praise to-day, beginning promptly at 11 o'clock a. m. and closing at 12 m.

—It is reported that through passenger cars will be run from Morristown, Tenn., to Wilmington, this summer, via the Western N. C. railroad and the Cape Fear & Yadkin Valley.

—At the meeting last night of the general committee on the C. F. & Y. V. railroad celebration, to be held on the 16th and 17th of this month, the various sub-committees reported progress. The committee met at the residence of Col. F. W. Kerchner, and spent a very pleasant evening.

—Fred Coer, a boy about thirteen years of age, was struck on the head with a brick-bat thrown by a colored boy, on North Front street, near Mulberry, about 6.30 o'clock last evening. Young Coer was carried in an unconscious condition into Dr. Pigford's office; but soon afterwards revived and walked home.

A respected contemporary objects to the appointment of W. B. Sorby as Consul General to Ecuador because he stole Congressman Catching's private letter to Col. J. S. McNeily. This is an unreasonable objection. There is nothing in the Republican party ethics which disqualifies a man for appointment to office for stealing letters. It is a pity however to bury such talents in a consul-generalship in Ecuador. He should have been put in the postal service where he could exercise them.

A Pennsylvania boy was bitten by a pet Florida alligator, and died of the yellow fever. The question now is whether he took the fever from the bite of the alligator or from the moss in which the alligator was packed when shipped. If this should lead to a prejudice against alligators as pets, it would have a damaging effect upon one of Florida's thriving industries.

If ex-sheriff Flack was going to get a divorce from his wife again he would go about it in a different way. His secret method cost him what reputation he had, an office worth \$50,000 a year, a conviction for conspiracy, with a term in the penitentiary staring him in the face, unless he squeezes through in the new trial which has been granted him.

State Senator Poyntz, of Kentucky, has a bill providing severe penalties for witnesses who refuse to testify before a legislative investigating committee. Perhaps Senator Dolph's committee could get some suggestive Poyntz from him to make the newspaper men fess up.

Editor Dana, of the New York Sun, is opposed to ballot reform, because he fears it will be followed by a religious qualification. If there were a religious qualification the Republican party would be in a still greater minority than it is.

The *National Democrat*, published in Washington, says that John M. Brower, member of Congress from the Fifth district, has the gubernatorial bid in his bonnet. It is lucky for him that it is not in the seat of his pants.

It is feared that the extra tariff on tin plate will increase the cost of pies. This is something in which Russell Harrison is interested. He loves pie.

The planting time is drawing nigh when the Kansas farmer can turn the sod and plant the seed for another crop of "fuel" for next winter.

## THATCHER AND PRIMROSE.

## A Great Minstrel Show at the Opera House Friday Night.

Primrose & West, the monarch millionaire minstrels, will be the attraction at the Opera House Friday night. The programme contains the names of all the illustrious shining stars in the profession, among whom may be mentioned the pre-eminent George H. Primrose and William H. West, Barney Fagan, and Lew Dockstader, the original "Big Four"; T. B. Dixon, Raymond Moore, the author of "Down on the Farm," Joe Natus, Tom Le Mack, Westcott Brothers, musical artists, Fox Samuels, Barber, the champion bicycle rider, Geo. Powers, Billy Smith, Master Martin, Dan Waldron, J. Holey, Master Egan, the "Little Lord Fauntleroy," and a host of others. The grand gorgeous crystal satin first pair is said to be the most elaborate, magnificent and costly production ever presented by a minstrel combination in the world. The grand marches of the "Popin Jays" and "The Language of Flowers," out-rival any comic operas witnessed, and the stage settings, costumes, etc., are rich and rare.

The sale of reserved seats will be opened at Yates' bookstore to-morrow morning.

**RIVER AND MARINE.**  
—German brig *Diana*, Schroeder, hence, arrived at Bristol, England, March 28.

—Messrs. Paterson, Downing & Co. cleared the German barque *Patria* yesterday, for Liverpool, Eng., with 3,403 barrels rosin, valued at \$4,900.

—The pilot chart of the North Atlantic coast for April, issued from the U. S. Hydrographic office, reports the following among other obstructions to navigation: Hatteras light W. 1/2 N. (mag.) about ten miles, in fourteen fathoms: Boom on end, fastened to a sunken wreck. Hatteras light S. W. 2/2 W. twenty-five miles: Mast and boom, apparently attached to a sunken schooner. On Outer Diamond Shoal, in five fathoms: Wreck of steamer *Aberlady Bay*, visible at low water.

**APRIL WEATHER.**  
*Forecasts for the Month from the U. S. Hydrographic Bureau.*  
Westerly winds, of less force, however, than during the month just passed, will prevail over the transatlantic steamship routes east of the 60th meridian; west of that meridian, and along the Atlantic coast of the United States, the winds will be variable. Gales may be expected about once a week north of the 32d parallel. But few northers will be felt in the Gulf, and those that do occur will be of less duration than earlier in the season. The northeast trades, having reached their southernmost point during March, will this month begin to extend farther north. Icebergs and field ice may be encountered between longitude 40° and 50° W., as far south as latitude 41° N. Fields may also be met with inshore as far west as the 65th meridian. Considerable fog will be experienced off the Grand Banks and the coast of the United States as far south as Hatteras.

**MORTUARY REPORT.**  
*A Very Low Death Rate for the Month of March.*  
The report of Dr. Potter, Superintendent of Health, for the month of March, shows, as the Doctor says, "a very gratifying low death rate," the total number during the month being 27—colored 22, white 5—making the death rate not quite five in 1,000 for the whites and 15.42 for 1,000 for the colored population; or, white add colored 11.73 to the 1,000. Seven colored adults died with consumption; four colored adults with heart-disease; two colored adults with pneumonia. There was one death (white) from typhoid fever.

**Beats the Record.**  
The total number of cases tried in Mayor Fowler's Court during the fiscal year ended March 31st, 1890, is 1,620, and the court fines collected for the same time amount to \$3,085.91. The pound fees collected aggregate \$198.20. The police records farther show that 124 arrests were made during the month of March—92 colored persons and 32 whites.

The fines collected during the month amount to \$321.89, and the pound fees \$29.70.

Twelve applications were made for lodgings; six places of business were found left open at night, and there were nine alarms of fire during the month.

**Cotton Statistics.**  
Receipts of the staple at this port during the past month of March were 1,718 bales, against receipts the same month last year of 8,730 bales.

Receipts for the crop year, to April 1st, are 132,375 bales, against 149,231 to same date last year—a decrease, as compared with last season, of 16,856 bales.

The stock at this port is 5,332 bales; at same date last year it was 4,290 bales.

**Y. M. C. A.**  
In the Y. M. C. Association rooms this evening at 8 o'clock, there will be a meeting conducted by Messrs. Helmick, Jaderquist and Coddling, formerly Association workers in the Western States. They expect to sail soon for Africa, as missionaries, and are making a tour of the States previous to their departure. It is earnestly hoped that they will be met by a large audience.

A small frame dwelling on Eighth, between Dock and Orange streets, owned by Mr. J. H. Turner and occupied by Mollie Williams, colored, was partially destroyed by the furniture by fire yesterday morning about 4 o'clock. There was no insurance on the house, but the furniture was insured with Messrs. Atkinson & Manning, in the City of London, for \$250.

At a meeting of the Board of Directors of the C. F. & Y. V. Lilly, this Company has lost one of its wisest and most valuable Directors, who was ever ready by his wise counsel and pecuniary aid to advance the interests of this Company; Our sincere sympathy with him as a member of this Board was always of a most personal character, ever courteous toward those with whom he was brought in contact, faithful in the discharge of all his duties and devoted to the interest of every enterprise with which he was connected; in his death we feel that we have lost a personal friend, and the Board of Directors an able and active member.
