OUTLINES.

The Montana election case occupied the entire session of the Senate yesterday, speeches being made by several members, and which finally became a running debate between five or six of them; the debate was continued until 6.14 when an adjournment took place; in the House the Naval Appropriation bill was considered and favorably reported, but no final action was taken.

The Superintendent of the King's County, N. Y., Almshouse, struck upon a happy idea to avoid the enlargement of the building which seemed to be necessary to accommodate the increasing number of applicants for admission. He set one hundred of the most able-bodied members to digging in a sand hill, and after a small amount of that kind of exercise sixty-five of them left, which eased up things and left plenty of room for those who remained.

The St. Louis Globe-Democrat, Rep., says that Tom Reed is against wild appropriations, that he has "put the cover on the pork barrel and is sitting on it." This is rather a reflection on the other boys, that Tom has to sit on the head of the barrel to prevent them from getting away with the pork. But if Tom is sitting on the top the bung hole will be found large enough for all practical purposes.

The Pan American delegates who will visit the South will leave Washington on the 18th inst. They will go as far South as New Orleans where they will spend a couple of days, spending but one day at other cities visited. It will be a hurried and a short visit, from the 18th of April to the 10th of May. But they can learn something in that time if they keep their eyes and ears open.

The Sioux Chief John Grass advises the Indians to go to work and earn their own living like men, without depending on others for support. John don't believe in that kind of thing, and administers a withering rebuke to the pleaders for protection who beg for a high tariff to make somebody else support them.

Chicago women may have large feet, but large feet are necessary to Chicago women. If they didn't have large feet they never could keep their grip on the ground in that windy city when the sportive winds come in from the lake or sweep over the prairie.

Colored citizen Jones, of Arkansas, has discovered another issue in American politics—"the Western hog vs. the Southern negro." It's a big issue, but as the Western hog has the Republican statesmen on his side, he's got rather the advantage in the fight.

Since the Portuguese have got mad at England they don't want the English to build any more ships for them. The Government has invited an American ship-building firm to make proposals for the construction of four new cruisers.

Kaiser William has a rubber attachment to his horse's shoes to prevent him from slipping. Since he has undertaken to run business alone he might find a rubber attachment to his head useful to prevent him from slipping.

The McKinley "What is it" is what the Philadelphia Record calls the new tariff bill. It has changed its shape so fast and so often that even Mr. McKinley would have difficulty in recognizing it and telling what it is.

Pure Democratic Doctrine. Windsor Ledger. The STAR is the oldest daily in the State and one of the best. It teaches pure Democratic doctrine. In its new dress it looks as bright as a dollar. It is like old wine; exquisitely palatable. Success to it.

Welcomed More and More. Franklin Times. The Wilmington STAR was 23 1/4 years old one day last week, and its daily visits to this office are welcomed more and more.

No Storm but Older Weather. The storm signal ordered up Wednesday night was taken down yesterday morning under instructions from Washington. The storm centre was still in the Lake region.

The "colder weather" predicted by the Signal Service bureau got here in good shape yesterday. It commenced coming early in the morning, and was heavily reinforced after nightfall by a blustering wind from the Northwest that lowered the mercury several pegs.

The Sylvan Grove will come out from her winter quarters on the west side of the river next week, and will be given a thorough overhauling and repainting. She will begin running on the Carolina Beach schedule about the 1st of May.

Mr. A. S. Heide, who is President of the Society for the Prevention of Cruelty to Animals, while attempting to separate two dogs fighting in the street, was bitten on the arm by one of the brutes. The wound is a very slight one, however.

Clarendon and Stonewall Lodges, Knights of Pythias, have tendered the use of their hall for the meeting of the Grand Lodge I. O. O. F. of the State, to be held here in May next. This courtesy will no doubt be accepted, as the hall is large and well adapted to the purpose.

The Southport Leader says: "The Woman's Missionary Society of Southport, at their last meeting appointed the following delegates to attend the district Missionary Convention to be held at Grace Church, Wilmington, on April 22nd and 23rd: Mrs. W. Spirits on a Boom in Savannah. The News, of April 9th, says: Turpentine appears to be on a boom, much like cleaned rice was last week. There was a sharp advance of a cent a barrel yesterday. One buyer was unable to buy fifty barrels yesterday, although he made the rounds of the Bay. The best he could do was to buy twenty barrels at 38 cents, and last night a Morning News reporter was present when the gentleman engaged thirty barrels to arrive this morning at 38 1/2 cents, a figure which it is believed spirits will reach to-day. The scarcity of turpentine is said to account for the rise.

ONE OF THE FLOOD SUFFERERS.

The Sad Story of a Colored Exoduster—His Wife and Five Children Drowned with a Number of Others from Wilmington—Frightful Condition of the Survivors.

John Evans, of this city, who went out with a party of exodusters last November to Washington County, Miss., returned home last night and gives a deplorable account of the sufferings of the colored people who went from this State to Mississippi. Evans was with a party of thirty who were on a raft that was wrecked on Bogue river last Friday near the Sunflower river, when twelve of the party were washed off and drowned. The others were saved by means of a skiff attached to the raft. All of the drowned were from this city, and six of them were members of Evans' family—his wife, Donah, two daughters, Rachel and Emma, and three sons, Benjamin, Gilmore and William. Two members of Henderson Myer's family—his wife and grand-daughter—were also drowned. Besides these, were Isaiah Boston's wife; Susan Weston, her daughter Hester, and her son John Henry; all of Wilmington.

The party were on the raft about twenty-four hours, and had drifted sixty miles in that time. They were on Jonas Goodman's plantation, on Bogue Creek, and were driven from their homes by the overflow.

Evans says that hundreds of our people are in that county, and many have been drowned; the sufferings of the survivors are truly distressing.

Besides himself, only one member of Evans' family was saved—an infant about a year old—with which he swam out when the raft was wrecked.

Vicksburg, he says, is full of refugees; many colored people from North Carolina being among the number. All are anxious to return but have no means to do so.

N. C. S. G. ENCAMPMENT. Meeting of Citizens Interested in its Permanent Location at Wrightsville.

The meeting held yesterday at the Produce Exchange of citizens interested in the permanent encampment of the State Guard at Wrightsville was well attended and much interest was evinced in the matter by all present.

Col. Jno. W. Atkinson was called to the chair and Mr. R. M. McIntire was made secretary. The purpose of the meeting was explained by the chairman, who stated that about \$3,000 is needed to complete the amount agreed upon with the State authorities. The grounds have been paid for, but the improvements to be made will require the sum mentioned.

On motion of Col. Thos. W. Strange, the chairman was authorized to appoint a committee of ten citizens to solicit subscriptions to the fund to be raised. The members of this committee will probably be announced to-morrow.

Reception at the Y. M. C. A. Rooms. There will be given a reception at the Y. M. C. A. rooms next Tuesday evening the 15th in the interest of the Young Men's Weekly.

An interesting programme is being arranged—musical and literary—and a pleasant time is anticipated.

The entertainment will be free to all members and friends of the association who may desire to come.

Every one is invited to bring a subscriber to the Monthly if convenient.

Weather Forecasts. The following are the forecasts for to-day: For Virginia, fair weather, and warmer to-day and to-morrow, westerly winds, becoming variable.

RIVER AND MARINE. Schooner Florence J. Allen is on the Marine railway at Skinner's ship yard.

The pilot boat Addie, which was brought up to Wilmington for repairs, has been put in good order. It is said she will most likely take part in the Savannah yacht race.

The work of repairing the tug Blanche is progressing rapidly. All the wood work of the vessel was burned, with the exception of a small portion of the deck and part of the machinery was ruined.

RECOGNITION OF SERVICES.

Testimonial from the Insurance Company of North America to Officers and Crew of the U. S. Steamer Colfax.

Some thirty days ago the Italian barque Antonino, bound from Sicily to Wilmington, was dismasted off the coast during a heavy gale. Happily the U. S. revenue steamer Colfax hove in sight, and giving a cable to the disabled vessel, towed her to a point of safety.

The Insurance Company of North America of Philadelphia, insurers of the cargo of the Antonino, in recognition of the efficient service of the steamer Colfax, directed their Wilmington agent to present to the officers and crew of the Colfax a check for \$200, which is thus handsomely acknowledged by Captain Moore:

DEAR SIR: I have the honor to acknowledge the receipt of a check for two hundred dollars (\$200), which has been presented through you by the Insurance Company of North America of Philadelphia to the officers and crew of the Colfax, in recognition of the assistance rendered on the 11th ultimo to the Italian barquentine Antonino.

It is very gratifying to know that our services in this matter are appreciated, and in behalf of the officers and crew of the Colfax I beg to tender sincere thanks to yourself and to the company you represent.

The sum named has been distributed pro rata, as is the custom in such cases. With the assurance that we are always ready and willing to render whatever aid may be in our power to vessels in distress.

I remain, with the highest regard, Very truly yours, J. B. MOORE, Captain U. S. R. M. commanding Colfax.

NEW ADVERTISEMENTS.

"Woman is Born for Love" And it is impossible to turn her from seeking it.

ONE OF THEIR MANY LOVES IS THE love of dress, and it is just as impossible to keep the needle from seeking the magnet as it is to keep the women from seeking the Store that displays the largest and handsomest line of Dress Fabrics.

We have been crowded since our Advertisement appeared in Sunday's Star. It was evidently a bright and shining Star to many who had a Spring & Summer Dress IN VIEW.

Generally every one drops into a state of lassitude at the first hurry and bustle of an Easter offering. It most certainly requires a powerful magnet to draw the Ladies out for a few days after Easter, but we possess the magnet, whose combined forces LOW PRICES AND NICE GOODS, proved a too formidable an opponent for their wearied senses, and as a shock of electricity it infused a new life and brought them in a hurry to our Store to see the Novelties of the Season.

So we enter the Spring and Summer Campaign with flying colors, and at the head of the race. We have worked hard to make this season's display of Dress Goods a notable one. We offer you a large variety, selected from the qualities and prices will suit the most economical buyer.

WHITE GOODS, COMPRISING India Linens, Table Damasks, Napkins and Doilies, Embroideries and Laces, Shootings and Shirtings.

We have positively the finest line of goods under this head ever offered to the housekeepers of this city. It is well worth your time and money to inspect this stock.

CORSETS. It would be a difficult matter to enumerate the different styles and makes of CORSETS now in use. But we know that we carry a few brands that we can recommend as being the most durable and as perfect fitting, combined with as much style and finish as any Corset on the market. Some of them are:

Dr. Warner's, Comprising Corset, Abdominal, Health, Flexible Hip and 222. Also the celebrated K and T and J. B. CORSETS.

LADIES. Should watch this space for the next month and read mark and bear of all profit by what you read.

Gentlemen! Our interest in you is not abating. Next week we shall offer some rare Bargains in Neckwear, Hosiery.

AND— UNDERWEAR. Watch this space next week. Everything in your line we are going to sell cheaper than the cheapest. Respectfully, J. J. Hedrick, 101 MARKET STREET. ap 11 st
