FIREMEN'S PARADE.

Arrangements for the Exhibition to be Given in Honor of the C. F. & Y. V. R. B. Celebration on Thursday Next. At the adjourned meeting of officers of the Fire Department, after conference with Mr. Kerchner of the citizens' committee of arrangements for the Cape Fear & Yadkin Valley celebration, it was decided that it would be best to have the firemen's parade and exhibition on Thursday afternoon, between six and seven o'clock.

The companies with their apparatus will form in procession with the Howard Relief Company in front, followed by Wilmington Hook and Ladder No. 1, with their two trucks, and Wilmington Fire Engine Company No. 1, in the order named. The Chief and Assistant Chief, in the fire wagon will lead the procession, preceded by Germania Cornet Band.

The line of march, after the procession is formed, will be down Princess street from Fourth to Third, up Third to Mulberry, down Mulberry to Front, down Front to Market, and up Market to Third. The parade will then be dismissed and the engines and trucks will repair to their houses, and shortly afterward the exhibition will take place. The engines and trucks named will be called out by an alarm turned in from box No. 14, at the City Hall. The "Atlantic" engine will take position at the hydrant at Front and Chesnut streets, the "Adrian" at Front and Princess, and the hook and ladder trucks in front of the Orton. Lines of hose will be stretched from the engines to the Orton, and the pipemen of the "Atlantic" will ascend the 50-foot aerial ladder of the hook and ladder company and throw a stream down Front street. After their recall, the pipemen of the "Adrian" engine will mount the ladder and throw streams up Front street. After this, an exhibition drill with ladders will be given by the Hook and Ladder Company.

Engines will parade with steam up and whistles blowing and reels and truck with gongs sounding. A platoon of policemen will march in front of the procession.

INDUSTRIAL MANUFACTURING CO. Now at Work on an Order for One Million Dishes—What the Installment Plan Will Do.

The Industrial Manufacturing Company are now at work on an order for one million butter dishes. This will do right well for a single order, and looks very like business.

The Company are receiving enquiries from Wisconsin, Ohio, New York, Georgia and other States, and samples have been sent in response to these enquiries. In anticipation of the brisk work ahead, additional machinery has been ordered.

The additional six hundred shares recently authorized by the stockholders has all been taken, and the cash receipts of the Company, entirely out of receipts from sale of its products, are now three hundred dollars per week; and this large aggregate is made up from payments of twenty-five cents per share per week. What an argument in favor of the installment plan.

Superior Court. The April term of the Superior Court for New Hanover county, Judge Graves presiding, will convene to-morrow. The cases set for trial Monday are as follows: Harriet Hill vs. Stephen Hill, M. Bellamy for plaintiff; no counsel for defendant.

Hattie Lind vs. A. J. Lind, M. Bellamy for plaintiff; no counsel for defendant.

Bank of New Hanover vs. Mary E. Smith, admr. et al. C. M. Stedman for plaintiff; E. S. Martin for defendant.

S. & B. Solomon vs. Mary E. Smith admr. et al. Same counsel as in former case.

The First National Bank vs. C. C. Lyon. E. S. Martin for plaintiff; J. D. Bellamy, Jr., for defendant.

British steamer Tronto, Sullivan, hence for Liverpool, passed Brow Head, April 9.

Norwegian barques Gyldenloffe, hence for Middlesborough, and Lucy and Paul, hence for Wolgast, passed Dunegness, April 9.

German barque Ferdinand, hence, arrived at Stettin April 4.

The little flat-bottomed 18-inch draft side-wheel U. S. steamer H. G. Wright went out of Corrake Inlet yesterday morning about 11 a. m. and came in at Wrightsville about 3 p. m. She goes up to Topsail Inlet by the inside route to-morrow or Monday, and from there she will go outside to Bear Inlet and inside to New Berne.

Seaman's Friend Society. The Seamen's Friend Society of this Port have arranged with Rev. S. A. Smith, Evangelist, to enter upon work in this port for the moral and religious condition of seamen. He is a good speaker and will hold his first meeting this Sunday afternoon at 4 o'clock in the Seamen's Bethel on Dock street. All are cordially invited to be present, and it is hoped the ladies will be present also—as Mr. Smith proposes to make the subject interesting to all.

C. F. & Y. V. CELEBRATION.

Everything in Readiness—Eight Hundred or More Visitors Expected—The Banquet Hall—Programme, Etc. Everything is now in readiness for the Cape Fear and Yadkin Valley Railroad celebration and the Committee of Arrangements have done their work well, and the crowd which will be here this week, will meet with a hearty welcome: About eight hundred visitors are expected, from up the line of the road to Mount Airy and Walnut Cove, and from High Point, Winston-Salem, Bennettsville and other places. Badges of white satin with a shield in gold have been prepared for the visitors bearing the words, "Guests to the celebration of the Cape Fear and Yadkin Valley Railroad, April 16th and 17th, 1890." Badges have been prepared also for members of the committee of arrangements.

The visitors are expected to arrive on the evening of Tuesday, the 15th, and will be greeted with a salute of guns from the revenue steamer Colfax.

Wednesday, the party will be taken to Carolina Beach on the steamers Passport and Compton. Thursday, the visitors will go on an excursion over the Seacoast road to the Hammocks and Ocean View.

The banquet hall at the Champion Compress has been tastefully decorated under the supervision of Mr. R. N. Sweet. The arrangement shows twelve tables, each twelve feet in length, and calculated to comfortably seat altogether eight hundred and fifty persons. Besides these there will be another table in the centre, for the presiding officer, Capt. C. H. Robinson and distinguished guests and orators. The band stand will be in the east end of the banquet hall. Near the middle of the hall, a stand will be erected for the master of ceremonies, Mr. John H. Currie, and from which the orators of the occasion will address the assemblage.

It is probable that many business houses will be decorated, and it is suggested that a general decoration by citizens would not only add much to the display, but would be most appropriate. The Gleaves Hardware Company have taken the initiatory step in this matter and have made elaborate preparations for a grand display.

The following is the programme of toasts for the banquet: Address of welcome, by Hon. A. M. Waddell.

Response, by Hon. J. A. Gilmer, of Greensboro. FIRST TOAST.

Our Guests: We hail with pleasure and bid a warm Cape Fear welcome to those whom this new link of steel has brought from the mountains to our seaside city.

North Carolina: Her resources unfamed, We hail the mines rich and inexhaustible, forests unbounded, and ability to feed the world.

Response by Governor Fowle. Music—"Old North State." FOURTH TOAST.

Response by H. C. McQueen, Esq. Music—"Life on the Ocean Wave." TENTH TOAST.

The Cape Fear & Yadkin Valley Railroad: We hail the promoter of the internal commerce of our State, the restorer of intercourse with the City by the Sea, may it bind and cement us in friendship, commerce and trade.

Lecture To-Morrow Night. Those people who were fortunate enough to be present at the lecture on the Rhine at the Opera House a fortnight ago were enthusiastic as to its grand scenery as there shown. We are told that the Swiss scenery to be shown on next Wednesday night is far greater than that of the Rhine. The glaciers of Mt. Blanc, the Rhone, Grindelwald and Mt. Rosa, are grand beyond the powers of pen description.

Only photographic views can present them in their true aspects. Mountains like the Matterhorn and waterfalls like the Staerbach need to be seen to be understood. Lovers of scenery should not miss their present opportunity. Our friends from the western part of the State are to be there in full force.

Congressman Phelan, by telegraph, informed Hon. John M. Fleming, a Knoxville editor, that he was a "liar, a coward and a scoundrel," and that he would meet him at Knoxville to "arrange preliminaries." The editor thought this such a good joke, that he published it in his paper and then took his pencil, sharpened it and tattooed Mr. Phelan, until that gentleman did not know whether he ought to laugh at himself until he was sick, or go out and hire a mule to kick him into the middle of next week for making himself so ridiculous.

A fellow who rolled a big ball from Washington to Indianapolis during the campaign of 1888, and left it at the President's house as an evidence of the stock he took in the grandson of his grandfather, is now working on the streets or Washington after vainly trying to get an appointment for his ball rolling. Mr. Harrison concluded he could find fools enough to put into office without picking up such colossal specimens as this.

The Speaker of the House of Commons knows how to squeeze out on a pinch. A woman reporter tried to gain admission to the Press gallery and the case was referred to him. He decided that there was no law to exclude her, but as there was no law to admit her she would have to stay out.

Senator Hoar thinks the "Sunday newspaper the greatest curse of modern times." Well, maybe they are, but it is a sort of nip-and-tuck between them and such mouthy hypocrites as Hoar, who while sanctimoniously denouncing Sunday newspapers considers it orthodox to steal a State.

It is said that Secretary Blaine is not in favor of sending Billy Mahone as Consul General to Paris. The French are not in the best of humor over the proposed increase of tariff on silk, and Mr. Blaine thinks sending Mahone over there would be piling it on them too heavy.

It is reported that the President was greatly shocked when he heard that Secretary Tracy last Sunday morning gave a breakfast to a party of friends. But he wasn't half as much shocked as he was when he read the election returns from Indianapolis.

The Wilmington Star, one of our oldest exchanges, has reached the age of twenty-two and a half years. It has made a name that is known and honored throughout the Southern States.

Levelheaded. Fayetteville Observer.

The Wilmington Star was twenty-two and a half years of age a few days ago. In vigor, freshness and herculean and systematic effort in behalf of the South, its State and section, it is the embodiment of buoyant and exult
