

FIFTY-FIRST CONGRESS.

FIRST SESSION.

The Calendar Considered in the Senate and Large Number of Bills Passed—The Virginia Contested Election Case Decided in the House in Favor of the Contestant.

SENATE.

WASHINGTON, April 12.—The calendar was taken up soon after the Senate assembled and a great number of bills were passed under the five minute rule. The majority of the bills disposed of were of a private or local character. The only bill passed of importance to the public service was the Senate bill to increase the efficiency and reduce the expense of the Signal Corps of the Army. The bill transfers to the Department of Agriculture the Weather Bureau, leaving the Signal Corps in the Army to remain in the War Department. The Weather Bureau is to consist of one chief and such civilian employes as Congress may annually provide for. The chief is to have an annual compensation of \$3,500, and is to be appointed by the President by and with the advice and consent of the Senate. But the Chief Signal officer of the Army may be detailed by the President to take charge of the Weather Bureau. The enlisted force of the Signal Corps is to be discharged from the Army on June 30th, 1891, and such portions of the force as may be necessary shall be transferred to the Department of Agriculture. The skilled observers now serving in the Signal Service are to be preferred for appointment in the Weather Bureau. The Signal Corps is to consist of one Major, four Captains (mounted), and four First Lieutenants (mounted), with pay and allowances of like grades in the Army, and the enlisted force of the Signal Corps to consist of fifty Sergeants.

HOUSE OF REPRESENTATIVES. Immediately after the reading of the Journal the House resumed the consideration of the contested election case of Waddell against Wise.

Mr. Haugen, of Wisconsin, and Mr. Dalzell, of Pennsylvania, spoke in favor of the contestant, then Mr. Wise, of Virginia, took the floor in his own behalf.

After further discussion a vote was taken on the minority substitute resolution, declaring the seat vacant, and it was defeated—yeas 119, nays 133. The majority resolution declaring Mr. Waddell entitled to the seat, was adopted—yeas 134, nays 120—and that gentleman appeared at the bar of the House and took the oath of office.

Public business was then suspended, and the House proceeded to pay fitting tributes to the memory of the late James Laird, Representative from Nebraska, and at 4:30 adjourned.

WASHINGTON NEWS.

Torpedo Boat Cushing—Arrest of Parties for Shooting at a Postal Clerk. WASHINGTON, April 12.—Secretary Tracy to-day signed the final acceptance of the torpedo boat Cushing, recently built by Herreshoff, for this government, and authorized the payment of the \$40,000 still due the contractor.

The Postoffice Department has been notified of the arrest at McCool, Miss. of Jim Johnson, A. S. Rowell and Bob. Bowie, charged with being concerned in shooting at postal clerk Blevins, some weeks ago, while on duty in his car. Officers are in pursuit of Frank Scarborough, who is said to have been one of the party. Blevins is a colored man, and the attack upon him is believed to have been due to this fact.

MR. RANDALL'S CONDITION.

Unconscious and Barely Alive—The End Approaching. By Telegram to the Morning Star. WASHINGTON, April 12.—Mr. Randall's condition this morning is pretty much the same as that of yesterday. He had a very bad night. His physician was with him all the time and his condition grew so desperate between two and three o'clock in the morning that his death was expected at any moment. However, as daylight approached he rallied a trifle, very much to his physician's surprise, and is now resting just a little easier.

NEW SOUTH WALES.

Extensive Floods—Many Fatalities and Great Destruction of Property. By Telegram to the Morning Star. SAN FRANCISCO, April 12.—The steamer Mariposa, which arrived to-day twenty-four days from Sydney and seven from Honolulu, brings the following advices. Extensive floods have done great damage in New South Wales and at Queensland. A large part of Brisbane has been inundated, the wharves submerged and railroad traffic stopped. Hundreds of families are homeless and many fatalities are reported. Grafton, Singleton, West Maitland, and other towns are flooded. Many losses of life and great destruction of property are reported from interior points. At last accounts the floods were subsiding.

NEW YORK, March 29.—Total visible supply of cotton for the world 2,640,996 bales, of which 1,901,696 bales are American, against 2,362,064 and 1,776,464 respectively last year, receipts at all interior towns 15,614 bales, receipts at plantations 3,549 bales; crop in sight 6,986,543 bales.

LATE FOREIGN NEWS.

French and German Merchants Disturbed over the McKinley Tariff Bill in Congress—Emperor William Overloading Himself with Work, and will Exercise Rigid Personal Scrutiny over Every Government Measure. By Cable to the Morning Star. BERLIN, April 12.—The agitation in Paris circles, growing out of the apprehension that the McKinley tariff administrative bill, if it should become a law, would have a serious effect upon the business of exporting to the United States, now has its counterpart in this city. Many Berlin merchants interested in the exportation of goods to America, are seeking to bring influences to bear for the purpose of having the bill greatly modified or altogether withdrawn. They assert that if the measure goes into effect in its present form, it will strike a fresh blow at the exportation of German goods and manufactures to the United States. Copyright 1890 by the N. Y. Associated Press.

BERLIN, April 12.—Immediately upon his return from Wiesbaden, Emperor William will hold a series of prolonged conferences with the heads of the various departments. Chancellor Von Caprivi, Baron von Berlepsch and Baron von Bismarck are expected to be present. The Emperor to exercise a rigid personal scrutiny over every measure. Besides overloading himself with work, he in the meantime threatens to paralyze Ministerial work. None of the bills based on the decision of the Reichstag, and prepared by Baron von Berlepsch, has yet received final imperial sanction. Assent of the Bundesrath to measures is doubtful. The Federal government do not share the Emperor's eager haste for reform, and the prospect of a reduction of duties on cereals and progressive modifications of customs, so as to abolish taxation on articles that are absolutely necessary for the use of the people, and the simultaneous adoption of tariffs, so as to develop the industries of the country.

Beyond the pregnant fact that the Reichstag will be asked to grant a military credit of probably eight hundred millions marks nothing is known of the government's programme. The Progressist press indulge in visions of a change in the tariff policy, a reduction of duties on cereals and progressive modifications of customs, so as to abolish taxation on articles that are absolutely necessary for the use of the people, and the simultaneous adoption of tariffs, so as to develop the industries of the country.

It is not believed in official circles that the Emperor will be rash enough to entangle himself in the difficulties entailed by the revision of the tariff, which would involve complete reforms in the whole financial and fiscal system of the Empire. Equally discreditable are the reports that the Emperor intends to propose a revision of the Consensus in the direction of a reduction of the powers of the Bundesrath. While centralizing power is in the hands of the Ministry, controlled by the Emperor, neither the Reichstag nor the Bundesrath will ever assent to an extension of Imperial power towards absolutism. Already federal principles of the Empire, incredulous of the Emperor's capacity, and scared by his methods of governing, are trying to tone down his self-confidence.

RAILROAD STRIKE.

Conductors and Brakemen on the Mobile and Ohio Still Out. By Telegram to the Morning Star. ST. LOUIS, April 12.—The strike of conductors and brakemen on the St. Louis division of the Mobile & Ohio road continues. Only one freight train has passed over the road since last Monday, and that was operated by the Superintendent and Train-master Brown. The strikers say that General Manager Clark conceded part of their demands Tuesday, but later went back and yesterday notified the men to return to work. The men decline to do this, but hold themselves in readiness to accept the compromise rate. The strikers' committee has received telegrams from Cairo and Mobile, asking it to stand firm and fear nothing. The strikers are quiet and peaceful.

NEW YORK, April 12.—Weekly bank statement: reserve decrease, \$690,075; loans decrease, \$1,449,000; specie decrease, \$1,755,100; legal tenders increase \$430,300; deposits decrease \$1,336,500; circulation decrease \$47,100. The banks now hold \$42,400 in excess of the 25 per cent. rule.

CHICAGO REVIEW.

Fluctuations in Prices of Grain and Provisions. By Telegram to the Morning Star. CHICAGO, April 12.—Activity and buoyancy were again manifest in this market. Trading was active in all futures, and outside business, judging from the way orders came pouring in, were more numerous than any day since the board discontinued the sending out of quotations. The country is evidently operating, and there is enough business from this source to make itself felt on the market. The course of prices was very irregular and fluctuations were rapid and frequent. The opening of wheat was very unsettled and prices varied 1/2c, ruling lower in some instances than the same yesterday from inside prices. May advanced, 3/8c. June 5 1/2c. July 1 1/2c, ruled easier and closed 3 1/2c higher for May, 3/8c higher for June, 3/8c higher than the closing on Change yesterday. The outside dealing to-day represents an advance of 1 1/2c for May, 1 1/2c for June, and 1 1/2c above the lowest point, and nearly all of this advance since quotations were cut off. Shorts again covered freely and parties who had sold yesterday were buying again to-day.

Crop news continues to come in bad, and from some of the best sections of their kind yet received. The European market advices were favorable, quoting a better demand and higher prices. Corn—Another large day's business was transacted in this market, which was active and rather unsettled most of the session. The feeling on the whole was firm, the market sympathizing with the advance in wheat and pork. There was no new outside feature presented, and fluctuations were governed largely by local influences, the chief of which being mentioned above. The market was active from the opening, and there was fair buying, but the advance did not hold well, and the market reacted 1/2c, recovered, ruled strong, and closed 3/8c higher than yesterday.

Oats—There was fair business transacted, but an unsettled feeling prevailed, and prices advanced 1/2c. Later buyers failed to take hold, and an easier feeling developed and prices yielded slightly to fair offerings, but the market developed strength and prices advanced 1/2c, and closed at a net gain of 1/2c. Considerable excitement was exhibited in the market for hogs to-day, attended with wild and unprecedented fluctuations in prices for mess pork. The surprise of the market was the moderate amount of trading in all leading speculative articles, scarcely exceeding that of the previous day. There was nothing developed to really account for the sudden advance in prices. In one instance where the market went from under control of any one in particular, everybody got into the market, and were rattled and were anxious to provide for outstanding contracts; the small amount of property offered for sale creating very brisk competition and resulting in an unusual and rapid advance. It has been evident that outside parties have been buying mess pork freely within the last two or three days, and that foreign traders have been liberal. It was hinted the first advance of 25c was made to ascertain if property could be forced out, and this developed a line of gainers in the market, who were seeking for knowledge of the situation, and in twenty minutes prices advanced \$3.70 for May and \$4.00 for June, unprecedented in the history of the trade in mess pork at Chicago. On the upward movement of the market, the outside buying mess pork and trading in the light trading to the close, and with the greater portion of the advance lost.

While mess pork attracted most attention, there was considerable interest manifested in lard and short sides, and they shared in the advance to some extent, but declined again during the middle of the session. At the close, however, they were active and prices rallied again, ruling rather firm.

A CORNER IN PORK.

Excitement Occasioned by the Rapid Rise in the Chicago Market Reports of a Corner by New York Parties. By Telegram to the Morning Star. COLUMBUS, Ga., April 12.—Considerable excitement was occasioned here to-day among patrons of bucket shops by the unexpected rise in pork. The market opened at \$11.45 per barrel, and several heavy sales were made. At half-past 10 o'clock prices had jumped to \$15, and the market was reported buoyant. This sent several speculators seven to ten thousand dollars ahead, and the excitement was intense. Shortly after 11 o'clock a telegram was received from Chicago stating that the deal was a put-up job for a purpose, and all trades made this morning were cancelled. The market closed at \$13.25, which is believed to be genuine, though the belief prevails that bogus quotations were given out by the Chicago Board of Trade to harass bucket shops. Considerable feeling exists here over the matter, especially among those who scooped the profits. CHICAGO, April 12.—When trade opened in pork the widest excitement prevailed, the crowd winking up to the fact that the market was cornered. For some months past the Sawyer-Wallace clique of New York, it is generally supposed, have been buying up pork, and when business started in this morning there was no May pork for sale under \$12.75. As the closing price yesterday was \$11.45, this was "a mighty big bulge," but there was "worse and more of it" later. It kept advancing 5c or more at a time, and before the close of the first hour was selling at \$15.25. As is usually the case when a market is at that rate very little was sold, but there was tremendous excitement, and the pit was crowded with traders and spectators. July pork showed a similar advance, and lard and ribs were somewhat higher. McCormick & Co., representatives of the New York clique, were again prominent as buyers of July pork, and Armour, Hutchinson, Poole & Baldwin were also buyers. Later in the morning the Hutchinson's men bid \$15.75 for July pork, which was an advance of more than \$4 per barrel over last night's closing prices. It was apparent the clique was after some big shorts, most of the orders coming from New York to Hutchinson. As no regular pork can be made until October, the clique has control of all the months

up to that time. Subsequently July pork was offered at \$13.25, and it looked as though some big short had been run in, for orders were numerous and there were no bids. It was said that one house called margins for \$300,000 on provisions. A good many of the board, however, attributed the squeeze to Armour. They say that the Sawyer-Wallace clique transferred the deal to him, when they found they were unable to carry it through, and that he is now the master-hand. Hatley & Swift were large buyers of lard, and Armour bought ribs, while T. J. Ryan & Co. bought 4,000,000 pounds of May and July ribs.

COTTON.

The New York Sun's Report of the Market Yesterday. By Telegram to the Morning Star. NEW YORK, April 12.—The Sun's review of the cotton market to-day says: Futures made some further advance on a decided improvement in Liverpool and a small crop movement. The demand was mainly for summer months, which drew away slightly from spring months, and next crop developed relatively more strength, although the planting season has generally improved, and indications of an increased average are reported from many points.

ELECTRIC SPARKS.

Mrs. Fannie S. Williams has been appointed to be postmaster at Lexington, Va. Rube Smith, of Lamar county, Ala., was yesterday, at Waynesville, Miss., convicted of train robbery. He will get more than ten years' sentence. Wakefield W. Price, aged 16, died of meningitis at Salisbury Friday night. The doctor said the sickness would not necessarily have been fatal had Price not been addicted to cigarette smoking. The Pennsylvania Railroad passenger train on its run from Trenton to Camden was wrecked at Bordertown, N. J., yesterday afternoon, and engineer Geo. K. Kerr, of Trenton, was killed, the engine being thrown over upon him. No other persons were injured.

CHARLESTON, April 12.—Spirits turpentine firm at 38c. Rosin firm; good strained \$1 15. SAVANNAH, April 12.—Spirits turpentine firm at 38c. Rosin firm at \$1 22 1/2 @ 1 27 1/2.

CARD OF THANKS.

At the monthly meeting for business of the membership of the First Baptist Church, the following resolutions were adopted and ordered spread on the minutes: Resolved, That fully appreciating the valuable assistance rendered by our choir at the recent Sacred Concert held in our church, we therefore tender our acknowledgments with sincere thanks to Miss Minnie Schwarz, Miss Annie Stoler, Miss Lizzie Waddell, Miss Kate Wood, Mrs. M. F. Manning, Mrs. A. D. Jenkins, Mr. C. P. Boatwright, Prof. H. G. Gilmore, Mr. J. D. Smith, Mr. Broome French, Mr. Geo. P. Welch, Mr. J. E. Grant, Mr. J. E. Willson, Mr. W. A. Martin.

Resolved, That our thanks are also due and tendered to the choir of our church and to Miss Carrie Chastain for the efficient services rendered in pursuing dutifully the work until success was assured, which enabled the committee to pay the last dollar of the indebtedness incurred in both purchasing the organ and making a place for it. Resolved, That we acknowledge with gratification the many courtesies extended us by the daily press of the city. Resolved, That a copy of these resolutions be sent to each one whose name is here mentioned and to the daily papers. Done by order of the Church. (Signed) J. W. COLLINS, Clerk. WILMINGTON, N. C., April 11, 1890.

M. CRONLY, Auctioneer.
