VOL. XLVI.--NO. 26.

WILMINGTON, N. C., TUESDAY, APRIL 22, 1890.

WHOLE NO. 7,351

A few days ago the New York World published what purported to be an interview with Mr. Cleveland on Mr. Dana, of the New York Sun, in which he was quoted as using some very caustic remarks about Mr. Dana, calling him several times in the interview, as it appeared, "a senile liar and thief." The language was so unlike that which Mr. Cleveland is in the habit of using that it caused some surprise among the friends and even the enemies of Mr. Cleveland, who could scarcely believe that he would indulge in such coarseness of speech, however much provoked. In the editorial columns of the World of Sunday it is admitted that the interview was made up, all except the first fourteen lines, and that Mr. Cleveland indulged in none of the coarse language attributed to him. The World was either imposed upon by some unprincipled scribe, or it was imposing upon the public, and between them they did gross injustice to a man who always

becoming him. A Chinaman concluded the other day that he would take a stroll across the Niagara bridge and see how he liked Canada. On the other end he was confronted by a customs office, who demanded the fifty dollars head tax imposed on Chinamen by the Canadian government. He had only ten and was ordered back. He toddled back to the American side, where he was confronted by an officer who drew on him the antiimmigration act, and in spite of his eloquent entreaties in pigeon English back he had to go. The last H. A. Burr, died yesterday at Rocky seen of him he was midway on that | bridge in a brown study as to how he was going to get off without jumping into the surging torrent

Prof. W. Ortman-The Violinist.

Prof. Ortman, the rising young Southern violinist who plays in the Concert to-morrow night is a native of Charleston, S. C. The father of Prof. Ortman is one of Charleston's best-known musicians, and was a member of the iamous German band in Gen. Lee's army, which at the close of the war gave a Concert in our Opera House. Prof. Ortman is a regular graduate of the world-renowned Conservatory of Leipsic, Germany. Rev. F. W. E. Peschau, who by request, translated the German graduation certificate, assures us that it could not have said more in praise of any young man. It sets forth the fact that he had in every way satisfied the Great Faculty and had received the endorsement of the musical public of Leipsic, in his public test, playing of classical solos and in orchestral music. It also states to his credit that his behavior as a gentleman whilst a student of Iredell. had been faultless.

On his return from Europe, Charleston gave him an ovation. Let Wilmington glve him a crowded Opera House to-morrow night.

WILMINGTON & WELDON RAILROAD. The Company Surrenders Its Exemption

From Taxation. Raleigh News-Observer.

It is with pleasure we learn that the Wilmington & Weldon Railroad Company has agreed to surrender its right to be exempt from the payment of taxes, and will place its property on the same footing with that of individuals. The right of the company to be exempt from the payment of taxes is broad, clear and indisputable. The Legislature made a contract with it that the company should be exempt from the payment of taxes, and the Supreme Court of North Carolina and the Supreme Court of the United States have passed upon the contract, and have established it as law that the State is bound by it. And so that company has for many years gone along without contributing anything to the public treasury. And it could still continue to be free and exempt from taxation for fifty years. But the company has concluded that it will no longer insist on its privileges and it has agreed hereafter to list its property and pay its taxes like

other persons. The voluntary surrender

of this valuable privilege is a matter calling for very favorable comment. We applaud the conduct of this company, and ask the people to bear it in mind. We have reason to be very partial to the W. & W. Railroad. Independent of other associations, it gave us work at forty dollars a month as a freight train conductor when we knew not where else to earn our bread; and we never forget a friend. But however partial we may be to that road, others will not be behind us in appreciating its conduct in surrendering an exemption from taxation and assuming its rightful burden and duties of citizenship. Let this action of the W. & W. R. R. Co. be heralded abroad, and let the people give it credit for its voluntary course in this matter. We learn that when the committee now in session shall meet again, at the end of sixty days, all the details connected with this surrender of the chartered rights of the Wilmington and be added to the taxable property of the selling from 12 to 13 cents. We make our bow to the

W. & W. The STAR is able to state authoritatively that whilst the above statement is not exactly the proposition which will be made to the committee, it is substantially correct, and if the projected arrangement is carried out the Wilmington & Weldon Railroad will pay to the State annually more revenue than any other road within its borders. This arrangement would undoubtedly make the road stronger than ever with the people of North Carolina and deservedly so.

The Wilmington & Weldon railroad has been of great benefit, not only to Wilmington but to many other portions of the State, for within the last four years this company has built many branch roads of far more importance than our people realize.

The length of the Wilmington & Weldon road is one hundred and sixty-two miles and its branches aggregate three hundred and fourteen miles. With this road and its branches terminating at Wilmington, making tributary to it one of the finest sections of our State; and constantly pouring into its lap a good part of the business of the East it is safe to say that our present prosperity is due in a large measure to it, and in the future the benefits to be derived will be largely increased.

The Legislative Committee consists of Senators E. W. Kerr of Sampson, B. F. Aycock of Wayne and Representatives M. E. Carter, of Buncombe; T. H. Sutton, of Cumberland, J. B. Holdman

CITY AFFAIRS.

Matters Considered by the Board of Audit and Finance at Their Meeting Yesterday Afternoon.

The Board of Audit and Finance held their regular semi-monthly session yesterday. All the members of the Board were present; the chairman, Mr. R. J Jones, presiding. Alderman Craft appeared before the

Board in reference to the appropriation voted by the Board of Aldermen for Wilmington S. F. E. Co. No. 1, and rejected by this Board. He gave in detail rhe expenses of the company, showing that they had expended annually for the past two years, for necessary expenses of the company over \$250 more than the appropriations. After discussion, at the suggestion of Mr. Jones, the sum of \$250 was voted the company to make up the deficit and in lieu of an increased annual appropria-

Mr. Maunder moved that the Board reconsider its action at the last meeting in the matter of non-concurrence in the appropriation of \$100 for the Assistant Chief of the Fire Department. The motion to reconsider was adopted, and a motion to make the appropriation \$75 was also carried, after debate, by a vote of five to three.

Mr. Calder moved to reconsider the salary of the Chief of the Fire Department, but the motion was lost-5 to 3. On motion of Mr. Kenan, the appropriation of \$7,452 for paving Nutt

Street was concurred in. Consideration of the appropriation for the Water Works-in the matter of additional fire hydrants was deferred for further report from the chairman of thec ommittee.

The proposed purchase of the Gamewell Fire Alarm system was brought up, and on motion of Mr. Calder, who argued that it would be best to inquire into the cost of some other system before determining upon its purchase, the chairman appointed a committee of twonaming Mr. Kenan and Mr. Calder-to confer with the Finance Committee of the Board of Aldermen in regard to the

Mr. Kenan moved that the Board reconsider the salary of the clerk of the Police Court. The motion prevailed, and on Mr. Kenan's motion the salary was increased to \$450 per annum.

The Board approved the action of the Board of Aldermen in awarding contract for printing to S.G. Hall, for lumber to Parsley & Wiggins; for feeding prisoners to Mrs. J. M. Sheehan; for lights to the Gas & Electric Light Co .. and for feeding and keeping mules and furnishing drivers for carts to T. J. Southerland.

Bills for current expenses amounting to \$270.44 were audited and approved. Also, the purchase of a house obstructing Eighth and Red Cross streets, for the sum of \$375.

THE TRUCK MARKET. Prices for Southern Vegetables and Fruits

in the New York Market.

G. J. Palmer, commission merchant, New York, in a special to the STAR says: The week closing Saturday has been a most satisfactory one on Southern produce. Receipts generally have been light and the demand active. Asparagus is ruling firm and selling to-day from \$4.50 to \$5.50; seconds from \$2 to \$3. Cabbage rules very extreme for anything that is strictly choice, and solid green heads selling from \$3 to \$3.50, and the outlook is favorable for continued high prices on choice grades. I do not advise hurrying forward anything that is not headed, as loose stock is not wanted. Green peas and other new vegetables Weldon Company will be arranged, and after that several millions of dollars will bring extreme prices as soon as ready. Market closes firm on eggs, and

Strawberries have ruled very firm until to-day. Receipts were much heavier from Florida and prices have declined. Fancy Hoffman selling from 40 to 50 cents and other prime berries from 30 to 35 cents; inferior 18 to 25 cents. Heavier receipts are expected next week and prices will undoubtedly be lower.
