eral Wanamaker.

VOL. XLVI.--NO. 32.

Bro. Wanamaker don't allow Re-

Editor Watterson is delivering lectures on "Money and Morals." The brilliant Kentuckian may know something about morals, but unless he has been much misrepresented he don't know any more about money than other editors. The business manager of the C. J. is authority for the statement that Watterson don't know the difference between a British crown and a French sou.

There must be a surplus of old maids in the town of Media, Pa... where within four years the worshippers in one church have fallen off from two hundred and seventy-five to forty, all because the pastor, who is a good, pious man, persists in remaining single. They have made up their minds to it, and he will have to splice, starve to death or run.

Some people can't understand why loe Blackburn, of Kentucky, should have voted with Senator Blair to prevent the sale of liquor on the World's Fair Grounds at Chicago. Kentucky beverages don't circulate in Chicago, and Joe was getting in a swipe at the Peoria rivals of Kentucky.

A Burgiar Captured.

A young colored man named Willis Jordan was brought to the City Hall vesterday afternoon by two constables from Wayne county who arrested Jordan for breaking into and robbing a store at Mt. Olive in that county, on last Frlday night. Jordan was traced to this city and was found by the officers yesterday concealed in a house about four miles north of Wilmington, where Jordan's family live. A quantity of goods from the store which was broken open and robbed was found in the house, besides two pistols which wasn't for this tariff wall here Jordan had on his person. The prisoner was put in the guard house for safekeeping, and last night was taken by the officers to Goldsboro.

Stricken Down in His Pulpit. The Rev. C. Rodgers, of the Baptist Church, was stricken down in his pulpit immediately after beginning his morning service in Burgaw on Sunday last. Dr. Murphy was called, and the sick man not rallying at once he was placed on a cot and carried to the residence of John T. Bland, Esq. He was reported better yesterday.

The Locomotive Engineers. The locomotive engineers, who met in convention last Sunday, held their sessions in Germania Hall. There were about seventy in attendance, representing various divisions of the Atlantic Coast Line. In the forenoon they attended services at St. Andrews' Church, after which, with a number of invited guests they dined at the Purcell House.

Death of Mr. H. H. Gieschen.

Mr. Hermann H. Gieschen, a promiment German citizen of Wilmington, died at his residence in this city yesterday afternoon about two o'clock, after an illness of two or three weeks of typhoid fever. Mr. Gieschen was in the twenty-fifth year of his age, and was a native of Germany, but had resided in Wilmington the greater part of his life. He was Foreman of Howard Relief Fire Engine Company, a member of Germania Cornet Band and of Germania Lodge Knights of Pythias. His brother and his brother's wife, Mr. and Mrs. J. G. L. Gieschen, left here yesterday morning for New York, whence they expected to sail on Thursday for Hamburg, not thinking that their brother was seriously ill. They were telegraphed for, and are expected to return here to-night.

Another Coast Line Extension. Report says that the authorities of the Atlantic Coast Line are discussing the feasibility of constructing a line from Society Hill, in Darlington county, to Bennettsville, from whence it will probably be extended to Gibson Station, where it will connect with the Raleigh and Augusta Air Line. No active work has yet begun on this line, but it will be commenced as soon as all the plans can be agreed upon.

TO THE UNIVERSITY ALUMNI.

The Centennial Alumni Reunion at the last Commencement was so refreshing to the hearts of all present, so honorable to the University, so creditable in its results, that it is clearly essential to the welfare and growth of the institution to have an annual reunion of the Alumni at each Commencement. Feeling the inspiration of that great occasion, the Association unanimously adopted the following resolutions:

1. That the Alumni Reunion and Banquet shall be held at each Commencement, and that a committee be appointed to arrange the programme for

2. That the Alumni Association should have an organic connection with the University and some voice in its management.

3. That a Chair of History in the University should be endowed, and that a committee of twelve be appointed to take steps for its endowment. The President of the Association,

Hon. Walter L. Steele, in compliance with the first of the foregoing resolulutions, appointed the undersigned committee. The trustees fixed Wednesday of Commencement week as Alumni day, and directed the faculty to make the necessary arrangements for its celebration. The Philanthropic Society, to whom belongs the choice of the orator to deliver the literary address on that day, is courteously and loyally co-operating with the Alumni Association, and it has united with us in selecting Col. W. H. S. Burgwyn as the orator of the

It gives us very great pleasure that Col. Burgwyn has consented to deliver the address. His subject will be, "The Necessity of Preserving the Memorials of the Past and Transmitting to Posterity a Just and Faithful History of North

Carolina. Historical investigation is occupying ust now more of the thoughts and energy of scholars and patriots than almost any other line of study. There is much in the history of our State to excite our admiration, stir our hearts and kindle our love, and there is enough of untruth and of want of fairness in the current and accepted histories of the day to stimulate us to set forth fairly and impartially the history of our State and its

Please inform us whether you can come, so that we may provide suitable accommodations as to lodging, and make proper arrangements for the ban-

quet and the reception. We beg leave to add, in justice to ourselves and the occasion, that the Memorial Volume of the Proceedings at the Centennial Celebration in 1889 has been delayed in its publication by causes beyond our control. The volume will be ready by Commencement and copies may be obtained from W. T. Patterson, Bursar, or from members of the committee. The price is \$1 per copy in cloth, 50 cents in paper.

KEMP P. BATTLE. JOHN MANNING, F. P. VENABLE, GEO. T. WINSTON, Committee.

The Virginia and North Carolina Construction Company has been organized by Gen. John Gill, of Baltimore, with a capital stock of \$600,000. The purpose of the company is railroad construction in the South. They are now at work on a line 121 miles long, from Winston, N. C., to Roanoke, Va., about 25 miles of which have already been graded. When completed the line will open a rich territory, and will have connections at Roanoke with the Norfolk & Western, Shenandoah Valley, and with the Baltimore & Ohio, as soon as the projected line of that road from Lexington to Roanoke is completed. The road will be an important link between the lines mentioned and the South. It is also stated to be the purpose of the Company to connect with the Georgia, Carolina & Northern system of roads. The capital stock is chiefly held in Baltimore by John Gill, W. W. Spence, Enoch Pratt, John A. Hambleton, Thomas De Ford, George G. Jenkins, Bernard Cahn, C. W. Slagle,
