WEBSTER'S UNABRIDGED ANCIENT EDITION. A so-called "Webster's Unabridged Dictionary" is being offered to the public at a very low price. The body of the book, from A to Z, is a cheap reprint, page for page, of the edition of 1847, which is in its day, a valuable book, but in the progress of language for over FORTY YEARS, has been completely superseded. It is now reproduced, broken type, errors and all, by photo-lithograph process, is printed on cheap paper and flimsily bound. A brief comparison, page by page, between the reprint and the latest and enlarged edition, will show the great superiority of the latter. These reprints are as out of date as a last year's almanac. No honorable dealer will allow the buyer of such to suppose that he is getting the Webster which to-day is accepted as the Standard. THE EDITOR--a copy of which bears our imprint as given below. If persons who have been induced to purchase the "Ancient Edition" by any misrepresentations will advise us of the facts, we will undertake to see that the set is punished as he deserves. G. & C. MERRIAM & CO. SPRINGFIELD, MASS. my 15 D&W 4t

Island Beach Hotel! J. A. BROWN, Manager. HAVING LEASED THE ABOVE NAMED Hotel, situated at the Hammocks, I am prepared to cater successfully to the wants of the public. The tables will be supplied with the choicest viands of the season. Many places of great interest in the vicinity. Surf bathing, Bath Houses in still water, fine fishing facilities, unrivalled fishing, and above all an unequalled Cuisine. Cottages on the beach connected with the Hotel. Prof. Miller's Celebrated Band engaged for the season. OPEN MAY 15TH, 1890. J. A. BROWN, MANAGER. my 11 tf

Liverpool and London and Globe INSURANCE COMPANY OF Liverpool, England. WE HAVE NO SIXTY DAY CLAUSE ON Policies. We pay cash without discount as soon as claim is adjusted. SMITH & BOATWRIGHT, Agts., my 4 tf Wilmington, N. C.

1,400 Bales Hay. MUST BE SOLD. FULL STOCK GRAIN Meal, Flour, &c. Prompt delivery. D. McEACHERN, 126 North Water street. feb 2tf

THE DROWNING INCIDENT.

Recovery of the Body of Charles Holden. The body of Charles Holden, the young white lad drowned in Smith's Creek last Tuesday, was recovered yesterday after diligent search by a party of men under the direction of Capt. J. T. Harper and an uncle of the lad. Coroner Jacobs was notified, and went out to the place and viewed the body but no inquest was held. The body was then removed to the lodge at Oakdale Cemetery, and was thence taken to the home of the boy's parents.

It was stated in the STAR yesterday that young Holden could not swim, but his friends say that this is a mistake. He was a strong, active boy and a good swimmer. A few months ago he worked for a short time in the bindery at the STAR office.

The boat that young Holden was using belonged to him, and about ten days ago he had two colored boys named Williams arrested for breaking the lock and taking possession of the boat. They were tried in the Mayor's Court on the charge of disorderly conduct and were fined the costs in the case.

An Admirable Sermon.

The Raleigh News and Observer says: Another eloquent discourse Sunday was delivered by Rev. C. T. Bailey at the First Baptist Church. Being called on unexpectedly to fill the pulpit, Dr. Bailey, after reference to the matter, said that he found in the News and Observer that of that morning an article which in itself was an admirable sermon. It was from the pen of Col. Alfred M. Waddell, and he would take the same text: "If a man die, shall he live again?" He then read from the News and Observer Col. Waddell's article, which he supplemented with some of his own observations, giving his hearers much to carry home with them and ponder upon touching the future existence of the human soul.

Weather Forecasts.

The following are the weather forecasts for to-day: For Virginia, cooler, cloudy and rain, with westerly winds. For North Carolina and South Carolina, cooler in the northwest portion, stationary temperature in remaining portions, variable winds, cloudy and frequent showers.

RIVER AND MARINE

The U. S. Coast and Geodetic Survey circular for April notes the following chart corrections made during the month for the coast of North Carolina: Croatan Sound--Wreck Buoy Removed--The H. S. buoy formerly marking a wreck 1-1-10 miles S. E. 1/2 E. from Croatan Light has been removed, the wreck having shifted into shoal water to the westward of the channel, so that it no longer was an obstruction to navigation.

Hatteras Inlet--Change in Buoy--A red spar buoy No. 8 at the northern end of the channel, 1 1/2 miles S. E. 1/2 E. from Hatteras Light. Croatoke Inlet--Change in Buoyage--Numerous changes have been made in the buoyage in this inlet, and masters of vessels are cautioned to follow the buoys as they are found.

Beaufort Entrance--Change in Buoyage--Numerous changes have been made in the buoyage of this entrance, and masters of vessels are cautioned to follow the buoys as they are found.

LIST OF LETTERS

Remaining in the Wilmington Post-office May 14th, 1890. A--Howard Ansonia, Rachel Anders. B--Anna Butler, Easter Butler, Henry Barnett, Jane Barnes, James Boyette, Miss M. Brown, M. J. Airy and points C F & Y V R R, 7:30 p m From North--Train No. 37, 11:00 p m From South--Train No. 34, 11:00 p m GEO. Z. FRENCH, Postmaster.

LOCAL DOTS.

Items of Interest Gathered Here and There and Briefly Noted.

Judge James C. MacRae and Capt. Van Richardson were visitors at the STAR office yesterday.

The British schooner Iolanthe arrived in below yesterday and anchored at the quarantine station.

The "Tar-Heel Serenade Club", favored the STAR with a visit last night and discoursed some good music.

Mr. Robert R. Bellamy was yesterday elected a director of the Industrial Manufacturing Company.

Paul Boynton arrived last evening with Wallace Ross, and went through direct to the Hammocks.

A vivid display of electricity accompanied a rain storm which passed over the city about 12 o'clock last night.

Schooner George Bird cleared yesterday for Cape Haytien, with 150,308 feet of lumber and 40,000 shingles, valued at \$2,516.59.

In the Mayor's Court yesterday Mary Crawford was fined \$20 for disorderly conduct, and Isham Quick and James Robinson, disorderly, were fined the costs.

Miller's Brass Band, of Baltimore, came in on the five o'clock train from the North and went on to the Hammocks, where the band has been engaged for the season.

The Atlantic Coast Line Despatch forwarded thirty-four car-loads of vegetables and truck in two sections Tuesday night, for Northern markets. The largest shipment made this season.

The visiting excursionists from the up-country will go down to the Hammocks and Ocean View, returning in the afternoon in time to take the train for their homes at 7 o'clock p. m.

The Whiteville Abduction Case. Mention has been made of the arrest of one Jos. Black, at Columbia, S. C., for the abduction of a young white girl named Donnie Coswell, of Whiteville, Columbia county. A Columbia paper says Black will probably make a fight against being returned to North Carolina. He is about 30 years old, and is said to be a horse-trader. The girl is good-looking, but does not seem intelligent. The nearest approach to a reason which she gave for leaving home with Black was that her mother wouldn't let her go to school when she wanted to do so. Her most singular admission was that she had been to Columbia with Black on a former occasion. Black admitted that he was a married man; but denied that he had abducted the girl. The couple told the landlady that they were brother and sister.

Jacobs Run Sewer. The city authorities have been officially notified by the Board of Health that the work of opening and rebuilding Jacob's Run sewer cannot be prosecuted after the first of June proximo. This will necessarily prevent any work on this drain until after the 1st of October next. Mayor Fowler, however, will have parts of the sewer that are open and exposed closely covered with plank or flagging.

Cotton Region Bulletin. The cotton region bulletin shows rain throughout the cotton belt yesterday. In this district rainfall was reported at all stations with the exception of Wilmington, Charlotte and Newbern. The heaviest fall was at Lumberton where 1.07 inches is reported. The mercury reached 90° at Cheraw and 88° at Lumberton, Newbern, Florence and Goldsboro. The maximum for Wilmington was 82°.

New York Truck Market. G. S. Palmer, commission merchant, New York, reports: Receipts of vegetables in more liberal supply, yet demand good and market firm on all prime stock. North Carolina peas from \$1 to 1.50 per crate; extras from \$2 to \$3.50; asparagus \$1.50 to \$2.50 per dozen; sweet potatoes \$2.50 to \$2.75. New Charleston and Savannah potatoes arriving, and prices rose, selling from \$5 to \$6; seconds \$3 to \$4. Strawberries prime 16 to 18 cents, inferior 10 to 12.

A Serious Charge. Mr. L. D. Gainey, constable from Town Creek township, Brunswick county, brought Adger Patrick, a middle-aged colored man, to the city yesterday and lodged him in the city prison for safe keeping until to-day, when Patrick will be taken to Southport jail. He was committed by Francis Moore, Esq., a magistrate of Brunswick, on a warrant charging him with criminal assault on his own daughter.

Another Enterprise. Mr. F. L. Brown, a gentleman from the North who has been in the city several weeks, has purchased twelve acres of land on the north side of Smith's Creek--part of the San-Souci place--and upon which it is said he intends to set up at once a large plant, for manufacturing purposes, to cost some forty or fifty thousand dollars. The nature of the manufacture has not been made public.

General Fremont is in luck. He lived for forty years under the impression that he was in debt to the government, and a few days ago a correction of an official mistake, it is said, showed that the government owed him \$21,000. In 1848 when a Lieutenant in California, through the mistake of a clerk, he had been charged with a voucher for \$19,000, and through a mistake of another clerk, was not credited with \$21,000 expended under orders of the War Department. The investigation was made when Gen. Fremont, who is now 71 years old, called at the Treasury office a few days ago after he had been put on the retired list, and asked that his salary might not be retained to pay the debt, which he thought he owed, but that he be allowed to pay it in installments. The investigation was then ordered with the result as stated, and a warrant issued, approved and signed for the amount.

Geo. Francis Train who started from Tacoma to girdle the globe on fast time has reached London in fifty-two days. At this rate the old man will get away with the other globe trotters. When George gets on a full head of steam he is a pretty fast train. In his younger days he was lightning. He has been mentally unbalanced for some years, for the reason that he had more brains than he had room in his head for.

Representative Caldwell, of Ohio, is a bubbling patriot. He has introduced a bill in the House to punish any one who "desecrates" the American flag by printing on it or attaching any advertisement to it. But why should Mr. Caldwell be so solicitous about the American flag when his party friends take so much stock in the b. s. which they float in every campaign.

Mrs. Grant says that Dr. Douglas got \$12,000 for his services to her husband and that he didn't do anything but "look wise." The Dr. who "looks wise" and never does any more will at least do no harm, if he don't do much good. Dr. Douglas who is poor now thinks he ought to have been paid more liberally.

Mr. Edward Atkinson says the manufacturing industries of the South have a bright future before them, but he says in the race of competition they must pay higher wages and thus secure a better class of labor, which is the cheapest in the end.

Secretary Blaine has asked the board of pardons in Montana to pardon a convicted Canadian murderer as an act of international courtesy. The board might compromise by handing over his strung remains.

NEW ADVERTISEMENTS.

MUNSON--Bathing suits, etc. STAR OFFICE--Babbitt metal. W. J. KIRKHAM & Co.--Auctioneers. WEBSTER'S Unabridged Dictionary.

Boynton at Ocean View. The water performance of Capt. Paul Boynton which will be given to-day at Ocean View is thus described by the Norfolk Landmark:

Wm Ross, the crack oarsman and Mr. James E. Prince, of Norfolk, started the performance on Chesapeake Bay by rowing a mile race in two very pretty racing shells. Ross won. Then Boynton and Ross mounted big rubber shoes and commenced a walk on the water. They continued this novel feat for five minutes and then Boynton got into his rubber suit, converted his body into a boat and by the dexterous use of a small paddle propelled himself through the water very rapidly. The performance continued with raft building and Boynton hoisting a sail on his body and sailing close to shore, and for a finale there was a bombardment scene between two miniature war ships, in which one was blown into atoms high in the air by the explosion of a torpedo.

Schedule To-day on the Seacoast Railroad. The schedule as arranged by the Wilmington Seacoast Railroad for the accommodation of those visiting the Paul Boynton exhibition to-day is as follows: Leave Front street depot at 9:30 and 11:30 a. m. and 1, 2:30, 3:10, 5, 7:25 and 8:30 p. m. Leave Princess street station 6:45, 9:38 and 11:40 a. m. and 1:08, 2:40, 3:35, 5:10, 6:20, 7:35 and 8:30 p. m. Ten trains each way. The last train will leave the Switchback at 9:35 p. m.

Ascension Day--St. Mark's. To-day is Ascension Day, one of the most important festivals in the calendar; called by many the "Lesser Easter." Full services will be celebrated in St. Mark's Church, corner of Sixth and Mulberry streets, beginning at 11 a. m. All are heartily invited. Seats free.

OUTLINES.

A bill was introduced in the Senate yesterday giving to the several States the power to control the introduction of imported liquors; the Silver bill was further discussed by Mr. Teller, who, with the exception of his speech, yielded to a motion to go into executive session; a number of bills on the calendar were passed; the House insisted on its amendment to the Senate Dependent Pension bill and a conference was ordered; the bill was then considered until adjournment.

The General Assembly of the Southern Presbyterian Church convenes in Asheville, this day to-day, and will be opened by Moderator H. G. Hill, D. D., of Fayetteville. A Presbytery, a reception banquet by the members of Asheville will be given to-morrow; there is a great deal of work before the Assembly.

A very interesting story comes from Key West, and is to the effect that the arrested officers, and the attempted arrest of Mayor Cottrell; Pinkerton, the appointed collector, preferred the charges for the arrests, and if what he says is true the mayor is one of the greatest desperadoes in the country; the thing, however, has much of a Mephistopheles flavor about it, and is evidently manufactured for partisan purposes.

The strikers in Germany have become very riotous, and armed parties are making the streets to preserve order. Hon. Richard Vanx has accepted a patriotic speech, the nomination as Wadwell's successor in Congress.

The Emperor and Empress of Germany on a visit to Koenigsburg, where they were enthusiastically received by the authorities and people.

The International Prisons Convention will open in St. Petersburg on the 20th inst. The contest for the Seneca Senatorship, in place of Mr. S. C. is thought will be between Mr. S. C. and Mr. Lindsay.

New York markets: Money 3 per cent; cotton easy; sales of 386 bales; middling Orleans 12 1/2 cents; southern flour quiet; wheat No. 2 red 97 1/2 cents at elevator; weak; rosin firm; spirits 40 cents at all 40 1/2 cents.

All the members of Kansas is attending attention by the number of resolutions he is introducing in the Senate. He is trying to keep up his reputation.

The first of February 1, 1900, the national track has been established in this country, distributed into eight to different lines. A preliminary arrangement of this was in the month of January.

It is noted as a curious coincidence that wherever the Australian bushmen are seen, if this thing keeps on, it is a good sign to see some Republican proposing to levy duty on the Australian ballot as a foreign importation.

The chairman should have declared his unworthiness of order when he was sweeping the McKinley bill yesterday. Such assaults might be expected from bad Democrats, but not entirely out of order for a Republican. Hence the "bushmen" didn't applaud.

Mr. McKinley thinks our domestic commerce a pretty big thing. It is indeed. Let Mr. McKinley apply his tariff system to it and levy duties on goods going from one State to another, and see how quick the domestic commerce would "swink" like the colored brother's catfish.

The burning of the insane asylum at Canada was followed in a few days by the burning of an insane asylum in Pennsylvania. It is remarkable, but it is nevertheless a fact, that we rarely read of a great disaster which is not followed in quick succession by a similar one.

The manufacture of artificial coffee is carried on extensively in Germany. It is made out of linseed meal roasted to the color of coffee, reduced to a paste and moulded so as to resemble the coffee berry. It is said that only an expert can tell the difference between the counterfeit and the real bean.

Whatever may be the result of "Ben" Tillman's political aspirations in South Carolina, he has good ground for action and the recovery of damages against those papers that are publishing that horrid picture over his name. If that picture don't lay him up for all time there's nothing in looks. The man that "scratched for twenty-eight years" isn't a circumstance to it.
