Bad Accident to a Colored Man. A colored man named Henry Jones, self proud on this occasion. A procession took place after the military con-

test. It was formed at 11 o'clock and marched through the principal streets. In the line there were some thirty trade floats, the military, and Confederate veteran associations, interspersed with bands of music, and dignified by the presence of Senator Vance and Gov. Fowle, escorted by local gentlemen of prominence. The streets were lined with enthusiastic men and ladies from all parts of the State. Senator Vance, Gov. Fowle and Auditor Sanderlin delivered addresses at the tabernacle build-

ing. Our victorious military leave for can for yon home to-night at 10.30." Mr. Ino. M. Cazaux, Assistant Chief

of the Fire Department, in compliance with a telegram received from Chief Martin Newman, who is in Charlotte, requested the Fire Department to meet the Wilmington Light Infantry at the Carolina Central depot at 8 o'clock this morning, and the "Atlantic," "Adrian" and Hook and Ladder Companies will

be on hand to receive them. The Germania Cornet Band has also kindly agreed to be present and will furnish music on this occasion. All of our citizens generally, if possible, should meet our soldier boys, and there is no doubt that they will receive a

royal and enthusiastic welcome. Captain Kenan deserves great credit for the pains he has taken to perfect his company in military tactics, and the members have shown most conclusively how well they have profited by his instructions. Wilmington is proud of the Wilmington Light Infantry, and well she may be, for there is not a cleverer or more manly set of boys in North Caro-

The excursion is given in the interest of church building, and as it is a worthy cause it is hoped that the people of Wilmington will give it liberal patronage, by uniting with the party in their trip

down the river.
