OUTLINES.

In the Senate yesterday Mr. Vest and Mr. Wilson made speeches against the postal and ship bills, both of them taking decided grounds against subsidies; the bills went over without action; the conference report on the agricultural appropriation bill was presented and agreed to in the House the District of Columbia appropriation bill was presented and debated; both Houses adjourned until Monday.

The striking cloak makers in New York made an attack yesterday morning on the men still at work, and for a time there was a very lively fight, damaged heads were plentiful, but no one was seriously hurt, fists and clubbed umbrellas being the only weapons used; work is progressing as usual in the manufacturing establishments.

There is a crisis in the Spanish Cabinet, and it is probable that a conservative ministry will be formed. The drop in temperature in Chicago has caused a decided falling off in the number of deaths, only three cases being reported yesterday. Another unavailing conference over the silver bill was held yesterday morning; lasting an hour and a half, when an adjournment was taken until to-morrow morning; one of the House conferees is quoted as saying that the only serious difference between the House and Senate conferees relates to the bullion redemption clause.

Three miners were instantly killed at the Buena Vista mine, Rock-bridge county, Va., yesterday morning; they had entered the cage for the purpose of descending, when, without warning, the car fell a distance of one hundred and forty feet to the bottom of the shaft; a fourth man was seriously injured, and is not expected to live.

The East Tennessee, Virginia & Georgia railroad has acquired a lease from the Louisville Southern, which will complete the system and give it an outlet to a very important centre on the Ohio river. Striking tailors in New York caused a disturbance yesterday with the men at work, during which a number on both sides were injured; several shots were fired, and one man received a wound which will probably prove fatal.

New York markets: Money easy at 4 1/2 per cent; cotton dull; middling uplands 12 cents; middling Orleans 12 3/16 cents; southern flour dull but steady; wheat dull and stronger; No. 2 red 94 1/2 @ 94 3/4 cents at elevator; corn firm and moderately active; No. 2, 41 1/2 cents at elevator; rosin steady and quiet; spirits turpentine dull.

The railroads of Alabama are assessed at a valuation of \$43,338,781, an increase of \$3,183,248 for the past year, and of \$30,000,000 in ten years. The Senate clerks will not have their pay doubted this year, because the boys in the House sat down on it. It was a clear back-down of the Senate.

If the Czar should find the Czar business uncongenial he can turn his attention to farming, and can with his 50,000,000 acres run a pretty big plantation. Mr. Frye started his ship subsidy business in the Senate Wednesday. But with the big hole stove in the surplus, where are they going to get the lure to subsidize with?

It may be of interest to gentlemen who may be seized with a sudden desire to decamp with somebody else's money, now since Canada is no longer an inviting point to strike for, that the black fever, almost sure dead shot, is meandering about Honduras. Cheatham and Brower both endorsed and voted for the force bill, neither having the manliness to oppose it, as Ewart did. This was the more sneaking and disreputable because they were both on record as testifying to the honesty, freedom and fairness of elections in this State.

If the Senate should decide to sit down on Tom Reed's pet measure, the force bill, T. R. would probably give his hearty assent to have the Senate abolished as an entirely unnecessary piece of governmental machinery. The House was practically abolished when Tom fruited out into an autocrat. Here is the way John Spradler, a Lee county (Ga.) colored philosopher, proposes to settle the race problem: "Let de white man keep on bein' white and de nigger black, an' foller de rule faithful, and quit loafin' 'roun' de kentry, and hit'll settle jist like coffee." This is brief, but it comes about as near it as any of the solutions yet offered.

LOCAL DOTS.

Rain-in-the-Face was a gay and festive Sioux chief, who, not content with the possession of one squaw, slipped out on the sly to pay his devotions to a miscellaneous assortment of them. This did not meet with the entire approbation of Mrs. Rain-in-the-Face No. 1, so she availed herself of the first inviting opportunity which presented, and gently waltzed up to his reclining figure, while he lay wrapped in unsuspecting slumber, and lovingly inserted about six inches of a big knife between some of his ribs. She didn't even upbraid him. This was all the cutting remark she made. He now lies in a meditative mood, and for the present at least is unable to cut any more capers. Indian wives can become very impressive and very persuasive at times.

An organization known as the National Association of Daughters of Federal Veterans has been organized in the North, and a contemporary asks what can be the object of it. It makes the boys vote the Republican ticket, and will keep the pensions running after the old men die. Some patriotic Republican statesman will be proposing to pension these daughters after a while.

Tom Reed couldn't see Democrats Wednesday, who rose to call for the ayes and nays, until they rose en masse, when they filled his vision so that he couldn't help seeing them. When it comes to seeing Democrats, except for the purpose of counting a quorum, T. R. has the most defective eye we ever heard of.

President Carr, of the West Virginia State Senate, who was four years ago elected as the Labor-Republican candidate, bossed the deadlock last year, and was elected President of the State Senate, says he can't stand the Republican tariff business, and has withdrawn from the g. o. p.

There is a woman in Indiana who is so far from considering marriage a failure that she has married ten men never more than one at a time, however. She got rid of them by the natural process of death or the legal process of separation. One of her husbands had eight wives before he bestowed his affections upon her.

Reed, McKinley, Conger and the other bosses didn't have much to say in the last few days of the discussion of the force bill, but they kept their eyes open, manipulated the wires and got in their work all the same.

The eight Democratic Congressmen who failed to put in an appearance and vote against the Lodge bill should have the unanimous consent of their constituents to remain at home forevermore.

NEW ADVERTISEMENTS. STEAMERS.—for Southport. STAR OFFICE—Babbitt metal. UNIVERSITY OF N. C.—Fall term. KIRKHAM & Co.—Shells and coral. MUNSON & Co.—Neckwear, clothing. ROGER MOORE—For rent at Southport.

Col. W. P. Canaday. Col. W. P. Canaday, for eight years Sergeant-at-Arms of the United States Senate, retired from that office last Monday by resignation. He will remain in Washington and enter upon the practice of law before the Departments and Congress. Monday evening the employees of the Senate on the roll of the Sergeant-at-Arms gathered at Mr. Canaday's residence and presented him with a gold watch and chain with handsome charm attached, the latter coming from the pages.

Cotton Belt Bulletin. The cotton region bulletin from the Signal Office gives the maximum temperature in Wilmington as 90°, the same as Raleigh, Wadesboro and Newbern. At Charlotte the maximum was 94°, at Florence 96° and at Wadesboro and Lumberton 92°. Rain was reported at all the stations and throughout the cotton belt.

Send Us Crop News. Subscribers to the STAR are requested to keep us posted in regard to the growing crops. Write very briefly, stating general condition, whether too much or too little rain, whether ahead of or behind last year, &c. Reports on corn, cotton or tobacco specially desired. Third Judicial District. A special dispatch to the STAR from Rocky Mount, N. C., says that the Democratic Judicial Convention for the Third District, held yesterday at Rocky Mount, adjourned without making a nomination until 9 o'clock this morning.

THE DAY WE CELEBRATE.

A General Holiday—An Entertaining Programme for the Enjoyment of Pleasure Seekers. The "glorious Fourth" will be a general holiday in Wilmington, and from all indications the great body of the people will "make a day of it." Great and numerous attractions are offered at the various popular resorts near the city, not only to residents but also to visitors from other places, and admirable arrangements have been made for the transportation of the crowds expected and that will no doubt attend.

ON WRIGHTSVILLE SOUND. The programme for the day at the Hammocks embraces the regatta of the Carolina Yacht Club, a rifle match for prizes, athletic sports, and a grand display of fireworks. The boat race will take place at 11 o'clock this morning, over the usual course. The following boats have entered for the regatta, viz.: Loulie, sailed by Capt. Willie Atkinson. Francis Marion, sailed by Capt. W. N. Harris. Lillian Florence, sailed by Capt. H. M. Bowden. Phantom, sailed by Capt. John K. Williams. Pirate, sailed by Capt. Norwood Giles. Mascotte, sailed by Capt. Geo. D. Parsley, Sr. Peggotty, sailed by Capt. T. Wright Meares.

The rifle match will take place at 3 o'clock p. m., for prizes of \$100 and \$25, and will be competed for by teams from the Fayetteville Independent Light Infantry, Maxton Guards, Lumber Bridge Light Infantry, Goldsboro Light Infantry, Wilmington Light Infantry, and perhaps others. Athletic sports, under the direction of Prof. Layton and others, will take place in the pavilion at the Hammocks, commencing at 5 p. m. Prof. Miller's band will be in attendance and will render some of their best selections. A grand display of fireworks will be given in the evening, commencing at 8 o'clock.

There will be twenty-four trains on the Seacoast Railroad, leaving Wilmington at 6.45, 8.30 and 10.30 a. m., and 1.00, 2.00, 3.10, 4.50, 6.10, 7.25, 8.30, 9.35 and 10.40 p. m. Trains from the Hammocks will leave at 7.40 and 10.30 a. m., and 1.00, 2.00, 3.30, 4.50, 6.15, 7.30, 8.30, 9.45, 10.45 and 11.30 p. m. Trains leaving Wilmington at 9.30 up to 4.30 will go directly through without stopping at any stations this side of Wrightsville. All trains will stop at Wrightsville.

CAROLINA BEACH. A day of quiet pleasure and enjoyment is offered visitors to this favorite resort, with music in the pavilion for those who wish to dance, and surf-bathing and fishing. The Germania Cornet Band will give concerts in the afternoon and evening, and a grand display of fireworks will also be given. The steamers Sylvan Grove and Passport will run special schedules; the Grove leaving Wilmington at 9.30 a. m., 2.30 p. m. and 8 p. m., and the Passport leaving at 10.30 a. m., and 5.15 p. m. Trains will leave the Beach on the return to the city at 12.30 p. m., 6 p. m. and 9 p. m.

AT SOUTHPORT. A regular old fashioned Fourth of July celebration will take place at Southport. Rev. H. A. Duboc, A. M., will deliver an oration in Franklin Square, in the forenoon, and there will be music by the Cape Fear Cornet Band and singing by forty-two young ladies representing the different States of the Union. During the day there will be rowing, sailing and bateau races in the river, and at night a grand display of fireworks off Battery Island. A fair and festival will be held by the ladies of St. Phillips Episcopal church in the Brunswick pavilion. Persons who wish to attend the celebration in Southport, will go down on the steamer Sylvan Grove at 9.30 a. m. and 2.30 p. m., to Harper's Pier, where the steamer Bessie will be in readiness to take them to Southport.

RANGE OF THE THERMOMETER. The following is the range of the thermometer yesterday at the Signal Office in this city, as compared with the same date last year: 12 o'clock noon..... 1890 1889 88 81 2 p. m..... 82 82 4 p. m..... 80 81 It must be understood that the above is not necessarily the maximum temperature, which is recorded by the thermometer and may occur at any hour.

Weather Forecasts. The following are the weather forecasts for to-day: For Virginia, fair, preceded in District of Columbia by showers, westerly winds, stationary temperature. For North Carolina and South Carolina, fair, except in southern portion of South Carolina, showers, stationary temperature, southwesterly winds.

THE MACUMBER PROPERTY. Purchased by a Syndicate Who Propose to Drain and Improve It. The "Macumber property" has been purchased by a syndicate of capitalists of Richmond, Va., who propose to make improvements thereon that will add very much to the city in many ways. The purchase comprises a number of acres of unimproved land lying within the city limits, east of Thirteenth and north of Market streets. It is proposed to thoroughly drain and clear the ground, lay off a portion for a park with walks and drives, and erect a number of neat residences with all modern improvements, to have the advantage of electric lights and street cars. The property is well located and can be drained and improved at moderate cost.

The Census of Wilmington. Mayor Fowler has written the Commissioner of the Census, at Washington, D. C., asking for the exact figures on the population of Wilmington. The Mayor is among the large number of our citizens who think the enumeration by the census takers is not correct, but that the population is not far below 25,000. He proposes that an enumeration be made by the city some time in the Fall, and will bring the matter to the attention of the Board of Aldermen at their meeting Monday next.

Capt. Alexander Will Not Be Here. A STAR reporter was informed yesterday that Capt. Alexander, who had been announced to address the farmers of New Hanover to-day at Wrightsville, had written a letter to Mr. H. D. Murrell, secretary of the Alliance, stating his inability to attend, on account of other engagements near Charlotte.

CLARENDON COAL FIELD CO.

Meeting of Stockholders in this City—Officers Elected, Etc. A meeting of the stockholders of the Clarendon Coal Field Co. was held in this city on Wednesday. Mr. A. P. C. Bryan, of Raleigh, was called to the chair, and J. Bryan Grimes, of Pitt county, was requested to act as secretary.

The report of Dr. J. D. Bellamy, the treasurer of the company, was read and approved. A majority of the stock being represented in person and by proxy an election of officers was had, with the following result: President—A. P. C. Bryan. Treasurer—Dr. J. D. Bellamy. Board of Directors—Paul C. Cameron, Raleigh, N. C.; George G. Loddell, Wilmington, Del.; Dr. J. D. Bellamy, Wilmington, N. C.; J. Bryan Grimes, Washington, N. C.; W. A. Wright, Wilmington, N. C.

An application of the Egypt Railroad & Coal Co., for a right of way over the lands of the Clarendon Coal Field Company was favorably considered. This company was formed about the year 1854 and owns about two thousand acres of the best coal and timber lands of Chatham county, N. C. It is thought it will be soon developed, and in the near future we hope to see both oil and coal delivered from this company's property at this port.

Another Supply OF THAT ELEGANT Neckwear YESTERDAY. Bath Suits, MORE WEDNESDAY. NEGLECTEE SHIRTS, GOOD ASSORTMENT. Clothing, Nobby Suits, Good and Cheap. Munson & Co., Clothiers and Furnishers.
