Miss Eliza Pinkston recently died at Atlanta, Georgia. The remarkable feature about Miss Pinkston was that she was endowed with a "beautiful beard eighteen inches long."

Judging from the lack of enthusiasm evinced by the Senators Monday when Mr. Morrill tried to bring up the tariff bill and the way they sat down on it, they are evidently not yearning to tackle it just now.

What a splendid opportunity the primary elections on the lottery question in Louisiana will give to the lottery company to distribute their tickets in consideration for votes.

It is said in Washington that some of the Republican Senators who are anxious to pass a tariff bill, offer to pigeon hole the force bill if the Democratic Senators will not seriously oppose the Senate tariff bill.

A CALLED MEETING.

Of the Democratic County Executive Committee.

There was a called meeting of the Democratic County Executive Committee last night.

The resignations of Messrs. M. J. Corbett, one of the nominees for the Legislature, and C. M. Harris, nominee for Constable, were accepted, and the vacancies will be filled later.

There was also a conference held with representatives from the Farmers' Alliance, who asked for more representation on the State and Congressional delegations, and also asked for representation on the Legislative ticket, and the following resolution was passed by the Executive Committee:

The Farmers' Alliance, through its representatives, Capt. S. W. Noble, President New Hanover County Farmers' Alliance, and J. W. Mills, sought a conference with the Democratic Executive Committee of this county, and demanded representative farmers on the Legislative ticket, and representation in the Congressional and State Conventions, and on being questioned, Capt. Noble stated that should we accede to their demands that they could not promise to support any Democratic candidate who would not pledge himself to support the demands of the Farmers' Alliance, but on the other hand stated, in answer to a question, that they would support the Republican candidate in preference, should he accede to the demands of the Democratic party divide its nominees with the said Alliance.

We therefore desire to say that as Democrats we could not deviate from the platform of the Democratic party, and by our action pledge the Democratic voters to support the demands of the Farmers' Alliance, and have therefore declined to accede to the demands of the committee with whom we conferred.

FIRST ANNUAL MEETING.

The Industrial Manufacturing Company—Reports of the Secretary and Treasurer—President—Directors Elected.

The first annual meeting of the Industrial Manufacturing Company was held in the City Court room last night. The meeting was called to order and, on motion, Mr. Jacob S. Allen was called to the chair and Mr. E. F. Johnson appointed secretary.

Messrs. J. T. Riley and O. M. Fill-yaw having been appointed a committee to ascertain the number of shares represented, reported 617 shares, which being a majority of the stock, the meeting was declared duly organized.

The general statement of the Secretary and Treasurer, in printed form, was presented and distributed among the stockholders for examination.

The President, John D. Bellamy, Jr., made a verbal report of the general condition of the Company, showing that notwithstanding the unavoidable delay in getting the machinery, and the fact that in consequence of that delay the factory has been in operation only about three months, satisfactory progress had been made. Mr. Bellamy's remarks were supplemented by an encouraging statement of Mr. E. F. Johnson.

On motion, the meeting proceeded to the election of fifteen Directors with the following result: J. L. Boatwright, J. D. Bellamy, Jr., W. R. Barksdale, T. J. Southerland, Jacob S. Allen, Wm. H. Bernard, W. F. Williams, Wm. L. Smith, S. W. Noble, Wm. Struthers, Wm. H. Howell, Jos. H. Hanby, R. R. Bellamy, O. M. Fillyaw, H. P. West.

THE HOT WAVE.

The Mercury Still Climbing—But Wilmington One of the Coolest Places in the Country.

Telegraphic advices and Signal Service observers' reports show that yesterday was the hottest day of the season throughout the United States; yet in Wilmington the maximum reached by the mercury was only 92, and as the indicated temperature was greatly modified by a cool breeze from the southwest, it is safe to say that Wilmington was one of the coolest places in the country.

At Charlotte the maximum was the same as here—92 degrees; at Raleigh and Lumberton 94, at Wadesboro and Weldon 96, at Goldsboro 98, and at Cheraw 100. Throughout the cotton belt the average maximum temperature ranged from 90 to 96 degrees.

Telegrams from the North show that great heat prevailed there. At Washington, D. C., the maximum was 97; at 3.45 p. m. it was 96. At New York it reached 100 at 3 p. m. at Broadway and Park Row. At Boston 91. At Rochester, N. Y., 98. These are the prevailing figures in all the reports received from territory west to the Rocky Mountains.

In isolated spots only was there any moderation of the heat to figures below 90. At Richmond, Va., it was the hottest day of the season. At 9 a. m. the thermometer registered 94; at 12 m., 99; at 1 p. m., 100; at 3 p. m., 101; and at 6 p. m., 97.

A Good Suggestion. A prominent citizen of Wilmington who took occasion yesterday to express to Mayor Fowler his approval of the latter's purpose to have a correct census of the city taken, proffered his assistance, and suggested that it could be taken easily by assigning one enumerator to each block as laid down in the chart of the city.
