WIND AND RAIN.

The Storm Wednesday Night-A Welcome Visitation-The Mercury Lowered Several Degrees.

Wednesday night's storm of wind and rain broke the back of the heated term, under which people all over the country had been sweltering for weeks. The temperature here during the night fell to 66 degrees, and yesterday the maximum recorded at the Signal office was only 80 degrees. The rainfall Wednesday night was 64-100 of an inch, and the wind velocity was 24 miles

an hour. Along Masonboro Sound the storm is reported to have been severe, uprooting trees, levelling fences and doing some injury to crops. At Wrightsville there was heavy rain and a good blow, but no damage is reported.

Capt. Tomlinson, of the steamer Cape Fear, which arrived from Fayetteville yesterday about 1 o'clock p. m., reports a heavy rain and wind storm on the river. At Big Sugar Loaf, sixty-four miles above Wilmington, the wind blew with hurricane force, and the rain was like a cloud-burst.

Telegraphic advices from Fayetteville at 2 p. m. yesterday were that a heavy rain had fallen, and the river at that place had risen four feet and was still

STATE GUARD ENCAMPMENT.

The Y. M. C. A. to Have a Tent on the Grounds.

Arrangements have been completed for the erection of a handsome tent for members of the Young Men's Christian Association at the encampment grounds of the N. C. State Guard at Wrightsville.

The committee, after conference with Col. Olds, has chosen a most desirable location for the tent, at a convenient distance outside the guard lines. Arrangements have been made to have papers on file from every town from which a company comes, so that the "news from home" will be conveniently

Writing material will be furnished and hammocks swung in shady nooks about

A large 20x35 tent has been ordered and is expected in a few days.

Every possible attraction and convenience is proposed to be added for the pleasure of the soldier boys while off duty.

THE FLEECY STAPLE.

The Outlook for Wilmington-Probable

Receipts-New Territory Opened. Present prospects indicate that the receipts of cotton at this port for the next crop year will be not less than 175,000 bales. This estimate is based on the presumption that our merchants will show a proper degree of energy in canvassing the new territory which ought to be made tributary to Wilmington by the extension of the Cape Fear and Yadkin Valley; the Georgia, Carolina and Northern and the Wilmington, Onslow and East Carolina Railroad.

With her present railroad connections, magnificent compresses and superior shipping facilities Wilmington should forge rapidly to the front as a cotton market, and it will be the fault of her business men if she fail to do so. But they must make up their minds to pay as high prices for cotton of equal grades as is paid by Norfolk and

Visitors from the Up-Country.

A large party of excursionists arrived here yesterday evening about six o'clock by train on the Cape Fear & Yadkin Valley railroad, from various places along the line west of Greensboro. The party will take a run down the river and out to sea this morning on the steamer Passport, and will stop at Carolina Beach on the return of the boat in the afternoon. They expect to leave for home to-morrow evening.

False Statement Written by S. W. Noble and Published Under the Head of Wrong Impressions in Yesterday's Messenger.

When Mr. Noble charged that the Democratic County Executive Committee was self-constituted, he made a false statement knowingly. He states that the demands made by the Alliance were consistent with Democratic principles. If what he made to its Executive Committee were Alliance principles, then he makes another false statement. His proposition to them was not to vote for men who would carry out Democratic principles, but to vote only for those who would subscribe to the Alliance's demands, whether he be Democrat of Republican. When Mr. Noble asserts that he is now and always has been a Democrat, he makes another false statement, because he was at one time a leader in the Greenback party.

We the Executive Committee do not wish to do Mr. J. W. Millis an injustice by associating him with Mr. Noble. As an Alliance man he does not endorse the course of Mr. Noble, but says he will not vote for a Republican under any circumstances.

W. P. OLDHAM, L. S. BELDEN, WM. ULRICH, JR. J. M. McGowan, W. H. STRAUSS, GEO. L. MORTON, MARTIN T. DAVIS, J. A. MONTGOMERY, Executive Committee, AN APPRECIATIVE EDITOR.

Editor Roscower Flashes his Headlight on Wilmington and Carolina Beach.

Editor Roscower, of the Goldsboro Headlight, recently visited Wilmington, and was so well pleased that when he reached home he unbosomed himself, as

Few of our people, perhaps, are acquainted with the advantages and conveniences offered by Carolina Beach as a summer resort. In our estimation its advantages exceed any resort of renown in this State. Carolina Beach being located in close proximity to the metropolis of our State, has therefore unusually favorable railway and steamboat connections. Those who have travelled over that model of railway, the Wilmington & Weldon R. R., will unhesitatingly agree with us that for speed, safety, comfort, equipment, track and efficient service it has no equal either North or South

We left Goldsboro Thursday morning on the "Shoo Fly" train, and after a little more than two hours of comfortable ride we arrived in hustling and busy Wilmington. It makes a most beautiful appearance as you come to it, and in many respects a magnificent one, In splendor of buildings and commerce it far surpasses all we ever saw in a Southern town of its size-we believe it claims now 23,000 inhabitants.

The commercial traveller is generally considered a good judge of a hotel, and we must concede with him that the the State. It is well constructed for comfort and convenience. The rooms, of which there are forty, are clean, airy and pleasant, and the table is supplied with the best the Wilmington market affords, and that is saying a good deal. The servants are all very obliging and one receives there a first class meal without the usual "tip" to the waiter. There are so many poor hotels all around us that when we find one like the Purcell we feel disposed to emphasize its good fea-

mand of that ever obliging and wholesouled gentleman, Capt. Harper. He has always a ready smile for you and with him "on the wheel there is no such word as danger. After a delightful sail of a little over an hour (a distance of 15 miles), we were met at the wharf by a train of airy summer cars which conveyed us after a pleasant ride of about 12 minutes to the place of our desires-Carolina Beach. This "Coney Island of North Carolina" is becoming more popular every day, judging from the large amount of visitors there. The surf-bathing there is just splendid. The citizens of Wilmington deserve great credit for the enterprise they have shown in building up their home resorts and establishing so many conveniences and attractions.
