LOCAL DOTS.

Items of Interest Gathered Here and There and Briefly Noted.

-Is Wilmington ever to have a public park? -Capt. A. D. Brown is taking a

breathing spell in the western part of the State. -Some very fine watermelons,

grown in Columbus county, were in market vesterday.

- The spirits turpentine market yesterday was firm at 381/4 cents bid. No sales reported.

. It is estimated that there were between 900 and 1000 visitors at Carolina Beach yesterday.

-What steps have been taken by

the Sheriff of New Hanover county to arrest the negro highwaymen? -There was a german at the Hammocks last night, that was attended by many ladies and gentlemen from

the city. -Receipts of cotton at Wilmington for the crop year, to July 11th, 132, 772 bales; to same date last season, 151, 973. Decrease, 19,201 bales.

-There was a splendid surf yesterday at Carolina Beach, and although the weather was cool for the season it was enjoyed by hundreds of bathers.

-Mr. Jno. D. Bellamy, Jr., and family are in Asheville. Mr. Bellamy will return next week, but his family will remain some weeks in the moun-

-Prayer and experience meeting | viz.: of business and working men at the Seaman's Bethel to-night at 8.15 o'clock, to which seafaring men and ladies are also

-The steamer Bessie, Capt. Snell, will run down to the "Rocks" to-morrow, leaving at 9 o'clock in the morning. She will stop to deliver mail for Carolina Beach.

-The Blackfish excursion on the Sylvan Grove next Monday promises to be an occasion of rare enjoyment. Boat will leave Wilmington at 6 a. m., stopping both ways at "The Rocks" and Southport.

-Col. H. C. Jones, of Charlotte, has withdrawn as a candidate for Congress in the Sixth district. This makes the nomination of Capt. S. B. Alexander a certainty, and, probably on the first ballot.

-The Board of Commissioners of Pender county have offered a reward of \$50 for the arrest and conviction of the robbers who have recently caused so much excitement on the Onslow road, says the Burgaw Herald.

-At the First Presbyterian Church to-morrow there will be prayer meeting at 10 a. m., preaching at 11 a. m. and 6 p. m. At the 11 o'clock service the sacrament of the Lord's Supper will be administered. Sunday school at 5 o'clock

-Our up-country visitors had pleasant day for their trip to the ocean and enjoyed it very much. They returned to the city on the steamer Passport at 7 o'clock last evening. To-day they will take a trip over the Seacoast road to the Hammocks and Ocean

-Shall we have a clock in the ower of the public building? It would prove a great convenience to the public. An electric clock connected by wire with Washington would be a "dandy." It would wind itself, and set itself by Washington time every day at 12

o'clock noon. -A stone axe, or Indian tomahawk, was left at the STAR office yesterday by Mr. H. McL. Green, for examination by the curious in such relics. It is the property of Mr. R. M. Canaday, of Harnett county, and has been in the possession of the family for over a hundred years.

A big turtle, six feet long and three feet six inches broad, was caught last Thursday night on Wrightsville beach, by some colored men, who brought it to the city for sale. It was bought by Messrs. E. L & J. H. Hinton, of the Purcell House, and will be served to guests of that house in soup and steaks. Its weight is said to be 300 pounds.

MORE ABOUT COTTON.

Rapid Extension of the Georgia, Carolina and Norfolk Railroad-Another Reminder to Wilmington's Merchants.

The STAR referred yesterday to the Georgia, Carolina and Northern as one of the railroads that was opening a new and unexplored territory to the merchants of Wilmington. It is a link, and a big one, in the Seaboard Air Line system, of which Mr. John M. Robinson is the head, and its objective point is Atlanta, which will be reached probably within a year. The track has been laid to Whitmore, S. C., 74 miles from Monroe. Freight is now received for that point, and also for a new station called Ada, six miles this side of Whitmire.

This road is being rapidly built in the direction of Atlanta, and by September will give Wilmington casy connection with several of the most productive cotton counties of South Carolina, and enable her to increase her cotton receipts 15,000 bales from a section almost entirely new to Wilmington merchants. But in order to secure this increase they must cultivate the new fields opened to them aud must pay as high prices as are paid in Norfolk and Charleston.

WILMINGTON LIBRARY.

Accident on the Seacoast Railroad.

An accident occurred on the Seacoast railroad about half-past ten o'clock last night, at the crossing of the Wilmington and Onslow railroad, three miles from the city, to the train coming from the Hammocks. The engine was thrown off the track and partly wrecked, but none of the cars was derailed, and the only person injured was Engineer Wood, who sustained slight bruises. There were three coaches filled with passengers. The cause of the accident is not definitely known; some persons say that an obstruction was placed on the track, but the general supposition safely. It was Capt. W. P. Oldham's is that the engine jumped the frog at the crossing.

Conductor Phillips, in charge of the train, hastened to the city and sent carriages out to bring the passengers to

Adam's All Wright.

Of Mr. Adam Empie Wright, son of the late Dr. A. E. Wright, of this city, who is now playing in the imitation tennis tournament of the Country Club, at West Chester, N. Y., the Herald says this: "Mr. A. E. Wright is the really brilliant man on the grounds. He is hardly of the same class as Campbell, Huntington and Hobart. His work is uneven and not at all sure, but ever and anon comes some extraordinary stroke when his opponent least expects it. He has an unlimited variety of strokes, never playing twice the same. His service is an odd, perplexing twist placed just where it is most unexpected. He is a little handicapped by his eye glasses, particularly on a hot day, when the perspiration dims them and blurs his sight."

Cotton Belt Bulletin.

The maximum temperature for Wilmington yesterday was 79 degrees; other stations reported the following as the maximum; Charlotte, Raleigh, Wadesboro and Goldsboro and Goldsboro 82, Lumberton and Weldon 80, Newbern 86, and Cheraw 98. The minimum here

CAROLINA BEACH.

A Pleasant Entertainment Given by

Visitors to this Favorite Resort. An entertainment which proved to be a very enjoyable affair was given last night by a number of young ladies and young men at the hotel at Carolina Beach. Some of the participants were from Salem, one from Magnolia and the remainder from this city. The entertainment consisted of songs, recitations, and a farce entitled "The Mouse Trap." The hotel and private cottages were called upon for curtains, rugs, etc., and the young ladies were enabled to

The entertainment opened with a duet entitled "Gypsie Countess," very pleasantly and forcibly rendered by the Misses Stolter.

prepare a very creditable stage with the

articles that were lent to them.

The next piece was a recitation entitled "Dead Doll Sugar Plum," by Miss Lina Solomon, a very sweet little Miss of about eight summers, who has a fine delivery for one so young in years.

The next on the programme was a duet entitled "Marguertte,," which was well rendered by Misses Bissenger and Peschau, and well received by the audience.

The farce was the next thing, and was a lively and mirth-provoking piece. It shows at some length the fix a gentleman found himself in while on a visit to his intended, after falsely asserting that he saw a mouse in the room. It also shows the agreeable but unexpected manner in which he was helped out of his dilemma. The following was the lished in either magazine or book form | cast of characters: Mrs. Summens: Miss G. Jenkins; Mrs. Kerwin: Miss Newberry; Mrs. Agnes Roberts: Miss J. Southerland; Mrs. Bemmis: Miss B. Pfohl: Mrs. Miller: Miss May O'Connor: Jane: Miss L. Southerland; Mr. Willis Campbell: Mr, G. F. Jenkins.

> The vim and energy with which each part was supported showed very plainly that these young folks believed in making a success of everything they undertook. In this attempt they certainly were very successful

The visitors at the Beach doubtless felt grateful to the young folks for their contribution to their enjoyment: they certainly speak highly of the manner in which each part was carried out.

AN ALLEGED HIGHWAYMAN.

Investigation, etc.

A colored man who gave his name as Dennis Horne was brought before Mayor Fowler yesterday morning for a preliminary investigation, being charged with highway robbery. He was arrested late Thursday afternoon at J. O. Nixon's store, on warrant and affidavit made by Mr. Alonzo Millis, who was robbed by a negro foot-pad two or three weeks ago-as reported at the time in the STAR. Mr. Millis testified before the Mayor yesterday that he was satisfied that Horne was the man who robbed him of fifteen dollars in money and a bottle of whiskey, on the occasion referred to, but he was not willing to swear to it. The investigation of the case was continued until Monday, to secure the attendance of other persons who saw the man who robbed Mr. Millis. Mr. Capps, who a few days after Mr. Millis was robbed had an encounter on the road with a colored

man, failed to identify Horne as his The prisoner, Horne, is said to be a stranger here. He had very little to say, except to deny that he is the man wanted; and also, that he can show his whereabouts on the day the rob-

bery occurred.

These tickets It is to be hoped that the miscreants | will be on sale on Saturdays only, and will be caught and severe punishment | will be good to return on any train on the following Monday, but on no other day.
