SUDDEN DEATH. An Elderly Stranger Found Dead in His

Mr. R. N. Eagle, an aged and much emaciated white man, was found dead in his room Sunday afternoon last, in the Wessell building on South Front street, nearly opposite the market house. Coroner Jacobs was notified and held an inquest on the body; the jury finding that deceased died from natural causes.

Mrs. A. E. Wood, who lives in the house and rented a room to Mr. Eagle, testified that she heard him groaning Saturday night about 10 o'clock; spoke to Mrs. Turlington who lived near about it and who advised Mrs. Wood to let him alone as he might be getting over a drunk. Sunday morning, however, she felt uneasy about him and sent for Mr. Alex. Adrian, who had the door The tax books for the year 1890 were of Mr. Eagle's room broken open and tound him dead.

Dr. F. W. Potter, who was summoned to examine the body, gave it as his opinion that deceased died from exmuch emaciated.

BOARD OF ALDERMEN.

The Board of Aldermen met yesterday in regular monthly session. Present: Aldermen Hicks, Craft, Morton, Post, Montgomery and Lane. Mayor

Alderman Hicks, from the Police Committee, reported the discharge of Officer Piver and the appointment of B. F. Mills to the vacancy. Approved.

Alderman Morton, from the Market House Committee, said the committee had decided to remove the present clerk

ning. The Mayor said that the clerk being a bonded officer the chair did not think the Board had the power to dismiss

he did not hear any statement or reason given why the clerk should be removed. Alderman Morton explained that the committee had been empowered and directed by the Board to inquire into and remedy the evils complained. The clerk had been accused of gross neglect of duty and his explanations were not satisfactory to the committee.

The clerk of the market (Mr. Turlington), being present, was, on motion, heard by the Board. After thanking them for the courtesy, he said that he him a fair showing; that only one man (Mr. Watson) had made complaint; claimed that he had kept the market house in as good order as the means at his disposal would permit.

After further discussion the Mayor ruled that the motion to remove the clerk was out of order; that the section of the ordinances cited by Alderman Morton did not apply to bonded officers; if the clerk were removed he could bring suit against the city and recover the full amount of his salary,

fice of clerk of Front street market be declared vacant. The motion was put and carried-Aldermen Hicks, Morton, Craft and Montgomery voting for the motion and Aldermen Post, Lane and the Mayor voting against it. The Mayor said he recorded his vote against the motion because the clerk did not have a fair trial.

Alderman Morton-I deny that, sir. Alderman Post explained that he did not wish to vote against sustaining the committee, but he did not believe it proper to declare any office under the city government vacant.

The Mayor said the motion to declare the office vacant was carried.

A motion to change the market hours was then adopted; the markets hereafter to open at 4 a. m. every day except Saturday, when they shall be opened at 2 a. m.

Alderman Morton then moved to restreet market. Adopted.

of \$50 per month.

The Mayor entered his protest against any person residing outside the city being nominated for the position.

Alderman Post nominated W.T. Bray for the place; Alderman Montgomery nominated G. W. Smith; Alderman Morton nominated P. H, Smith. Applications for the position were then read from J. H. Brown, S. A. Craig, E. F. Louis and S. H. Terry.

Alderman Bell here came in and took his seat with the Board.

The Chair appointed Aldermen Morton and Montgomery tellers, and on the fourth ballot G. W. Smith having received five of the eight votes cast, was declared elected clerk of the market,

Alderman Montgomery said that Mr. Smith lived in the Fifth ward; he was satisfied that he would fill the position acceptably to all.

The Committee on Ordinances reported an ordinance prepared by the City Attorney to regulate the running of street railway cars, which was read. Mr. E. P. Chaffee, Signal Corps Ob- It provides that no cars shall be server, furnishes the following report for allowed to stand in any of the streets; that the cars shall not travel faster than at a rate of five miles an hour; shall not go faster than a walk at street crossings and on turning corners; shall not stop at intersection of streetss; the track shall conform to the street level and the space between the rails shall be repaired with material similar to that on the rest of the street, etc., etc.

On motion of Alderman Post action on the adoption of the ordinance was deferred until the next regular meeting conflicts with the charter of the street

Alderman Post, from the Sanitary Committee, reported the city in better condition than ever before,

The clerk read communications from the Board of Audit and Finance, concurring in the appropriation of \$100 for taking the census; in reference to

an appropriation of \$6,500 for purchase of the Gamewell fire alarm system and asking for other bids submitted; calling attention to the amount expended for doctoring sick horses (\$206); and non-

concurring in the increase of the salary

of the City Clerk and Treasurer. The communications were ordered on file, no objection being made, and the Mayor remarking that the clerk had the remedy in his own hands-he could sue for his salary and secure it.

Report of the Chief of the Fire Department was read and ordered filed. Petition of butchers in Front street market to have pork from the country weighed by the clerk of the market was referred to the Market Committee with

power to act. Petition from Jno. H. Green, through his attorney, for \$75 for injuries received through falling into a hole on Third street was referred to the Finance Com-

mittee with power to act. The bid of T. E. Wallace for macadamizing Market street was referred to the Committee on Permanent Street Im-

provements. Petition for lamp at McRae and Campbell streets and for repairs to streets was referred to committee.

AUDIT AND FINANCE. Regular Meeting of the Board-The City

Clerk and Treasurer's Salary. The Board of Audit and Finance met vesterday afternoon in regular session, with all the members present and Mr.

R. J. Jones, chairman, presiding. The Board refused to concur in the action of the Board of Aldermen for an increase in the salary of the City Clerk and Treasurer, stating their reasons therefor in a communication to the

Board of Aldermen, as follows:

The Board of Audit and Finance has before it the resolution of the Board of Aldermen for an increase of the salary of the Clerk and Treasurer, which is not concurred in. In looking over the tax books for the past three years and noting the gradual yearly increase of the amount due by delinquent tax-payers, this Board is of the opinion that the remedy for this growing evil does not lay so much in the amount of salary the tax-collector receives as in the want of assistance for the out of door work which that officer requires at the proper time. We believe that durieg the months of November, December January and February of each fiscal year that the tax collector should be authorized to employ two or three reliable as sistants for the purpose of collecting all of the poll and property taxes. This would make possible a more thorough and complete settlement of the tax book at the end of each year. If this suggestion shall meet the approval of the Board of Aldermen this Board will join them

in an appropriation sufficient to pay for necessary assistance. Bills for current expenses amounting to \$4,942.09 were audited and approved and the Board adjourned.

Jonathan Hartgroves, of Illinois, is better acquainted with his twelve year old son than he formerly was One of the old man's pet industries was raising watermelens. As the melons ripened they began to disappear, generally speaking between the setting and the rising sun, so Jonathan took down his old duck gun, loaded with a big charge of duck shot, and gave it to his twelve year old boy with instructions to guard the first invader. He then concluded to see whether the boy would shoot, so he sneaked into the patch, cut a big melon and was having a royal time all by himself, absorbing the
