OUTLINES.

The tariff bill occupied almost the entire session of the Senate yesterday, and a large number of amendments were considered; a vote was finally reached on its third reading, which resulted, yeas 38, nays 28, party lines being strictly drawn; action on the passage of the bill was deferred; in the House the Virginia contested election case of Langston vs. Venable was called up, but all efforts to secure a quorum failed, and no business was done. The Kansas Democrats are in State Convention at Wichita; it is thought that ex-Gov. Chas. E. Robinson, of Lawrence, will be nominated for Governor. The Republicans of Delaware met in State Convention at Dover yesterday; it is conceded that H. A. Richardson, of Dover, will be nominated for Governor, and Henry P. Conner, of Bridgeville, for Congress, by acclamation. A masked highwayman stopped a California stage on Monday and secured the Wells & Fargo express box, but it is not known what the box contained. A terrible tragedy is reported from Hornersville, Ohio; during the trial of a contested will case, before a magistrate, one of the parties to the suit shot and killed two of his relatives in the court-room, and, brandishing his pistol, exclaimed that he had loads for two more men; there was great excitement, amid which the murderer made his escape, and he is now at large. A. M. Lovelace, of Cleveland county, in this State, was struck by lightning on Monday evening, and he is not expected to live; two oxen, which he was driving, were killed. An attempt was made to wreck a train on the Boston and Maine railroad Monday night; it is supposed to have been the work of tramps, in revenge for the arrest of a number of them for pilfering freight cars. Uprisings are reported in the interior of Guatemala. The brakemen and switchmen on the Toledo, Columbus and Cincinnati road are on a strike for higher wages, and the freight business is almost blocked. An elevator was burned yesterday at Odensburg, N. Y., with 500,000 bushels of corn and oats. N. Y. markets: Money tight at 6@25 per cent, last loan at 20; cotton easy; middling uplands 10 3/4 cents; middling Orleans 10 13-16 cents; southern flour weak and quiet; good to choice \$3 90@5 75; wheat irregular and quiet, closing firm: No. 2 red \$1 00 1/2 @ \$1 00 1/4 at elevator; corn dull but steady: No. 2, 53 1/2 cents at elevator; soyin quiet and steady; spirits turpentine stronger and quiet at 39 1/2 @ 40 cents.

It took the Sergeant-at-Arms and some bustling around to muster a quorum in the House Monday morning. Boston with a population of 446,507 ranks sixth in the list of cities, but as a bean metropolis she ranks first. Governor McKinney, of Virginia, says he never found it necessary in his campaigns to lick the other fellows, to liquor with the boys.

A New Salem, Pa., man has a sheep with two mouths. What a fortunate thing it is that Crank Blair or Joe Cannon haven't two mouths.

It is said that the Pennsylvania miners will not vote for Quay's man Delamater. If the majors forsake him, too, his cup of bitterness will be full. At the present rate of progress of the g. o. p. towards free trade the fences will have to be built pretty high to keep it from going clear over.

Herr Krupp has made a great many big guns but he has never made one to match that Illinois Cannon that shoots itself off in the House and raises such a racket. The deepest hole in the world is at Schladebach, in Germany. It is 5,735 feet deep. The Chicago Mail wants Joe Cannon to go over there and drop himself down into it.

Commissioner Raum is a little round, baldheaded man, who carries all his hair on his chin. Tom Reed is also baldheaded. Perhaps this is why he has such a fellow-feeling for Raum. Notwithstanding Mr. Allison's arithmetic, Senator Plumb believes there will be a deficit in the treasury. To guard against this, he offered an amendment to the tariff bill Monday, raising the tax on distilled spirits to \$1 25 a gallon, which he said would provide an additional revenue of \$21,508,000. But his amendment failed, receiving only 17 votes to 39 against it.

LOCAL DOTS.

Items of Interest Gathered Here and There and Briefly Noted. The Benefactor sailed from Southport yesterday afternoon at 5.45 o'clock. The Norwegian barque Fry, Abrahamsen, hence, arrived at Cork September 5. Newsboys wanted to sell Sunday's STAR. Call at the office Saturday. Liberal inducements. Messrs. Gannon and O'Keefe, steamboat inspectors for this district, are here on official business. The big excursion from Mount Airy is expected to arrive here this evening via the C. F. & Y. V. railroad. The British steamship Nitti was reported yesterday at 5.40 p. m. as having arrived at Southport quarantine. Spirits turpentine sold yesterday at 36 1/2 cents per gallon—an advance of a quarter of a cent on the price the day before. One thousand feet of new fire-hose for the use of the Department was tested yesterday by the Cape Fear steamer and found in good order. During the past summer there have been four homicides in this county, two cases of suicide and five or six cases of accidental drowning. Some of the scuppernong grape vines around town bore very little fruit this year. The failure to procure a full crop is ascribed to the English sparrows. In the city court yesterday Rachel Smith, colored, was fined \$20 for disorderly conduct; Chas. Myers, colored, \$10, and C. H. W. Collins, colored, \$5. Steamer D. Murchison arrived here yesterday afternoon. She brings reports that the recent rise in the river has passed off and the water is again getting very low. The schooner Maggie Abbott cleared yesterday for Port-au-Prince, Hayti, with cargo of 211,000 feet of lumber, valued at \$1,509.74 and shipped by Messrs. Geo. H. Chadbourne & Co. Receipts of cotton here yesterday were 2,016 bales—ahead of Charleston and Mobile, which reported 1,684 and 1,686 respectively, and but little less than Norfolk which reported 2,065 bales. The "Deerslayers" of New Hanover and Pender counties don't like the law prohibiting the killing of deer before October 1st. But it's a mighty good law for the deer. The rights of the minority must be respected. The Banks party last night at the Carolina Yacht Club house was a pleasant affair. There were many ladies and gentlemen from the city present, and the dancing was kept up until a late hour. The party wound up with an old "Virginia reel."

Since Joe Cannon's re-nomination in Illinois, he is being larruped all around by Republican as well as Democratic papers. Many Republicans oppose him because of his indecent speech a few weeks ago which they say not only disgraced him but the people whom he represented. So Vermont's great industry is not to be ignored. Under the amended tariff bill maple sugar will come in for a bounty, too. We didn't think that the great Edmunds would stand serenely by and see maple sugar treated with silent contempt.

President Harrison is now at Crisp Springs, Pa., recuperating. A dispatch informs us that his "system was somewhat run down." The Republican party seems to be in the same condition, judging from the late election returns. Rev. Frank Forsythe, a Methodist Episcopal minister of Rockland, N. Y., who was dismissed from the church for playing base ball, has started a base ball church of his own, and will fight the devil from his own base. Mrs. James K. Polk, who lives at the old homestead near Nashville, Tenn., passed the 87th anniversary of her birthday last Thursday. She is a well preserved old lady and entertains callers with courtly courtesy. Miss Anna Dickinson claims the maternity of Lodge's Force bill, the idea of which, she says, sprang out of her campaign speeches in 1888. Miss Anna should be ashamed of herself to mother such a monstrosity.

NEW ADVERTISEMENTS. STAR OFFICE—Babbit metal. CROMLY & MORRIS—For rent. YATES—Hebrew new year cards. GUNSON & CO.—Elegant suitings. M. R. FRENCH & SONS—For rent. Prof. Billy Layton. "Prof. Billy Layton," who had several sparring matches in Wilmington the past summer, met George Isaacs, of Richmond, Va., last Monday night "in the ring" at Petersburg. The Index-Appal says they came into the ring to have eight rounds, with four-ounce gloves, and the fight was interesting until the seventh and eighth rounds, during which the men would at times clinch and had to be separated by the referee. At first it looked as if Isaacs would prove the winning man; but after the eighth round had been fought Mr. Farley, the referee, said that, in his opinion, the fight had been won by Mr. Layton, and he would so decide. There was no purse but the winner took the gate receipts. Weather Forecasts. The following are the weather forecasts for to-day: For Virginia, fair, cooler, northeasterly winds. For North Carolina and South Carolina, local rains, cooler, northeasterly winds. For Georgia, showers, stationary temperature, variable winds. For western Florida, fair except rain in northwestern portion, stationary temperature, easterly winds. Changed her Colors. The barque Lydia Peschau, heretofore sailing under the German flag, has changed ownership and now carries the British flag. The transfer was made at Boston, Mass., a few days ago. The Lydia Peschau arrived here yesterday, consigned to Messrs. Jas. T. Riley & Co. Brunswick Superior Court. Brunswick Superior Court is in session this week at Southport, Judge Graves presiding and Solicitor McNeil representing the State. The Court will probably adjourn for the term to-day, most of the cases on the civil docket having been continued.

NORTH CAROLINA PRODUCTS.

Pine Apples, Cabbage and Onions from Mount Airy—Low Freight Rates by the Cape Fear and Yadkin Valley Railway. Passing the store of Messrs. S. W. Sanders & Co., yesterday afternoon, a basket of fine, ruddy-faced apples caught the eye of a STAR representative and he stepped into the store, prompted alike by curiosity and a desire to spin a three-stick "local." Meeting Mr. Carpenter, one of the salesmen, the reporter produced his pump and went to work with the following result: The apples were from Mount Airy; but the more interesting fact was developed that the freight from that point to Wilmington is only thirty cents per barrel. This is one of the results of the completion of the Cape Fear and Yadkin Valley Railway. Before its completion freight rates from points in Western North Carolina were practically prohibitory, as produce had to pass over two or more railroads in order to reach this city. Mr. Carpenter also exhibited fine onions, and was sorry he had only a small remnant of a lot of cabbage which, he said, were excellent, and which would keep better than the cabbage from the North. The merchants of Wilmington have been long hoping for a freight rate that would enable them to sell in this market the products of Western North Carolina. They now have it, and hereafter there is no reason why they may not buy their apples, cabbages, onions, Irish potatoes and many other products of the soil in their own State.

CORONER'S INQUEST. Finding of the Jury in the Case of T. R. Folsom. Coroner Jacobs and his jury, consisting of Samuel Davis, Lewis LeGrand, E. J. Moore, T. C. Miller, A. M. Hubbard and Riley Burnett, held an inquest yesterday in the case of T. R. Folsom, who committed suicide Monday afternoon last, as reported in the STAR. Dr. F. W. Potter, the physician called to attend Folsom, Mr. W. H. Sikes, the boarding house keeper, and Thos. Jones, the colored boy who attended on deceased, were the only witnesses. The Doctor and Mr. Sikes testified to facts as already published. The colored boy, Jones, testified that on Monday last week Folsom told him that he was going to kill himself; said he was tired of living, and wanted to get out of pain; wanted witness to get laudanum for him last Sunday, and on Monday morning told Jones again that he was tired of living and was going to jump in the river and drown himself. Jones said he got between deceased and the door and prevented his leaving the room; deceased then laid down and told Jones he would pay him to shoot him. Deceased then got his pocket-book and paid Jones his wages and told him he could have a holiday. Jones then left the house. The jury, after hearing the evidence, rendered a verdict that the deceased, T. R. Folsom, came to his death from a pistol shot wound in the head, inflicted by himself on the 8th of September, 1890.

THE JONES MEETINGS. What The Star Propose to Do—Ready for Action. The STAR has engaged the services of two thoroughly competent special reporters for the meetings of Rev. Sam. Jones, and while it does not propose to print the sermons verbatim, it promises succinct and readable reports. We can see no good reason why we should give more space and more consideration to Mr. Jones than were accorded Mr. Pearson, whose grand Christian work in Wilmington must long be remembered, and as part of which his successful labors in behalf of the Young Men's Christian Association will stand preeminent. Mr. Jones will draw large crowds undoubtedly; and as a "faithful chronicler of events" the STAR will print the news. Everything of interest in connection with the meetings will be narrated in these columns, and when the names of the STAR's special reporters are announced, the public will feel that their work will be performed in the best journalistic style. Cotton Belt Bulletin. Newbern reported 3.05 inches of rainfall yesterday, and Charlotte 45-100ths of an inch. Beyond a "trace" of rain at Wilmington this was all reported for the district. There was rain in all the cotton region, but the average was less than half an inch for all stations. The maximum temperature in Wilmington was 89°, Weldon and Goldsboro 84°, Charlotte, Raleigh, Wadesboro and Newbern 80°, and Florence 88°. The minimum temperature ranged from 60° at Weldon to 70° at Wadesboro, Cheraw and Florence. RANGE OF THE THERMOMETER. The following is the range of the thermometer yesterday at the Signal Office in this city, as compared with the same date last year: 1890 1889 12 o'clock noon 81 78 2 p. m. 82 80 4 p. m. 75 80

COLUMBUS AND ROBESON. Conventions at Lumberton—Nominations—Resolutions Endorsing Senator Vance Adopted. LUMBERTON, N. C., Sept. 9.—The Convention of the Fifteenth Senatorial district, composing the counties of Columbus and Robeson, met here today and was presided over by N. A. McLean, Esq., of Robeson. Dr. N. M. Culbreth, of Columbus, and J. L. McLean, of Robeson, were nominated for the State Senate. A resolution endorsing Z. B. Vance and instructing the above to vote for him for Senator, was adopted amid loud applause. After the adjournment of this convention, the county convention assembled, with N. A. McLean in the chair, and members of the press as secretaries; the following resolutions were adopted by a vote of 85 to 29: Resolved, That the Democracy of Robeson county take a just pride in the able and patriotic course of Hon. Z. B. Vance, touching the great questions that have been before the Senate of the United States for its action, and especially do we appreciate the great ability and zeal manifested by him in the protracted discussions of the McKinley Tariff bill, and we cordially commend his re-election to the United States Senate by the next General Assembly of North Carolina. That the Representatives of this county in the next General Assembly be, and are hereby, instructed to cast their votes for Hon. Z. B. Vance against any and all opponents to the end of any contest that may arise. The following nominations were made: House of Representatives—T. M. Watson (present member) and J. S. Oliver. Clerk of Superior Court—C. B. Townsend. Sheriff—Oscar Pitman. Register of Deeds—J. H. Morrison. Treasurer—W. W. McDiarmid. Coroner—Dr. R. F. Lewis. Surveyor—W. Wishart. All these county officers are, renominations except Pitman for Sheriff. The conventions were very harmonious and gave Vance four additional votes. A. V. M.
