OUTLINES.

In each house of Congress vesterday everything worked smoothly, and there was considerable progress in legislation; a number of calendar bills were passed in the Senate, and much other general business was considered; House bill defining and regulating the jurisdiction of United States Courts was passed with an amendment, and conferees appointed; a resolution was introduced appropriating one million dollars for the purchase of nickel for the Navy Department; bill to establish a United States Land Court was debated for nearly two hours, and finally went over; in the House a resolutiou was offered and adopted, cassing on the President for information relative to the killing of General Barrundia by the Guatemalan authorities; the resolution was warmly advocated; a resolution was adopted expunging from the Record the speech of Mr. Kennedy, of Ohio, attacking the Senate; Mr. Kennedy made a speech in his own defense, but making no apology for his previous remarks; the Senate amendments to the deficiency bill were non-concurred in and a committee of conference ordered; Senate bills granting pensions of \$2,000 a year to Mrs. Jessie Benton Fremont, and the widows of Generals McCleilan and Crook were passed. - Mr. Venable, of Virginia, and Mr. Elliott, of South Carolina, who were unseated in Congress on Tuesday, were vesterday unanimously nominated the re-election by the Democrats if their respective districts. The President returned to Washington vesterday from his mountain retreat in Pennsylvania. --- The Birchall murder trial at Woodstock, Ontario. is atmorting great attention; the prisoner

tains his careful toilet, and eon ducts himself in a very quiet and easygoing manner; there are two clearly defixed parties in the community,-one in his favor and the other against him. - The collections of internal revenue for the first two months of the fisral year. July and August, show a net increase of \$1.831.802. - The conferces on the tariff bill have not yet reached a conclusion; sugar and binder twine are the points still unsettled. ---New York markets: Money easy at 215@3 per cent.; cotton easy, midilling uplands 10% cents; middling Orleans 10 9-16 cents; southern flour heavy and quiet; wheat dull, weak and 1c lower; No. 2 red \$1 0134@1 003% at elevator; corn weak; No. 2 red 55@5514 cents at elevator; rosin steady and quiet; spirits turpentine quiet and easy at 401/4@403/4

Tom Reed took an extra hitch in his sash, grabbed his mallet and got in his work Tuesday.

Water is getting scarce in Illinois. The dairymen of that State have combined to put up prices.

The Raleigh Evening Visitor, an excellent local paper, is eleven and a half years old, and grows better with age.

Ex-Senator Thurman is banking on Gov. Campbell, of Ohio, and says he expects to live to see him in the White House.

After the Reed gang in the House voted spoliation in the Virginia and South Carolina cases they turned their attention to the French spoliation claims.

Ben Butterworth says a mortgage does not necessarily indicate adversity. No, of course not, but if a fellow hasn't the wherewith to lift it when it is poked at him, how then?

President McLeod, of the Reading, Pa., railroad, gets a salary of \$40,000 a year. Chauncev M. Depew, president of the New York Central, gets \$50,000. This is about as good as running a newspaper.

The Chattanooga iron men are elated at their success in making steel by the basic process, at \$2.75 a ton. They say they can steal a march now on the Pennsylvania steel men and lift them out of their

Senator Ingalls has shown his interest in the Kansas farmer by placing \$10,000 in one of the banks to discount their paper at 18 per cent. interest. An investigation of the affairs of the bank brought this fact to light.

Ex-Governor Fitzhugh Lee is turning his attention successfully to the development of Western Virginia. In November he is looking for a party of English, and Scotch capitalists representing a capital of \$80,000,000, and he is confident they will make some large investments.

THE SAM. JONES MEETINGS

To Begin To-Night in the Tabernacle or Campbell Street at 7:15 O'Clock,

The series of religious meetings to be held in this city by the Rev. Sam. P. Jones will commence this evening at the Tabernacle on Campbell street.

The choir will assemble at 7 o'clock and song service will begin at 7:15; preaching at 8 o'clock.

Rev. Mr. Jones is expected to reach here to-day, and Rev. Mr. Stewart, his assistant, and Prof. Excell will arrive on the 5:15 p. m. train from the North.

Mr. Jones and Prof. Excell and wife will stop at the Purcell House, and Rev. Mr. Stewart will be the guest of Mr. W. E. Springer, at his residence on North Second street.

Mr. Jones left Danville, Va., last Monday for his home at Cartersville, Ga. and will come thence to Wilmington.

Prayer Meeting at the Tabernacle.

The prayer meeting at the Sam Jones Tabernacle was largely attended. The services were conducted by Rev. Dr. Creasy and Rev. Mr. Swindell, presid-

The choir, consisting of two hundred voices, under the leadership of Mr. H. M. Bowden, sang several selections, accompanied by an organ and three cornets. The arrangements for the musical services at the meetings which will begin this evening, contemplate the use

of two organs, a piano and six cornets. The Tabernacle was illuminated by three large arc lights in the centre of the building, and three incandescent lights over the stand for the choir and

tailed information may be obtained of It is estimated that at least twelve hundred people were present at the meeting last night.

THE YACHT MIGNON.

Gone Like McGinty to the Bottom of the

The Signal Service observer at Southport telegraphed yesterday morning as a justified bond of \$500 for his appear- follows:

The tug Blanche returned at 5.30 o'clock this morning without the yacht. The tug had a cable run out to the yacht and was ready to start on the tow when the men who were bailing the Mignon, and who were almost worn out, having worked steadily since day before yesterday, without stopping to take food, upon learning that the lifesaving crew were not going to follow them, threw down their buckets and refused to work. The yacht soon filled again and the tug left her on the beach. It is said that with a fresh force of eight or ten men to bail, the yacht could have

been brought in. A telegram last night from the observer says, however, that within an hour after the tug left the Mignon, the latter drifted nearly a mile and sunk out of sight in about twenty-five feet of water. Everything went down with her except the pilot house which drifted off to sea.

Schedule for the Sam Jones Meetings.

The Wilmington, Onslow and East Carolina railroad has adopted a schedule for the accommodation of persons on the line of the road desiring to attend the Sam Jones meeting, beginning today and continuing to Oct. 6th. The train will leave Wilmington at 8.00 a. m. and 3.00 p. m., and returning will leave the end of the track at 10.30 a.m. and

Sovereign Grand Lodge - Officers Elected at the Recent Meeting, etc.

Mr. John L. Dudley, Grand Representative of the I. O. O. F. of North Carolina to the Sovereign Grand Lodge at Topeka, Kansas, has just returned and furnishes some information which will no doubt be of interest to every Odd Fellow in the Stote.

The officers elected at the recent meeting were: Charles M. Busbee of Raleigh, N. C., Grand Sire; C. L. T. Campbell, London, Ontario, Deputy Grand Sire: Theodore A. Ross, Columbus. O., Grand Secretary; Isaac A, Sheppard of Philadelphia, Grand Treasurer; Allen Jenckles of Columbus, O., Assistant Grand Secretary: Rev. J. W. Venable of Hopkinsville, Ky., Grand Chaplain, John A. Parkins of Chelsea. Mass Grand Guardian: W. H. Frazier of Washington, D. C., Grand Messenger; A. C. Cable of Covington, Ky., Grand

The annual increase in subordinate membership is larger than that of the preceding year, and the aggregate increase within the past two years is greater by many thousands than that reported for a similar period during the past twenty-six years.

The advance in revenues is in ratio with that of the numbers; and the extensive expenditures for relief of various characters, through their vastness, indicate the vigor, health and liberality of the Order.

The Patriarchs Militant have increased steadily, and such closely fraternal and display element has advanced in popularity—all as shown by detailed

The Rebekah Degree Lodges have grown with even a greater ratio of increase than indicated by the growth of the other distinct elements of the frater nity, and through means of additional numbers, moneys and social influences have contributed much toward the general prosperity of the Order.

The Order generally is in a most flourishing condition, and is steadily increasing in popularity and numbers every day.

NEW BUILDING AND LOAN ASSO'N.

Organized and Ready for Business. The shareholders of the Wilmington & Seacoast Building & Loan Association met at the Orton yesterday afternoon and completed their organization. A constitution was adopted which gives ample scope for making loans in the city of Wilmington, at Southport, Carolina Beach and the Sounds. The Board of Directors was chosen as follows: M. Cronly, Sr., Clayton Giles, J. C. Chase, H. M. Bowden, Thos. W. Strange, Ino. H. Sharp, Walker Taylor,

and C. C. Brown. The officers elected President-M. Cronly. Vice President-Jacob S. Allen. Secretary and Treasurer-W. M.

F. H. Stedman, S, W. Noble, J. S. Allen

About three hundred shares of stock have thus far been subscribed for and it is proposed to hold the books open for awhile longer. Subscriptions may be made to the officers of the association or be left at the Orton.

This association has many admirable features for it will enable persons at-Southport to borrow money on real estate at a reasonable interest, and will also give an opportunity to any one who desires to build cottages at Carolina Beach, Wrightsville or any other place on the seacoast by a small output of money at a time.

The board of directors are representative business men of this city, which argues well for the success of the corporation. The association will begin at once, and the initiation fee of 25 cents per share will be payable on Saturday. Sept. 27th, the instalment of one dollar per share not being due till October 4th, (Saturday) and monthly thereafter.

REGISTRATION LAW.

The following synopsis of the new law providing for the registration of voters, prepared for the Goldsboro Dispatch by a lawyer of that town, and to which we make two important additions, will be found useful both to registrars and voters:

1. First there must be a new registration of voters, the County Commissioners having so ordered.

2. The voter shall give, and the registration books shall show, as near as may be, the age, occupation, place of birth and place of residence, and also the full name of the voter, and in case of removal, the township or county from which he has removed.

3. The registration books shall be kept open for registration from sunrise to sunset each day, except Sundays, from the 20th day of September to the 24th day of October, 1890, inclusive, and no registration will be allowed after the last named day, unless the voter shall have become qualified, by becoming of age, since the closing of the registration books, as above provided.

4. On Saturday, October 25, 1890, it shall be the duty of the registrars and judges of election to attend at the polling places of their townships, or precinct, with the registration books, from 9 a. m. till 5 p. m., when and where the registration books shall be open to the inspection of the voters, and objections to voters shall then be made, and the word "challenged" noted on the books, and a time and place before election day shall be appointed to hear such challenges, upon giving notice to the person challenged. But such challenges may be made at any time.

5. All male persons, twenty-one years old and upwards. (not being idiots or lunatics, or having been convicted of an infamous crime committed after January 1, 1877, and not having been legally restored to rights of citizenship) born in the United States, or who have been legally naturalized who shall have resided in the State twelve months next preceding the election and 90 days in the county in which he proposes to vote, shall be entitled to vote.

The residence of a married man shall be where his family resides, and that of a single man where he boards and sleeps, and should he stay in one precinct and board in another, his residence shall be where he sleeps.

And if an elector has previously been

registered in any ward, precinct or town, ship in the county, he shall not be allowed to register again, until he procures a certificate of the register of the former township, ward or precinct, that he has removed from the same, and that his name has been erased from the registration books of said ward, township or precinct. And the identity of any person claiming a right to be registered in any pre-

cinct of the same county by virtue of such certificate, with the person therein named, shall be proved by the oath of the claimants, and, when required by the registrar, by the oath of at least one other elector. 6. Every person who shall present

himself for registration shall state under oath how long he has continuously resided in this State and in the county in which he offers to vote; whether he is an alien or native born; when he becomes twenty-one years of age; whether married or single, and where or with whom he resides. Upon the request of any elector, the registrar shall require the applicant to prove his identity or age and residence by such testimory, under oath, as may be satisfactory to the regis-

RIVER AND MARINE.

The Lighthouse Board of the Treasury Department is now engaged in preparing plans for the construction of four big lightships for the Atlantic coast to be fitted with steam fog signals and the most approved modern apparatus designed for use upon such vessels. The plans are being prepared under the supervision of the engineer officer and naval officers of the board. These new ships will cost \$70,000 each, the appropropriations for them being provided in the Sundry Civil Appropriation bill. The proposals will be advertised for in a few weeks and the contracts let at once, for it is desired to get the vessels into the water as soon as possible.

One of the new lightships is to be placed on the famous Frying Pan Shoals, off Cape Fear, N. C., near the entrance to Wilmington harbor. Another ship is to be placed upon Martin's Industry Shoals, S. C. Another at Cornfield Point, off the mouth of the Connecticut River, Long Island Sound. The fourth new ship is to be placed off Fenwick Island Shoal, below the entrance to Delaware Bay, and between Henlopen and Chincoteague.

Cotton Belt Bulletin.

There was no rain in this district of the cotton region yesterday, but in other districts with the exception of Vicksburg and Galveston, rain was reported. In the Memphis district the fall was phenomenal, the average for the fifteen stations being 2.13 inches, and in the Atlanta, Augusta, Montgomery and Charleston districts the rainfall was very heavy.
