OUTLINES. Conferees were appointed by the Senate on the deficiency bill; several unimportadt bills on the calendar were passed, when the bill to establish a United States land court was discussed; in the House the conference report on the land forfeiture bill was considered and adopted, together with conference report on the bill for the establishment of Rock Creek Park in the District of Columbia; a resolution was introduced, charging the postmaster of the House with the improper receipt of moneys from mail contractors, which, after dehate, was referred to the committee on accounts: the committee appointed to investigate the Silcott defalcation, reported a bill, which was passed, defining the duty of the Sergeant-at-Arms, and which requires a bond of \$50,000 from that official: the bill appropriating one million dollars for the purchase of nickel was then reported and passed. _ The conferees on the tariff bill have not yet reached an agreement, and it is possible that there may not be an agreement at all; it is further stated that the bill will be reported this morning, but upon what basis is still unknown. - It is proposed to erect a monument to the memory of the fallen dead in the battle of Lexington. Mo. (both Federal and Confederate) and a circular has been issued to the survivors to forward their names and addresses: this is the first time in histoto that the Blue and the Gray have joined hands to perpetuate the memory of those who were left behind on the field of battle. -- The Nationalists Dubliu turned out in large numbers vesterday to attend the trial of the arrested parties at Tipperary; the crowd was so great that the doors of the court-room were closed against them, and a number of persons were severely beaten by the police; the doors were many opened, when the crowd surged in and filled the room to its utmost capacity. -- The attendance of ladies at the Birchall murder trial, at Wood-

stock, Ont., was greater yesterday than on any previous day, and much interrastion was caused when entering the court-room. -- A serious riot is reperied from Butt county, Colorado, in which two men were killed and the court-house burned to the ground. -A telegram at a late hour last, night states that an agreement has been reached on the tariff bill, and that it wai be reported back to the House today. -- Two cadets of the Virginia Military Institute engaged in a fist fight yesterday, which resulted in the death of one of them; the affair has cast a ghom over the entire community. -

We would like to hear Mr. Kennedy's opinion of the rest of the Reed gang as great expungers.

No wife beater can vote in Mississippi when the new law goes into effect. This will materially reduce the Republican vote.

The opinion seems to be gaining ground that Census Superintendent Porter is as great a fraud as the party of which he is a pliant member.

Mr. Harrison is a cool man but it is said he does not entirely approve of Commissioner Raum running the Pension office on the refrigerator plan.

We regret the retirement of Mr. T. B. Eldridge from the editorship of the Durham Globe. He was a clever writer, and made the Globe an excellent paper.

- Many ladies went to the Tabernacle through the pelting rain yesterday afternoon to secure seats for the meeting last night. They commenced going about half-past 4 o'clock, and from that time until the hour for assembling the street cars running in that direction

- Official announcement has been received here of the appointment of Mr. T. C. Bryan as Assistant General Freight and Passenger Agent, with office at Portsmouth, Va., and Mr. H. W. B. Glover, as Division Freight and Passenger Agent, with office at Greenwood, S. C., for the Seaboard Air Line

THE STORM.

Great Down-Pour-Over Three Inche of Rainfall-Heavy Rains at Other Points.

Wilmington was yesterday on the ragged edge of a great storm of wind and rain that prevailed along the South Atlantic coast. The wind was from the east, and its maximum velocity here did not exceed twenty-four miles an hour, but rain fell in torrents the greater dart of the day and until after night in, when the wind shifted to the south-west, the clouds broke away and a few glimmering stars appeared to give promise of clearing and possibly fair weather for to-day. The total rainfall for the day as reported at the Signal office was three and a half inches, the greater part of which fell in

the afternoon. The rain flooded the streets and caused some slight damage in the way of washouts-matters that will require the attention of the city street force for several days, but beyond this no harm

At Southport the maximum velocity of the wind was 45 miles an hour, and

the rainfall was two inches. Heavy rains were reported along the line of the Carolina Central railroad, and the train from Charlotte last evening was delayed an hour or so on this account, but no washouts occurred.

On the C. F. & Y. V. railroad the train from Mount Airy encountered the storm some distance this side of Fayetteville, and from that point to Wilmington there was heavy rain.

The storm seems to have been general throughout the South and heaviest along the coast; Savannah reporting 4.84 inches of rain and Charleston 5.82 inches, up to 8 a. m. yesterday.

Weather Forecasts.

The following are the weather fore-

casts for to-day. For Virginia, rain, cooler, followed by rising temperature, southeasterly winds. For North Carolina, South Carolina and Georgia, rain, warmer, easterly winds.

For Florida, rain in the northern and fair in the southern portion, stationary temperature, easterly winds.

Counterfeit Two Dollar Notes. Counterfeits of the new two dollar silver certificates are reported to be in circulation. The counterfeit note has the name of "W. S. Rosecrans," instead of that of C. N. Jordan, enclosed in the small round pink seal, as Register of the Treasury. The paper contains no distributing fibre, nor are there any of the parallel silk threads running through it.

THE TABERNACLE.

FIRST MEETING OF THE SERIES TO BE HELD IN WILMINGTON.

A Good Attendance Despite the Rain-Rev. Mr. Jones Not Present-Sermon by Rev. Mr. Stewart.

Despite the rain which fell in torrents during the afternoon and early morning, between five and six hundred people gathered in the Tabernacle last night to inaugurate the series of meetings to be held by Rev. Sam. P. Jones.

As the rain ceased falling about eight o'clock, the crowd was augmented by some two hundred during the services. The choir was well represented, and to the accompaniment of two organs and two cornets, rendered in most excellent style several hymns.

Mr. Jones, who was expected to be present, was unavoidably detained, but he was well represented by his able assistant, Rev. George R. Stewart. Reference was made by Mr. Stewart to the expenses incurred in erecting the Tabernacle. He said that for the purpose of reimbursing those who had so generously and freely given to aid in the building, a collection would be taken up at each service. It was everyone's duty attending these meetings to contribute according to his or her means. If he or she had nothing, nothing was expected, and they were none the less welcome because of their inability to contribute. "But if you have of this world's goods you should pay for the privilege of attending the meeting. Honest men would do so. If you have means and do not help on this work you are a rascal, and your presence is not desirable nor are you welcome. The brother in passing the hat, will see that each one gets his hand in it. It will do his conscience good."

Prof. E. O. Excell sang in his inimitable manner the solo, "There's a Great Day Coming," the full choir joining in

Rev. Mr. Stewart spoke for an hour from the text: "Finally, brethren, pray for us that the word of the Lord may have free course and be glorified." This was made the basis of an exposition of the methods by which meetings are made, in their results, to redound to the advantage of God in the saving of souls. There must be harmony between pulpit and new; the united prayers of both will accomplish everything; but where there are conflicting opinions as to the advisability of methods, no good results can follow-for a house divided against itself must fall. "We desire no one to attend these meetisgs for the purpose solely of passing judgment upon the preacher, or for criticising or advising us as to the best method of obtaining the desired results. Come with prayerful hearts; pray for us, and leave to God

"There may be something said in these meetings that you do not like; remember that those portions are intended for others-lower, or higher, maybe, than you. Apply to yourself that which is applicable to you and leave the rest.

"No preacher can suit every one. You should condemn no man because he fails to comply with your standard. Measure him by the only true standard-what he accomplishes. Pray for him, Aid him all you can, and if he saves sinners leave his methods alone; for God has set the seal of his approval on his acts.

"Oratory does not accomplish what true fervency does. I was in a church once-a very fashionable church, where a quartette was singing a crooked song that no brother here present could get in a mile of-and yet there had been no conversion in that church in a year; while in a small mission station that I visited the night before God had abundantly blessed the labors of the pastor, because the congregation and the preacher were at unity."

At the conclusion of the sermon a large number shook the Rev. Mr. Stewart's hand, and promised to pray for the success of the meeting.

There were seven professions of

She had just weighed anchor and was turning to go up the river, when she struck. The tug Blanche went to offer assistance.
