Sarsaparilla. Your life, or that of some one near and dear to you, may depend on the use of this well-approved remedy in preference to any other preparation of similar name. It is compounded of Honduras sarsaparilla (the variety most rich in curative properties), stillingia, mandrake, yellow dock, and the iodides. The process of manufacture is original, skilful, scrupulously clean, and such as to secure the very best medicinal qualities of each ingredient. This medicine is not boiled nor heated, and is, therefore, not a decoction; but it is a compound extract, obtained by a method exclusively our own, of the best and most powerful alteratives, tonics, and diuretics known to pharmacy. For the last forty

SPIRITS TURPENTINE.

- Raleigh Chronicle: The cotton factory is getting orders at such a tremendous rate that it cannot fill them by running on regular time. A contract has been closed for lighting the factory by electricity.

- Concord Standard: Evidently the cotton is opening fast and the pickers are very scarce. At least ten wagons were here by sun up this morning ready to take hands out to the plantations. Several of them went back without any one. Sixty cents per hundrod was offered

- Raleigh News and Observer: The case of C. M. Hardin, tried at Chatham Court for the murder of Alex. Moore, ended Saturday with the verdict of not guilty. - All the cotton in Wake county is said to be open and the pickers can't pick it fast enough. The fields are white, and the like of open bolls was never seen before.

- New Berne Journal: Two small boys were arraigned before Mayor Battle yesterday for fighting on the streets. The evidence of a bystander showed that the larger boy, who is only about ten years old, struck at the breast of the younger one, who was only about eight years old, with a knife, but the attacked party by raising his arm received the wound on his hand.

- Durham Sun: Yesterday was a memorable day in Durham's Christian progress. The beautiful new Presby-Church was appropriately dedicated and set apart for the worship of God. -Milton Clements, deputy marshal, went up to Greensboro yesterday afternoon, having in charge three prisoners for the Federal Court—Wm. Case, of Person, and John Mack, of this county, both colored, for illicit retailing, and Frank Wilson, white, of Person, charged with entering a storehouse in that county

and moving whiskey which had been

seized. - Charlotte Chronicle: Capt. W. A. Barrier died at his residence, on North Tryon street, at 7.20 o'clock, yesterday evening, after having been confined to his bed for nearly two weeks. - J. E. Ratley, colored, superintendent of the colored Graded School, and Mary Creshfield, a teacher in the same school, were both asked for their resignation last night by a unanimous vote of the Board of School Commissioners, who upon investigation found both Ratley and the woman Creshfield guilty of cruelly beating Sam Brown, a speebhes in the district.-N. sick. Her death was wholly unexpected. — There is more money in circulation just now than there has been since the panie, and the merchants, not only in this town but all over the county say that there is a greater disposition to settle up this fall than they have ever known before, which is a most hopeful

-Tarboro Southerner: Aulander, Bertie county, one of the stations on the Norfolk and Carolina Railroad is a scene of intense excitement. Saturday night about nine o'clock some fiends entered the house of Nap. Atkins. one of the prominent men in Bertie county and murdered him and his mother and set ire to the house. The miscreants on entering the house struck Mr. Atkins and his mother such severe blows on their heads that their brains were knocked out and death followed instantly. The egro murderer is of dark complexion with a large scar on one side of his face and another on his forehead; weighs about 170 pounds and stoops somewhat

in his walk. - Charlotte News. Toy Rollins, one of the News' carriers in Ward 1, was run over and dreadfully mangled by a freight train on the Carolina Central road this afternoon at 3 o'clock. There is scarcely any hopes of him surviving his injuries. Toy is a son of Mr. T. H. Rollins, a mail agent on the Carolina Central road. - Two young men became engaged in a difficulty in Alexander county, just north of the Iredell line, Saturday night, when one of them was shot to death. The murdered man's name was Warren. The slayer was arrested. - A fight which resulted in a negro getting shot in the shoulder, having one ear cut off and having his body and legs gashed in half a dozen different places, seriously disturbed the devotions of a colored congregation near Huntersville, yesterday Jim Connor and Jonas Little were the parties to the affair, and Jonas was the one that was used up so badly. - Troy Vidette. We regret to learn from Mr. L. R. Lisk that on Tuesday last he lost a fine mule from hydrophobia. Some days ago his mule while out grazing was chased and bitten by a mad dog that was running at large, and the result is as above stated. —We learn from Mr. G. R. Harriss, of Nalls, that Ben. Bruton, colored, who lives near that place, on Wednesday of last week discovered in a basket of feathers under a bed in his house a large rattle-snake. which of course he killed. His snakeship had eight rattles and a button, and was killed before he did any injury to any of the members of the family. The colored people's public school house, which lies in the northeastern suburbs of the town. was burned last Sunday night, and it is supposed an incendiary did the villianous work. -The case of most importance to the public. was tried Monday, which was that of the State vs. A. R. Morris, Register of Deeds, in which Mr. Morris was indicted for buying county claims at a discount. The jury pronounced Mr. Morris not guilty of the charge.

OUR STATE CONTEMPORARIES.

The adjournment of Congress leaving the force bill unacted upon, is so much gain, but we are not yet out of the woods. The Republican party is still feeling its way toward that measure, and a little over-indulgence by the voters at the coming election will confirm them in

POLITICAL POINTS.

-The St. Louis Globe-Democrat predicts that the gerrymander of McKinley's district will get "a severe wrench' at the polls. It can't get a worse one than the Republican gerrymander of an Iowa district, which from its configuration has been fitly termed "the monkeywrench district."-Phil. Record, Dem.

-The first "fat frying" (as the term goes) under the new Tariff bill has begun with the glass manufacturers of Pittsburg, who are showing their gratitude to Mr. McKinley by subscribing means to aid him in securing his re-election. Speaker Reed is to make several Bulletin, Ind.

-When Abraham Lincoln became President of the United States the entire revenues of the government were less than \$50.000,000. Now the people are taxed to raise nine times that amount; and yet this vast revenue is insufficient to quiet the appetite of the robbers who pretend that their hunger is patriotism. -Macon Telegraph, Dem.

-The Republican party can trace its genealogy, in an unbroken line, from the revolutionists of to-day-Reed, Hoar and McKinley-back to the "Blue Light Federalists" of New England; to the members of the Hartford Convention : to the men who, in the midst of the war of 1812, called New England troops from the field, and to those who then threatened to make a treaty of peace with Great Britain independent of the Federal Government,-Louisville Courier-Journal, Dem.
