OUTLINES.

The debate on the Election bill was continued in the Senate yesterday, when Mr. Higgins made a speech in its favor. and was briefly replied to by Mr. Grav of Delaware; Mr. Voorhees made a lengthy speech, in which he severely criticized President Harrison, after which Mr. Hoar endeavored to obtain utterance from the Democratic side indicating a date upon which a vote upon the bill might be taken; he got no satisfaction, however, when he moved to adjourn, which was agreed to; District of Columbia business alone occupied the session of the House. - No agreement has yet been reached by the Financial Committee of the Scnate, and the opinion is expressed that no financfal legislation at all will be had this session. - There are signs of some change in the treatment of the Election bill, and it is probable that to-day a resolution will be offered by Mr. Aldrich to lay it on the table, to be called up when it shall be deemed necessary or expedient. - The elections in Ireland were attended with much excitement, and it was necessary to have bodies of troops present at some points to preserve order the priests took a very prominent part against the Parnell candidates; no definite information is furnished as to the result of the voting. - About \$550,000 in gold reached New York yesterday from Europe; total imports of gold since December 17th \$5,158,329. - Gen. Miles telegraphs that all of Siting Bull's followers have been captured, and Big Foot's band of Sioux, numbering one hundred and fifty. - A convention of Farmers' Alliance men, of the Seventh Congressional district of Kansas, has instructed all members of the Legislature from the district to vote against Ingalls and work for his defeat. -- St. Bernard's Roman Catholic Church, in New York city, was destroyed by fire yesterday. - A site has been selected for the Confederate Soldiers' Home, in Missouri, and the erection of the building will be commenced at an early day. - The Kickapoo Indians, instead of being engaged in ghost dancing, are on their reservation engaged in their usual peaceful pursuits; the ghost dancing by other tribes has almost entirely stopped, and no alarm is felt; Short Bull, from Bad Lands, has had a talk with Gen. Brooke, and says there are men in his camp who would come in provided they were promised protection from arrest, but this pledge, it is said, cannot be given. - A minister, in Columbus, Ind., has been convicted of malpractice. and notwithstanding the court gave him Dr. Wood will meet at the Y. M. C. A permission, the sheriff refused to allow him to attend the funeral of his dead child. -- New York markets: Money the work are making satisfactory proeasy at 405 per cent, closing offered at 4; cotton dull; middling uplands 9 5-16c; middling Orleans 95gc; southern flour dull and weak; wheat 114@11/2c lower and quiet; No. 2 red \$1 045 at elevator;

The German people evidently don't want to run out of material for Emperors when they got so wildly jubilant over the announcement of the birth of the Emperor's sixth son.

T. B. Reed is quoted as saying that "Mr. Blaine is a back number." It is the general concensus of opinion that the would-be-Czar, is conspicuous in that category himself, since the late elections.

The Sultan of Turkey has conferred upon Mrs. Whitelaw Reid, who is travelling in Turkey, the highest order conferred upon women, that of the Shefcat. How easy the reckless compositor could knock all the romance out of this by ignoring the f.

Mr. Harrison's State seems to be in bad repute amongst her neighbors. A Chicago publishing house won't sell her school books on credit because her credit is not good. She can't claim much credit for the Presidential timber she furnishes, either.

BOARD OF ALDERMEN.

Spooner, Ingalls et al, think the educational qualification in the consti-The W., O. & E. C. R. B. Co. Granted tution of Mississippi is all right if it Right of Way on South Front and don't disqualify more negroes than Surry Streets-Other Matters Conwhite men, but when it disqualifies sidered. more negroes than white men it is all

The Board of Aldermen met in called session yesterday afternoon, to hear the report of the special committee to whom was referred the application of the Wilmington, Onslow & East Carolina Railroad, for right of way along South Front and Surry streets to Castle.

The report of the majority of the committee, Aldermen Montgomery (chair-

five days fast in New York Saturday man) and Craft, was read, as follows: Your committee, to whom was referred the perition of the W., O. & E. C. R. R. Co., asking for a license to use Front and Surry streets, with its railroad tracks, could teach people how to fast for and also to open Surry street, respectfully report that they have given the subject careful consideration, having given public audience to all persons, citizens and property owners, desiring to be heard. Your committee think that any railroad terminating in the city should have communication with the river, and that the city along its entire river front must eventually be given up to trade, commerce and manufacture, and that the public interest requires a liberal policy on the part of the city respecting its streets in that portion of the city, towards any railroad company or other business interest requiring it. They, therefore, recommend the passage of an ordinance granting the license referred to in the petition substantially according to the diagram attached thereto, but which shall particularly define the tracks, and providing that it cross Dawson street at a east of Surry street, Surry street should be opened through the land of the Wilmington Cotton Mills, and subjecting the railroad company to such conditions and regulations as the Board may see fit to require. Your committee further report that they see no need, growing out of the public necessity or exigency, for opening of Surry street beyond its present limit of improvement for the present.

Respectfully submitted. Alderman Smith, the third member of the committee, submitted a minority

report, as follows: As one of the committee appointed by you to look into the advisability of granting the petition of the W., O. & E. C. R. R. Co., asking for the privilege of right of way along certain streets of this city, and also that of Messrs. S. &'W. H. Northrop and others, I beg leave to say, that I concur in the report made by the majority of the committee, except as to granting right of way to the said railroad company along Front street. Recognizing the fact that a railroad is for the public good, I would say that no unnecessary obstacle should put in their way and therefore recommend that they be allowed to cross whatever streets between their present location and the proposed one it would be necessary to cross to reach it, but when the right of way over property adjacent to Front street can be purchased as cheap as they can get it, I do not think that this city is called upon to give any portion of a principal street for railroad purposes.

except for crossing, as stated. Alderman Pearsall moved the adoption of the minority report. The motion was lost, and the majority report, as

Alderman Craft offered as a substitute that the Board meet at 8 p. m. Tuesday (to-morrow) evening. Alderman Craft's substitute was adopted.

Alderman Post called attention to the fact that the railroad company had already the right of way on Queen street. and it was stated that the company would surrender that right.

A petition for permission to erect a wooden building to be covered with tin and to be used as a blacksmith shop, on Nutt street, between Red Cross and Walnut, was, on motion of Alderman Pearsall, not granted.

Alderman Post called attention to the matter of preparing plans for a system of sewerage. While an appropriation had been voted for the purpose, the sanitary committee had not been authorized to go ahead, and he asked that the Board take some action in the matter. Mr. Rudolph Herring, sanitary engineer, had made a proposition to furnish plans for

Alderman Pearsall offered the following resolution in regard to the matter, which was adopted:

That the Sewerage Committee be authorized to negotiate with Mr. Rudolph Herring, or any other competent sani-tary engineer, for plans and specifications for a system of sewerage, and that the committee be authorized to have necessary surveys made for the perfection of the plans under the supervision of the City Surveyor.

The Board then adjourned,

- Cain Hines, a colored man, was caught in the act of robbing the money drawer at Mr. L. Vollers's store on South Front street about 2 o'clock yesterday afternoon. Hines was taken into custody by a police officer and locked up in the city prison.

OPERA HOUSE.

The Wilmington Amateur Vaudeville Co. The Wilmington Amateur Vaudeville Company played to a large house last night, the proceeds of the entertainment being for the benefit of the Seamen's Free Library and Reading Room.

The amateurs improve on acquaintance, and the performance last night was pronounced by many superior to that of Friday night. The whole performance was a great success and every one who attended enjoyed themselves and were loud in their praise of our amateur company.

Small Fires.

A small frame building on Mr. Pembroke Jones' place at Wrightsville was was burned Sunday night. The loss was small. A box of hot ashes is said to have started the blaze.

The roof of the retort shed at the Carolina Oil Works, foot of Dawson street, caught fire about noon yesterday. The fire was extinguished by the employes at the works before the Department could reach the place.

Sunday morning, about 9 o'clock, a woodshed on the premises of Mr. W. Monroe, on Eighth, between Dock and Market streets, was discovered to be on fire. The flames were suppressed with a few buckets of water and no alarm was given.
