OUTLINES.

The sudden death of the heir to the throne of Belgium has created a sensation in Brussels; it is intimated that it is a case of suicide, growing out of a love affair.

Col. Bates, who shot himself at Atlanta, Saturday, died yesterday; before he died, his son who was a witness of the tragedy, shot himself with suicidal intent.

The Republicans have at last secured a quorum in the Senate by the return of some of the absentees and the Closure rule will be pushed to a conclusion speedily.

There was a long debate in the Senate yesterday on the Closure rule, but no conclusion was reached. In the House the Naval Appropriation bill was considered until adjournment.

New York markets: Money easy at 2 1/2 per cent., closing offered at 3; cotton dull; middling 9 1/2 cents; low middling 8 1/2 cents; good ordinary 8 1/2 cents; southern flour quiet and firm; wheat a shade higher; No. 2 red 1 1/2 @ 1 1/4; elevator and 1 1/2 @ 1 1/4; No. 2, 6 1/2 @ 1 1/4; cents at elevator; spirits turpentine quiet and steady at 39 1/2 @ 40 1/2 cents; rosin steady and quiet; strained, common to good, \$1 40 @ 1 42 1/2.

From the bad odors which emanate from the Pension office Raum's refrigerator must be a failure.

Vice President Morton wears the collar now. It is not very ornamental but it tells who owns him.

There will be some pretty lively sniffling around done within the next few days to get the absent Republican Senators in the ring.

It is thought that King Kalakua's death was hastened by the banquets and receptions given him by the Californians. They helped to kill him with kindness.

The upper wards of Brooklyn, N. Y., are wrestling with diphtheria, scarlet fever and measles. The diphtheria is of a virulent type. Of 120 cases reported fifty per cent. have proved fatal.

More beef is now issued to the Indians at Pine Ridge agency than was issued before the racket. If more beef had been issued then there would have been no occasion for killing Indians.

A New York chemist claims to have invented a process of extracting spirits from potatoes. Another has number. They have been doing that in the rural districts of Ireland ever since Noah landed.

Paris and London are to be connected by telephone. As England can't be invaded by telephone the English statesmen don't object to it as some of them did to the proposed railroad tunnel under the Channel.

Under the McKinley tariff Missouri's beer supply may run short sometime, but she is not afraid of running short on water, as she claims three of the largest springs in the world, one of them with flow enough to supply the city of St. Louis.

Mrs. Hickey, of New Jersey, is said to be hale and hearty in her 80th year, and can take a five-mile walk on a dead-stretch. When all her fold are gathered around her she can smile serenely on the sixth generation with her blood in their veins.

Mr. Teller informed Mr. Aldrich Thursday that he must not assume the role of boss of the Senate. The Senate has now three bosses, Edmunds, Hoar and Aldrich, self-constituted trio. It is to the discredit of the Senate that there are not more Senators to protest against it.

The Durham Recorder has passed its thirty score years and ten, and is as buoyant and frisky as if it had just attained its majority. Mr. Hackney the publisher is a man of considerable journalistic experience, Mr. Eldridge who does the editorial work is a clever writer, and between them they get up an excellent paper.

With the last number the Greenville Reflector entered upon its tenth volume. After overcoming in its struggles apparently unsurmountable obstacles, it is now out of the shadows, and stands in the sun-light full of bright promise for the future. We congratulate Bro. Wichard, who is working hard and faithfully to push his section to the front, and wish him continued and much prosperity.

THE MITE SOCIETY.

A Pleasant Entertainment Last Night. The mystery attending the entertainment of the Mite Society was solved last night—"O. T." meaning an orange tree and "R. O." russet oranges, with which the tree was laden. The oranges were made of tissue paper and were filled with all sorts of pretty conceits in the way of confectionery, etc.

There was a good attendance at the hall and everything passed off pleasantly. Besides the orange tree and its fancy fruit there were tables at which fancy work and refreshments were displayed and sold. Mrs. Jno. T. Rankin presided at a table on which there was a marvelous exhibit of paper flowers, lamp shades and other nicknackery in paper. The candy stand, with a tempting display of confectionery, was in charge of Miss Waddell and Miss Susie Price, and the fancy work table, with its bewildering collection of all manner and kind of tasteful articles, was presided over by Mrs. W. R. French. Mrs. Jos. Price, Miss Mary McCrae and Miss Mary Reed were in charge of the refreshment table, with its tempting display of delicacies.
