OUTLINES.

The proposed combination of Farmers and Republicans in the Illinois Legislature for the election of a Farmer candidate to the U. S. Senate failed to materialize. The Senate passed the Pension Appropriation bill, a bill to establish a marine board in the interest of the merchant marine, and considered the eight-hour law claims.

These are days of big schemes. Among the latest proposed is a great ship canal from Lake Erie to Pittsburgh, connecting the lakes with the Ohio river, which they say can be completed for \$25,000,000.
