DEATH OF MR. J. A. BONITZ. Sudden Demise of the Proprietor of the

Wilmington Messenger. Mr. Juliuz A. Bonitz, proprietor of the Wilmington Messenger, died yesterday morning, at The Orton, in the fiftieth year of his age. Mr. Bonitz had been confined to his bed about a week, with an attack of rheumatism, and his death resulted from the disease reaching his heart. His devoted wife and two youngest children were at his bedside during his fatal illness, the two other children being absent at school. His funeral is announced to take place to-morrow afternoon at 3 o'clock from St. Paul's Lutheran Church. The interment will be in Oak-

dale Cemetery.

place being the city of Clausthat-Zellerfold, in the Hart Mountains. He came to this country in 1857, landing at Baltimore, Md., and at the breaking out of hostilities between the North and South identified himself with the Southern cause. Coming South he volunteered in the Goldsboro Rifles, and served for nearly four years in the Confederate service. After the war he engaged in the newspaper business at Goldsboro and established the Messenger, published weekly and semi-weekly. In May 1887," he removed the paper to this city and commenced the publication of the Daily ture. By watching the weather map Messenger.

Mr. Bonitz married in Lynchburg, Va., in 1873, Miss Delia A. Berndt, daughter of Mr. Adam Berndt, a native of Prussia. He leaves four children-two sons and two daughters. For ten years he was Chairman of the Democratic Executive Committee of Wayne county; was delegate to the National Democratic Connati in 1880 and to Chicago in 1884; for six years President of the Board of School Trustees of Goldsboro, and for three years was Chairman of the Wayne County Board of Education. At the time of his death he was a member of the Executive Committee and one of the Directors of the Eastern North Carolina Insane Asylum. In 1881 he was chosen Grand Chancellor of the Order of Knights of Pythias and since then he has been the representative of the order to the Supreme Lodge of the World. He was also an active Mason and was a member of the Evangelical Lutheran

COLORED INDUSTRIAL SCHOOL.

Meeting at the Trouber 1 Adopted, Etc.

A meeting was held yesterday at the Produce Exchange for the purpose of discussing the feasibility of establishing here the Colored Industrial School. The matter was in discussion at some length and the following resolutions were unanimously adopted.

Resolved, that this joint meeting of the Chamber of Commerce and the Produce Exchange desire to express their unqualified approval of the efforts of the colored citizens of this city in endeavoring to have the Industrial School for their race established in this city, and to endorse their applications so earnestly, strongly and fully set forth in their petition to the General Assembly. This city contains the largest negro population of any locality in the State, and is quite as accessible from all portions of

the State as any other. A committee of colored citizens, consisting of Rev. J. W. Telfair, J. B. Dudley and Valentine Howe, appeared before the meeting and stated that from all they could gather the school would be established at the place offering the greatest inducement; that Raleigh was not to be considered, but Winston and Durham had both offered land for the site and money to help build the houses; that they were justified in saying that sixty-five hundred dollars and a site for buildings would be given by the colored people of Wilmington; and they asked especially that the white people cooperate with them in their efforts, and urge upon the members of the Senate and Legislature the importance of placing the school at this point. The object of the school is to teach the mechanical trades to the colored youth, fitting them for the responsibilities of

life, and making of them useful and supporting citizens. The colored people have shown remarkable zeal in the matter, and the money they have secured for this purpose shows the correctness in which they view it and comendable public spirit, The Secretary of the meeting was directhe Senator and Representatives from this county and ask that efforts be made for establishing the school in this city. WIND AND WEATHER.

A Storm Passing Across the Country. The high winds and dirty weather that prevailed here yesterday was consequent upon a well developed storm centre which passed across the country west of us yesterday morning, and which was central near Cairo, Ill., where the barometer pressure was 29.52, from which the pressure increased on all sides, creating, as it were, a sink in the atmosphere around which the air circled in its endeavor to fill up the void. This area of low pressure was following in the track of an area of high pressure, which had passed diagonally across the county from southwest to northeast, on the 6th inst., on the North Atlantic, in which direction this storm centre will Mr. Bonitz was a native of the King- also move. We were, with our usual dom of Hanover, Germany; his birth- good luck, just too far away from the centre to get more than a whiff of its power. It is thought by the Signal Office that the gale will be severe on the North Atlantic coast.

> There is one very interesting feature in the meteorology of this continent, and that is, that the barometric areas of "high" and "low" tollow very closely in each other's track; in fact, the agitation of the atmosphere resembles very much the action of wind on the water, only on a larger scale; the "high pressure" as accompanied by lower temperature and the "low pressure" by a high temperaissued from the Signal office each day and noticing the movement of these "highs and lows," we can get a very fair idea of what changes may be expected in the weather.

Resolutions Adopted Concerning the Death of Mr. Bonitz.

ian, 1.24 and Vicksburg, 1.14.

At the meeting at the Produce Exchange yesterday morning, Mr. Donald MacRae announced the death of Mr. Julius A. Bonitz, and Mr. Wm. Calder. with a few introductory remarks, subwhich were adopted:

Resolved, That we have heard with deep sorrow of the sudden death this morning of Julius A. Bonitz, Esq., editor of the Wilmington Messenger, and recognizing in this dispensation of Providence a public loss, as well as a personal affliction, desire to make some expression of our appreciation of his earnest and laborious efforts for the advancement of the commercial and industrial importance of our city and State, to which objects he gave the best efforts of his intelligent mind and exceptional energy.

Resolved, That we tender to his afflicted family our sincerest sympathies, and as a mark of respect, direct that the business of this Exchange be suspended during the hour of his obsequies, and

On motion of Mr. D. G. Worth, Messrs. Wm. Calder, Jno, H. Currie and Jas. C. Stevenson were appointed a committee to carry out the above resolutions, and to transmit a copy of the same to the family of the deceased.
