C. O. Lepper, Druggist, Fort Wayne, Ind., writes: "My little sister, four years of age, was so ill from bronchitis that we had almost given up hope of her recovery. Our family physician, a skilful man and of large experience, pronounced it useless to give her any more medicine, saying he had done all it was possible to do, and we must prepare for the worst. As a last resort, we determined to try Ayer's Cherry Pectoral, and I can truly sar, with most happy results. After taking a few doses she seemed to breathe easier. and, within a week, was out of danger. We continued giving the Pectoral until satisfied she was entirely well. This indisputable evidence of the great merit of Ayer's Cherry pectoral has given me unbounded confidence in the preparation, and I recommend it to my customers, knowing it cannot disap-

The remedies ordinarily used in such cases failed to give me relief. PINE FIBRE MATTING,

WILMINGTON, NORTH CAROLINA

THE REPUTATION OF OUR FERTILIZERS, the ACME and GEM, is now established, and the result of three years' use in the hands of the best farmers of this and other States fully attest their value as a high model. The MATTING, made from the leaves of our native pine, is conceded to be equal to any woven carpet for comfort and durability, and the demand for it is daily increasing. It has virtues not found in any other fabric.

The fIBRE, or wool, is extensively used for uphol stering purposes, and as a filling for Mattresses is almost equal to hair, being light, elastic and proof against insects.

Suffering from the effects of youthful errors, early decay, wasting weakness, lost manhood, etc., I will send a valuable treatise (sealed) containing full particulars for home cure, FREE of charge. A splendid medical work; should be read by every man who is nervous and debilitated. Address, Prof. F. C. FOWLER, Moodus, Conn.

CARD FROM SENATOR VANCE.

United States Senate, Washington, D. C.,

I take great pleasure in saying that I am well acquainted with the waters of the Sparkling Catawba Springs. I consider them of the greatest value, having witnessed their effects upon many of my acquaintances for the last fifteen years. Situated as they are in the midst of a beautiful rolling country, entirely above the malarial belt, I know of no place in our State more desirable for the health-seeker.

Dear Sir:—I have visited a great many Springs in this country and in Europe, among others the "Saratoga" of this country, and the celebrated "Karlsbad" Springs in Europe, and am free to say that I find the "Sparkling Catawba" to excel, in their curative properties, all of them. And so far as I am personally concerned. I always look forward with pleasure to the

concerned, I always look forward with pleasure to the time when I can spend a few pleasant days at those Springs.

Yery respectfully,

The subscriber has been for many years acquainted with the beneficial effects resulting from the use of the Sparkling Catawba Spring water. It restores the lost appetite regulates the action of the bowels and kidneys, clearing the skin, and removing eruptions (usually benefited by sulphur or arsenic). By its use the patient gains weight, strength and spirits. I have not seen more general beneficial results from the use of any other mineral water with which I am acquainted. In 17 D&W tf
