Ayer's Pills

In the summer of 1864 I was sent to the Annapolis hospital, suffering with chronic harrhea. While there, I became so redated in strength that I could not speak and was compelled to write everything I wanted to say. I was then having some 25 or 30 stools per day. The doctors ordered a medieine that I was satisfied would be of no benefit to me. I did not take it, but persunded my nurse to get me some of Dr. Aver's Pills. About two o'clock in the afternoon I took six of these pills, and by midnight began to feel better. In the morning the dectors came again, and after deciding that my symptoms were more favorable, gave me a different medicine, which I did not use. but took four more of the pills instead. The pext day the doctors came to see me, and thought I was doing nicely, (and so did I). I then took one pill a day for a week. At the end of that time, I considered myself cured and that Ayer's Pills had saved my life. I was then weak, but had no return of the disease, and gained in strength as fast as could be expected."-F. C. Luce, Late Lieut. 56th Regt. Mass. Vol. Infantry. Aver's Pills are

> CARD FROM SENATOR VANCE. United States Senate, Washington, D. C.,

February 7th, 1885.

I take great pleasure in saying that I am well acquainted with the waters of the Sparkling Catawba Springs. I consider them of the greatest value, having witnessed their effects upon many of my acquaintances for the last fifteen years. Situated as they are in the midst of a beautiful rolling country, entirely above the malarial belt, I know of no place in our State more desirable for the health-seeker. Yours very truly, Z. B. VANCE.

Office of WITTKOWSKY & BARUCH, Charlotte, N. C., March 2, 585. Dear Str:-I have visited a great many Springs in this country and in Europe, among others the "Saratoga" of this country, and the celebrated "Karlsbad" Springs in Europe, and am free to say that I find the "Sparkling Catawba" to excel, in their curative properties, all of them. And so far as I am personally concerned, I always look forward with pleasure to the

time when I can spend a few pleasant days at those Springs.

Yery respectfully,
S. WITTKOWSKY Springs. Charlotte N. C., February 25, 1885. The subscriber has been for many years acquainted with the beneficial effects resulting from the use of the Sparkling Catawba Spring water. It restores the lost appetite regulates the action of the bowels and kidneys, ciearing the skin, and removing eruptions (usually benefited by sulphur or arsenic). By its use the patient gains weight, strength and spirits. I have not seen more general beneficial results from the use of any other mineral water with which I am acquainted, iv 17 D&W tf
