The State of California has appropriated \$700,000 for her exhibit at the World's Fair.

There are somewhere in the neighberhood of 300,000 commercial travelling men in this country, but they are as a rule generally peaceby disposed

It is said that the photographers of this country use annually about a million dozen eggs in preparing pictures, which may account in part for the scarcity of spring chickens.

English companies are reported to be making some large investments in water-powers at Columbia, S. C., and other points in the South with a view to establishing cotton factories.

There is a hen farm near San Francisco which produces 6,000 eggs a day. When that Kansas man gets his egg factory in operation this egg cultivator may then retire from business.

In its new dress the Progressive Farmer is one of the handsomest papers in the State, and seems to be well sustained by the farmers in whose interest it is published. Mr. Cade is doing some good editorial work on it.

The Maryland Democrats propose to show their appreciation of the service rendered by Senator Gorman by laying out the Force bill gang, by presenting him with a splendid silver service.

Dr. Gardner, of Washington, says there are too many foliage plants in and about the White House, and that this is the cause of the severe sore-throats from which Mrs. Harrison suffers, and also of much of the sickness in the family.

Gen Lew Wallace says a poultice of mustard and garlic applied to the soles of the feet will cure rheumatism in a night. It would be a pretty robust case of rheumatism, or a pretty robust man who could stand treatment like that.

The Senatorial contest in the Illinois legislature wags along as usual. The 101 Democrats are solid for Palmer, the 3 F. M. B. A. men are also solid for some other fellow, while the Republicans are doing their level best to get solid with the aforesaid trio.

It is said that one of Mr. Harrison's reasons for appointing Gov. Foster Secretary of the Treasury | April. was that he wanted to have a sharp politician near him to keep an eye on Mr. Blaine, who he thinks is coming somewhat too prominently to the front as a dangerous competitor for the Presidential nomination, for which Harrison hankers.

The negroes about Waco, Texas, seem to be getting somewhat excited over their political rights. Perhaps this is on account of the efforts of the Texas white Republicans to weed the colored brother out of the party. But considering the fact that the Democrats have about 100,-000 majority in that State it is not apparent why there should be any excitement on that subject.

WILMINGTON, N. C., FRIDAY, FEBRUARY 27, 1891.

THE OYSTER LAW.

Main Features of the Bill to Protect the Oyster Interests of the State as Passed by the House of Representatives.

The "oyster bill," which passed the House last Tuesday night, makes it unlawful to use any instrument but handtongs for taking oysters from the public oyster grounds of the State, under penalty of \$500 fine or not less than one year's imprisonment, and forfeiture of boatand appliances used.

Non-residents of the State are not allowed to take oysters in any manner. All boats engaged in taking oysters shall be licensed for a period not less

than twelve months. The license for a

boat 20 feet or less is \$1.50; 25 feet,

\$2.00; 30 feet, \$2.50; 35 feet and under

custom-house tonnage, \$3.50; all boats of custom-house tonnage \$1.00 per ton. Persons taking oysters are also required to obtain individual license and pay therefor the sum of \$2.50. Any expenses, to pay counsel fees, &c., as person taking oysters without individual icense is liable to a fine of not less than

> months. Unlawful to take oysters from any of the public grounds of the State on Sun-

> \$100 or imprisonment not less than six

days or at night. One-halt of all fines imposed go to the informer and officer making the arrest, equally; the other half to the oyster fund of the State; except in the case of the patrol force of the State.

The burden of proof shall be upon the defendant in all causes arising under the act, to show that oysters were not taken from public grounds or natural oyster rocks of the State.

The Governor shall appoint one Chief Commissioner, whose term of office shall be for two years, and salary \$1200 per annum; he shall give bond in the sum of \$5000. Provision is also made for an associate Commissioner, who shall be ex officio captain of the patrol force of the State; term of office two years and salary \$720 per annum. Inspectors of oysters shall be appointed by the Chief Commissioner at each point where the market is sufficient to justify such appointment, and as many shall be appointed as may be necessary. Each inspector shall give bond in the sum of \$500. Each inspector shall receive as compensation, one cent for each bushel or tub of oysters measured under his inspection, to be paid by the

Oysters shall be culled upon the public grounds from which they are taken, and all oysters whose shells measure not more than two inches from hinge to mouth and all shells taken with said oysters, shall be returned upon said public grounds; and it shall be unlawful for any person to have in his possession for sale any cargo or portion of a cargo of which empty shells and small oysters shall amount to more than ten per cent. of said cargo, under penalty of fine or in-

All oysters measured in this State be measured in a onebushel tub, a bushel tub, or a three-bushel tub; circular, with straight sides and bottom. A half-bushel tub shall measure from inside to inside fifteen inches across the top, thirteen inches from inside to inside across the bottom, and seventeen inches diagonal from inside chime to top. A bushel tub shall measure eighteen inches from inside to inside across the top, sixteen inches and a half from inside to inside across the bottom, and twenty-one inches diagonal from inside chime to top. A three-bushel tub shall measure twenty-four inches across the top from inside to inside, twenty-two inches from inside to inside across the bottom, and twenty-nine and one-quarter inches diagonal from inside chime to top. Onslow county is exempted from the provisions of the bill.

A meeting of the "North Carolina Y. M. C. A. Literary Society.

A meeting was held at the Y, M. C. A. rooms yesterday evening to discuss the advisability of reviving the Literary Society, which for some time past has been discontinued.

Mr. A. J. Howell, Jr., stated that the failure of the Literary Society was owing not to its unpopularity but to the lack of efficient organization. He expressed the opinion that with better arrangements in this respect it could be made one of the most important and beneficial features of the Association, and he trusted that no efforts would be spared by the members to make the undertaking successful.

It was decided to call a meeting on Monday, March 2d, when it is hoped there will be a large attendance. The secretarial arrangements pro tem. are in the hands of Mr. R. Pride, who will be glad to answer any inquiries on the subject.

The weather vesterday was decidedly 'unsettled and irregular." People were at a loss what to expect, and even the Signal Service men seemed undecided about the matter. Both flag-staffs on the government building were occupied -one with the cautionary northwest storm signal and the other with the signal for a cold wave. The Signal men had a wide gin on the latter, however, and one day grace which will not expire until this morniag. The wind got up before daylight-from the southwest, howeverand rattled around town at a lively rate until near noon, when it subsided, and the remainder of the day until evening was as pleasant as one could wish. Soon after nightfall clouds gathered in the west, there was a sprinkling of rain and the wind again roused up, blowing at a lively rate and gradually veering around to the northwest and causing the mercury to fall several degrees. The mean temperature yesterday was about °: 56to reach the point fixed by the prediction of the Weather Bureau-35°-the mercury will take a decided tumble by 8 o'clock this morning.

The Newbern Fair.

The Journal says that between six and seven thousand people were on the grounds Wednesday. Gov. Fowle, State Auditor Sanderlin and twenty-eight members of the Legislature were in attendance. It was Alliance day. Gov. Fowle spoke briefly, and Mr. Sanderlin made an address.

Joseph H. Merriman, the colored man arrested on the charge of stealing \$15 from Wm. Myers, colored, was brought before Mayor pro tem. Post yesterday in the City Court room for an investigation of the case. Both parties had counsel, Mr. Marsden Bellamy appearing for Merriman and Mr. Lockey for Myers. The court room was crowded with colored people. After a full investigation of the case, the Court directed the discharge of Merriman, the evidence being not sufficient to show that he was guilty of the charge.
