Italy's lemon crop has been badly hart by a severe gale. -- The Navy Department reports scarcely a vessel in the navy with its full complement of seamen. - Archbishop Walsh is in Rome to confer with the Pope in regard to political affairs in Ireland. -- New Orleans remains quiet; Parkerson who led the citizens in the lynching, has received warning from the Mafia assassins, but is not uneasy; the grand jury is investigating the bribery cases; O'Malley, the alleged detective, is still in hiding. --A break in the levee a few miles above New Orleans, La., is reported; railreal tracks are submerged. - The Batish steamer Utopia from Italian

perts with over 700 Italian emigrants ab ard, collided with the British ironelad Rodney at Gibraltar and sunk; over 2.0 passengers perished. -H. B. Claffin's dry goods house, N. The probabilities are that the Mafia will be somewhat backward in coming forward in New Orleans for some time to come.

Memphis is getting a move on her. Sie proposes to issue \$1,000,000 bonds for street improvements, and it will be money well invested.

It is said that it will take ten years and frrm \$8,000,000 to \$10,000,000 to complete George Vanderbilt's castle at Biltmore, near Asheville.

Philadelphia is making war on the "nude in art." Minnesota is going for the nude in tights, and now it is time for some one to be reaching out for

the dude in pants. Trained women nurses have taken the places of male nurses in the Soldiers' Home in Milwaukee. This is right. Able-bodied men can be better employed at something else

and give the women a chance. The "blrasted foreigners" have got the grip on Chicago and Milwaukee. They have recently invested \$11,000,000 in gobling up big breweries, which have a capacity of six hundred thousand barrels per year. A syndicate which controls

such a flow of beer as that must be

"in the swim."

Ex-Senator Ingalls protests against the proposed profligate expenditures for ships of war in times of peace. Mr. Ingalls seems to be pretty levelheaded on this subject, but it would have been more to the point if he had flung in a protest or two while he was in the Senate and those big jobs were being hatched up.

Prof. Wiggins is a very thoughtful sort of a fellow. With a commendable regard for the nerves of the inhabitants of North America he has considerately postponed all his big earthquakes, and other phenomenal hair lifters until 1904, which gives people who don't like these things, reasonable time to emigrate or construct comfortable dugouts.

Mr. John D. Rockefeller has made another gift, the third, of \$109,000 to the Baptist Educational Society, making his total contributions so far \$1,000,000. Mr. Rockefeller seems to be a very sensible as well as benevolent man in thus planting his surplus dollars where they will do the most good while he is around in the flesh to superintend the planting.

The announcement that an Iowa woman has just fallen heir to \$10,-000,000 British lucre recalls the fact that the American Legation in London states that since March 1889 over two hundred claims by American heirs to big estates in Great Britain have been received, and investigation showed that in not a single case was there the slightest foundation for the claim, that it was all the work of English sharpers who were making money by practicing on credulous Americans.

SUNDAY SCHOOL CONVENTION.

Closing Exercises-Last Night's Meeting

at the First Presbyterian Church. A good number was in attendance last evening on the closing exercises of the New Hanover County Sunday School Convention held, as on the evening previous, in the First Presbyterian Church.

The meeting was opened with devotional exercises conducted by Rev. Dr. Pritchard, of the First Baptist Church. He showed the duty of praying for the conversion of the children. Childhood, he said, is a fertile soil and all conditions seem favorable for the propagation of gospel truth, and Christians converted in early years are more symmetrical as a rule than those converted later in life.

His remarks were followed by three short prayers for God's blessing on the work of teaching and converting the

Mr. Jas. F. Post, Jr., the Presidentelect, then in a short speech expressed his surprise at receiving the news of his election, as he was absent last evening, and accepted the office as a compliment to the church he represented rather than to himself.

The following resolution was offered by Mr. C. H. Robinson and adopted by a rising vote:

WHEREAS, Our beloved brother . W. King, the Superintendent of Grace Methodist Sunday School, is by reason of sickness unable to attend the meetings of this Convention; therefore, Resolved, That we extend the brother our sincere sympathy and commend him to our Heavenly Father, who careth for all who love Him, and to the graci-

ous love of our blessed Saviour, and the

comforting presence and abiding of the

Holy Spirit. See 2d Cor., 1st chapter, 3d and 4th verses. The report of Sunday School Superintendents was next in order.

Mr. S. G. Hall read the reports of Masonboro Baptist Sunday School, E. Hewlett Superintendent; Brooklyn Baptist Sunday School (this city); Baptist Chapel School, Mr. W. A. French Superintendent, and First Baptist Church

School, S. G. Hall Superintendent. Mr. H. A. Wendell read a full report of a new school organized about four months ago about three miles from the city, called "Cedar Grove" Baptist Sunday School.

Mr. S. G. Hall read a report of Olive Branch (Baptist) School at Greenville Sound; W. C. Walton Superintendent. Mr. C. H. Robinson read report of the Sunday School of the First Presbyterian Church, this city, C. H. Robinson Superintendent; and Front Street Mission School, (Presbyterian) Samu

Northrop Superintendent. Maj. T. D. Love read the report of St. Andrew's Presbyterian School; T. D.

Love Superintendent. Mr. W. M. Cumming read a communication from Mr. W. H. Strauss stating that no report was sent from St. Paui's Lutheran School because they had decided to withdraw from the Association.

The report of the Fifth Street Methodist School was read by the Superintendent, Mr. John C. Davis.

Report of Grace M. E. School was read by Rev. Dr. Creasy; also, reports of McTyere Methodist Mission School, (this city), Mr. Jas. F. Post, Jr., Superintendent, and the report of Market Street Methodist Mission was read by

Mr. R. H. Beery, Superintendent. The report of Bladen Street Methodist School was read by the Superintendent. J. G. Darden.

Rev. Dr. Creasy read the report of Acorn Branch Methodist School (in the country), Jas. T. Kerr Superintendent. The brethren appointed to lead the general discussion of the Sunday School work-Rev. Mr. Peele and Rev. Mr. Beaman-being unavoidably absent, by request Rev. Mr. Swindell opened the discussion, on the difficulties and encouragements of the work. He had, he said, but little opportunity for studying the subject by observation, for during two years he had been on the wing; though he had sometimes the pleasure of attending Sunday School, He had observed as some of the discouragements the lack of proper literature for use in the school, mainly in the country. the lack of proper earnestness in the study of the lessons by the teachers; the lack of training by parents at home; and some of the encouragements he thought to be the large number of schools keeping at work during the winter which have heretofore gone into winter quarters; and the gathering of children in sparsely settled communities into or-

ganized schools. Rev. Dr. Hoge spoke on the importance of the teacher exciting a vivid interest of the scholar in the subject presented, and said the teacher who could do this would never fail in impressing the truth desired to be conveyed. Dr. Pritchard thought the children should be taught lessons of benevolence. Mr. B. G. Worth thought he saw encouragement in the fact that the old custom of asking every stranger who happened to come in to make a "speech" had passed

Dr. Pritchard thought that as some denominations were not working with the Association, that in order to give a full report of the Sunday School work in the county, the Association should make an effort to get statistics of all

schools in the county. Dr. Hoge said he hoped the Executive Committee would consider some way to have a more systematic manner of getting statistics. A difference of administration in Sunday Schools often makes an apparent discrepancy in the reports, which really is not a fact; he thought there could be a more uniform system in filling report blanks.

A collection was then taken up to meet the one hundred dollars pledged by this Association to the State Convention, which meets in Fayetteville on the 24th, extending through to the 26th.

The Nominating Committee presented the following names as delegates to the State Convention: C. H. Robinson, J. S. Wood, R. H. Beery, F. L. Huggins, P. B. Manning, A. B. Cook, J. G. Darden, John McDougall, John C. Davis, Mrs. R. N. Sweet, Mrs. T. H. Pritchard, and Miss Mollie Hawes. On motion of Dr. Hoge visitors from the country were empowered to act as delegates until the full number was made up.

The nominations of the committee were adopted, and the Secretary was instructed to forward the names to the State Secretary.

The Convention then adjourned with the Doxology and benediction.

ST. PATRICK'S DAY.

Celebration by the Hibernian Benevolent Society.

The members of the Hibernian Benevolent Sodety met at their hall on Third street yesterday morning at halfpast ten o'clock, to celebrate St. Patrick's day. The Society was formed in line in front of the hall, numbering about one hund'ed, and marched to St, Thomas' Catholi Church, where special services were held, conducted by Rev. Father Burn., His sermon was on 'Ireland converted to Christianity by St. Patrick.'

After the services the Hibernian Benevolent Society formed in line and marched to their hall, where their an-

nual meeting was held. Mr. M. O'Brien called the meeting to order, and a committee was appointed to take up a subscription for Cardinal Gibbons' Irish relief fund. The committee is composed of the following gentlemen: F. Donlan, D. O'Connor, E. Glavin, L. Brown and M. O'Brien. One hundred dollars was collected in cash in a few minutes, after which the President, M. O'Brien, read his annual report, which was very gratifying to the members, showing that the society was never in a

better condition financially. The following officers were elected for he ensuing year: M. O'Brien, President; Dan Quinlivan, Vice President; Wm. Flanagan, Secretary; W. Bate, Assistant Secretary; and J. W. Reilly, Treasurer. At 1 o'clock the meeting adjourned to

the next room where refreshments were served to all present. Easter Monday night a grand ball will

be given at Hibernian Hall. KILLED ON THE RAIL.

Andrew Laspeyre, Colored, Run Over by

a Train at Magnolia. "Doctor" Andrew L. Laspeyre, the colored man who was wanted here for complicity in the Chesnutt & Barrentine robbery, was killed Monday night at Magnolia, Duplin county. He was trying to steal a ride on a passing freight train and fell on the track. Four cars passed over him and his head was smashed and both legs were cut off. Laspeyre's partner in crime and half-brother-Geo. Nash-was tried in the Criminal Court yesterday, convicted, and sentenced to five years' imprisonment in the State

His clear analysis, entirely unemotional, but convincing, holds one in close attention, and his striking analogies from nature and experience recall Henry Drummond and Bishop Butler. It is already evident that his mission will be productive of much good here."

Candidates for the Wilmington Collectorship are crowding fast upon each other's heels. Petitions, it is said, are now in circulation for the appointment of James Dudley and Jno. T. Howe, (both colored) for the position. Dudley was clerk in the office of Register of Deeds under the late Republican administration of New Hanover county. and Howe is a letter-carrier. In the meantime Gen. S. H. Manning is in Washington, whispering sweet words in President Harrison's starboard ear and promising him the North Carolina delegation in the next National Con-

vention. Storm Signals,

The cautionary northeast storm signal was displayed at the station here yesterday afternoon. The storm was then central in Southern Florida. Northeast gales were predicted, with rain. Signals were also ordered up at Charleston, Morehead and Washington, N. C.

Wreck on the Carolina Central.

A through freight train from Norfolk for Charlotte on the Carolina Central railroad, went through a trestle between Rockingham and the Pee Dee river bridge last Saturday night. There were fifteen cars in the train, thirteen of which and the tender went down in the wreck, Only one person was injured, a colored fireman, who was taken out with a broken

leg. The cars were filled with flour and fertilizers; they were tumbled one upon the other and their contents scattered. The wreck was caused by one of the trucks of the tender breaking. A wrecking force was soon on the

scene and the break was repaired, the first train passing over at 3 p. m. yes-

Library Association Lecture.

Quite a number of people took a trip stereopticon and descriptions. The views were very fine and the descriptions excellent and interesting. Capt, Bixby announced that further lectures this month would be suspended owing to his probable absence from the city, but that they would be resumed in April, and a concert and lectures on "Lady Jane Grey," "The Old Curiosity Shop," and "The Cricket on the Hearth," would probably follow, at the rate of one entertainment per week.

Col. Craighill, supervising engineer of the river and harbor districts of the South Atlantic Coast, is in the city, arriving on last night's train from the North. In company with Capt. Bixby, he will inspect the lower Cape Fear today and will leave to-night for Charleston and Savannah.
