OUTLINES.

A British steamer, with iron ore from Cuba for Baltimore, is ashore at Chicamocomico; out of a crew of twenty-six, nineteen were lost.

Some of the Republican papers of Illinois having asserted that Gen. Palmer got the votes of the two F. M. B. A. which elected him to the senate by making certain pledges to them.

The French Government which doesn't seem to be altogether favorably disposed towards our proposed reciprocity with Brazil, has notified French merchants dealing with that country to claim equal privileges with the merchants of any other nation.

The first soda manufactory in the South has recently been established at Nashville, Tenn., another proof that the South is on the rise.

The Cincinnati Commercial-Gazette wants the Ohio Republicans to bury the hatchet. This they should do by all means before the Democrats bury them.

There is an unusual amount of sickness in a portion of Pottsville, Pa., attributed to polluted drinking water, resulting from defective sewerage.

Tramps on the rampage who learn how the enraged denizens in the vicinity of Shelbyville, Indiana, dressed up that tramp a few days ago will be apt to give that section a wide berth in their meanderings.

When in the House of Representatives Senator-elect Felton, of California, did not achieve much reputation as a looming statesman, but as a champagne guzzler and terrapin taster he always got there, with signal success.

Ex-Senator Wade Hampton thinks that Grover Cleveland is the coming man, that he ought to be and will be renominated, and that the prospects for the success of the Democratic party in the next Presidential contest are very bright.

Gov. Nichols, of Louisiana, took his time to answer Secretary Blaine's telegram in reference to the New Orleans lynching and he had his head on his shoulders when he wrote it. Mr. Blaine didn't when he wrote his telegram.

Under the plan proposed in the Pennsylvania Legislature it is estimated that sixteen of the new districts will be Republican, ten Democratic and four doubtful. This will be something of an improvement, for heretofore twenty-one of the districts were Republican and seven Democratic.

The rigid simplicity observed in the burial of Gen. Joseph E. Johnston, was in harmonious keeping with the modest and unassuming demeanor which had characterized the life of the great soldier since he laid down his sword and entered the walks of peace. It was his wish that it should be so.

There is a movement on foot in the State of Delaware to call a constitutional convention to revise and patch up her State constitution which has been in operation since 1831, and has been repaired with only two patches in that time. It is considered rather antiquated to meet the present modern requirements.

Bernhardt, with her Cleopatra and her little snake, has given the snake a boost in the fashionable walks of some of the Northern cities, and the fad now is among feminine devotees of fashion to tote snake devices on hats, parasols, fans, bracelets, and even on their stockings. If this keeps on the fellow with snakes in his boots may soon be in the fashionable swim.

Mayor Gleason, of Long Island City, is a reformer from long law. He recently suppressed a circus in his town because it didn't come up to the requirements of a good show.

Some of the Republican papers of Illinois having asserted that Gen. Palmer got the votes of the two F. M. B. A. which elected him to the senate by making certain pledges to them.

The French Government which doesn't seem to be altogether favorably disposed towards our proposed reciprocity with Brazil, has notified French merchants dealing with that country to claim equal privileges with the merchants of any other nation.

LOCAL TOPICS.

Items of Interest Gathered Here and There and Briefly Noted.

Don't forget this is election day.

To-morrow being Good Friday, a number of business places will be closed.

The hour for night services at several of our city churches has been changed to eight o'clock.

One case of "drunk and down," before the Mayor yesterday, paid five dollars into the city treasury.

Polls open at 7 o'clock and close at sundown, which will be at seventeen minutes past six, according to Turner's almanac.

The Second, Third and Fourth Wards will elect six Democratic Aldermen to-day, leaving the First and Fifth Wards somewhat doubtful.

The "Convivial Band" serenaded Mr. Joe Hinton at the Purcell House last night in honor of his 21st birthday.

Miss Louise Katz was one of the musical directors at the entertainment given at Concordia Hall last Tuesday, not Miss "Louise Macks" as the types had it.

The weather records of the Signal Office give the following report of the range of temperature, etc., yesterday: At 8 a. m., 49°; 3 p. m., 53°; maximum temperature, 63°; minimum, 48°; average 66°. Prevailing wind, northeast. Total rainfall, .0.

The Morning Star. An enlargement of the STAR and many other improvements are in contemplation, though they may not be made in full before the close of the present volume. In the meantime, its readers may rely on a live, vigorous and progressive management.

The Norwegian barque Alert, cleared for Bowling, Scotland, with cargo of 4,235 barrels rosin, valued at \$7,715. Cargo by Paterson, Downing & Co.; vessel by C. P. Mebane.

The Election Case. It is the intention of the STAR to give its readers the news. Following up its very full telegraphic synopsis of the opinion of the Supreme Court, printed yesterday in the case of Van-Amringe vs. Taylor, it presents to-day the full text of that opinion, which will probably be read more generally, and with more interest, than any opinion ever delivered by the Supreme Court in which the people of New Hanover were interested.

Bright, Clean, Conservative. [Fayetteville Baptist.] We congratulate the MORNING STAR, of Wilmington, on reaching its 48th volume. A bright, clean, conservative paper, it shines clearly and gains new lustre with its added years.

The following are the weather forecasts for to-day: For North Carolina and South Carolina, fair on coast, increasing cloudiness, rain Thursday in interior, slightly cooler in Eastern portion, warmer in Western portions. Winds southeasterly.

STRICTLY PERSONAL.

Movements of People You May Possibly Know. — Mr. R. P. McDougall who recently moved to New York, has returned to Wilmington.

— Mr. Branch, yard master at the Atlantic Coast Line depot, has been quite sick, but was out yesterday.

— J. Allen, Free State, W. H. Daniel, Mullins, S. C.; D. B. McNeill, M. D., Brunswick county; and J. T. South-land, Southport, were guests at The Orton yesterday.

— Mr. James W. King, who has been in poor health for some time, was out riding yesterday. He threatens to vote a Democratic ticket to-day, sick or well.

— Rev. C. P. Jerome, editor and proprietor of the Christian Leaflet, a neat, clean and interesting Weekly published at Southport, was here yesterday, and favored the STAR with a visit.

— Mr. R. J. McIlhenny, who has been prostrated with an attack of nervous dyspepsia, is slowly improving. His re-appearance on the streets will be warmly greeted by his many friends.

— Mr. Jas. H. Chadbourn, Jr., General Manager of the Wilmington, Chadbourn and Conway Railroad, was here yesterday. He reports 51 miles of road completed and the work still in progress.

— J. M. Davis, Charlotte; F. T. Mills; Whiteville; S. B. Taylor, Catherine Lake; R. S. Newton, Southport; Capt. David Jones, Fayetteville; W. L. Radford, Smithfield; and D. M. Tedder, Charlotte, were among the arrivals at the Purcell House yesterday.

— Col. John D. Taylor was 7 years old Tuesday, the day he received the telegram from Raleigh announcing that the Supreme Court had confirmed his title as Clerk of the Superior Court. The Colonel says it was the most valuable birth-day present he ever received.

— Captain Matthew Laspeyre, a native of this city, who for twenty years past has resided in Georgia, stopped over on his way North and spent yesterday in our city visiting his mother, sister and friend. "Sonny" in his boyhood days imbibed a good deal of the Rock Spring water and hence he could not give his old home the "go-by."

— Chief Newman dropped into the STAR office last night shivering with a chill. Our "grip" doctor gave him the following prescription: Fireman's banquet, 10 p. m., three scruples; 11 p. m., three drachms. Repeat every ten minutes until a punch bowl looks like the boiler of the Atlantic engine. Then lie down with "Dennis" and go to sleep.

— The Weldon correspondent of the Richmond Dispatch speaks thus pleasantly of Mr. Harry Walters, General Manager of the Atlantic Coast Line: "Mr. Walters, while a Baltimorean by birth, is a thorough North Carolinian in sentiment and by identification. His interests here in the 'Old North State' are so closely allied with the best interests of her people that they claim Mr. Walters as one of their very own. He has done much for the prosperity of Eastern Carolina, all of which is duly appreciated."

Special Services in the Lutheran Church. Large numbers are attending the special services in the Lutheran Church. Rev. Mr. Cox is a scholarly, earnest and instructive preacher, and yesterday afternoon delivered a highly interesting discourse on "The Last Passover" and "The First Communion." This afternoon he will preach on "The Might of Sin."

Services on Good Friday will be as follows: German communion at 11 a. m.; Scandinavian communion at 3 p. m.; English service and confirmation at 8 p. m. The class of 18 will be confirmed and addresses will be delivered by Pastor Peschau and Pastor Cox. All are welcome.

ELECTION TO-DAY.

For Aldermen and on the Question of Appropriations.

The question of the city appropriating \$100,000 for sewerage and \$100,000 for street improvements will be submitted to the popular vote to-day.

The Democratic candidates for Aldermen are:

First Ward—W. H. Strauss and J. H. Sweeney. Second Ward—A. G. Ricard and C. B. Mallett.

Third Ward—Jas. F. Post, Jr., and S. H. Fishplate. Fourth Ward—John J. Fowler and A. Adrian.

Fifth Ward—F. A. Montgomery and Wm. Ulrich, Jr.

Weather Forecasts. The following are the weather forecasts for to-day: For North Carolina and South Carolina, fair on coast, increasing cloudiness, rain Thursday in interior, slightly cooler in Eastern portion, warmer in Western portions. Winds southeasterly.

W. S. F. E. CO. NO. 1.

Twenty-Second Anniversary—Banquet at the Purcell House. The twenty-second anniversary of Wilmington S. F. E. Co., No. 1 was celebrated last night with a banquet at the Purcell House.

The members of the company with their guests assembled at half-past 9 o'clock in the spacious dining hall of the hotel. Capt. W. P. Oldham, president of the company, presided at the feast and as master of ceremonies read the toasts, which were responded to as follows:

"The City of Wilmington—its past, present and future prosperity." Alderman Jas. F. Post, Jr.

"Wilmington Hook and Ladder Company—the oldest organization in the city—with all her glory." Ex-Mayor Fishplate.

"Howard Relief Fire Engine Company—the first in the city." Ex-Chief J. G. Oldenbuttel, foreman.

"Stedman Hook and Ladder Co., the pride of Dry Pond." Mr. James D. Swann.

"Wilmington Steam Fire Engine Co., the pioneer Steam Fire Engine Co. of the city."

Mr. W. C. Craft read a communication from Mr. Jno. L. Boatwright, regretting that he could not be present to respond to this toast, and in which he called attention to the efficient service this company had performed for nearly a quarter of a century.

"The honorary members of the Fire Department." Capt. Jno. Cowan.

"The Trimming Department; so well fitted for this occasion." Capt. O. A. Wiggins.

Many short and eloquent speeches were made after the toasts.

Mr. Fishplate, one of the speakers, closed his remarks by proposing a toast to "Mr. A. G. Ricard, the next Mayor of the city of Wilmington, who though not a fireman would be a most sincere friend to the Fire Department."

The banquet hall was tastefully decorated, and the menu was an elaborate one, and reflected credit on the House and the caterer, Mr. Bennett. Throughout, it was a most enjoyable occasion and one that will long be remembered by all present. The committees in charge were: On Arrangements—Messrs. H. W. Collins, H. G. Walsh, W. C. VonGlahn. On Invitations—Messrs. Geo. Honnet, W. C. Craft, E. B. Burkheimer.

The boat will leave Wilmington promptly at the hour named, and "don't you forget it."

CLARENDON WATER WORKS.

Improvements to be Made in the Service.—A Stand-Pipe at Fifth and Market Streets.

It was learned yesterday by a STAR reporter that extensive improvements will be made in the plant of the Clarendon Water Works Company at an early date. It is stated that the Company will extend their twelve-inch main down Fourth street, from Red Cross to Church street, and will make other alterations in their pipe-system, as soon as the material can be procured; and, also, will remove the stand-pipe now at Hilton to the intersection of Market and Fifth streets, a location proposed some time ago, and which will insure abundant water-pressure in all parts of the city.

Running Without License.

The Bijou Theatre, on South Water street, was in trouble yesterday. Two warrants were served on the proprietor—one for selling liquor without license and the other for running an unlicensed theatre. Both cases were settled in the afternoon before Justice R. H. Bunting, the defendant paying a fine of \$80 and costs.

Later in the day the place was licensed as a theatre, on application of C. B. Kennedy, proprietor, and payment of \$200 license tax to Sheriff Stedman.
