

WASHINGTON NEWS.

Secretary Tracy's Plan for Reforms in Navy Yards—Secretary Proctor's Resignation.

WASHINGTON, April 9.—Secretary Tracy's new plan for reform of the public service in the navy yards as outlined in his Boston speech will probably be put into effect soon.

Assistant Secretary Soley is now at work preparing a set of rules and regulations that will furnish the machinery for the system and these are expected to be ready for promulgation shortly.

WASHINGTON, April 9.—It is learned on good authority that Secretary Proctor has no intention of resigning his office immediately. His return from the West was caused by a personal reason, in addition to his desire to see the President before the latter starts on his Western and Southern tour.

IMMIGRATION LAWS.

Alleged Violation by Steamship Company that Brings Most of the Italians to this Country.

NEW YORK, April 9.—The agents of the Fabre Line of steamships that bring most of the Italian immigrants to this port have involved themselves in serious complications with the United States authorities, because of their violation of the immigration laws.

Superintendent of Immigration, Col. Weber, several days ago ordered that twenty-four Italians who arrived on the steamer Burgundia should be taken back to Italy, as they were deemed to have come here in violation of the laws. The steamship agents protested against this action, and yesterday Col. Weber sent an inspector to the steamer to see if the barred immigrants were on board.

FLORIDA SENATORSHIP.

Dunn Out of the Race—Call's Chances.

TALLAHASSEE, April 9.—As predicted last night, Dunn is out of the race for the United States Senatorship.

The Floridaian, this morning, publishes a long communication from State Senator Roger, who is also President of the State Alliance, in which he says he cannot support either candidate.

This array "the field" against Call and the candidate of the opposition is thus far an unknown quantity. It will be impossible to concentrate the Alliance members upon any one candidate, although they have a majority of the Legislature.

GOV. FOWLE'S FUNERAL.

An Immense Crowd of People Assembled—Imposing Demonstrations.

RALEIGH, April 9.—Noonday trains brought in visitors to attend the funeral of Governor Fowle. As the hour of four approached an immense crowd assembled at the Capital.

The funeral was from the Presbyterian church, the remains being escorted there with great ceremonies. After service at the church the procession formed with military companies in front, and many civic organizations in the cortege.

COMMITTED TO JAIL.

Louis Booker, the Fiduciary Agent Charged With Embezzlement.

RICHMOND, Va., April 9.—Louis Booker, insurance and fiduciary agent, after spending the night in the station house, appeared before the police court this morning to answer to the four charges of embezzlement of bonds, stocks and money, amounting to \$47,000 belonging to Edward Hannewinkel, through his counsel, Judge H. H. Marshall, he waived an examination and was sent on to the May term of the grand jury. He was then committed to jail. His counsel will make application for bail under a writ of habeas corpus.

The cruiser San Francisco sailed for Chili from San Francisco last evening, on her maiden cruise.

FOREIGN NEWS.

Many Cases of Fever on the Steamer Circassia from New York—Socialist Demonstration in Rome—Another Fight Near Manipur.

GLASGOW, April 9.—The Anchor Line Steamship Circassia, Capt. Hardwick, which vessel left New York March 18th, reached Greenock yesterday with fever on board, and is detained at quarantine at Greenock. Further particulars show the sickness reported even more severe than at first supposed. The second engineer of the steamship died from fever during the voyage, and seven others of the Circassia's crew are now suffering from the same malady. The nature of the fever is not stated.

SIMLA, April 9.—Advices have been received here of another fight near Manipur. A heavy force of Manipuris attacked Lieut. Grant's command at Fort Thabat and were well whipped in the fight, which lasted three hours. The usurping rajah and two of his prominent chiefs were among the killed. The Manipuris loss was very heavy. Captain Prograve has arrived at Fort Thabat, with much needed reinforcements. This, combined with Lieut. Grant's victory, has so disheartened the Manipuris that they now announce that they are ready and willing to recognize the authority of British officials directly. Additional British troops are on the way to Manipur.

ROME, April 9.—Socialists throughout Italy are organizing a demonstration for the 1st of May. As preparative for the demonstration, they have issued a sinister manifesto, printed on red paper, which is being secretly distributed among the working men. This circular calls upon Neapolitans to meet in Naples on May Day.

THE MOREWOOD RIOT.

Coroner's Inquest on the Slain—Deputies Arrested on the Charge of Murder.

MOUNT PLEASANT, Pa., April 4.—Interest is centered to-day in the coroner's inquest, which reopened at noon. So far nothing important has been elicited. Strikers seem to have renewed hope. The leaders have been at work among them for the past few days and the effect is noticeable. The men are holding off until to-morrow's meeting, which is called by Master Workman Wise. It is evident the same concession is to be made by the strikers, but just what it is cannot be ascertained.

Peter Wise, Master Workman of the Knights of Labor, and Vice President Penn, of the United Mine Workers, left for the East this morning. Wise will stop at Philadelphia, where he will appear before the General Executive Board of the Knights of Labor and try to induce Powderly to come here. Penn will visit the headquarters of the American Federation of Labor in New York. In speaking of to-morrow's convention, Peter Wise said: "We want peace. If the men can make terms with operators, officers and leaders are willing to step aside. Operators have said that they are willing to meet the men, and we will give them an opportunity to do so."

MOUNT PLEASANT, Pa., April 9.—This afternoon Capt. Lear and thirteen deputies were arrested on charges of murder. They were taken to Scottsdale on the 2.40 train, where they will give bail for a hearing later.

ATTEMPTED LYNCHING.

The County Jail at Kansas City, Mo., Attacked by a Mob.

KANSAS CITY, Mo., April 9.—A crowd of 500 men last night attacked the county jail with the intention of lynching William McKoy, who brutally murdered his mistress, Nellie McTrauer, last Sunday night by beating her to a jelly with stones. A previous attempt to lynch McKoy was made last Monday, at the time of his preliminary trial, but the prison was so well guarded that the attempt was abandoned. The sheriff concluded that the excitement among the negro population had subsided sufficiently to warrant the withdrawal of the extra guards, and when the attack last night was made it was wholly unexpected. Negroes gathered quietly about the building, and at 12.45 twenty of their number, masked and otherwise disguised, broke in the outer door and immediately proceeded to that part of the building which was partitioned off for the jail. This is separated from the rest of the building by a stout iron door. Only one guard was on duty. He drew his revolver and threatened to shoot the first man who approached the door. The committee of twenty, after some parleying, withdrew and joined their comrades outside. After a further parley the entire mob dispersed. The guard has been doubled in anticipation of another attack.

LA GRIPPE.

Alarming Increase in Mortality in New York.

By Telegraph to the Morning Star. NEW YORK, April 9.—The mortality for the twenty-four hours ending at noon to-day shows an alarming increase over the previous day's record, and is the largest since the grip epidemic of 1889 and 1890. The total number of deaths in the city during the past twenty-four hours is 206, against 176 for the preceding day; an increase of 28. Of these cases 18 were reported as being caused by grip, in conjunction with other diseases.

Yesterday's record showed 19 cases of deaths where the contributing cause was the grip. Benjamin Horton, a wealthy retired dry goods merchant of Brookline, suicided by shooting himself early this morning. He was 65 years old and had suffered from the grip for some time past, and was very weak with it last night.

CHICAGO ELECTION.

The Official Canvass Necessary to Decide the Result.

By Telegraph to the Morning Star. CHICAGO, April 9.—Official canvass of the votes in the late election began this afternoon and it is expected that the work will not be completed inside of a week.

Both Republicans and Democrats continue to claim the election of their respective candidates for Mayor, and until the official canvass is finished it will be impossible to declare positively which is correct. Two alleged errors in the returns made Tuesday night were discovered to-day. In the twenty-seventh Ward the Republican claim that Washburn was not credited with fifty votes which were cast for him, and in the Twenty-ninth Ward the Democrats claim that the number of votes credited to Cregier was 100 short.

THE WORLD'S FAIR.

Quite a Scene at the Meeting of the Executive Committee of the Women's Board.

By Cable to the Morning Star. CHICAGO, April 9.—There was quite a scene at a meeting of the Women's Board of the World's Fair Commission to-day. Mrs. Potter Palmer, president of the board, is ex-officio president of the Executive Committee, and the committee proceeded to complete its organization by the election of officers. By an almost unanimous vote Miss Sylvia Gale Cook, of Tennessee, was chosen. Niss Phoebe Cousins, of Missouri, secretary of the board, claims that she is ex-officio secretary of the Executive Committee, and declined to vacate the chair to Mrs. Cook. No arguments could move her and the meeting adjourned with the matter unsettled.

CHICAGO REVIEW.

Fluctuations in Prices of Grain and Provisions.

By Telegraph to the Morning Star. CHICAGO, April 9.—The foreign markets were still firm, and again sent many orders to this country for liberal quantities of both wheat and flour, but it needed sensational doings to sustain yesterday's prices here, and only continuation of the former condition of things was advised, and holders here who have accepted bids made by shorts yesterday for large lines of their holdings were not averse to the reaction. Wheat for May opened at \$1.05 1/2 and closed at \$1.04 1/2 bid, July from \$1.04 1/2 at the start sold off to \$1.02 3/4, and closed at the bottom of the day's range. The corn market was firm at the start, influenced by wet weather and the strength in wheat. There was a gradual decline in sympathy with the reaction, but 6 1/2 was reached, from which there was a sudden upturn to 6 3/4. A subsequent reaction, still following the lead of wheat, left the market weak and near its lowest point.

Fluctuations in oats were numerous but not large, and a fair amount of business was transacted within a range of 3/4 c. Provisions were heavy and for the most part dull. The opening was under yesterday's closing figures, and the closing prices were at the lowest point of the day.

COTTON.

The New York Futures Market Yesterday.

By Telegraph to the Morning Star. NEW YORK, April 9.—The Sun's cotton circular says:

Futures opened a little unsettled, afterward improved, then lost most of the improvement, closing steady at only a partial advance on the final prices of yesterday. Liverpool reported a small advance, which it quickly lost. Manchester was dull and weak. Southern reports were generally favorable to crop prospects, it having become quite warm in some sections. Notwithstanding these adverse influences the demand to cover contracts, in conjunction with a smaller interior movement, caused a slight advance, but in the last hour the demand fell off and the market turned weaker. Spot cotton was dull, but the high grades were advanced 1/4 @ 3/4 c.

The indicted directors of the New York, New Haven and Hartford R. R. Co. were arraigned before Judge Martine in the General Sessions Court. Time was allowed them until the 13th inst., to enter their pleadings.

Dr. Joshua Otis Stanton, one of the best known physicians of Washington, D. C. died suddenly yesterday afternoon of pneumonia, superadded to grip, after a very brief illness; aged 63 years.

CHARLESTON, April 9.—Spirits turpentine firm at 37 1/2 c bid. Rosin firm; good strained \$1.30.

SAVANNAH, April 9.—Spirits turpentine quiet at 37 c. Rosin firm at \$1.45 @ 1.55.
