## REV. MOSES HOGE, D. D.

SERMON LAST NIGHT AT FIRST PRES-BYTERIAN CHURCH.

A Large Congregation Present-An Interesting and Impressive Discourse.

Notwithstanding the inclemency of the weather, a large congregation of our most intelligent and appreciative people assembled at the First Presbyterian Church last night to hear the gifted divine, Rev. Moses Hoge, D. D., of Richmond, Va. Wilmington is, indeed, honored in having this great preacher in her midst once more; and those who do not avail themselves of the opportunity of hearing him lose a rare occasion for mental and spiritual advancement. The hearer is at once impressed with the culture of the speaker, and as one listens to his earnest discourse a lofty conception of holiness and a profound and abiding faith stand out in "bas re-

Following the devotional exercises the text was announced: Acts 16:29-"Then he called for a light, and sprang in and came trembling and fell down before Paul and Silas.". The sermon was forcible yet simple; a shock to the unconverted, yet a soothing voice to the believer; a thunder tone to the godless man-a still small voice to him whose hope is anchored on Christ. The speaker most vividly presented that most startling of all scenes that occurred in the magnificent panorama of St. Paul's life. Paul and Silas thrust into the inner jail, with mangled bodies and bleeding feet, confined in stocks to prevent the slightest freedom of motion, under the intensest suffering. Suddenly, at the midnight hour, instead of groans and lamentations breaking upon the air, a song of praise unto God rang through the blackness and stillness, and the prisoners heard it. God came in power to deliver His children. "Suddenly there was a great earthquake, so that the foundations of the prison were shaken and immediately all the doors were opened and every one's bands were loosed." The keeper of the prison, awakening out of sleep and beholding the might of Jehovah, and for aught he knew feeling the very presence of the Almighty, in the terror of the scene called for a light, and falling down at the feet of the Apostles, cried, "Sirs, what must I do

to be saved?" Mind and body in jeopardy-the light was craved. The strength of the Gospel in one sentence was offered-"Believe on the Lord Jesus Christ and thou shalt be saved." The Holy Spirit verified itself and the inquirer was saved. This world represents such a soul and the sinners' hearts such a view. The darkness of time and the of eternity are before them; but belief on the Lord Jesus Christ will lift the great spiritual darkness. Only a look towards Him is a rift in the clouds that envelope Him, and if he will only gaze, a flood of light will illumine his soul. The believer, if he accepts Christ, must also suffer with with Him-endure the cross, and if trials and persecutions are the necessary discipline for Heaven, he must glory in tribulations, which worketh for him a far more exceeding and eternal weight

No disgrace for the prisoner of Chillon that he was plunged into prison; marking a beaten path upon the marble floor. How pathetically does England's gifted bard show forth the glory of suffering in that poem.

Jno. Bunyan, played a part in Bedford jail that no stage on the outside world could have exhibited; that immortal allegory, "The Pilgrim's Progress," leading many a weary sojourner from the City of Destruction to the Celestial gates.

It is said that the nightingale sings sweetest when her bosom rests upon a thorn. Whether natural history substantiates this fact or not, I do know that it is true, that God's children sing the sweetest songs in hours of darkest trials. Suffering develops our highest qualities. Brute force may kill the man, but it can never kill the force.

On one of Paul's missionary tours, while he spoke near the seaside in a great audience, he had at least one listener. If people do not listen they may as well be deaf. Faith cometh by

The first convert of Europe was a woman, and what a power—for a woman always exerts her influence more directly than men. When the little girl was asked which she loved best, Christian or Christiana, she replied: "I love Christiana best." She carried others with her, but Christian went alone.

At this juncture the speaker made an appeal to mothers to consecrate their lives to Christ, which seemed irresistible. Oh! What a benediction to any household to have a Christian mother, and what a mournful spectacle to see the one whose every tootstep and line of character is imitated, a lover of the world instead of a follower of Him whom to know is life eternal. When the poor girl followed after Paul in her half demoniacal frame of mind, yet having enough light to perceive that he was | parties have the contract.

she was told to "believe on the Lord Jesus Christ and thou shalt be saved." This mighty truth-equal to all occa-

a man of God, and asking for the light,

sions and conditions, fitting the learned aud the ignorant, the high and the low, broadening the narrowest intellect and lifting up the weakest mind. Under all suffering and in all temptations this one text is the power of God unto salvation. The speaker was once asked for the most solemn verse in the Bible. To his

mind if there is one thought more solemn than all others, it is this declaration: "The soul that sinneth it shall die." The sinner will not only be condemned in the judgment day, but is now condemned; but blessed thought, the condemnation now may be taken away, but the final condemnation will fix our eternal destiny. If men would only let that text have its its divine mission, they would not care for any surrounding circumstances, but like the jailor would call for the light and believe in the Lord Jesus Christ. We as condemned sinners cannot mend the law, of ourselves. cannot by any work or sacrifice or penance obtain pardon; only belief on Him, who from the foundation of the world was the Lamb slain; the sacrifice for sinners offered. Mere sorrow for any deed will avail nothinghow can sorrow give us that holiness of heart without which no man can see the Lord? Justification and sanctification must be done for us. Justification by what Jesus has done and sanctification by what He has suffered for us. In a nutshell-Christ by suffering has shut the door of hell against us, and by His obedience has opened to us the door of

The sinner replies, "This is true, but now can I make it mine?" The answer comes, "God so loved the world that He gave His only begotten Son, that whosoever believeth on Him should not perish, but have eternal life."

Mark the belief-Christ in his earthly ministry always commanded the simplest-and what man would call the smallest-degree of faith, and condemned the appearance of all unbelief. The poor, trembling woman touching but the hem of His garment, was made glad from the very hour that her faith ook hold of the Son.

Few men understand anything accurately, fewer still receive the revelation of mysteries, but all have a capacity sufficient to take in enough of God revealed in the Son in order to be saved.

Here the speaker alluded to the corner stone-the great band of unionembracing all true followers of Christ. Men may disagree on Church Government-modes of discipline-but belief on the Lord Jesus Christ is enough to cement us all into one grand brotherhood-joint heirs with the Lord Jesus himself, and heirs of eternal life. If the spirits of Whitfield and Martin Luther or Jno. Wesley, could answer from the dead, in one grand triumphant chorus would come the swell-belief on the Lord Jesus Christ bringeth the victory. If Spurgeon or the Bishop of Peterborough, or any ambassador of Christ from any quarter of the globe, were asked on what do they base their hopes of heaven, the response would instantly come-belief on Him who died for me and who now liveth and maketh intercession for me.

THE EXCURSIONISTS.

The Passport Takes Them to Sea, With the Usual Results.

The steamer Passport was crowded with excursionists for Carolina Beach, Southport and the "high seas" yesterday. Notwithstanding the fact that the Mt. Airy brass band played a "dead march" as the steamer moved gracefully out into the stream, it is very certain, they were not playing to a dead crowd, There were "no flowers," no pall-bearers -in fact, there was not the slightest semblance of anything funeral to be

The jolly "four hundred" consisted almost entirely of "our country cousins," bent on seeing the ocean and having a good time. With the exception of a party of Wilmington ladies and gentlemen, who went to "Orton," and about twenty-five who landed at Southport, the whole crowd went out some six miles to sea, and although there was comparatively smooth water, the effect was just what might have been expected. "Did any body get sick?" asked a STAR representative of a gentleman from the mountains. "Right smart," was the reply; and that told the whole story.

On the return trip, the excursionists went to Carolina Beach, where a large number took dinner at the Oceanic Hotel, Mr. J. H. Hinton being in charge.

A Pleasant Party.

A party of ladies and gentlemen spent yesterday at Orton Plantation, and the occasion will be long remembered with pleasure by all who were present. The party consisted of Misses Mary L. Kenan, Tudie Sherwood, Jessie Kenan, Carrie Myers, May Baughman, Nellie Carmichael, Nellie Draper, Callie Reid French, Agnes Daniel, Sue Cumming and Messrs. W. A. Dick, R. L. Williams, H. H. McIlhenny, K. M. Murchison, Jr., and Frank H. Stedman. The ladies were chaperoned by Mrs. W. H. Northrop, and everything "went as merry as a marriage bell."

Dinner was spread under the large beautiful trees in which Orton plantation abounds, and the table groaned with the bountiful supply of good things which were most temptingly displayed and enjoyed.

The steam tug Marie conveyed the pic-nickers home, and Mr. K. M. Murchison, Ir., was the recipient of many thanks for the courteous treatment which all received at his hands, as his
