Run Over and Killed by an Omnibus-The Negro Driver Held for the Action of the Grand Jury.

Liston Chadwick, a white lad about twelve years of age, was run over and killed yesterday about half-past twelve o'clock, near the corner of Second and Market streets, by an omnibuf from Southerland's stables, driven by a colored man named Kit Huggins. The boy was running across Market street, and fell, and before he could get up the omnibus, on its way to Market dock, came around the corner it is said, was looking at the Cape Fear fire engine, which was crossing Market from South Second street, and did not see the boy in time to check his horses. The lad tried to roll out of the way; had turned on his back and partially turned on his left side, when the fore-foot of one of the horses struck him about the right shoulder; the front wheel of the vehicle passing between the boy's feet ran over his body and head and the

The boy was about ten feet in front of the omnibus when he fell. The turning of the horses in the slightest to the left would have cleared the boy. Did not see the fire engine. CONFEDERATE VETERANS

Anniversary of the Third N. C. Infantry Association.

A full attendance was present last night at the 25th anniversary of the Veterans' Association held at the residence of Col. Jno. L. Cantwell. Col. Wm. L. DeRosset is President of the Association, Col. Jno. L. Cantwell, Secretary, and Rev. George Patterson, D. D., Chaplain, (all Confederate veterans.) The tattered battleflag of the regiment under which five men were killed at Sharpsburg was unfurled, and a veteran of Co. K held up an empty sleeve and spoke of how he was wounded under it at Gettysburg and left the arm that held it on the field. It was a touching sight to the younger members (sons of deceased members) to see these wounded heroes and hear them talk of the

days that "tried men's souls." The veteran comrades sat around the groaning board of their hospitable hosts passing the time with story, jest and song, till the approaching hours of the Sabbath morning warned them to bid each other a tender, though lingering adieu; and, having finally "killed the pig." then departed.

A "Star" Reporter. We take pleasure in announcing that Mrs. W. F. Williams, of this city, has taken a permanent place on the reportorial staff of the STAR. She will not be constantly engaged, but will be employed chiefly on special work as occasion may require. Mrs. Williams' contributions to the STAR began with the Pearson meetings. She also reported one sermon each day during the meetings of Rev. Sam. Jones. But the best piece of newspaper work she has done, in our opinion, was her report of the sermon of Rev. Dr. Hoge, delivered last Wednesday night, and printed in the STAR the following morning. She has shown a decided talent for this class of work, and will prove a valuable addition to the staff of the STAR. Her report of Dr. Hoge's sermon was universally praised.

The New Organ at Fifth Street M. E.

Prot. James, of the Theo. Knauff Organ Company, Philadelphia, Pa., is now placing the large organ of the Fifth Street Methodist Episcopal Church in position, which will occupy two weeks. The specifications, which have been carefully drawn by Mr. E. Van Laer, will make this organ the most complete and largest instrument in the State.

The organ will contain all of the latest and most valuable improvements, and the design of the case is one of the finest in this country. We understand Mr. Wm. Struthers, who has charge it is the generous gift of Mr. J. C. Davis rainfall, .0.

RIOTOUS NEGROES.

EXCITEMENT ON THE STREETS LAST

Culmination of Threats Made by Negroes to Release the Hack Driver Huggins from Jail-A Posse Summoned by the Sheriff-The Light Infantry Under Arms-An Immense Crowd of Turbulent Negroes Gathered in the Vicinity of the Jail-Numerous Arrests Made by the Police.

There was some excitement on the streets last night, created by well authenticated reports of threats made by a few irresponsible negroes to attempt to release Kit Huggins from jail. Between 9 o'clock and 10 o'clock squads of negroes passed in front of the jail, stopping occasionally, when they were ordered off by Sheriff Stedman and his regular and special deputies Finally, a crowd of 150 gathered at the intersection of Fourth and Princess streets, very near the jail. Sheriff Stedman notified Chief Hall, who reported promptly with a strong detachment of police. They fell into line, and with the Chief at their head marched straight for the negroes. No violence was resorted to, but it was found quite difficult to disperse the crowd, yet they were finally scattered.

It was not believed that any attack would be made on the jail, but the Sheriff was there with a posse of cool and determined men well prepared for work.

Other preparations, not necessary to mention here, were made to meet any emergency that might arise.

Some of the negroes were very insolent, both in their manner and their language; but it is not thought that any very considerable portion of them in the city at large endorsed or sympathized with the conduct of those assembled near the jail.

P. S.—The excitement : culminated about 1 o'clock a. m. Large bodies of negroes marched up and down Princess street, passing the jail repeatedly. The gathering at the corner of Princess and Fourth continued to increase in numbers; and it not being thought prudent for the Sheriff's special deputies to leave the jail, or for the small number of police officers present to resort to extreme measures, Mayor Ricaud, after consultation, ordered the prearranged signal to call out the military to be sounded. This was ten taps of the firealarm bell, and was turned in at 1.10 a. m., from box 27. Then there was a mighty hurrying to and fro. The gallant boys of the Wilmington Light Infantry quickly responded, and assembled at their armory, where, under command of Capt. W. R. Kenan, they awaited

In the meantime, the ten taps of the alarm had produced a most salutary effect. A great many of the negroes left the scene, and a marked change took place. The police soon arrested some twelve or fifteen of the more turbulent negroes, and the crowd gradually grew smaller, and finally dispersed.

OPEN AIR CONCERT.

In City Hall Park Monday Night An open air concert will be given in the City Hall Park on Monday night, May 18th, by the Second Regiment Band, under the direction of Prof. Arthur Whitely. This concert is complimentary to the citizens of Wilmington, and the band will no doubt be greeted by a large audience. The fol-

6-Schottische, "Dear Our Far Away," Casey. 7-March, "On the Field," Casey.

Weather Forecasts.

The following are the weather forecasts for to-day: For Virginia, fair, Sunday and Monday, north winds, cooler.

For North Carolina, fair Sunday and Monday, cooler, except stationary temperature on the coast, northwest winds. For South Carolina, Georgia and Alabama, fair, stationary temperature, except slightly colder in extreme north-

Found Dead in Bed. Coroner Walton was called yesterday to view the remains of an old colored man named Lot Stokes, who was found dead in bed yesterday morning at his house on Ninth between Church and Castle streets. No inquest was held. Dr. F. W. Potter, who was called to assist in investigating the matter, gave it as his opinion that the cause of death was old age and heart trouble.

Yesterday's Weather.

The weather records of the Signal Office give the following report of the range of temperature, etc., yesterday: At 8 a. m., 56°; 8 p. m., 69°; maximum temperature, 75°; minimum, 54°; average 64; prevailing wind, northwest. Total

mounted by a gilt cross 70 feet high. It is a strong and substantial frame structure, built of the best materials and constructed in a masterly manner by Capt. Twining, who has ever done good work, and in this has honored himself again. Painted in its delicate light shades of color, with its brownishred roof, it presents in its graceful outlines a very fine appearance and is every way an ornament, not only to its immediate vicinity, but to Brooklyn. Handsomer than the elegant exterior

is the superb interior. It is unquestionably one of the neatest, brightest, most cheerful looking and tastly chapel interiors. The arched ceiling, with its seven sides, bedecked with an inimitaable beautiful native pine, looks charmingly fine and has been much admired.

The gothic windows on all sides and the tri-partite windows in the rear, the handsome wainscoating and attractive. smooth, light-colored walls and finely shaped speaker's stand are all in proper proportions and well matched and pre-

sent a highly pleasing picture to the eye. What is always a special desideratum in such abuilding as this is fine acoustic powers, and in this our Lutheran friends have succeeded in this superb edifice as well as they did in their grand Luther Memorial Building, which unquestionably possesses the best acoustic powers of any public building in ovr city. The Chapel is suppliee with fine, patent reversible benches and the rostrum has a neat desk in oak and walnut finish, and is also supplied with a fine, red plush sofa and two chairs corresponding thereto.

The Mission Sunday School was begun on Sunday, April 13th, 1890, and is but little over one year old. Mr. C. W. Polvoght is the popular and efficient Superintendent of it, and W. H. Strauss, Esq., is the faithful, able and energetic Assistant Superintendent. J. F. Rulfs, Jr., is secretary, Dr. S. P. Wright treasurer, and Miss Maggie Strauss organist. The school numbers over one hundred members, is thoroughly organized, and is doing a good work. With the possession of this elegant chapel, which, with the lot and all will cost about \$3,000, it has a bright future before it, if its past record is any index of what the future may bring forth.

The trustees having the erection of the building in hand are Messrs. C. W. Polvogt, S. P. Wright and W. H. Strauss. The corner-stone was laid according to the liturgy of the Lutheran Church on Easter Monday. The chapel will not be dedicated until some time in the future. Formal possession will be taken of the chapel to-day. The interesting exercises of the Sunday School are to begin at 10 a. m., and the congregation of St. Paul's Evangelical Lutheran Church, with its pastor, Rev. F. W E. Peschau, will meet with the school at 10.30 a. m., when the interesting exercises will be participated in by the

The Pheinstein Building.

The contract for the erection of the Rheinstein buslding on North Front street near Mulberry has been closed, and work thereon will be commenced this week. The building is to be four stories in height, with Romanesque front, and will probably be the finest building for mercantile purposes in this State. Mr. A. S. Eichberg, of Savannah, Ga., is the architect, and Mr. John C. Stout the contractor. Under the terms of the contract the building is to be completed by the first day of December next.

Well Done.

The synopses of Rev. Dr. Hoge's sermon's published in the STAR, Friday and Saturday, were prepared by Miss Mollie Hawes, of this city, and were highly creditable. She has but recently undertaken this class of work, but has developed great aptitude for reporting. Miss Hawes thinks of going to Japan to engage in missionary work; but if she does not succeed in perfecting her plans in that direction, she will probably become a member of the STAR staff of special reporters.
