EIGHTH ANNUAL COUNCIL OF THE DIOCESE OF EAST CAROLINA.

Large Representation-Rev. E. M. Forbes Elected President-Opening Sermon by Rev. Rob't. Strange-Addresses,

Special Star Report. NEW BERNE, May 20 .- The Episcocal Council of East Carolina met to-day

at Christ Church in this city.

The Council was called to prayer by the Rt. Rev. Bishop Watson, after which the roll was called by Rev. N. Harding, Secretary.

Twenty-two clergymen answered to their names, and lay delegates from twenty-one parishes and missions were

On motion of Rev. Mr. George, of Christ Church, New Berne, it was agreed that the Council give way for an address from Miss Julia C. Emery, General Secretary of the Women's Auxiliary to the Board of Missions, during the evening session, at half-past 8

It was also agreed to have an address from Rev. Theo. I. Holcomb, Financial Secretary of the Clergymen's Retiring Fund Society, during the afternoon ses-

On motion of Dr. W. H. Green, of Wilmington, all visiting clergymen were invited to seats in the Council, and on amendment by Dr. A. J. DeRosset, Rev. F. N. Skinner was invited to take part in the deliberations of the Council, without privilege of voting, as his connection with the Diocese was for a shorter time than that required by the canons.

The daily sessions were appointed for the hours from 10 o'clock a. m. to 1 p. m.; 4 to 7 p. m; and at 8:30 in the even-

A recess was then taken for divine services, when the opening sermon was preached by Rev. Robt. Strange, of St. James', Wilmington, from St. John's Gospel, 18th chapter and 88th verse, together with the 14th and 15th verses of the 3d chapter of the 1st Epistle to

At the conclusion of the sermon an offering was made and the Holy Communion administered to a large number of persons.

After recess the election of President of the Council was declared in order. Rev, E. M. Forbes, Rev. James Carmichael and Rev. Robt. B. Drane were placed in nomination. On the first ballot there was no election, and on the second Rev. Mr. Forbes was elected. AFTERNOON SESSION.

The Council was called to order by Bishop Watson. On motion, the delegates from St John's, Makeleysville, were admitted to

seats, notwithstanding slight irregularity in the credentials. Several committees were appointed by

the Bishop, which will be published The Standing Committee, through

the chairman, Rev. Dr. Huske, made an interesting report. A resolution was passed referring to the Chancellor of the Diocese the claim of this Diocese to a share in the North

Carolina scholarship in the University of the South. Also, a resolution referring to the Committee on Canons the question of parochial elections. A resolution in reference to funds of the Church Building Committee, after

several amendments and considerable discussion, was passed. On motion of Dr. DeRosset the Council was called to meet at 8.30 o'clock, to hear an address from Miss Emory, Secretary of the Woman's Auxilary, and also from Rev. Mr. Hol-

combe, Secretary of the Clergyman's Retiring Fund Society. The Council then, on motion, ad

EVENING SESSION.

After Evening Prayes, Miss Emory was introduced by the Bishop, and made an enchanting discourse in the interest of Missions. At the conclusion of her remarks, Rev. Mr. Strange moved that a collection be taken up for the work she had so feelingly described.

Rev. Mr. Holcombe then addressed the Council on the subject of the Society of which he is Financial Secretary and the object received the endorsement and hearty commendation of the Council by a resolution offered by Rev. Mr. Strange, and unanimously passed. The Council then adjourned till ten

o'clock to-morrow.

CAPE FEAR CLUB.

The Reception Given Last Night-A Resplendent Entertainment.

The brilliant electric light flashed its radiance last night on a large and happy crowd gathered together at the rooms of the Cape Fear Club, in response to the invitations extended by its members to the people of the city. No more enjoyable occasion has it been our pleasure to chronicle.

The rooms were beautifully and tastefully decorated; the yard was illuminated by Chinese lanterns, suspended on cords, which were so arranged as to form a skeleton pyramid, and the place was aglow with the soft mild light that, mellowed by variegated shades, cast its effulgence over every nook and corner.

Under the skillful management of the excellent committees chosen to perform the various and difficult duties of hosts, smoothness characterized everything. A temporary structure had been built for the purposes of dancing, and the floor was evenly planed and waxed. So excellent had been the workmanship on the newly erected dancing floor that it seemed as if it had undergone long service, and was pronounced by competent critics all that could be desired. Prof. Miller's band furnished the music. Their playing needs no comment.

The ladies who so kindly consented to act as chaperones were, Mrs. E. S. Latimer, Mrs. T. M. Emerson, Mrs. J. H. Walters, Mrs. P. L. Bridgers and Mrs. E. P. Boatwright.

The Reception Committee, representing the Club, was composed of Mr, M, W. Divine, Mr. J. H. Boatwright, and Mr. W. C. Jones, and the Governing Committee, consisting of the officers of the Club and Messrs. J. H. Waters, M. W. Divine and D. M. Williams, gave their entire time to the entertainment of their guest, and royally dispensed the hospitalities.

An elegant supper was furnished and | tar, 5 bbls. crude turpentine. attentive waiters supplied the wants of

The Club is in a flourishing condition. One hundred and twenty names-the largest ever had-grace its membership books. Opposition to it has only strengthened it, for when people calmly consider its provisions and requirements and advantages, an application for membership follows speedily. It is composed of gentlemen occupying positions of responsibility and trust, and of men of stainless honor and reputation. May it prosper for years to come, and may it give many entertainments such as it furnished last night.

We congratulate the members upon their success.

Northern Settlers Convention.

Mr. Geo. Z. French, of this city, president of the Northern Settlers' Convention held at Raleigh in November, 1886, calls on all persons of Northern birth now residing in North Carolina who are interested in the development of the resources of the State, to assemble at Raleigh on the 27th day of May, to take such steps as may be thought advisable towards co-operating with the Southern Inter-State Immigration Bureau, in calling a convention of all the settlers in the Southern States.

North Carolina needs more of such citizens. She is bidding them come. She is extending the welcoming hand to them to fill the places everywhere awaiting their occupation. To such as have not yet accepted the invitation the experience of those living among us is valuable. They are able to tell facts, to correct errors, to dissolve prejudice. Their voice will be potential, uttered through the trustworthy agency of a convention of Northern men who have lived long enough among us to feel that in all but place of birth and early association, they are Southern men.

Weather Forecasts.

The following are the weather forecasts for to-day: For Virginia, fair Friday, stationary

temperature, except slightly cooler. South winds. For North Carolina, South Carolina and Georgia, generally fair, stationary

temperature, except slightly warmer in North Georgia. Southeast winds. Lumberton Court.

The Superior Court of Robeson county, at Lumberton, yesterday, was engaged with the trial of Alex. Oxendine for the murder of Mrs. Arp. Argument by counsel began in the afternoon, and will be continued to-day. The general impression—the STAR's informant says is that Oxendine will be convicted.

THE FISHERMEN.

A Good Day's Sport in the Blackfish Waters, but Poor Luck at the Rocks. Yesterday was full of great expectations for the salt water fishermen, it being the opening of the season for excursions to the Blackfish waters. The steamer Wilmington left her wharf a little after 5 o'clock a. m., with a goodly number of the veterans aboard, among SILK SASHES, LEATHER SATCHELS, whom may always be found such "old sports" as Bob Houston, Adolph Nelson and Charlie Harris.

Ouite a number landed at "The Rocks," a favorite resort for those who do not care to be "rocked in the cradle of the deep." But luck was "agin" this detachment. The sheephead and trout, and even the croakers, seemed to have no appetite either for fiddlers or shrimps, and although the boys had nearly eight hours in which to put in their deadly work, their luck was phenomenally bad. There was but one notable incident during the day at "The Rocks." Rube Picket, of course, hung a "swinger"-probably a rockwhich smashed his fine jointed rod into pieces so small that they were sold to one of the hotels for toothpicks. If there's a good fish story floating around Rube may always be relied on to Pickett

The anglers for blackfish had much better sport. The sea was not by any means as quiet as a mill-pond, but very few of the fishermen were made sick; and, taken altogether, they had a nice day's sport, bringing back with them some very red faces and between 1,500 and 2,000 fish.

Crops Up the C. C. R. R.

Crops up the line of the Carolina Central, between Wilmington and Laurinburg, are reported in good condition, comparatively, and improving every day. Around Laurinburg there have been good rains, but in Robeson the farmers are complaining of dry weather.
