

OTTERBURN

LITHIA AND MAGNESIA WATER.

NOT ONLY CURES BRIGHT'S DISEASE BUT ALSO DIABETES.

MANNING, Va., April 7, 1888.
For a year I have been suffering with a form of kidney disease which my physician (Dr. A. Hillman) has pronounced to be Diabetes and Bright's Disease. I have passed water containing a quantity of sugar and I look forward with some hope to a recovery. I have been using the Otterburn Lithia and Magnesia Water for the last two months and I am now feeling well and free of all symptoms.

PERSONS OFTEN ASK 'WILL IT KEEP'

AMERICA COURSE, Va., Feb. 24, 1888.
I hereby certify that two years ago I obtained some of the Water of the Otterburn Lithia and Magnesia Springs for my wife, in a demijohn. I poured it into a glass and drank some of it, and found it to be as pure and as good as when first taken from the Spring.

IT CURES RHEUMATIC GOAT.

I have been suffering for years with a complication of Rheumatism and Kidney trouble, suffering great pain and unable to get on my feet. I had been using the Otterburn Lithia and Magnesia Water for some time, and I felt that I must get better. I had been using the Water for some time, and I felt that I must get better. I had been using the Water for some time, and I felt that I must get better.

MANNING, Va., March 17, 1888.

When I commenced the use of the Otterburn Lithia and Magnesia Water, on the 17th of January last, I felt that I had been cured. I had been using the Water for some time, and I felt that I must get better. I had been using the Water for some time, and I felt that I must get better.

The Morning Star.

SPIRITS TURPENTINE.

Winston Sentinel: A gentleman from Martinsville informs us that \$3,000 will not replace the window panes that were broken out by the hail storm there Saturday afternoon.

Fayetteville Observer: Sheriff Smith, one of North Carolina's most efficient officers, captured an escaped convict here last Saturday morning, for who there was a liberal reward offered by the penitentiary authorities.

Scotland Neck Democrat: There has been some doubt among the farmers several weeks as to whether or not there would be a stand of cotton. The recent rain have broken up the cotton rapidly and it is now thought there is a good stand.

Rockingham Rocket: The hail storm in the Mason Creek section was one that will stand as number one on the record of heavy hail storms. Reliable authority says that there were drifts a foot deep on the Friday evening after it fell on Tuesday night.

New Bern Journal: John Cox a colored man who fled from Jones county under suspicion of having murdered William Sutton, colored, about three years ago, was apprehended at Greenwood, Mississippi, where he was living under an assumed name, brought back and lodged in Trenton jail on the 21st inst.

Raleigh News and Observer: A white man was found dead yesterday morning at Princeton near the railroad track close to the water tank with his head crushed and other marks. The indications were that he had been knocked from a passing train by the tank and after falling had been mangled by the train.

Rocky Mount Argonaut: It is an old saying, that "there is nothing new under the sun," but there are exceptions to every rule, and we do not think the history of the world records a case where an owl was bitten by a mad dog, and was afterwards killed for fear of it, having been inoculated with hydrophobia, which happened here last week.

Charlotte News: The neighborhood near the corner of Fourth and Poplar streets were somewhat surprised this morning to find in the mud and slush a small infant. Chief of Police Mason was notified of the find, and he in company with Dr. Register, walked down and viewed the little body. A crowd had gathered around and all were of the opinion that it was a white child. Who the heartless mother is in all probability will never be known.

Chatham Record: A negro woman was found in the woods one day last week near Riggsbee's Store, and was carried to county poor house. No one knows who she is, and she will not or cannot talk and seems to be an idiot. Mrs. Betsy Snipes died in this county on last Saturday, aged about eighty years. She was the widow of the late Rev. William Snipes, of blessed memory, and was truly a "mother in Israel."

Wilson Advance: Mr. E. R. Gay killed a snake on Nash street, just in front of Rev. H. W. Battle's residence, Monday night. It was a moccasin, four feet six inches in length. Wade Davis is the champion Wilson county farmer to date. He brought to our office yesterday a tobacco leaf 7 or 8 inches and said he had five acres just like it. John Moore, an insane negro, was put in jail yesterday for safe-keeping. Application for his entrance has been made to the Goldsboro Asylum. He told Sheriff Crowell he was accustomed to four meals every day, and he expected chickens and eggs to be the article of each meal.

Monroe Enquirer-Register: On Monday, May 25th, during a rain storm, lightning struck Susan Featherstone, a negro woman living on Mr. D. C. Ross' place, killing her instantly. She was in a field hoeing, using a steel hoe. There was an unusually heavy fall of rain on Goose Creek one night about two weeks ago. The next morning after the rain the people living near the creek gathered up fish on the banks of the creek by the bushel. The rain filled the creek rapidly, overflowing the banks, and the fish went out into the fresh water, and when the creek fell it left them stranded on the banks. The people in the neighborhood had fish to eat for a week.

Concord Standard: Monday evening at Secher's saw mill, one mile from China Grove, Frank Sherrill, son of the widowed B. C. Sherrill, met with a horrible and fearful accident that resulted in death. He was just seventeen years of age, and was industriously running a saw mill, doing all the work himself. He shouldered a slab and started to the walking circular, saw. It jerked him back and upon the saw, amputating his left arm, and threw him up. He came down face forward and the saw ripped one side to the hollow and threw him over to the roof, and this time he fell a little to one side, but his right leg was caught and severed off. This occurred about 4 o'clock in the evening, and the young man lived to 8 o'clock Tuesday morning.

Wadesboro Messenger-Intelligencer: Conservative estimates place the number of bales of cotton in the hands of the farmers of Anson, and still unsold, at from 1,500 to 2,000. Mr. Henry T. Drake, of Wadesboro, has just received from Washington letters patent on a barrel making machine which is expected to revolutionize the barrel making business. The Wadesboro brownstone quarry will be sold, under a deed of trust, on the 24th day of June. The sale of this quarry will not interfere with its development, but will probably clear the way for increased activity in pushing the work there. News reached here yesterday of the death, on Tuesday last, of Miss Sarah McRae, eldest daughter of Dr. J. A. McRae, of White's Store, township. Miss McRae was about 19 years old, and she stuck a nail in her foot, and though she suffered considerably at the time, the injury was not thought to be serious but about two weeks ago blood poison set in and she steadily grew weaker until death relieved her of her suffering.

TWINKLINGS.

The Nice Niece—Do you think he is a real count, Uncle Dick? The Awful Uncle—The evidence seems to be in that direction. He speaks bad English, gambles well and borrows money from every one who will lend.—*Munsey's Weekly.*

"How do you like your new boarding house? Is the table nice?" "Well, there is never anything put on it that would take away your appetite."—*Puck.*

Mr. Howeljames—Emerson, I fear that I detected you in an untruth. Emerson Howeljames (hanging his head)—Yes, father.

Mr. Howeljames—What a disgrace, Emerson! To think that you, the son of a Boston novelist, should be caught telling a story.—*Life.*

Morrison Essex—How was it, Pat, that you did come to the station to meet me? Pat—Well, sorr—ve see, sorr, I was drivin' the mistress out, an' I couldn't be in two places at wan time, sorr—less I was a (happy thought)—Dave Hill, sorr.—*Puck.*

Miss Backray—During your visit to Boston, Miss De Porqueville, I hope you will join our society for psychical research. I don't suppose you have one in Chicago? Miss De Porqueville—Good gracious, no! It isn't considered ladylike. You know it is so hard to—er—straddle the machine.—*N. Y. Herald.*

Miss Hall—I think Count Waldberg is lovely, but how did you get to know him, Elsie? The Countess Elsie—It was at a table d'hoite in Switzerland. He passed me the limburger, which I, of course, declined; but on the strength of that little piece of cheese we formed an acquaintance which culminated in our marriage.—*Puck.*

Friend—So yours was a case of love at first sight? Mrs. Getthere—Yes, indeed. I fell desperately in love with my dear husband the moment I set eyes upon him. I remember it as distinctly as if it were yesterday. I was walking with papa on the beach at Long Branch, when suddenly papa stopped and, pointing him out, said, "There, my dear, is a man worth \$10,000,000."—*N. Y. Weekly.*
